SECTION 1 - IN GENERAL

ADOPTION
The County of Kendall adopts as the building code of the County, the following documents with certain insertions, deletions, amendments and changes as listed in the Kendall County Building Regulations and also other County Ordinances or parts of Ordinances in conflict herewith are hereby repealed. Should a conflict arise between codes, then the most stringent requirement shall apply.

International Building Code 2012
International Residential Code 2012, Including Appendix F and Appendix G
National Electric Code 2011
Illinois Plumbing Code as mandated by the State of Illinois
International Mechanical Code 2012
International Fuel Gas Code 2012
International Energy Conservation Code 2012 as mandated by the State of Illinois
Illinois Accessibility Code

SCOPE
The Kendall County Building Code shall be applicable to all buildings and structures constructed, enlarged, erected, repaired, altered, demolished, relocated or change of use or occupancy within the jurisdiction of the County of Kendall.

INTENT
The intent of the Building Code of Kendall County is to insure public safety health and welfare insofar as they are affected by building construction through structural strength, adequate means of egress facilities, sanitary equipment, light and ventilation and fire safety and, in general, to secure safety to life and property from all hazards incidental to the design, erection, repair, removal demolition or occupancy of buildings, structures or premises.

VIOLATION PENALTIES
Violations of this Code shall be processed in the manner prescribed for all other ordinance violations as established by the County Board. Any person who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, construct, alter or repair a building or structure in violation of an approved plan or directive of the code official, or of a permit or certificate issued under the provisions of this code, shall be guilty of an ordinance violation, punishable by a fine of not less than $50 nor more than $1,000. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

Any person who shall continue any work in or about the structure after having been served
with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable to a fine of not less than $50.00 or more than $1,000.

Nothing herein shall prevent the Kendall County State's Attorney from taking such other lawful action to prevent or remedy any violations. All costs connected therewith shall accrue to the person or persons responsible.

MEANS OF APPEAL shall be replaced with the following:

An appeal may be taken to the County Planning, Building & Zoning Committee by any person aggrieved, from any order, requirement, decision or determination made by the Building Officer in his/her interpretation of the Kendall County Building Code. Such appeal shall be taken within twenty (20) days of the date of the action from which it is taken by filing with the Code Official and with the County Planning, Building & Zoning Committee a notice of appeal, specifying the grounds thereof. The County Planning, Building & Zoning Committee shall thereupon set a reasonable date, time, and place for a hearing of said appeal, and shall cause written notice thereof to be mailed to the appealing party, or his attorney and to the Code Official. The Kendall County Planning, Building and Zoning Committee shall appoint a subcommittee, approved by the County Board by this ordinance, as needed that would include two qualified individuals based upon experience and training on matters pertaining to building construction and one member of the PBZ committee.

The concurring vote of the majority of the Planning, Building & Zoning subcommittee members shall be necessary to reverse, in whole or part, or to modify, any orders, requirements, decisions or determinations of the Code Official. The County Planning, Building & Zoning subcommittee shall keep minutes of its proceedings hereunder, showing the vote of each member upon every question, or, if absent or failing to vote, indication such fact, and shall also keep records of its examinations and other official actions.

All decisions of the County Building & Zonings subcommittee hereunder shall be reduced to writing, filed with the clerk of the County Board, and a copy thereof mailed to the appealing party and to the building officer.

SAVING CLAUSE

Nothing in this ordinance or in the building codes hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred,
any cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited on page 1 of this ordinance, nor shall any just or legal right or remedy of any character be lost, impaired or affected by this Ordinance.

SECTION 9 - INSPECTIONS

INSPECTIONS

The following listed inspections are generally required. The owner or contractor shall request the designated inspection 48 hours in advance of the time when such inspection is to be made. An approved set of building plans shall be on the job site for all inspections. Plans not available on the site will be reason for a failed inspection. For all inspections a representative of the property owners should be present.

Following is a list of the usual inspections required for new construction.

1. **Site Inspection**
   At the time the permit is applied for the owner or builder shall put clearly visible stakes at the corners and offsets of all new construction and shall clearly mark the property boundary stakes. This inspection is conducted to satisfy the County zoning, flood plain and storm water management requirements before the permit is issued.

2. **Footing Inspection**
   This inspection is conducted after excavation when all the footing forms are in place and ready for the concrete to be poured.

3. **Foundation Wall Inspection**
   This inspection is conducted when forms are set and any reinforcement is in place before concrete walls are poured.

