PUBLIC COMMENT – Amaal Tokars, Kendall County Health Department Executive Director, asked for the status and timeline for completion of the proposed Dental Clinic construction project. Dr. Tokars stated that the original work order for the Dental Clinic project was submitted two years ago. Facilities Management Committee Chair Matt Kellogg, reiterated to Dr. Tokars the construction project process and instructions that were given to her at the January 10, 2019 Facilities meeting. Member Kellogg stated that simply submitting a work order to Facilities Management did not fulfill the lease requirement between the Health Department and the County. Member Kellogg again emphasized that the lease agreement clearly stated that any requests for structural modifications to the County-owned facility must be submitted in writing to the County Board.

Discussion on the process for submission of structural changes to the facility, and the approved KCFM project charts that were sent to all Department Heads and Elected Officials on December 4, 2017 by Mr. Smiley.

Member Kellogg said that Dr. Tokars has yet to send a written letter to the County Board, and therefore, there is no project plan, timeline or additional information available on the project until the Health Department complies with the Lease Agreement requirement.

Further, all liability and workers’ compensation policies must include a waiver of subrogation in favor of Owner. Owner shall also be designated as the certificate holder. Owner’s failure to demand such certificate of insurance shall not act as a waiver of Architect’s obligation to maintain the insurance required under this Agreement. The Insurance required under this Agreement does not represent that coverage and limits will necessarily be adequate to protect Architect or be deemed as a limitation on Architect’s liability to Owner in this Agreement.

ARTICLE 2 OWNER’S RESPONSIBILITIES

§ 2.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner’s objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. ARTICLE 3 COPYRIGHTS AND LICENSES

§ 3.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 3.2 The Architect and the Owner's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submittal or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Owner’s consultants. § 3.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for the Project or subsequent work contemplated by the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner’s consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services for the Project or subsequent work contemplated by the Project. If the Architect or Owner rightfully terminates this Agreement for cause as provided in Sections 5.3 and 5.4, the license granted in this Section 3.3 shall terminate as set forth in this Section 3.3.

The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 3.3.1.

§ 3.4 Except for the licenses granted in this Article 3, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect’s
consultants. Nothing in this Agreement shall prohibit the Owner from complying with its obligations under the Freedom of Information Act (5 ILCS 140, at seq.) without recourse by Architect.

ARTICLE 4 CLAIMS AND DISPUTES
§ 4.1 GENERAL
§ 4.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against each other arising out of or related to this Agreement in accordance with the requirements of the method of dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. All claims and causes of action not commenced in accordance with this Section 4.1.1. in any action with respect to this Agreement, Owner and/or Architect are free to pursue any legal remedies at law or in equity. This Agreement shall be interpreted and enforced under the laws of the State of Illinois, and if any provision is invalid for any reason such invalidations shall not render invalid other provisions, which can be given effect without the invalid provision. The parties agree that the venue for any legal proceedings between them shall be the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit, State of Illinois.

§ 4.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have by the proceeds of such insurance as set forth in AIA Document A201-2007, General Conditions of the Contract for Construction, if applicable. § 4.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this Section, the parties may, nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 4.2.3 The parties shall share the mediator’s fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

[Check the appropriate box. If the Owner and Architect do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.]

A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.

§ 4.3.2 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

§ 4.3.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly agreed to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 5.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall, unless otherwise provided for in this Agreement, be considered substantial nonperformance and cause for termination or, at the Architect’s option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven fourteen (14) days’ written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any reasonable expenses incurred in the interruption and resumption of the Architect’s services. The Architect’s fees for the remaining services and the time schedules shall be equitably adjusted. § 5.5 The Owner may terminate this Agreement upon not less than seven (7) days’ written notice to the Architect for the Owner’s convenience and without cause. No additional payments, penalties, and/or early termination charges shall be required upon termination of the Agreement under this clause.

§ 5.6 In the event of termination not at the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 5.7, etc.

§ 5.7 Termination Expenses are in addition to compensation for the Architect’s services and include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount for the Architect’s anticipated profit on the value of the services not performed by the Architect.

§ 5.8 The Owner’s rights to use the Architect’s Instruments of Service in the event of a termination of this Agreement are set forth in Article 3 and Section 6.3.

Re: Amended Petition 17-28 Proposed Text Amendments to Sections 7.01.D.32, 7.01.D.33 and 10.03.B.4 of the Kendall County Zoning Ordinance Pertaining to Regulations of Outdoor Target Practice or Shooting Ranges (Not Including Private Shooting in Your Own Yard)

At their meeting on April 9, 2019, the Kendall County Planning Building and Zoning Committee voted to amend the proposed gun range zoning regulations. A red noted version of the proposal is attached. The information in red is different from the current regulations and NOT the various versions of the proposal that were previously proposed.

The Kendall County Zoning Board of Appeals held a public rehearing on the proposal on April 1, 2019. Zero (0) members of the public testified in favor of the proposal and twelve (12) members of the public testified in opposition to the proposal.

The Kendall County Zoning Board of Appeals unanimously recommended approval of the proposal with the following recommendations. Please note, unless the Planning, Building and Zoning Committee concurred with a recommendation of the Kendall County Zoning Board of Appeals, the recommendations of the Kendall County Zoning Board of Appeals are NOT included in the attached proposal.

1. Bonds for site remediation should be required; specific amounts set by the County Board.
2. In Section b, the National Rifle Association Standards should be the 2012 standards.
3. In Section c, greater clarification of shooting angles in relation to downrange safety areas should be clarified.
4. In Section d.5.d, the downrange safety area requirement should be modified and not waived if baffling and berming is provided.
5. In Section f, the firing line should be one thousand five hundred feet (1,500') instead of one thousand feet (1,000') from residential dwellings and property lines of schools, daycares, places of worship and airstrips.
6. In Section h, the range safety officer should be present during operational hours instead of at all times.
7. Any required signs should be bilingual.
8. The hours of operation should be set by the County Board. However, gun ranges should not be operational after thirty (30) minutes from sunset.
9. In Section n, the requirement that berming could be substituted for fencing was deleted.
10. Typos in Sections v and x should be corrected.
11. The consensus was that Section x, regarding requiring the Zoning Board of Appeals to states reason(s) why a variance was denied, was not needed.

The proposal was sent to the townships on April 2, 2019. To date, no townships have submitted written comments on the proposal.

   1. The safety area shall conform to 2012 NRA Range Source Book for the shape and width. The safety area shall have signs posted at intervals stated in the special use permit warning of the potential danger from stray bullets.
   2. For the purposes of this regulation, the term “downrange safety area” shall mean the area away from the launching site towards the target. On April 9th, 2019 7:00 pm, at the Na-Au-Say Township Monthly Meeting, Agenda item Petition 17-28 was discussed. After hearing Public comments and reviewing the Plan Commission’s recommendations, the Township Trustees voted unanimously to not support the proposed amendment.

At this time I would like to give this notice as Na-Au-Say Township’s written objection to proposed amendment 17-28.

The discussions all seemed to be that there is some positive direction and good policy in this amendment. But honestly there was lots of confusion as to what the actual amendment was. There were so many recommended changes to the amended amendment that it was unknown what was in and what was out. Adding to the concerns was the fact that the County met on April 8th and was still discussing recommended changes, some of the Trustees and public attended this meeting. Information being discussed regarding the recommended changes was not consistent with the Amendment as presented to Na-Au-Say Township for approval by the County on April 2nd. At this point the amendment is not supported but a final draft with more clarity is encouraged to be presented for review on a future date.

Feel free to contact me with any question or concerns.
