MINUTES
Ms. Andrews made a motion, seconded by Ms. Briganti, to approve the February 5, 2019, meeting minutes. With a voice vote of all ayes the motion carried unanimously.

PUBLIC COMMENT
Dan Huddleston, President of the Homeowners’ Association of Equestrian Estates at Legacy Farm, expressed his opposition to the proposed increase of the number of horses allowed at 17 Ashe Road. When the development was created, the boarding of horses at the subject property was for residents of the subdivision only. Boarding was opened to non-residents in 2012. He stated that the barn operating as business negatively impacted the property values in the subdivision. The increase in business will result in increased traffic and greater maintenance costs to the roads. He expressed concerns regarding the collection of manure; it is not happening frequently.

Mark Bossong agreed with Mr. Huddleston. Mr. Bossong said that they no longer board their horse at the subject property.

There are six (6) homeowners in the subdivision. The previous owner made it unpleasant for residents to board horses at the barn.

The owner of the barn is a member of the Homeowners’ Association.

No notices of shows have been provided to the Homeowners’ Association. The Homeowners’ Association has not request additional financial assistance for road maintenance. The barn owner pays her fees to the Homeowners’ Association.

Mr. Huddleston would like the insurance paid by barn owner to be increased. He also noted that Ms. Flisk does not own any horses boarded at the property.

Chris Fowler, attorney for the Homeowners’ Association, discussed the cost increases on the Homeowners’ Association.

PETITIONS
Petition 18-24 Dorothy Flisk on Behalf of Skyfall Equestrian, LLC – Major Amendment to a Special Use Permit by Increasing the Number of Horses Allowed Boarded at 17 Ashe Road from 24 to 36 in Little Rock and Bristol Townships
Mr. Asselmeier summarized the request. The property is approximately eight point five (8.5) acres. The existing stable has twenty-six (26) horse stalls. The property has a total of sixteen (16) paddock areas and an "arena" area.

The Petitioner would like to demolish the accessory structures and construct an area for hay and straw and an additional twelve (12) stalls. The new barn will be constructed where the current brown barn is located, using the same footprint. The new barn will be ten feet to twelve feet (10'-12') in height. The new barn will be a prefab construction type. The existing frame shed shall be located to the rear of the paddock area. The Petitioner would also like to construct a lounging arena north of the existing "arena" area.

The Petitioner has a waitlist and would like to expand because of the waitlist. If approved, the Petitioner would like to expand operations in the summer of 2019.

The Petitioner provided an EcoCat from 2005. Since no new building footprints are planned, an update EcoCat was not required.

The Petitioner applied for an NRI in February 2019. Ms. Andrews reported that her office is preparing a letter on the subject.

Revised information was sent to Little Rock Township Revised on February 21, 2019.

Revised information was sent to Bristol Township on February 21, 2019.

The City of Plano had no objections to the proposal.

Revised information was sent to the Bristol-Kendall Fire Protection District on February 21, 2019.

The Petitioner currently has manure picked up four (4) days per week and has a mushroom farmer collect manure for composting once per week. The manure area is sealed and graded with four (4) concrete blocks across the back and is four (4) rows high and three (3) rows deep. The Petitioner plans to install an opaque fence around the manure area.

Discussion occurred regarding the manure management plan. Mr. Rybski requested additional monitoring of manure. With straw, every stall has to be cleared every day.

Dan Kramer, attorney for the Petitioner, provided a history of the development. Mr. Kramer noted that the Petitioner attempted to meet with the Homeowners’ Association. The Petitioner has no objections to the conditions proposed by County Staff.

Mr. Rybski discussed the manure pickup issues. Mr. Rybski noted that the area should be cleaned at least every seven to eight (7-8) days. Mr. Kramer noted that, in the summer, manure pickups will occur every two to three (2-3) days. Mr. Rybski requested that the manure management plan state the two to three (2-3) day pickup during the warmer months. Discussion occurred regarding the Public Health Nuisance Ordinance. Mr. Kramer will provide a more detailed manure management plan to Mr. Rybski by Noon on March 8, 2019. If an updated plan is not provided, the proposal will not advance to the Regional Planning Commission.