4. **Backfill Inspection**
   This inspection is to be done not less than 7 days after concrete has been poured. Foundation walls must be stripped of forms. Damp proofing should be applied and visible down to the footing. Perimeter drain tile must be in place and covered with gravel as required by code. Drain tile should be uncovered and visible at one point on each wall and at point of distribution. Anchor bolts should also be in place and visible. During or after backfill an “as-built” (including top of foundation and distance to lot lines) survey must be submitted and approved by the Code Official prior to framing.

5. **Electrical Service Inspection**
   This inspection is scheduled prior to power being provided by supplier.

6. **Framing and Wiring**
   This inspection is done after the structure is framed; roofed and rough wiring is installed. This is done before any lath or inside wall covering or insulation is installed.
7. **Underfloor Plumbing Inspection**
   This inspection is done when all the under concrete floor plumbing is installed. All underfloor plumbing must be left uncovered so that it can be visibly inspected.

8. **Rough Plumbing**
   This inspection is done when all plumbing is installed and before insulation and drywall is in place.

9. **Insulation Inspection**
   This inspection is done when all the insulation is installed. We will check to see all the insulation is installed as required for energy conservation. We would also check to see that all draft stopping is properly installed and complete at every level.

10. **Slab inspection**
    This inspection is done prior to pouring concrete for a basement floor, garage floor or crawl space floor. The depth for concrete, placement of wire mesh and vapor barrier will be checked.

11. **Final Plumbing Inspection before occupancy.**
    This inspection is done during the final occupancy inspection. All plumbing must be complete and operable.

12. **Final or Occupancy Permit Inspection**
    Before calling the building office for a final inspection and occupancy permit, construction must be complete including heating, lighting, water and sanitary hookups, gutters, down spouts, steps, handrails, porches and all exterior finish. Final approvals of well, septic, and site development permits are also required before the release of the *Certificate of Occupancy*.
### SECTION 10 – FEES

The following fee schedule shall be applicable to the Kendall County Building Code. **Please Note**: a $50.00 Zoning Certificate is required on ALL building permits.

1. **Single Family Residential Construction**: $1,800.00

9. **Service Upgrades**: $100.00

10. **Driveway**: $150.00

11. **Patios – New & Enlarging (R-5, R-6, R-7 Only)**: $50.00 Zoning Certificate

12. **Re-inspection Fee** –
   - Residential: $50.00
   - Commercial: $75.00
   - Plumbing: $150.00

13. **Other Residential/Agricultural**
   - Addition: $50.00/inspection
   - Remodeling: $50.00/inspection
   - Plumbing: $150.00/inspection

...
### Permits other than Residential /Agricultural

- **Addition**: $75.00/inspection
- **Remodeling**: $75.00/inspection
- **Plumbing**: $150.00/inspection
- **Electrical**: $75.00/inspection
- **Miscellaneous**: $75.00/inspection

#### Notes to the Fee Schedule

- The permit fees for an attached garage, deck, or a driveway and similar appurtenances constructed in conjunction with the construction of the house are included in the permit fee for the house.
- The permit fee for a driveway constructed in conjunction with the construction of a garage is included in the permit fee for the garage.

- **Zoning Certificate Required**: A zoning certificate shall be approved before a building permit may be issued and requires the payment of a separate fee.

- **Address Required**: The fee for assigning an address to a property shall be $50.00.

- **Time of Payment**: All permit fees shall be due and payable prior to the beginning of construction. All re-inspection fees shall be due and payable prior to each inspection.

- **Additional Review Fees**: In addition to the fees set forth in this Ordinance, all applicants seeking the approval of a building permit shall reimburse Kendall County for all reasonable costs incurred as a result of the review of the application by a legal, engineering or other special consultant. The applicant shall provide a deposit to cover the estimated consulting and review fees. Payment of the additional review fees shall be made prior to the issuance of the certificate of occupancy, EXCEPT, when the payment is fully and completely secured by a deposit, the actual payment may occur after the issuance of the certificate of occupancy.
**Waivers and Refunds**

No waiver and no refund shall be made for any fee paid pursuant to this Ordinance without the approval of the Planning, Building and Zoning Committee of the County Board, EXCEPT, all fees for actions or activities by Kendall County or the Kendall County Forest Preserve District are hereby waived and all fees for non-profit organizations shall be charged half of the normal fees for permits; provided they show proof of non-profit status as determined by the Planning, Building and Zoning department and that the permit be used only by the organization itself. All other government entities shall be charged half of the normal fee for permits as determined by the Code Official.
SECTION 11- MISCELLANEOUS COUNTY PROVISIONS

FRONT DOOR-ENTRY
The front entry door shall have at least a 4' x 5' concrete stoop with a concrete footing and foundation or wood equivalent. No wing walls.

