PETITIONS

Petition 18-16 Lawrence Slattery on Behalf of R.Y. Property Management, Corp. (Owner) and Jorge Ramirez a/k/a Rancho La Purisima (Prospective Buyer) – Special Use Permit for a Banquet Facility at 8218 Route 30 (PIN 02-03-200-001) in Bristol Township

Mr. Asselmeier summarized the request.

At the May 1st ZPAC meeting, the Committee voted to layover Petition 18-16 (Request by Lawrence Slattery on Behalf of R.Y. Management Corp. and Jorge Ramirez a/k/a Rancho La Purisima Corp for a banquet facility at 8218 Route 30 in Bristol Township). The reasons for the layover were:

1. Petitioner was to meet with an architect or engineer to determine occupancy loads for the barn.
2. Petitioner was to address the access issue with the Illinois Department of Transportation.
3. Petitioner was to provide the revised plat of survey or topographic survey showing a scale, north arrow, location map, name of the owner/developer, all existing structures on adjacent properties within 100’ of the property line, and the present zoning classification and PINs for the subject property and all adjacent properties.
4. Petitioner was to provide the Findings of Fact for the special use request.

To date, the Petitioner has not provided specifics on the above items. However, the Petitioner’s attorney indicated that he and his client were working on gathering the information.

Staff recommends that this petition be laid over until such time as the Petitioner resolves the access issues with IDOT, obtains the occupancy load from an architect or engineer, submits a revised plat of survey or topographic survey showing a scale, north arrow, location map, name of the owner/developer, all existing structures on adjacent properties within 100’ of the property line, and the present zoning classification and PINs for the subject property and all adjacent properties, and provides the Findings of Fact for the special use request.
Mr. Klaas made a motion, seconded by Mr. Rybski, to layover Petition 18-16 to the next regularly scheduled ZPAC meeting after the Petitioner submits the following to the Planning, Building and Zoning Department:

1. Information from an architect or engineer determining occupancy loads for the barn.
2. Information that the access issue with the Illinois Department of Transportation has been resolved
3. A revised plat of survey or topographic survey showing a scale, north arrow, location map, name of the owner/developer, all existing structures on adjacent properties within 100’ of the property line, and the present zoning classification and PINs for the subject property and all adjacent properties.
4. The Findings of Fact for the special use request.

Ayes (6): Andrews, Clayton, Klaas, Langston, Rybski, and Asselmeier
Nays (0): None
Abstain (1): Guritz
Absent (3): Chismark, Holdiman, and Davidson

The motion passed. This matter will go before ZPAC again after the Petitioner submits the requested information.

Petition 18-20 Fox Metro Water Reclamation District – Map Amendment Rezoning 682 Route 31 in Oswego Township (PINs 03-05-176-002, 03-05-302-001, 03-05-302-002, 03-05-302-003, 03-05-302-004, 03-05-353-001, 03-05-353-002, 03-05-353-003, 03-05-353-004, 03-05-353-006, 03-05-353-009, and 03-05-353-010) from R-1 with a Special Use Permit to M-1. Parcels 03-05-127-005 and 03-05-176-001 are already zoned M-1.

Mr. Asselmeier summarized the request.

The Fox Metro Water Reclamation District is considering improvements at their plant on Route 31. Rather than amending their special use permit, Fox Metro is requesting that the southern portion of the property, presently zoned R-1 with a special use permit for a sewage treatment facility, be rezoned to M-1. A wastewater treatment facility is a permitted use in the M-1 District and the rezoning would place the entire Fox Metro property in the same zoning classification. The northern portion of the property is already zoned M-1.

If the map amendment is approved, any improvement to the Fox Metro facility would still require site plan approval per Section 13 of the Kendall County Zoning Ordinance.

The Petitioner previously received special use permits to operate a sewage treatment facility onsite through the 1974 comprehensive County rezoning and Ordinances 2011-13 and 2011-35.

The existing use of the property as a wastewater treatment facility has occurred since the 1920s. The Petitioner has no desire to change the land use of the property. Even if the Petitioner did desire to change the land use of the property, a large amount of remediation and site work would be required to transform the property into a residential or other light manufacturing use.

The existing land use is Institutional. The future land use in the Land Resource Management Plan is Mixed Use Business. M-1 is a type of Mixed Use Business zoning classification.

An EcoCat is not required because the property is not zoned A-1.

The application to the Soil and Water Conservation District was submitted on May 21, 2018.

Information was sent to the Village of Montgomery on May 29, 2018. No comments have been received.

Information was sent to Oswego Township on May 29, 2018. No comments have been received.

The area around the subject property has a variety of agricultural, residential, and manufacturing related zoning classifications.

Staff has no concerns about the ability of Route 31 to handle the proposed map amendment.

Wetlands are located on the subject property. Any further development of the property would have to secure all applicable permits including stormwater permits.
Fox Metro is taking precautions to reduce odors.

Because the Future Land Use Map in the Land Resource Management Plan calls for the subject property to be Mixed Use Business and the M-1 zoning classification corresponds to the Mixed Use Business designation, Staff recommends approval of the proposed map amendment. If the map amendment is approved, the special use permits and R-1 related variances granted by Ordinances 2011-13 and 2011-35 would be repealed. Any additional R-1 related variances would also be repealed upon rezoning.

