STATUS REPORTS

➢ Health Department – Green Organics Update – Marlin Hartman reported they are going through a change of ownership/operation at Green Organics, and there has been a decrease in host fees. Mr. Hartman talked with one of the one of the operators who stated they are no longer getting income and materials. Mr. Hartman and Mr. Rybski began researching the IEPA permit, Special Uses permit and closer requirements. He also continued to visit the site, and Dave Grevel sent Mr. Rybski an email briefly explaining their situation. Mr. Hartman reported that eventually the company was sold, and was purchased by Midwest Materials Land Waste (MWcompanies.com). Mr. Hartman said that MW Companies began in the mulch and wood business, has a Construction and Demolition transfer station, and a yard waste transfer station. Mr. Hartman thought they might bring the yard waste down to the Green Organics site for composting. Mr. Hartman has met with the new owners Steve and Victoria Burgland, and they seem to be a solid company that has been in the solid waste business for over twenty years. IEPA is in the process of transferring the permit, and Midwest Materials Land Waste is not currently accepting any incoming yard waste until the permit is in order.
Mr. Hartman said that a critical issue to be resolved is the Special Uses Permit through Planning, Building and Zoning. Mr. Hartman is not sure if the permit is transferable or not, but said that will be addressed by PBZ. Member Gilmour would like to take a field trip to the new company once they are up and running.

>Kendall County Soil and Water District – Megan Andrews provided the U.S. Drought monitor, and said there is just a small portion in western Illinois that has been affected. Ms. Andrews also briefly reviewed their latest newsletter, and mentioned the fall sales of fish and trees.

Jenny Wold briefly informed the committee about the master’s level Summer Agriculture Institute offered to teachers in the tri-county area (Will, Kendall, and Grundy Counties) to understand the agricultural industry in Kendall County.

Ms. Wold said they just finished at the Kendall County Fair with a big educational area in the Family Fun Tent.

Ms. Wold also updated the committee about the Ag in the Classroom plans for this year with all of the County third grade classes. One of the new opportunities this year is a Get-a-Grant workshop on September 15th through Illinois Ag in the Classroom. There are book grants, and new and current teacher grants for the purchase of classroom resources. Ms. Wold hopes that many teachers will attend this free workshop.

> Water Related Groups – No report

OLD BUSINESS

- **NACO Update** – Dr. Tokars had a conference call with NACO recently and said that the conversation confirmed that the prices online are reflective of the discounts, and that Dental Service information is not available online, but is available by contacting NACO directly, Dr. Tokars informed NACO that it is vital for the dental information to be made available to citizens online.

Dr. Tokars said that it would be helpful to have a single page of basic information, with a description of the NACO card, and how it can assist people by using it, should be displayed on the County and Health Department websites. The NACO card is available to anyone, even those that already have health or dental insurance, and can be used at any medical or dental office that accepts it. There is also a free prescription card that will assist those without health insurance in purchasing prescriptions at a discounted price.

- **Review of the Food Protection Ordinance** – Member Gilmour informed the committee that Dr. Tokars had just received copies of all three ordinances from the State’s Attorney’s office after their review on Friday. The committee began by reviewing the SAO suggested changes.
Member Purcell again voiced his concerns that the frequency of inspections and the fees are not very clearly defined in the ordinance. Discussion on why the specific changes suggested by the committee at the last meeting were not included in the copies received from the SAO. The different classifications according to state code that would require follow-up onsite inspections, what information is provided to applicant’s that are not applying online,

Member Prochaska made a motion to replace both paragraphs in Section 8, with the current fee schedule as of August 15, 2016, second by Member Purcell.

Dr. Tokars stated that she isn’t in a position to make a recommendation to the Board of Health motion by motion, but when this meeting is finished today, she will look at it in its totality, and be able to discern from there. The Board of Health meets on Tuesday, August 16, 2016.

**With Members Koukol, Purcell, Prochaska and Gilmour voting aye, and Member Flowers voting nay, the motion carried by a 4-1 vote.**

Member Purcell made a motion in Section 5, B Inspection Frequency, to clearly define the frequency of inspections, remove the words “in Attachment A”, and insert the inspection chart, second by Member Koukol.