Mr. Guritz made a motion, seconded by Mr. Klaas, to forward the major amendment to the special use permit, provided that the manure management plan is provided to the Kendall County Health Department by Noon on March 8, 2019, and subject to the following conditions to the Kendall County Regional Planning Commission:

1. All of the conditions contained in Ordinance 2012-22, except condition number 1 shall remain in effect.

2. Condition number 1 contained in Ordinance 2012-22 is hereby amended to read, “A maximum of thirty-six (36) horses are allowed to be housed in the stable.”

3. The site shall be developed substantially in accordance with the attached site plan.

4. The owner(s) of the property shall secure applicable building permits prior to the construction of any structures on the property.
5. The owners(s) of the facility allowed by this special use permit shall follow all applicable Federal, State, and Local laws related to the operation of this type of business.

6. Failure to comply with one or more of the above conditions or restrictions contained in this ordinance and Ordinance 2012-22 could result in the amendment or revocation of the special use permit.

7. If one or more of the conditions contained in this ordinance and Ordinance 2012-22 is declared invalid by a court of competent jurisdiction, the remaining conditions of both ordinances shall remain valid.

Ayes (4): Andrews, Asselmeier, Briganti, and Rybski
Nays (0): None
Present (2): Guritz and Klaas
Absent (4): Chismark, Holdiman, Langston, and Prochaska

The motion passed. The proposal will go to the Kendall County Regional Planning Commission on March 27, 2019, if the manure management plan is submitted as scheduled.

**Petition 19-08 Daniel, Bruce and Norma VanDeventer and Deborah Hull on Behalf of the Wilbur C. VanDeventer Trust (Current Owner) and Diane and Craig Zimmerman (Prospective Buyer) – Map Amendment Rezoning the Property at the Northeast Side of the T-Intersection Created by Galena Road and Kennedy Road (PIN 02-11-300-007) from A-1 to R-1 in Bristol Township**

Mr. Asselmeier summarized the request. Diane and Craig Zimmerman would like to purchase the subject property and construct a single-family home on the property and operate a home-based carpentry business as allowed by the Kendall County Zoning Ordinance. The property lacks a housing allocation. Therefore, a map amendment is required.

The property is approximately fifteen (15) acres in size. Trails are planned along Galena Road and Blackberry Creek, but a rezoning request cannot be conditioned. A sizeable portion of the property is in the floodplain. The adjacent zoning districts around the property are A-1, R-1, and R-3 in the County and business zoning in Yorkville. The future land use map calls for the property to be residential.

EcoCAT Report submitted and consultation was terminated.

The application for NRI was submitted on February 19, 2019. Ms. Andrews reported that they will finish the report the week of March 11th.

Petition information was sent to Bristol Township on February 25, 2019.

Petition information was sent to the Village of Montgomery on February 25, 2019. Mr. Asselmeier noted that the United City of Yorkville was also notified because they own property within the notification area.

Petition information was sent to the Bristol-Kendall Fire Protection District on February 25, 2019.

Any new homes or accessory structures would be required to meet applicable building codes.

The property fronts Galena Road. A variance to the County highway regulations would be required and the County might require additional right-of-way when they do road improvements in the area.

No new odors are foreseen.

Any new lighting would be for residential use only and must be in compliance with the regulations related to home occupations contained in the Zoning Ordinance.

No fencing or buffer is presently planned for the property.

Any new homes constructed in the floodplain would have to secure a stormwater permit.

Electricity is nearby. New well and septic information would have to be evaluated as part of the building permit process.

Mr. Klaas requested a more detailed site plan showing the access point with Galena Road. Mr. Zimmerman will provide the site plan as part of the application for variance to the County’s highway regulations.
Mr. Rybski made a motion, seconded by Mr. Klaas, to recommend approval of the map amendment as requested.

Petition 19-07 Kendall County Planning, Building and Zoning Committee – Text Amendment to Section 11.05A of the Kendall County Zoning Ordinance Pertaining to the Parking and Storage of Unoccupied Recreational Vehicles, Trailers, and Mobile Homes

Mr. Asselmeier summarized the request.

