Meet Kady, a Petfinder adoptable Chihuahua Dog in Yorkville, IL | Petfinder.com

Kady - Chihuahua

Did you recently adopt a pet from a Petfinder shelter? Get started with an exclusive reward kit from Purina and Petfinder.

About Kady

It's not often that we have a dog that everyone falls head over heels in love with. Kady is that dog and for good reason. Kady was neglected in her previous home and because of that she had to have both of her eyes removed. Kady was suffering for a very long time and was essentially blind. She suffered from dry eye and it was left untreated so her eyes were rotting away. We fought hard for this little dog and chose to do whatever it would take medically to make her happy and healthy. She underwent surgery and seemed relieved to be out of pain. Because her vision was so limited for years she gets around rather well. She is so happy, sweet and kind you can't help but fall for this tiny gentle spirit. She is just so adorable and her story just tugs at your heart. We are all rooting for this little angel and hope that some special person comes along and decides to adopt her and she can live the life she so richly deserves. We would love to know she will be pampered for the rest of her life. She does love little dogs and has made a little doggie friend at animal control. When Kady is with her she grooms her and seems to be extra happy. However we think Kady would do well in any loving caring home with or without a little doggie pal. Kady is estimated at 7 years of age and she still has a lot of life left in her and a ton of love to give. She loves to cuddle, be carried around or just be near people. She does not like being in the kennel with all the large dogs barking and would love to be in a home. All of the

Finding Forever Homes on July 23, 2016

Kendall County Animal Control is proud to be participating in the NBC 5 and Telemundo Chicago’s Clear the Shelters event!

About Clear the Shelters

This year’s nationwide Clear the Shelters adoption event will be held July 23. Nearly 20,000 pets found their forever homes in 2015, when some 400 animal shelters across the country partnered with NBC Owned Television Stations and the Telemundo Station Group.

On Saturday, July 23rd from 11am until 4pm, Kendall County Animal Control staff and volunteers will be working very hard to find the perfect match and placing adoptable pets with loving, safe and permanent homes. In addition to extended hours, the adoption fee shall be waived for those who apply for adoption in person that day from 11am to 4pm for adult animals six months or older (all regular adoption policies and restrictions apply and adoptions may be refused at the discretion of the Animal Control staff).

For more information about this nationwide event please visit: http://www.cleartetheshelters.com/

July Adoptable-Nala Rose!

Nala Rose is an extra large gal, but that’s ok it just means there is more of her to love. Nala is about 5 years of age but acts spunkly at times. She is not fond of female dogs but likes male dogs and loves smaller males. She had a best friend at animal control named Gizmo who was adopted. Nala is pretty easy going and would make a wonderful companion. She is smart, happy and pretty cute too. We would love to see her get a home with a family that is committed to helping her shed a few pounds. If your looking for a diet/exercise buddy, you could be the perfect match for Nala. She has soulful eyes and a gorgeous yellow coat. She looks mostly lab but she has a curl in her tail. Nala is fully vetted and available for adoption at Kendall County Animal Control. Her adoption fee is only $120.00

Sheeva was named after a female video game character who has a Mohawk. We named her that because she has a long strip of hair that runs down the middle of her back. Sheeva is a large girl and that just means more to love! She is on special weight management food because it is more healthy for her to lose a few pounds. Sheeva is a sweet girl who loves people and would love to be someone’s couch buddy. She is one cool cat and she just needs that special owner to get her looking fit. She is fully vetted and she is adoptable at Kendall County Animal Control. Adoption fee $70.00.
Shout Outs and Thank You’s!

We’re thankful for all the wonderful people that come in on a regular basis with donations of food, toys, recyclable cans, and other items on our wish list. This month, we have a special shout outs for folks that went above and beyond.

Big shout out to the good people at River Heights Veterinary Clinic in Oswego for collecting so many needed items during a donation drive they held for the shelter. We can’t thank you enough for your continued support!

Big thanks to Joshua Schneider of Plano! He collected $55 plus donations including a new pooper scooper, toys, treats and bowls for the shelter in lieu of gifts for his birthday.

A thank you goes out to Abbey & Thomas Menter who came in with their Mom Becky and donated towels, blankets and hotdogs to the shelter!

We would like to thank all those who anonymously donate cans to be recycled, cash donations, and items on our wish list!