Dr. Tokars stated that these are significant changes and that she would have to take them back to the Board of Health.

**With Members Purcell, Koukol, Gilmour and Prochaska voting aye, and Member Flowers voting nay, the motion carried by a 4-1 vote.**

Member Purcell also questioned the Potluck Events section, page 4, paragraph F, and said he wanted clear definition of a potluck, the difference between a potluck and an event at a Chamber of Commerce, or local vendor involving food. Member Purcell stated that the verbiage needs to be very clearly defined, and suggested stating “the serving of food that is brought to a potluck sponsored by a business, a group of individuals, or religious, charitable, or non-profit organization”.

Member Prochaska said that in reviewing the state statute, the verbiage is exactly as it is stated in the state code. Dr. Tokars stated that you have to be careful to not subtly weaken state code, but can add clarifying language. Member Flowers said that the section in the proposed ordinance states that “the event is not conducted for commercial purposes”, and is saying exactly what Member Purcell wants it to say, but in different language.

Member Prochaska asked that the minutes clearly reflect that the committee does not believe that the potluck section does not extend to a chamber event. Member Gilmour said that the definition of a potluck is pursuant to the state statute and the language is verbatim to the state statute.
Discussion on the State’s Attorney’s Office review and suggestions to “Penalties” on page 13, section 15.

Member Purcell made a motion to forward the Food Protection Ordinance with the suggestions that were proposed (changes to be done by the Health Department) to the September 15, 2016 Committee of the Whole meeting for review of the proposed changes and further discussion, second by Member Koukol. **With four members voting aye, the motion passed.**

- **Review of Water Supplies Ordinance** – After reviewing the State’s Attorney’s Office proposed changes, the committee. Member Purcell again suggested that all inspection charts and fee schedules current as of August 15, 2016, to be included in the ordinance.

Mr. Rybski was asked to research fee information from surrounding counties and provide that information for the Committee of the Whole meeting on September 15, 2016.

Member Prochaska made a motion to remove both paragraphs in Section 11 Fees, with the current fee schedule as of August 15, 2016, second by Member Purcell. **With Members Purcell, Prochaska, Gilmour and Koukol voting aye, and Member Flowers voting nay, the motion carried.**

Discussion on page 22, Section 7 Inspections: Member Purcell again stressed the importance of clearly defining inspections in the ordinance. Mr. Rybski explained the inspection process, and said that normally they conduct one final inspection of the well.

Member Prochaska made a motion to forward the Water Supplies Ordinance with the proposed change to the September 15, 2016 Committee of the Whole meeting for review and further discussion, second by Member Purcell. **With four members voting aye, the motion carried.**

- **Review of Onsite Wastewater Treatment System Ordinance** – The committee reviewed the proposed changes by the State’s Attorney’s Office.

Discussion on the Interceptor Drain and Segment Drain Requirements. Mr. Rybski stated that the definition listed in that section is from the 2014 Illinois Soil Classifier Association Interim Guidance Document.

Member Purcell asked how often systems are inspected and what is required for an annual inspection. Mr. Rybski reported there is no annual re-inspections, and in terms of permitting and installation it depends on the type of system. Mr. Rybski explained the different types of systems, and if they are meeting certain specifications and requirements of the state code. Mr. Rybski said that it is difficult for them to define inspections based on the complicated systems that are now being installed. Mr. Rybski said there are very few septic contractors in the County, and the Health Department works closely with them in
scheduling the inspections during specific stages of installation. Mr. Curatti stated that a key component in their communication with contractors, is to encourage contractors to meet often with their clients, so their clients understand step-by-step what the contractor is doing and what kind of inspections will be required with the particular type of system that the contractor and homeowner have chosen together. Mr. Rybski said that when permits are approved, the contractor, PBZ, the property owner all receive copies, and then a copy is maintained in the Health Department.

Discussion on Section 1, Scope. The Health Department will separate the operation, maintenance and service components and improve the language in this section prior to the Committee of the Whole meeting.