At the January Planning, Building and Zoning Committee meeting, the Committee requested Staff to prepare a proposed text regarding Section 11.05A of the Kendall County Zoning Ordinance pertaining to the parking of recreation vehicles, trailers and mobile homes.

The proposal is divided into three (3) parts:

Part One: Amends Section 11.05A.1.b by allowing the parking of recreational vehicles, trailers and mobile homes in the front and corner yard setbacks in the R-4, R-5, R-6, and R-7 Zoning Districts provided that no sidewalk, trail, or visibility of motorists is blocked. The remainder of Section 11.05.A.1.b is renumbered to reflect the amendment.

Part Two: The requirement that certain recreational vehicles be registered is removed because the proposal renders the registrations moot. Five (5) recreational vehicles were registered with the County.

Part Three: Section 11.05.A.2 is amended by removing the seventy-two (72) hour parking provision. The remainder of Section 11.05.A.2 is renumbered to reflect the amendment.

At their meeting on February 11, 2019, the Planning, Building and Zoning Committee voted to initiate a text amendment to the Kendall County Zoning Ordinance reflecting this proposal.

Discussion occurred regarding blocking sidewalks and potential increase in the number of unoccupied recreational vehicles in certain parts of the County.

Mr. Klaas made a motion, seconded by Mr. Guritz, to recommend approval of the text amendment as requested.

Ayes (6): Andrews, Asselmeier, Briganti, Guritz, Klaas, and Rybski

Petition 19-09 Kendall County Regional Planning Commission – Text Amendment to Section 7.01.C of the Kendall County Zoning Ordinance by Adding Kendall County Sheriff Shooting Range in Oswego Township (Ordinance Would Expire December 31, 2024) to the List of Permitted Uses in the A-1 District, Related Citation Corrections, and Update to Appendix 9-Table of Uses in the Kendall County Zoning Ordinance to Reflect this Addition

Mr. Asselmeier summarized the request.

At their meeting on February 27, 2019, the Kendall County Regional Planning Commission voted to initiate a text amendment to the Kendall County Zoning Ordinance amending Section 7.01.C by adding Kendall County Sheriff’s Office shooting range to the list of permitted uses in the A-1 Agricultural District in Oswego Township only with an expiration date of December 31, 2024, related citation corrections, and update to Appendix 9-Table of Uses in the Kendall County Zoning Ordinance to reflect this addition.

Presently, Kendall County Sheriff’s Office shooting ranges are special uses in the A-1, B-2, B-3, B-4, B-6, M-1, M-2, and M-3 Zoning Districts. The County Board may impose restrictions on Kendall County Sheriff’s Office shooting ranges. If
this proposal is approved, Kendall County Sheriff's Office shooting ranges would remain special uses on A-1 zoned properties in all of the townships except Oswego Township.

Similarly, outdoor target practice and shooting ranges are special uses with conditions in the A-1 and M-3 Zoning Districts.

Mr. Klaas made a motion, seconded by Mr. Guritz, to recommend approval of the text amendment as requested.

Ayes (6): Andrews, Asselmeier, Briganti, Guritz, Klaas, and Rybski
Nays (0): None
Present (0): None
Absent (4): Chismark, Holdiman, Langston, and Prochaska

The motion passed. This proposal will go to the Kendall County Regional Planning Commission on March 27, 2019.

To: Kendall County Planning, Building & Zoning Committee  
Yorkville, Illinois 60560

Petitioner: Dickson Valley Ministries, DBA Dickson Valley Camp & Retreat Center  
8250 Finnie Rd. Newark, IL 60541-9573  630-553-6233

Dickson Valley Ministries would like to request the adoption of a new long-range site plan. Since the last version of the site plan, which was approved in 2014, there has been a request to have a more detailed plan on record. The purpose and ministry of Dickson Valley has not changed since its inception, and the maximum capacity and overall scale of the camp has not increased since 2014.

This new site plan is an attempt to be more detailed in location of needs, and has included a few additional structures that where not considered in the previous version. The facility needs for certain programs is an always evolving consideration so this plan has tried to include even ideas which may not be needed as we attempt to use our current facility in the wisest possible ways.