Rescue Tails

On May 16th, Montgomery Police Department picked up a young female Stafford Terrier who was running loose and brought her to the shelter. She was a gorgeous blue color with soft sweet eyes. Unfortunately she wasn’t wearing any identification and she did not have a micro-chip. We named her “Tessa”, a soft name for a soft hearted girl. We held her at the shelter for 7 days waiting for an owner to come for her, but sadly no one came. Shortly after her hold was over, we performed a behavior assessment and it confirmed what we already suspected, she had an amazing temperament! We brought her to out vet to be spay and we were excited to try to get her placed with a loving and forever home. Soon after we dropped her off at the vet, we received a phone call with some heartbreaking news. The vet discovered that Tessa had a severe heart murmer and an enlarged heart. We were very concerned about Tessa because the shelter was not a safe place for a dog with her condition. Tessa would not only need a quiet environment, but she would also have to be seen by a specialist to determine if her condition could be treated or managed. We reached out to some home based rescues and were very fortunate when “It’s a Pittie Rescue” responded quickly and agreed to take her and provide further treatment. Tessa is now in a foster home while under veterinarian care. Due to her condition, her play time has to be limited, but her foster parent reports that she loves to play in sprinklers!

For information about how to adopt or become a foster with It’s a Pittie Rescue, please visit: http://rescueapittie.org/

Tessa at her foster home. Her foster dad says “she has two foster doggy brothers, a kitty & a bunny she is in love with.”

Kendall County Animal Control is the County agency responsible for the enforcement of the state statutes governing rabies control in domestic companion animals. The State of Illinois requires that all dogs be vaccinated against rabies by a licensed veterinarian. Compliance with this law is monitored through the issuance of rabies tags for all dogs residing in the County. All dogs are required to wear their rabies tags when off of the owner’s property. If a pet is lost, rabies tags also provide an excellent means of identifying your pet.

Kendall County Animal Control enforces the County’s ordinance that prohibits dogs from running at large in unincorporated, residential areas. Animal Control also reports animal bites as well as pick up stray dogs that are in a contained area. Stray dogs may also be brought to the facility during business hours. Dogs and cats are available for adoption at our facility.

only after remaining in Animal Control's care for at least a period of time established by County ordinance, unless the cat has been owner-surrendered. An owner-surrendered cat may be euthanized after 24 hours.

All animals that pass the behavior assessment will be examined by a licensed veterinarian. If the veterinarian determines the animal has a medical issue that can be treated within Animal Control's $150 budget, the animal will be treated. If it is over the $150 budget, the animal may be selected for rescue or humanely euthanized. Also at the discretion of the Director, funds may be used from the Animal Medical Care Fund to provide care for animals over $150. In determining whether to exceed the $150 limit, the Director will consider the following: (1) the cost of treatment, (2) the likely prognosis and quality of life of the animal after treatment, (3) the availability of outside funds to pay for the treatment, (4) and any other factors unique to the circumstances. If the veterinarian determines the animal is failing and is untreatable, the animal will be humanely euthanized. Animal Control will not prolong the pain and suffering of an animal.

A veterinarian must spay/neuter, vaccinate for rabies, and examine all animals that have been selected for adoption. Only animals determined to be healthy by the veterinarian, and microchipped by Animal Control will be put up for adoption at Animal Control. Any additional medical care provided must be approved by the Director.

All animals that have been selected for rescue will be spay/neutered, when timing and resources allow. (VCA Aurora spay/neuters Kendall County Animal Control animals at no cost.) All animals will be microchipped. Any additional medical care provided must be approved by the Director. An intact animal will be released to a rescue only upon written assurance that the rescue will spay/neuter the animal within 30 days. 510 ILCS 5/11 (West 2014).

All animals that have been selected for euthanasia will be humanely euthanized by a licensed veterinarian, in compliance with the Humane Euthanasia in Animal Shelters Act. 510 ILCS 72/1 et seq. (West 2014), with at least 1 Animal Control staff member present to provide comfort to the animal, unless the animal poses a safety risk or is feral. All animals will be scanned for a microchip a second time to verify no identification was missed prior to euthanasia.

If any behavioral changes are observed by a trained staff member, an animal may be re-evaluated to determine placement. The same procedure will be followed as with the original evaluation.

Placement of an animal may also be redefined based on the space available at the facility. Animal Control must maintain kennel and cage space to be able to intake stray animals. Based on the space available, an animal originally determined to be adoptable may be sent to a licensed rescue group or humane society or humanely euthanized and an animal originally selected for