Member Prochaska questioned the suggested changes for Section 10, E, 5 & 6. Mr. Curatti said that the state code provides a matrix that shows all of the natural elements that require set-backs, and all of the different components of the septic system, and said those then have to be matched and aligned, and that the contractors are well versed in applying for a permit that meets that matrix. There was consensus by the committee to not include the State’s Attorney’s Office recommendations in the ordinance for this section.

Member Prochaska made a motion to remove both paragraphs in Section 13 Fees, with the current fee schedule as of August 15, 2016, second by Member Purcell. With four members voting aye, the motion carried.

Discussion on Section 23 Penalty. The Health Department will change the ordinance so that the amount of the fines will be listed as “not less than $100, and no more than $1000”.

Member Prochaska made a motion to forward the Water Supplies Ordinance with the proposed change to the September 15, 2016 Committee of the Whole meeting for review and further discussion, second by Member Koukol. With four members voting aye, the motion carried.

Recommend Revisions to the Home Kitchen Operations Ordinance – Discussion on the revision, section D, Incorporation Clause. Member Prochaska stated that the language is already in the Food Protection Ordinance. There was consensus by the committee that no further action would be needed on this ordinance.

   b. Remedies. Additional services may be mutually agreed-upon by the parties, and the associated fees for such services, if any, will be identified in Exhibit A as reasonable compensation. Caremark will work with and support each Member County in marketing the Consumer Card Program at no cost. If the cost associated with providing such materials is determined by Caremark to be unreasonable or excessive, Member County shall pay for the costs of the materials at a rate to be mutually agreed to by the parties in writing. If Member County elects to use customized brochures or advertising materials (in any medium, including, but not limited to, written communications, verbal communications and web-based marketing), Member County will (i) obtain Caremark’s approval on such forms, and (ii) pay a reasonable charge, as established by Caremark, for such materials if created or provided by Caremark.

3.2 Support of Consumer Card Program. Customer will recommend and support the Consumer Card Program in accordance with the terms of this Agreement.

4. USE OF AND ACCESS TO INFORMATION.

   a. Use of Deidentified Data. Claims, as well as eligibility information which is deidentified in accordance with HIPAA and other applicable law, and which is not identifiable on a Customer or Plan Participant basis, may be used, disclosed, reproduced, adapted or sold by Caremark. Such deidentified data may be provided to nationally recognized data integration firms to support appropriate administration of Caremark’s drug management programs.
This benchmarking data enables Caremark to compare against other drug population sets and improve programs and services for clients.

b. Right to Audit Rebates. Customer, at its sole expense, may audit a reasonable sample of records directly related to Customer's Rebates once in each twelve-month period (following sixty (60) days written notice to Caremark). Such records shall be limited to information necessary for validating the accuracy of the Rebate amounts distributed to Member County by Caremark. The parties agree that an independent third-party auditor agreeable to Customer and Caremark shall conduct such audit, and that such firm will sign a Caremark confidentiality agreement ensuring that all details and terms of all Manufacturer Rebate contracts with Caremark (except the total aggregate amount due to Customer) will be treated as confidential to Caremark and will not be revealed in any manner or form by or to any person or entity. Furthermore, such audit shall be conducted at Caremark's office where such records are located, during normal business hours, without undue interference with business activities, and in accordance with reasonable audit procedures.

5. CONFIDENTIALITY AND INTELLECTUAL PROPERTY.

a. Confidential and Proprietary Information. In connection with this Agreement, each party may disclose to the other party certain proprietary or confidential technical and business information, databases, trade secrets, and innovations belonging to the disclosing party ("Confidential Information"), the value of which might be lost if the proprietary nature or confidentiality of such Confidential Information is not maintained. For the purposes of this Section, the contents of this Agreement and of any exhibits, amendments, or addenda attached hereto are deemed Confidential Information. Furthermore, any work, compilation, processes or inventions developed by Caremark, Member County or Customer, or their respective agents, employees or contractors, is deemed Confidential Information of such party under this Agreement. Notwithstanding the foregoing, Confidential Information may be disclosed by Member County in response to a request made pursuant to the Member County's applicable state Public Records Law, insofar as disclosure is required by that Law. Member County shall provide Caremark with (i) notice of its intent to disclose Confidential Information and (ii) an opportunity for Caremark to object to such disclosure in accordance with Law.