Dickson Valley Camp & Retreat Center has served churches, ministries and public and private schools for almost 40 years. In 1988 the number of groups using Dickson Valley was 75 with about 2,000 people in attendance. In 2018 we were excited to serve around 140 groups and had almost 400 kids attend one of our 10 weeks of summer camp. Just over 7,000 people attended various programs at the camp during all months of the year. We continually give thanks for all the blessings God has provided and, as with any business, know that our location is one of those key provisions we are blessed with. Our setting in Kendall County, along the Fox River, has been key to our growth which has far outpace most other Christian camps our size. It was a generous gift from Homer and Alice Dickson of Yorkville that made this ministry possible and the ongoing relationships with the family that have helped it grow.
OVERVIEW OF OPERATION:
Dickson Valley Camp & Retreat Center is a twelve month, 365 day a year ministry. We partner with churches, ministries and public and private schools to help them run youth retreats, summer camps, outdoor education and other programs that can benefit from being in a remote natural setting. Our own Dickson Valley run day and resident camps have grown over the past few years and have provided great new relationships with kids and families in Kendall County. All individuals who attend Dickson Valley are a part of a programmed event and we are always making sure that each program supports our ministry purpose. More details of the ministries are available at www.dicksonvalley.com

HISTORY OF OWNERSHIP:
In 1983 the original Special Use Zoning was setup with Christian Camping International, US Division. That not-for-profit corporation worked with Metro Chicago Youth For Christ to develop the early stages of the camp and start it on its ministry growth.
In 1988 those organizations transferred ownership to the newly formed not-for-profit Dickson Valley Corporation formed from members of both previous organizations.
In 2011 an update to Dickson Valley Corporations founding documents included the name change to Dickson Valley Ministries with the DBA of Dickson Valley Camp & Retreat Center

DEVELOPMENT PLANNING DESIGN CRITERIA:
The board and staff of Dickson Valley have sought many professionals in the Christian camping field for input. We have used various methods to determine the maximum capacity of our property both physically and mainly programmatically. The natural setting is one of our primary assets; we desire to care for, and protect it.
- Locations for future development has been defined into “Development Zones” with no significant development planned for outside these areas.
- Youth ministry needs are continually changing, and long-term planning is at best just setting the framework for what will be needed. This site plan incorporates all possible ideas that can be dreamed of; all projects may not need to be completed.
- Final locations, sizes, and designs will be approved at the time of permitting seeking the appropriate approvals from the Illinois Department of Public Health, the Sandwich Fire Protection District, and the Kendall County Planning Building and Zoning Department.
- The design of all new buildings and structures is to fit into the natural setting, limiting the impact and the need for any extra landscaping.
- Lighting around camp is intentionally left low to reduce the impact on observing the night features. Most additional light is provided by individuals and eliminates intrusion on any neighbors.
SCAPE OF NEW LONG RANGE PLANS:
- Dickson Valley Camp & Retreat Center is not changing its stated purpose or programs but is submitting a more detailed site plan in an attempt to document future needs more completely.
- This site plan represents a long-range plan, no less than 10 years, and will be driven by available funds from donors who give financially to the ministry. Dickson Valley does not enter into long term debt to develop its property.
- The ministry desires to retain conditions stated in the previous special use major amendment, Ordinance #2014-05 dated 3/31/2014
  1. The property can be utilized all year long.
  2. At such time if the not-for-profit status is discontinued for any reason a new special use shall be applied for if the property is to be used for profit.
  3. The number of over-night campers shall be limited to no more than 350 at any one time.
  4. No more than 8 hook-ups for RV’s.
  5. The sign shall be in conformance with the standards of sign illumination as set forth in the Kendall County Zoning Ordinance and can be externally lit.
- One note of clarification on the conditional statement that total capacity is 350 “over-night campers.” This number is inclusive of as many as 100 day-only campers during the summer.
- Additionally, the live-on-site staff needed in supporting the ministry is composed of:
  - as many as 6 full time, long-term families (currently 5),
  - as many as 24 single short-term(12-month program) staff,
  - and 64 seasonal(summer) staff

RE: 2019 Long Range Plan
   Project Number(s): 1908785
   County: Kendall

Dear Applicant:

This letter is in reference to the project you recently submitted for consultation. The natural resource review provided by EcoCAT identified protected resources that may be in the vicinity of the proposed action. The Department has evaluated this information and concluded that adverse effects are unlikely. Therefore, consultation under 17 Ill. Adm. Code Part 1075 is terminated.

