**The parent has been ordered to reimburse the county $1577.00 per month toward this expense.

Items Worthy of Notice to the County Board: The Probation Officers are all members of the Illinois Probation Court Services Association (IPCSA). Our involvement in this organization is of benefit to the county in two ways. 1) As Criminal Justice Reform throughout the state marches on, the need for skilled, well-informed community correctional personnel has never been more critical for public safety. IPCSA members are active participants in the forefront of changes with an ability to voice the individual needs of our county during statewide discussions regarding public policy. Recently one of our officers has stepped up to a leadership role in the sex offender committee by agreeing to co-chair. This will put him in a position to bring back to the county, the most up to date information pertaining to best practices for supervising this specialized population in the community with enhanced public safety. 2) The second benefit to the county relates to our organization’s commitment to testifying at state appropriation hearings to urge for 100 percent funding for salary reimbursements for the county. Part of this process is educating the legislators in both the House and Senate regarding the importance of properly funding our positions. We will continue to engage other professionals throughout the state and nation to ensure Kendall County residents have a robust and skilled probation department that is committed to providing the best level of community corrections possible.

Of the 118 members in the Illinois House, sixty have signed on as co-sponsors of a resolution to slow legalization of recreational marijuana in the state to allow more time to consider the societal impact from other states. House Resolution 157, still pending a vote, states lawmakers “should not rush irresponsible legislation for tax revenues.”

Panel advances bill extending exemption

**Senate Bill 1346** sponsored by Sen. Laura Ellman (D-Naperville), which cleared the Senate Revenue Committee on March 13, amends the Senior Citizens Assessment Freeze Homestead Exemption by allowing seniors to deduct from their income money they spend on Medicare premiums. That would allow some people with incomes just above the $65,000 cap to claim the exemption. The bill is waiting for action by the full Senate. It would take effect on January 1, 2020. - **OPPOSE**

**BUSH PASSES BILL TO ALLOW COUNTY BOARD TO REMOVE LEADERS**

A measure from Sen. Melinda Bush (D-Glacky) to allow county boards that appoint their chairs to remove them passed out of the Illinois Senate with unanimous support.

"If an appointed board chair fails to fulfill his duties or fails to meet ethical standards, the board members who appointed them as chair should be able to remove them," Bush said. "This good-government, common-sense measure helps hold elected officials accountable and gives county boards the ability to take action, should the situation arise."

Under current law, county boards that appoint their chairs cannot remove a chair until the next election. Last year, Lake County Board members were unable to legally remove the now former chair from his post after it was revealed that he had used taxpayer dollars for personal expenses.

Under Senate Bill 1218, removing a chair would require support from four-fifths of the county board members. The board would then be able to select a new chair. **NOTE:** [HB 3593](#) is a companion bill on Second Reading in the House.

Inmate Voting Rights

Lt. Gov. Juliana Stratton testified in the Senate Executive Committee hearing on Wednesday in favor of a bill introduced by Sen. Omar Aquino (D-Chicago) that would provide expanded voting opportunities to incarcerated individuals.

Under the Illinois Election Code, individuals in jail who are awaiting trial and have not been convicted of a crime are still eligible to vote. Senate Bill 2090 would require each election authority in a county to work with the county jail to provide an opportunity to vote by mail for those individuals. The bill is nearly identical to a bill introduced by the Lieutenant Governor when she was a member of the Illinois House of Representatives.

"For too long, the obligation of finding out how to vote has been put on the shoulders of individuals with records and the men and women who are incarcerated, their lawyers, and their advocates," Stratton said. "This all results in one thing: disenfranchisement."

Senate Bill 2090 is now scheduled for consideration before the full Senate.

NOTE: Forty-six municipalities and 21 counties received more than $1 million in fiscal year 2017. The outlined municipalities and counties would have to set a goal of awarding no less than 20 percent of the total dollar amount of state contracts to businesses owned by minorities, women, and persons with disabilities. Sims passes workers’ comp measure

A plan to help workers who have been exposed to toxic substances has passed both houses. Bill aimed at saving municipalities, taxpayers money stalled

Two state lawmakers from Kane County say providing more options for publication of required public notices will save local municipalities, and their taxpayers, a lot of money. Sponsored by Sen. Jim Oberweis (R-Sugar Grove), Senate Bill 189 would allow various units of local government to publish required public notices online, rather than in a newspaper.

"Its no secret that demands are high and revenues are tight for government budgets at all levels. Why not give communities a little latitude in fulfilling their obligations to post public notices? The Information is available to citizens, but at a considerably lower cost to municipalities, and ultimately taxpayers," Oberweis said.

"This is simply a cost-saving measure. It is estimated that Kane County alone could save $200,000 a year," said Sen. Don DeWitte (R-St.Charles).

"In this day and age, there are other ways to inform residents of public Information at a lower cost to taxpayers. This bill not only keeps up with the times, but also provides huge savings to taxpayers."