GUTTERS
All new dwellings are required to have gutters and down spouts unless in the opinion of the code official an acceptable alternate method of roof storm water runoff has been designed and installed.

PIERS - CONCRETE
Piers are acceptable for open porches and decks only. The minimum pier sizes in inches shall be 12" diameter by 42" deep for attached structures. Exception – an enclosed screened room or porch will be allowed only if the prints are stamped and sealed by an Illinois State licensed architect or engineer.

PATIOS
Construction of new patios or expansions of existing patios which increase hard surface coverage in the R-5, R-6, and R-7 zoning districts shall require a building permit. Replacement of an existing patio that does not increase the size or amount of existing hard surface coverage will not require a permit.

POOL TEMPORARY FENCES
A temporary fence shall be installed around all in ground swimming pools during excavation and construction. The design should be approved by the code official.

PORTABLE TOILETS
Each new single or multi family dwelling and commercial structures under construction shall have a portable toilet on site or other means approved by the code official.

ON-SITE REFUSE/CONSTRUCTION DEBRIS CONTAINERS
In all Residential, Business and Manufacturing Districts, an appropriately sized refuse container shall be placed on new construction sites to contain construction debris in a neat and orderly manner and to prevent the blowing or washing away of materials onto surrounding properties or into the public way. The refuse container will need to be in place prior to approval of a foundation through completion of all construction activity and shall be emptied as needed to prevent overfilling and provide adequate waste containment during the construction process.
ELEVATORS

Permanent mechanical devices for the conveyance of passengers; including elevators, escalators, automobile lifts, man lifts, personnel hoists and moving sidewalks shall conform to all adopted codes of the County and the Office of the State Fire Marshall except as modified as follows:

The following shall be certified as conforming to all applicable codes.
1. Construction documents
2. Acceptance test
3. Periodic tests and inspections

Such certification shall be submitted by an ‘approved agency’. Such agency is hereby defined as a certified member of the National Association of Elevator Safety Authorities, or the American Society of Mechanical Engineers, or an equivalent approved by the Code Official.

Periodic tests and inspections shall be done at intervals of not more than six months or as otherwise required by the Code Official.

Elevators in residential structures shall be exempted from the periodic test and inspection requirements.

AGRICULTURE AND FARM RESIDENCE EXEMPTIONS

All agricultural structures and buildings shall not be required to conform to the standards of the Kendall County Building Code nor shall they be required to pay any building fees pursuant to (ILCS) chapter 55 Section 5/5-12001. An owner affidavit is required to identify the agricultural use. A site plan is required from the owner to confirm setbacks and flood plain compliance.

Owners of exempt ‘agriculture’ and ‘farm residence’ to be constructed may chose to voluntarily conform to the Kendall County Building Code including plan submittal, inspections, certificate of occupancy, payment of fees, and all other procedures otherwise required of non-exempt construction.

CAMPGROUNDS

Decks and sheds located in approved campgrounds shall meet all applicable building codes, all applicable requirements of the Kendall County Campground Regulations and all requirements of the applicable Special Use Ordinance, but shall not require a building permit, and shall only be subject to an inspection during the annual campground inspection period.
CONCRETE TRENCH FOUNDATION
All trench foundations shall not be less than ten (10) inches in thickness, and forty-two (42) inches in depth and must bell out to twelve (12) inches at the base, and must be on clean, solid, undisturbed soil that will provide the required PSI's prescribed by code to sustain the superimposed structure placed upon which shall not exceed one story (fourteen feet) at the highest point.

PLATS OF SURVEY
All building permits will require two (2) original plats of survey, certified by an Illinois State Licensed Surveyor showing existing and proposed buildings. Structures, water well(s) and septic system envelope and well & septic systems that will serve the proposed new structures along with locations of existing adjacent well and septic systems demonstrating separation distances as required by State and County Health Codes and Ordinances. This may be waived at the discretion of Code Official if documents are not necessary to show compliance.

SITE PLANS
Where construction is to occur on a lot with a designated flood plain area, the code official may require the elevation of the first floor of proposed building be shown on the along with the Base Flood Elevation and its location on the site.
The Code Official shall have the authority to specify required foundation elevations on lots or parcels of land that have soils with seasonal high water tables, drainage problems, or that may be subject to localized flooding. In such a case, the Code Official shall also have the authority to require a site grading plan. The plan shall show existing topographic features, ground contours and drainage patterns as well as proposed building elevation(s), site improvements, ground contours and drainage design. Elevation information shall be on national geodetic vertical datum (NGVD). Verification of the finished improvements shall be drawn on a plat of survey showing the building location, finished foundation elevation(s), ground contours and drainage improvements.
