ORDINANCE NUMBER 2008 - 17

GRANTING A RENEWAL OF THE SPECIAL USE for the
OPERATION OF
GREEN ORGANICS, INC.
Landscape Waste Composting Site

WHEREAS, Green Organics, has filed a petition for a Special Use renewal within the A-1 Agricultural Zoning District for the operation of a landscape waste composting site pursuant to Section 7.01.D.30 of the Kendall County Zoning Ordinance for a 57.597 acre property located on the south side of Galena Road east of East Beecher Road, Pin # 02-08-100-006; 02-08-200-009 & Part of 02-08-200-008 & 02-08-200-013, in Bristol Township, as legally described in “Exhibit A”; and

WHEREAS, Green Organics, Inc., designated lessor and operator, was granted a Special use Permit for a Landscape Waste Composting Site under Kendall County Ordinance #97-13 and renewed under Ordinance #2000-18; and

WHEREAS, Condition #16 of said Ordinance states “A petition for renewal shall be made prior to March 1, 2009; and

WHEREAS, the Planning, Building and Zoning Department received a petition for renewal on February 4, 2008; and

WHEREAS, said use is in accordance with said Special Use Permit; and

WHEREAS, the Kendall County Board finds that said petition for renewal is in general conformance with Kendall County Ordinance #2000-18; and

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby repeals Kendall
County Ordinance #2000-18 in its entirety prior to its scheduled termination date of September 1, 2009 and replaced in its entirety by this ordinance.

**BE IT FURTHER ORDAINED.** the Kendall County Board grants approval of the renewal of the special use zoning permit per section § 7.01.D.30 (A-1 Special Uses-Composting of landscape waste) to continue operating a landscape waste composting site with the following conditions:

1. The facility operator shall maintain plantings on the berm and ditch as shown on attached Exhibit B.
2. The facility operator shall maintain the gate and landscaping as indicated on attached Exhibit C.
3. The County Solid Waste Coordinator shall maintain a log of complaints received on the facility.
4. A host fee shall be paid to the County on a monthly basis in accordance with the schedule on attached Exhibit D.
5. The plat shall be kept on file as shown on attached Exhibit E.
6. The facility operator shall maintain a tailing plan as shown on attached Exhibit F.
7. The facility operator shall maintain an operations map as shown on attached Exhibit G.
8. The facility operator shall maintain a sampling schedule as shown on attached Exhibit H.
9. Any violation of this Special Use Permit could be subjected to a fine of $25.00 to $500.00 per day, per violation, with each day being a separate violation.
10. This special use Ordinance shall expire on September 1, 2018.
11. A petition for renewal shall be made prior to March 1, 2018.
12. The tailings that have been existing on the facility over six months (6) will be monitored by the Kendall County Health Department and if needed, be brought up in front of the appropriate Committee.
13. If any Illinois Environmental Protection Agency (IEPA) violations or citations are received they need to be submitted to the County Solid Waste Coordinator within 30 days.

Failure to comply with the terms of this ordinance may be cited as a basis for amending or revoking this special use permit.

**IN WITNESS OF,** this ordinance has been enacted on May 20, 2008.

**EXISTING TAILINGS PILE**

**PHASE 1**

1. Remove Material From North Tailings Pile. This Material to be rescreened. New Compost to be shipped off site. Remaining tailings to be inserted in composting Windrows, or used for roadways.
2. Do not begin removal of South Tailings Pile until North is removed.
3. Time to remove North is 6 months.

**PHASE 2**

1. Remove Material From South Tailings Pile. This Material to be rescreened. New Compost to be shipped off site. Remaining tailings to be inserted in composting Windrows, or used for roadways.
2. Begin to replace Tailings from normal operations back in North Tailings Pile.
3. Time to remove South is 6 months.
March 11, 2008

Mr. Joseph Mazza  
Green Organics  
290 Main Place  
Carol Stream, IL 60188  

Dear Mr. Mazza:

You requested confirmation of the sampling schedule that is used by Analytical Chemistry & Environmental Services, Inc. (AC&E Services, Inc.) at your compost facility in Bristol, Illinois.

The compost is tested according to 35 Illinois Administration Code (IAC) Section 830.507(a) for each 5000 tons shipped.

The well at the site is tested once per year in May in accordance with your current permit. The soil is tested once per year in September. Two composite soil samples are taken; one in the detention pond at the west side of the facility and one taken at the end of the windrows at the south end of the property. The testing is performed in accordance with your current permit.

I hope this answers your questions concerning your current testing requirements. If any further help is needed, do not hesitate to contact us.

Regards,