b. Non-Disclosure of Confidential Information. The parties will not (except to the extent expressly authorized by this Agreement) disclose Confidential Information of any other to anyone outside of Caremark, Member County or Customer, nor will they copy or reproduce any Confidential Information of another unless expressly authorized to do so by each party in writing. Each party will disclose Confidential Information to another only to its employees who have a need to know the Confidential Information in order to accomplish the purpose of this Agreement and who (i) have been informed of the confidential and proprietary nature of the Confidential Information, and (ii) have agreed not to disclose it to others. In order to preserve and protect the confidential or proprietary nature of any Confidential Information and to prevent it from falling into the public domain or into the possession of persons not bound to maintain its confidentiality, each party will handle the Confidential Information of any other party with the same degree of care that it applies with respect to its own information that it considers confidential and proprietary, but in no event with less than reasonable care.

c. Exceptions and Permitted Disclosures. The receiving party of Confidential Information will not be liable for any disclosure or use of Confidential Information which is publicly available or later becomes publicly available other than through a breach of this Agreement, or if the Confidential Information is shown by written documentation to be known to the receiving party on the date of execution of this Agreement, having been received from a source (other than a party to this Agreement) that had the right to disclose the Confidential Information.

d. Subpoenas. Confidential Information may be disclosed pursuant to a bona fide subpoena if the party receiving the bona fide subpoena has given the other party prompt written notice of receipt of the subpoena so that the other party can object or otherwise intervene as it deems proper.

e. Return or Destruction of Information. All Confidential Information will remain the property of the disclosing party, and the receiving party will return all written or tangible materials and all copies thereof, upon request of the disclosing party. If and to the extent feasible, upon termination of this Agreement, Caremark will destroy or will return to Member County or Customer all PHI obtained pursuant to this Agreement and shall retain no copies thereof; provided however, that if such return or destruction is not reasonably feasible, the provisions of Section 4 of this
Agreement shall continue to apply to such information after the termination hereof.

5. Proprietary to Caremark. Member County and Customer acknowledge that the Formulary is proprietary to Caremark. Further, all Caremark databases, as well as the software, hard coding, and logic used to generate the compilations of information contained in Caremark's Claims adjudication system and in all other databases developed by Caremark or its designees in connection with performing Services including identifiers assigned by Caremark, and the format of all reports, printouts, and copies therefrom, and any prior and future versions thereof by any names, are the property of Caremark and are protected by copyright which shall be owned by Caremark.

6. Remedies; Trademarks and Service Marks. None of the parties hereto may use any trademarks, tradenames or service marks of another, or any word or symbol likely to be confused with such trademarks, tradenames or service marks, unless authorized in writing or as expressly permitted by this Agreement.

b. Remedy. Any unauthorized disclosure or use of Confidential Information would cause Caremark, Member County or Customer immediate and irreparable injury or loss that cannot be adequately compensated with money damages. Accordingly, if any party hereto fails to comply with this Section 5, the other(s) will be entitled to specific performance including immediate issuance of a temporary restraining order or preliminary injunction enforcing this Agreement, and to judgment for damages (including reasonable attorneys' fees) caused by the breach, and to any other remedies provided by Law.

