LEGAL DESCRIPTION OF TRACT TO BE REZONED:

That Part of the Southwest Quarter of Section 24, Township 37 North, Range 7 East of the Third Principal Meridian described as follows: Commencing at the Northwesterly Corner of Herren's Third Subdivision; thence South 68°16'35" West, along the Southerly Right-of-Way Line of Illinois Railnet (formerly known as Chicago, Burlington and Quincy Railroad Company), 493.67 feet; thence South 23°13'27" East, 405.50 feet; thence South 51°25'35" West, 523.58 feet; thence South 41°56'10" West, 1071.73 feet; thence South 66°46'00" East, 742.45 feet to a point on the Northerly Right-of-Way Line of Illinois Route 71 hereinafter referred to as "Point A"; thence North 66°46'00" West, 337.64 feet; thence North 41°47'24" East, 141.40 feet for the point of beginning; thence South 66°46'00" East, 316.51 feet to said Northerly Right-of-Way; thence Northeasterly, along said Northerly Right-of-Way being a curve to the right with a radius of 3233.23 feet and a chord bearing North 38°34'44" East, an arc distance of 455.93 feet to a point on said Northerly Right-of-Way which is an arc distance of 592.09 feet from "Point A" aforesaid; thence North 66°46'00" West, 289.60 feet; thence South 41°47'24" West, 463.40 feet to the point of beginning in Oswego Township, Kendall County, Illinois.
FINDINGS OF FACT

That the establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare. Provided that the property is developed in accordance with the submitted site plan, that the maximum number of employees reporting to the site is minimal, that landscaping debris is not stored onsite, that the majority of equipment is stored in an enclosed structure, and that the new structure is constructed per applicable codes, the proposed use will not be detrimental to or endanger the public, health, safety, morals, comfort, or general welfare.

That the special use will not be substantially injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood. The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to insure that the proposed use does not adversely impact adjacent uses and is compatible with the surrounding area and/or the County as a whole. The submitted site plan shows the construction of a new two thousand four hundred (2,400) square foot building. A berm is already located on the subject property. The proposed use is consistent with similar agricultural related uses. The proposed use will not be located near any structures on adjoining properties. With appropriate restrictions, the proposed use should not adversely impact adjacent uses.

That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided. The existing well, septic, and electrical systems are adequate for the proposed use. Route 71 is State maintained highway that can handle loads of at least seventy-three thousand two hundred eighty pounds (73,280 lbs). If best management practices are followed when constructing the new building and if no landscape debris is stored onsite, no concerns about drainage of stormwater runoff exist.

That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Zoning Board of Appeals. The proposed business and site plan conform to all other applicable regulations of the A-1 Zoning District.

That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The LRMP encourages agriculture and agribusiness (Page 3-3). The proposed use is consistent with the purpose and objectives of the LRMP.