This consultation is valid for two years unless new information becomes available that was not previously considered; the proposed action is modified; or additional species, essential habitat, or Natural Areas are identified in the vicinity. If the project has not been implemented within two years of the date of this letter, or any of the above listed conditions develop, a new consultation is necessary.

The natural resource review reflects the information existing in the Illinois Natural Heritage Database at the time of the project submittal, and should not be regarded as a final statement on the site being considered, nor should it be a substitute for detailed site surveys or field surveys required for environmental assessments. If additional protected resources are encountered during the project’s implementation, you must comply with the applicable statutes and regulations. Also, note that termination does not imply IDNR’s authorization or endorsement of the proposed action.

Please contact me if you have questions regarding this review.

Please fill out the following form to the best of your capabilities. §13.08.J of the Zoning Ordinance outlines findings that the Hearing Officer shall consider in rendering a decision, but is not required to make an affirmative finding on all items in order to grant a special use. They are as follows:

That the establishment, maintenance, and operation of the special use will not be detrimental to, or endanger, the public health, safety, morals, comfort, or general welfare.

Dickson Valley Ministries is formed only for the purpose to benefit the community, and has proved to be a very safe and people focused organization.

That the special use will not be substantially injurious to the use and enjoyment of other properties in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood. The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to insure that the proposed use does not adversely impact adjacent uses and is compatible with the surrounding area and/or the County as a whole.

Dickson Valley has had great relationships with all neighbors, never causing any negative situations and quite often benefiting neighbors with the use of the land and resources.

That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided.

Of the 160 acres of mostly wooded land, only about 25% has been developed, leaving a lot of great natural resources. The township road has been updated and has always proved adequate for our traffic and still is a seldom traveled road.

That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Hearing Officer.

Dickson Valley has had 30+ years in the county with no problems in following regulations.

That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies.

Dickson Valley has worked with many local agencies on resource management and other plans and continues to follow through and work within them.

**GENERAL**
The Petitioners intend to establish the BrighterDaze Farm and Events banquet facility run by JoAnn Bright-Theis at the subject property. A special use permit is required to operate a banquet facility at the subject property. Pictures of the property are included as Attachments 8-15.

This type of use is permitted as a special use on an A-1 property with certain conditions. Those conditions include:

- The facility shall have direct access to a road designated as an arterial roadway or major collector road as identified in the Land Resource Management Plan.
- The subject parcel must be a minimum of 5 acres.
- The use of this property shall be in compliance with all applicable ordinances. The banquet facility shall conform to the regulations of the Kendall County Health Department and the Kendall County Liquor Control Ordinance. (Ord. 99-34)

**EXEMPTION:** Powered Equipment: Powered equipment, such as lawn mowers, small lawn and garden tools, riding tractors, and snow removal equipment which is necessary for the maintenance of property is exempted from the noise regulations between the hours of seven o’clock (7:00) A.M. and ten o’clock (10:00) P.M.

The subject property and proposed business meets the above requirements.

**BUSINESS OPERATION**
The business plan for the proposed operations is included as Attachment 1, Pages 2-4. The site plan is included as Attachment 2. The building elevations are included as Attachment 3. The landscaping plan is included as Attachment 4. The parking illumination plan is included as Attachment 5. The interior plan is included as Attachment 6.
According to the information provided to the County, the proposed banquet facility will utilize the existing approximately eight thousand (8,000) square foot barn for weddings and similar events. The maximum capacity will be approximately two hundred eighty (280) people, with one (1) additional employee. While banquets will occur inside the existing barn, prospective clients could use the exterior grounds for pictures and outdoor ceremonies. The interior of the barn is converted arena with a concrete floor. The barn is approximately twenty-six feet (26’) tall at its peak and ten feet (10’) tall at the ends.