6. LIMITATION OF LIABILITY; COMPLIANCE WITH LAW.

b. Warranties. This Agreement is not a contract for the sale of goods. Caremark will perform the Services in a good and workmanlike manner in accordance with the customs, practices, and standards of providers skilled in the industry. EXCEPT AS WARRANTED IN THIS SECTION 6.b, CAREMARK DISCLAIMS ALL EXPRESS AND IMPLIED WARRANTIES OF ANY KIND, INCLUDING THE SUITABILITY FOR ANY PARTICULAR PURPOSE OF THE DATA GENERATED THROUGH THE CAREMARK SYSTEM. CAREMARK RELIES ON FIRST Databank, Medi-Span, or Industry Comparable Databases in Providing Customer, Member County and Participants with Drug Utilization Review Services. CAREMARK HAS UTILIZED DUE DILIGENCE IN COLLECTING AND REPORTING THE INFORMATION CONTAINED IN THE DATABASES AND HAS OBTAINED SUCH INFORMATION FROM SOURCES BELIEVED TO BE RELIABLE. CAREMARK, HOWEVER, DOES NOT WARRANT THE ACCURACY OF REPORTS, ALERTS, CODES, PRICES, OR OTHER DATA CONTAINED IN THE DATABASES. THE CLINICAL INFORMATION CONTAINED IN THE DATABASES AND THE FORMULARY IS INTENDED AS A SUPPLEMENT TO, AND NOT A SUBSTITUTE FOR, THE KNOWLEDGE, EXPERTISE, SKILL, AND JUDGMENT OF PHYSICIANS, PHARMACISTS, OR OTHER HEALTH-CARE PROFESSIONALS INVOLVED IN PARTICIPANT'S CARE. THE ABSENCE OF A WARNING FOR A GIVEN DRUG OR DRUG COMBINATION SHALL NOT BE CONSTRUED TO INDICATE THAT THE DRUG OR DRUG COMBINATION IS SAFE, APPROPRIATE OR EFFECTIVE FOR ANY PARTICIPANT. CAREMARK DOES NOT WARRANT THAT ITS SERVICES WILL BE UNINTERRUPTED OR ERROR FREE.

b. Force Majeure. Except for the payment obligations set forth in Section 2 of this Agreement, the parties are excused from performance under this Agreement to the extent that a party is prevented from performing any obligations, in whole or in part, as a result of causes beyond its reasonable control, including acts of God, war, civil disturbance, court order, governmental intervention, Change in Law, nonperformance by the other party or any third party, failures or fluctuations in electrical power, heat, light, air conditioning, or telecommunications equipment. Any nonperformance under this Section 6.b will not constitute a default or a ground for termination of this Agreement.

c. Indemnity. To the extent permitted by applicable Law applicable to Customer and each Member County, Customer and Member County shall indemnify and hold harmless Caremark and its officers, directors, employees, agents, successors, and assigns ("Caremark Indemnities") for, from and against any damages, costs, or attorney's fees, actually incurred by Caremark or a Caremark Indemnitee, as the result of a third party claim that Customer or Member County, its officers, directors, employees, agents, successors, or assigns acted with negligence, willfully, and/or in violation of applicable standards of care, provided that the Caremark Indemnitee has acted in a manner that is consistent with this Agreement, the Consumer Card Program and applicable standards of care. The foregoing indemnification shall not apply and shall not be enforceable to the extent any applicable Law prohibits a
Member County from providing such indemnification. To the extent permitted by applicable Law, Caremark shall indemnify and hold harmless Member County, Customer and their officers, directors, employees, agents, successors, and assigns (collectively "Customer Indemnities") for, from and against any damages, costs, or attorney's fees, actually incurred by any Customer Indemnities, as the result of a third party claim that Caremark, its officers, directors, employees, agents, successors, or assigns acted with negligence, willfully, and/or in violation of applicable standards of care, provided that the Customer Indemnities has acted in a manner that is consistent with this Agreement, the Consumer Card Program and applicable standards of care. However, nothing in this Agreement is to be construed as a waiver of governmental immunity as offered by the court or state law.

d. Compliance with Law. Customer and Member County will comply with all Laws applicable to its prescription drug benefit plan, including without limitation, insurance licensing, antitrust, consumer protection, and any other Laws that may apply. Caremark has no responsibility to advise Member County or Customer about the applicability of or compliance with any applicable Law including, without limitation, HIPAA, the Employment Retirement Income Security Act, or the Americans with Disabilities Act.

Caremark will comply with all Laws applicable to it and to the Services it provides under this Agreement. Member County and Customer have no responsibility to advise Caremark regarding its compliance with any applicable Law.