Senate Bill 189 is supported by the Illinois Municipal League and the Illinois Association of County Board Members. No vote was taken on the bill.

Senate Latino Caucus condemns immigrant detention center plan

Dwight village trustees voted to annex 88 acres for a federal immigrant detention center that would be managed by U.S. Immigration and Customs Enforcement.

Senate Latino Caucus members opposed the local action. "The decision to move forward with building a federal detention center in Dwight is atrocious. Private prison companies are only interested in one thing: profits. This single motivator is what has led to the mistreatment of so many immigrants in these detention centers across the country. It is morally wrong," said Sen. Cristina Castro (D-Elgin).

The $20 million detention center will be near Illinois 17 and I-55. Supporters tout the economic impact and creation of jobs, since the closing of the women's prison in Dwight several years ago.

IACBM joins coalition in opposition to prevailing wage exemption

The Illinois Association of County Board Members has joined a coalition of organizations in opposition to Senate Bill 1783 which would remove the Illinois statutory prevailing wage exemption for workers transporting specific construction materials and equipment. The Illinois statutory supplier exemption is reflected in all other state prevailing wage acts and would directly conflict with the federal prevailing wage statute (Davis-Bacon Act). The material delivery exclusion from the Prevailing Wage Act has been litigated and affirmed by Illinois and Federal courts many times over.

SB 1783 would significantly reduce the purchasing power of local counties, townships, municipalities, IDOT, and any project using public funding.
- Mandates prevailing wage for delivery to stockpiles which will contribute to even more deterioration to already poor roads in Illinois.
- Schools and vertical capital project costs would drastically increase, impacting education programs.

SB 1783 will essentially force prevailing wage beyond the boundaries of the construction project, which categorically has been excluded by every prevailing wage act in the nation.

SB 1783 would create an administrative nightmare for the prevailing wage reporting requirements.
- Many suppliers haul multiple materials to a public works job site which may or may not be considered prevailing wage under the bill.
- Suppliers who may stockpile materials in a central location that serves non-public works projects would be forced out of the bidding process.
- IDOT has a "two strikes and you are out" policy for infractions of prevailing wage that can be used to eliminate viable companies from bidding on public works projects.

SB 1783 would complicate the bidding process for many contractors and discourage many suppliers from participating in public works projects due to unreasonable requirements and costs that would be imposed on them.

SB 1783 would require contractors to incorporate IDOT equipment rental rate for independent owner-operators that is currently not part of Illinois DOL prevailing wage schedule.

On February 26, 2019, ISACo Executive Director Joe McCoy sent a letter to Acting Director Sullivan indicating ISACo’s interest in working with IDA to expand broadband access into underserved rural areas (letter available via this link).

Broadband expansion is a priority of the National Association of Counties (NACo). ISACo appreciates being invited to join the Governor’s Office, various telecommunications companies, the Illinois Farm Bureau (IFB), the Illinois Department of Transportation (IDOT), the United States Department of Agriculture (USDA) and other stakeholders to pursue solutions to this important public policy problem. ISACo will provide updates on broadband expansion policy as it develops.

IMRF Employer Rate Increase Update

On November 19, 2018, the Illinois Municipal Retirement Fund (IMRF) announced via General Memorandum 679 (available via this link) that the IMRF Board of Trustees would consider a reduction to its investment return assumption at its December 2018 meeting. The proposed reduction would lower the IMRF assumed investment return from 7.5% to 7.25%. The IMRF Board of Trustees approved this reduction during its December 2018 meeting.

The result of this change will be to increase mandatory employer contributions to IMRF. Based upon a report presented to IMRF by its retained consultant, the reduction to 7.25% in assumed investment return would cause 2020 contributions from employers to increase by approximately 1.4% of total payroll. This increase was later revised upward to 1.85% of total payroll. IMRF currently enjoys a funded rate of 92.9%.

In response to concerns among county officials, ISACo sent a letter to IMRF calling on its Board of Trustees to reconsider and reverse its decision to lower IMRF’s projected investment performance assumption. That letter is available via this link.

While IMRF has not opted to reverse its decision, the IMRF Board of Trustees recently approved an optional phase-in whereby employers can choose to pay the recommended
employer contribution rate or a lesser optional 10% year-over-year capped rate increase. This option will only exist for 2020. It should be noted that ERI, SLEP and ECO rates would not be impacted by this phase-in plan.

ISACo will continue to engage with IMRF with the intent of mitigating cost increases to employers.

Members of the association will benefit from education and training opportunities, peer-to-peer networking, shared resources and robust representation before policymakers at various levels of government. ISACo creates and connects county officials to these opportunities and successfully equips them to make counties ideal places to live, work and play.

If your county is interested in discussing membership in ISACo, please contact Executive Director Joe McCoy at (217) 679-3368 or jmccoy@isacoil.org. Thank you for your consideration.