An existing pond is located east of the horse barn.

The hours of operation will be Monday through Thursday from 9:00 a.m. until 10:00 p.m. and Friday and Saturday from 9:00 a.m. until Midnight. The facility would be open on the eve and day of all federal holidays. Tours of the facility for prospective customers by appointment and could occur outside the listed hours of operation. Setup for events would start at 9:00 a.m. on the day of the event and customers would have one (1) hour to vacate the premises after the conclusion of the event. The facility would close on November 1st and reopen April 1st.

The proposed business would use local sub-contractors for uses on the site, including linens, decorations, food services, beverage services, bathroom services, and cleanup services. Because Fox Township is a dry township, no cash bars are allowed.

The proposed business would use luxury trailer bathrooms for events with the intention to have permanent restroom facilities by 2021. Restroom facilities will be located north of the barn by the parking area.

The dumpster shall be located next to the parking lot by the barn.

If approved, the Petitioners hope to start operations as quickly as possible.

Ancillary items, such as Brighter Daze shirts and glasses, may be sold on the premises.

BUILDING CODES
An updated Occupancy Permit will be required reflecting the change of use from a horse barn to a banquet facility.

ENVIRONMENTAL HEALTH
Portable bathrooms will be used for events. Staff would like comments from the Health Department regarding the proposal.

ROAD ACCESS
The property fronts Crimmin Road. Staff would like comments from Fox Township, the Newark Fire Protection District, and the Kendall County Sheriff’s Department regarding any concerns they may have regarding the proposed use at this site.

PARKING AND INTERNAL TRAFFIC CIRCULATION
According to the site plan, patrons will enter the property through the driveway north of the existing house. Traffic will drive southeast along the one (1) way driveway to the existing barn, a distance of approximately seven hundred feet (700’). There are thirty-four (34) parking spaces and four (4) additional handicapped accessible parking spaces by the barn. An additional seventy-five (75) parking spaces will be located east of the barn and will be accessible via a gravel driveway; these parking spaces will be served by shuttle. Traffic will exit the property through a one (1) way driveway leading to the north end of the property.

LIGHTING
Two (2) new lights are proposed for site. According to the parking illumination plan, no light will leave the property. All lights will be turned off within one (1) hour of the conclusion of events.

SIGNAGE
One entrance and one exit sign will be installed on the property. The signs will be approximately four hundred thirty-two (432) square inches. Neither sign will be illuminated.
**LANDSCAPING**
As shown on the proposed site plan, the site contains approximately one hundred sixty-six trees of varying heights encircling the venue.

**NOISE CONTROL**
All music and noise shall originate inside the venue except for processionals and recessionals at weddings. The facility shall follow the noise regulations for banquet facilities. Speakers will face east and the barn doors will remain closed after 7:00 p.m.

With the combination of distance and plantings, the Petitioners believe noise will not be an issue.

**RECOMMENDATION**
Before issuing a recommendation, Staff would like the following issues addressed/clarified:

1. Input from the Kendall County Sheriff's Department and the Newark Fire Protection District regarding any concerns regarding having a facility at this location.
2. Input from the Kendall County Health Department regarding the septic and well facilities.
3. Input from WBK regarding the need for a stormwater management permit.
4. Acknowledgement from the Petitioners that they are aware and will follow Kendall County’s Right to Farm Clause.
5. Acknowledgement from the Petitioners that they agree to follow all applicable Federal, State, and Local laws governing this type business and the implications for not following such laws.

RE: BrighterDaze Farm & Events
Project Number(s): 1908293
County: Kendall

Dear Applicant:

This letter is in reference to the project you recently submitted for consultation. The natural resource review provided by EcoCAT identified protected resources that may be in the vicinity of the proposed action. The Department has evaluated this information and concluded that adverse effects are unlikely. Therefore, consultation under 17 Ill. Adm. Code Part 1075 is terminated.

This consultation is valid for two years unless new information becomes available that was not previously considered; the proposed action is modified; or additional species, essential habitat, or Natural Areas are identified in the vicinity. If the project has not been implemented within two years of the date of this letter, or any of the above listed conditions develop, a new consultation is necessary.