Effective as of September 8, 2005, each party certifies that it shall not violate the federal anti-kickback statute, set forth at 42 U.S.C. § 1320a-7(b) ("Anti-Kickback Statute"), or the federal "Stark Law," set forth at 42 U.S.C. § 1395nn ("Stark Law"), with respect to the performance of its obligations under this Agreement. Further, Caremark shall ensure that individuals meeting the definition of "Covered Persons" (as such term is defined in the Corporate Integrity Agreement between the Office of Inspector General of the Department of Health and Human Services and AdvancePCS) shall comply with Caremark's Compliance Program, including training related to the Anti-Kickback Statute and the Stark Law. In addition, Caremark's Code of Conduct and policies and procedures on the Anti-Kickback Statute and Stark Law may be accessed at http://www.caremark.com/wpcontent/uploads/11533707mA2-077784.

ea. Change in Law. The parties will attempt to equitably adjust the terms of this Agreement to take into account any Change in Law or any material change in drug industry practices that materially alters the rights or obligations of either party under this Agreement. If the parties are unable to agree upon an equitable adjustment within sixty days after either party notifies the other of such a Change in Law or material change in drug industry practice, this Agreement will terminate.

b. Limitations. In no event shall either party be liable to the other party, nor shall Caremark be liable to any Participant for any indirect, special, or consequential damages or lost profits, arising out of or related to performance of this Agreement or a breach of this Agreement, even if advised of the possibility of such damages or lost profits.

Caremark (and its affiliates, directors, employees, agents, successors or assigns) will not be liable for any claim which is asserted by Member County or Customer more than thirty days after Member County or Customer is or reasonably should have been aware of such claim, and will in no event be liable for any claim which is asserted more than twelve months after the event resulting in damages or loss.

Caremark does not direct or exercise any control over the professional judgment exercised by any pharmacist in dispensing prescriptions or otherwise providing pharmaceutical related services at a Participating Pharmacy. Participating Pharmacists are independent contractors, not sub contractors or agents of Caremark, and Caremark shall have no liability to Member County or Customer for a claim arising out of any act or omission of any Participating Pharmacy or its agents or employees.

Caremark shall be entitled to rely on First Data Bank, Medi-Span, or any other nationally available reporting service of pharmaceutical prices selected by Caremark to determine AWP for purposes of establishing the pricing provided to Customer under this Agreement. Customer acknowledges that Caremark does not establish AWP, and Caremark shall have no liability to Customer arising from the use of First Data Bank, Medi-Span, or any other nationally available reporting service. Customer acknowledges that if the reporting source for determining Customer's AWP should not continue to support AWP, Customer shall cooperate with Caremark to negotiate the pricing hereunder to maintain the parties' respective economic position under this Agreement as of the Effective Date.
7. TERM AND TERMINATION OF AGREEMENT.

a. Terms. This Agreement is for an initial term of five years from the Effective Date, through December 31, 2016 (the "Initial Term"), and will automatically continue in effect for successive one year terms thereafter, subject to the remaining provisions of this Section.

b. Termination. This Agreement may be terminated as follows:

a. By any party, with or without cause, at the end of the Initial Term or any renewal term, by giving written notice to the others at least 60 days prior to the end of such Initial Term or renewal term;

b. Automatically, if the parties are unable to agree on an equitable adjustment under Section 6.e of this Agreement;

c. By any party if another materially defaults in its performance of this Agreement and such default continues without cure for a period of sixty days after the terminating party provides written notice to the defaulting party specifying the nature of the default;

d. By any party, at its option, if any court, governmental or regulatory agency issues to another party an order or finding of insolvency or insolvency, or an order to cease and desist from writing business. The party receiving notice of an order or finding must provide the others written notice within two business days of receipt;

e. By any party if another party: (i) makes an assignment for the benefit of creditors; (ii) has a petition filed (whether voluntary or involuntary) under Title 11 of the United States Code, or any other similar statute now or hereafter in effect; (iii) has a receiver, custodian, conservator, or trustee appointed with respect to all or a substantial part of its property; or (iv) has a proceeding commenced against it which substantially impairs performance hereunder;

f. By Caremark, immediately on written notice to Member County or Customer, if (i) either fails to comply with the provisions of Section 3.a of this Agreement, or (ii) Caremark determines, in its sole discretion that Member County or Customer’s program may not fully comply with all applicable Laws.

