Map available at [www.co.kendall.il.us](http://www.co.kendall.il.us)

Base map data derived from U.S. Geological Survey  
7.5-minute series of Kendall County, Compiled by  
Andy Myers, Kendall County Highway Department, 1996.

Note: The Rural Roads Identification System employs a numbering system based upon a grid/mile coordinate system. The mileage is measured from the northeast corner of the County. Each grid section west and south of that corner receives a 1000 number added consecutively across the County. Intermediate intersections would be proportionate parts of 1000.
