Subject: 5311-Downstate Operating Assistance Program SFY2017  
Date: 3/7/17

Summary

The Downstate Operating Assistance Program (DOAP) grant provides significant funding for non-urban/rural public transportation. Kendall County uses those funds in cooperation with municipalities to operate the Kendall Area Transit (KAT) program through its operator, the Voluntary Action Center (VAC). Over the last six years the service has grown significantly. In SFY2018, Kendall County’s maximum appropriation amount available is approximately $2,240,000; due to local match restrictions, expected receipts are around $900,000. Section 5311 Non-Metro Transportation Program remains steady at $55,578. Kendall County’s local match will remain $45,000 as in previous years.

Background

The DOAP grant is funded by the State through the Department of Transportation. This grant is used for operating public transportation in non-urban rural areas. In addition, Section 5311 Non-Metro Public Transportation Program grants are awarded in the same process. In Kendall County, these grants partially fund the operations of the Kendall Area Transit program. Started in 2010, KAT provides rides to registered users who either start or end in a location in Kendall County. This program uses a mix of light passenger vans and medium size buses to users in either a fixed route, or their own path through Dial-A-Ride.

Appropriation

Currently, the state matches sixty-five percent of expenditures with the remaining coming from local match. For KAT, this local match comes not only from the County (which appropriates $45,000), but also municipalities such as Yorkville and other service contracts in the area, like Open Door Rehabilitation Center of Sandwich. VAC is instrumental in securing these local match contributions.

In SFY2017, the maximum appropriated amount was $2.09 million; projected actual appropriation is $856,874. For SFY2018, the maximum amount will be $2.24 million; projected appropriation is to be around $950,000 dollars. This is a small increase is due to no new significant local match revenues.

In addition to Kendall County's allocation for DOAP, every year Section 5311 Non-Metro funds is awarded to the County from the Federal Government through I.D.O.T. This has remained flat at $55,578 throughout KAT's operations. These funds match fifty percent for qualifying trips. However, they are eligible to be used as local match for DOAP, and thus are able to leverage additional funds.

**Service**

As can be seen in figure 2, ridership has grown significantly over the last eight years. In SFY16 25,434 rides were given. Of these rides, 12,543 were for employment purposes, and 8,022 for medical reasons. Overall, nine thousand seniors were served by KAT in SFY16. Please note senior designation and trip purposes are not mutually exclusive.

Due to the elimination of the Oswego Park-N-Ride, the number of trips since SFY14 decreased. In addition, in SFY16 KAT estimates the budget insecurity has caused trips to level off, as KAT had to reduce hours of service. KAT is continuing to take a cautious approach to broadening service across the County.

**Conclusion**

As always, Kendall County is still dedicated to providing the best possible service for its constituents. To that end, we will continue to work with our operator VAC to ensure a high quality product.