7.3 Effect of Termination and Survival.

Sections 4, 5 and 6 of this Agreement, and obligations arising under this Agreement prior to the effective date of any termination, will survive termination.

9. MISCELLANEOUS,

a. Entire Agreement; Interpretation; Amendment; Counterparts. This Agreement (including exhibits, schedules, attachments, or any addendum to this Agreement) constitutes the entire understanding and obligation of the parties with respect to the Services and supersedes any prior agreements, writings, or understandings, whether oral or written. The headings in this Agreement are used only for convenience of reference and do not affect the meaning or interpretation of any provision. The parties may amend this Agreement only through a properly executed writing authorized by both parties. This Agreement may be executed in several counterparts, all of which taken together constitute a single agreement between the parties.

b. Binding Effect; Assignment. This Agreement is binding on the parties and their respective successors and permitted assigns. None of the parties may assign this Agreement, in whole or in part, without the prior written consent of the other (which consent will not be unreasonably withheld); except that Caremark may assign this Agreement, in whole or in part, to any entity that controls, is controlled by, or is under common control with Caremark.

c. Independent Contractor; Third Parties. The parties to this Agreement are independent contractors, and have no other legal relationship under or in connection with this Agreement. No term or provision of this Agreement is for the benefit of any person who is not a party hereto (including, without limitation, any Participant or broker), and no such party will have any right or cause of action hereunder.

d. Waivers. Any failure by a party to comply with any covenant, agreement, or condition herein or in any other agreements or instruments executed and delivered hereunder may be waived in writing by the party in whose favor such obligation or condition runs; except that failure to insist upon strict compliance with any such covenant, agreement, or condition will not operate as a waiver of, or estoppel with respect to, any subsequent or other failure.

e. Severability. In the event any term or provision of this Agreement is declared to be invalid or illegal for any reason, this Agreement will remain in full force and effect and will be interpreted as though such invalid or illegal provision were not a part of this Agreement. The remaining provisions will be construed to preserve the intent and purpose of this Agreement and the parties will negotiate in good faith to modify any invalidated provisions to preserve each party's anticipated benefits.

f. Enforcement Costs. If any party hereto institutes an action or proceeding to enforce any rights arising under this Agreement, the party prevailing in such action or proceeding will be paid all reasonable attorneys' fees and costs to enforce such rights by the other party, such fees and costs to be set by the court, not by a jury, and to be included in the judgment entered in such proceeding.

G. Authority. Each party represents and warrants that it has the necessary power and authority to enter into this Agreement and to consummate the transactions contemplated by this Agreement.

h. Exclusivity. Member County and Customer hereby grant Caremark during the term of this Agreement, and any renewal thereof, the exclusive right to provide a Consumer Card Program to Member County and Customer. This exclusive right is solely applicable to Participants designated by Member County as eligible for the
Member County’s discount consumer card program and shall not affect any other benefits or programs provided to Participants by Member County. Member County and Customer further agree that, during the term of this Agreement and any renewals thereof, it will not negotiate, contract, or agree with any drug manufacturer for the purpose of obtaining Rebates or other discounts related to Participants under this Agreement. Member County and Customer also agree to cancel any existing agreements or contracts with any drug manufacturers related to such drug Rebates or discounts as of the Effective Date of this Agreement. In the event of a breach of this Section by Member County or Customer, Caremark may terminate this Agreement. By entering into this Agreement, Customer does not endorse, and Caremark will not represent Customer’s endorsement of any other programs or services which Caremark may offer to a Member County or Participant.

1. Drug Classification and Pricing. Caremark shall use the indicators of Medi-Span Master Drug Database (Medi-Span), and their associated files, as updated regularly by Medi-Span, or another nationally available reporting service of pharmaceutical drug information in determining the classification of drugs (e.g. legend vs. over the counter, brand vs. generic, single-source vs. multi-source) for purposes of this Agreement.

2. Customer-Specific Programming. Upon request by the Customer for services or changes to Services that require customized programming or systems work, Caremark will estimate the time and cost for completion of such work. If Customer authorizes Caremark to perform such work, it will pay Caremark the cost of performing such work at the established programming rate.