The natural resource review reflects the information existing in the Illinois Natural Heritage Database at the time of the project submittal, and should not be regarded as a final statement on the site being considered, nor should it be a substitute for detailed site surveys or field surveys required for environmental assessments. If additional protected resources are encountered during the project’s implementation, you must comply with the applicable statutes and regulations. Also, note that termination does not imply IDNR’s authorization or endorsement of the proposed action.

Please contact me if you have questions regarding this review.

Please fill out the following findings of fact to the best of your capabilities. §13.08.J of the Zoning Ordinance outlines findings that the Zoning Board of Appeals shall consider in rendering a decision, but is not required to make an affirmative finding on all items in order to grant a **special use**. They are as follows:

*That the establishment, maintenance, and operation of the special use will not be detrimental to, or endanger, the public health, safety, morals, comfort, or general welfare.* BrighterDaze Farm & Events have hosted a cursory review with the Code Official for Kendall County Planning, Building & Zoning (Brian Holdiman), an architect (Sparks Architects) and structural engineer (Hinsdale Engineering) whom have raised no issues with public endangerment.

*That the special use will not be substantially injurious to the use and enjoyment of other properties in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood.* The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to insure that the proposed use does not adversely impact adjacent uses and is compatible with the surrounding area and/or the County as a whole.

BrighterDaze Farm & Events will abide by the results of the Special Use Permit effort. We feel strongly the venue will not impair property values due to the natural "buffers" afforded to the farm (mature trees, berms and spacious property). Customers will frequent local businesses such as hotels, restaurants, etc resulting in a stronger local economy.

*That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided.*

BrighterDaze Farm & Events utilizes a "one way" traffic pattern to quickly and safely flow patrons in and out of the property with minimum impact to local traffic. All facilities have been permitted and/or inspected by Kendall County within the past 15 years.

*That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Zoning Board of Appeals.* BrighterDaze Farm & Events will abide by the results of the Special Use Permit effort.

*That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies.*

BrighterDaze Farm & Events abides by all codes/regulations of the Land Resource Management Plan and other adopted County, Municipal plans and policies.

Re: Proposed Text Amendment Regarding Home Occupation Regulations

At their meeting February 27, 2019, the Comprehensive Land Plan and Ordinance Committee requested that Staff prepare a proposed text amendment to the Kendall County Zoning Ordinance allowing research and development related home occupations to be conducted outside the dwelling or accessory structure and to address noise, dust, fumes, and odor issues.

A redlined proposal is attached.

For reference, “Home Occupation” related terms are defined as follows:

HOME OCCUPATION Any occupation or profession engaged in by an occupant of a dwelling unit as a use which is clearly incidental and secondary to the use of the dwelling as a residence.

HOME OCCUPATION - AGRICULTURAL A home occupation in an agricultural zoning district. Tearooms, restaurants, eating and/or drinking establishments, animal hospitals or kennels, clinics, general retail and wholesale, stables, undertaking establishments and funeral parlors shall not be deemed to be "home occupation". (Amended 04/18/2000)

HOME OCCUPATION- RESIDENTIAL A home occupation in a residential zoning district. Tearooms, restaurants, eating and/or drinking establishments, animal hospitals or kennels, clinics, general retail and wholesale, stables, undertaking establishments and funeral parlors shall not be deemed to be a "home occupation".

Home Occupations are permitted uses in the A-1 District and all Residential Districts. Home Occupations are special uses in the RPD Districts.

At their meeting on March 27, 2019, the Kendall County Regional Planning Commission voted to initiate the text amendment.

If you have any questions regarding this proposal, please let me know.

Thanks,

MHA

b. There are no signs, display or activity that will indicate from the exterior of the dwelling that it is being used for any use other than a dwelling except as allowed by the sign regulations for the district in which such "home occupation" is located.

c. No article shall be sold or offered for sale on the premises except as is produced by the occupation on the premises, except that items incidental to the home occupation may be sold, i.e., hair care products sold at a salon.