3. Pricing Assumptions. In addition to any pricing assumptions set forth in any pricing implementation or similar document that is reviewed by Customer:

(a) Upon thirty (30) days prior written notice to Customer, Caremark may modify or amend the financial provisions in this Agreement in a manner which accounts for the impact of the events identified below. Such notice will include Caremark’s explanation of the manner in which the modifications account for the impact of the event:

1. Any government imposed or industry wide change that would impede Caremark’s ability to provide the pricing described in this Agreement, including any prohibition or restriction on the ability to receive Rebates or discounts for pharmaceutical products; or
2. A change in any of the pricing assumptions set forth in this Agreement, including, Exhibit A.

(b) Pricing Benchmarks. The parties acknowledge that the pricing indices historically used by Caremark are the basis for the financial offer of this Agreement and are outside the control of the parties. In the event First DataBank, Medi-Span or other nationally available AWP reporting source discontinues the reporting of AWP or changes the manner in which AWP is calculated prior to the Effective Date, or during the Term, then Caremark reserves the right to modify the pricing terms of this Agreement, to be effective as of the Effective Date or such later effective date of such discontinuation or change, so as to maintain the parties’ relative economic positions as existed immediately before the effective date of such discontinuation in reporting or change in the calculation of AWP, as measured across all products on an aggregate basis. Such modifications may include, without limitation, the adjustment of AWP to the methodology relied on by such reporting source prior to such modification of AWP methodology, the adjustment of the AWP discount, or the utilization of alternate pricing benchmarks.

10. DEFINITIONS. The following terms and phrases, when capitalized, have the meanings set forth below.

a. "AWP" means the “average wholesale price” for a standard package size of a prescription drug from the most current pricing information provided to Caremark by First DataBank, Medi-Span Prescription Pricing Guide (with supplements), or following notice to Client, any other nationally available reporting service of pharmaceutical prices as utilized by Caremark as a pricing source for prescription drug pricing. The standard package size applicable to a mail service pharmacy shall mean one hundred (100) units (i.e., pills, tablets, capsules, etc.), unless only a smaller package size is available from the manufacturer, or the actual package size dispensed for liquids and topical treatments. The standard package size applicable to a Participating Pharmacy shall be the actual package size dispensed from a Participating Pharmacy as reported by such Participating Pharmacy to Caremark.

Customer acknowledges that the MAC list applicable to Customer is not the same as the MAC list published by the Centers for Medicare and Medicaid Services (formerly known as the Health Care Financing Administration, or "HCFA MAC"). A copy of such MAC drug list shall be provided to Customer prior to execution of this Agreement and thereafter upon Customer’s reasonable request.

Subject to the terms and conditions of this Agreement, Program Participants utilizing the Program shall receive from the Participating Pharmacies the discounts set forth below. Customer Specific Programming or additional services not identified herein will be quoted upon Customer request.

Program Participants will receive an average 22% discount on their prescription drug transactions when prescriptions are purchased at a Participating retail pharmacy, a Caremark Mail or a Caremark SpecialtyRx pharmacy as compared to the pharmacy’s aggregate usual and customary price (the cash paying customer price). Program Participants will not pay more for a prescription drug transaction by using the Program. There will be prescription drug transactions under this program that will be priced at the pharmacy’s usual and customary price when that price is equal to or more favorable to their contractual discount rate with Caremark.

Prices may vary in certain areas for reasons such as local legal requirements, geographic location, specialized manufacturer processes, limited availability, extraordinary shipping requirements or other factors beyond Caremark’s control. Participating Pharmacies shall collect from the Program Participant all applicable taxes for covered items, and Caremark is not liable for the payment of applicable taxes. Caremark does not guarantee Participant savings; the estimate set forth above is based upon anticipated pharmacy network performance. All claims may be aggregated for purposes of determining the actual average discount rate. Actual discount rates may vary by drug. Participating Pharmacy, Caremark Mail Pharmacy and Caremark SpecialtyRx Pharmacy. Certain retail, mail, and Specialty claims may be excluded from these rates, including but not limited to Claims for select injectable drugs and select oral drugs that are bio-technical in nature, compound drugs, and those requiring special handling.