Mr. Guritz made a motion, seconded by Mr. Klaas, to recommend approval of the map amendment as requested.

Ayes (7): Andrews, Clayton, Klaas, Guritz, Langston, Rybski, and Asselmeier
Nays (0): None
Absent (3): Chismark, Holdiman, and Davidson

The motion passed unanimously. This matter will go before the Kendall County Regional Planning Commission on June 27th.

BRISTOL TOWNSHIP
Petition information was sent to Bristol Township on August 2, 2018.
CITY OF PLANO
The City of Plano submitted a response on July 30, 2018 (See Attachment 7).

BRISTOL-KENDALL FIRE PROTECTION DISTRICT
Petition information was sent to the Bristol-Kendall Fire Protection District on August 2, 2018.

LITTLE ROCK-FOX FIRE PROTECTION DISTRICT

GENERAL INFORMATION
Pictures of the property are included as Attachments 8-11.

The existing stable has twenty-six (26) horse stalls. The property has a total of sixteen (16) paddock areas and an “arena” area.

In the future, the Petitioner would like to demolish the accessory structures shown in Attachment 10 and construct an area for hay and straw and an additional twelve (12) stalls. The Petitioner would also like to construct a lounging arena north of the existing “arena” area.

The Petitioner has a waitlist and would like to expand because of the waitlist. If approved, the Petitioner would like to expand operations in the summer of 2019.

RELATION TO EXISTING SPECIAL USE PERMIT
The existing special use permit was established by Ordinance 2012-22. The restrictions placed on the special use permit were:

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby repeals Kendall County Ordinance #06-29 in its entirety and grants approval of a special use zoning permit to amend their existing special use permit to change the private horse facility from allowing only boarders who live within the Subdivision into a private horse facility that also allows boarder who do not live within the Subdivision subject to the following conditions (Emphasis Added):

1. A maximum of twenty-four (24) horses are allowed to be housed in the stable. (Emphasis Added)

2. Manure storage and disposal is to be according to a proposed manure storage and disposal plan approved by the Kendall County Department of Environmental Health.

3. The facility shall be exclusively used by the owners, trainers, boarders and their guests. In keeping with the private and quiet nature intended for the residential community, activities at the facility should never be so large or noisy or late that it would be disruptive to residents of the Subdivision. If the facility hosts an outdoor event exceeding fifty (50) guests, the owner, shall provide each of the property owners and Homeowners Association with at least thirty (30) days notice of the event. The Owner shall host no more than two (2) such outdoor events a year. The Owner has no intention of hosting any activity with the general public that would intentionally invite so much traffic that parking would spill off the stable property on to the private residential streets. Events at the stable will be consistent with the image of a small private equestrian club.

4. As a private equestrian facility, no school horses will be available for rent to the general public. Training is available to the owners, trainers, boarders and their guests, only.

5. A maximum of two (2) adults and their immediate family can live in each of the two stable manager housing units inside the stable.

6. Private Road Maintenance: The Owner will solely maintain that portion of the road that is on Lot 17, with that portion being shown on the Final Plat for Equestrian Estates at Legacy Farms Subdivision. The Homeowners Association or property owners will maintain the remaining roads within the Subdivision. The Owner will pay 29% of the cost of maintaining that portion of the roads running from
Ashe Road to the turnabout, the turnabout road, and from the turnabout to that portion of the road that intersects with Lot 17. The Owner will notify all boarders that the residential roads are for private use only. With all things being equal with other service providers, including price and quality of service, the Homeowners Association and/or residents agrees to allow the Owner to provide landscaping and road maintenance services.

7. Trails: The Homeowners Association or property owners will be responsible for maintaining any trails in Lot 18. The Owner will be responsible for 29% of the cost to maintain the trails in Lot 18 and the Homeowners Association or property owners will be responsible for 71% of the cost. With all things being equal with other service providers, including price and quality of service, the Homeowners Association or property owners agree to allow the Owner to provide trail improvement and maintenance services.

8. Insurance: The Owner will maintain a comprehensive general liability policy in the minimum amount of $1,000,000.00. The Homeowners Association and/or property owners will be named as an additional insured.

9. Lighting: The outdoor arena shall not be lighted. The existing lighting on the south side of the stable will only be used before 8pm or in case of emergency.

10. Sale of the Stable: In the event the Owner lists the property for sale, the Owner shall notify the Homeowners Association and property owners of such listing within five (5) business days.

11. Stable Workers: All employees or independent contractors shall be retained by the Owner.

12. There shall be no signage on the property indicating the stable accepts commercial stabling of horses. The Owner may post upon Homeowners Association and/or property owners approval and/or request a small discreet sign on Lot 17, at the entrance to the facility.

13. No signs are permitted on the eastern portion of the outdoor riding arena.

14. Horse trailers: Horse trailers shall be parked west of the outdoor arena.

15. No rodeo, barrel racing or reining shows, but practicing such activities is a permitted use.

The Kendall County Planning, Building and Zoning Department has not received any complaints regarding the special use at the subject property.

The Kendall County Health Department received one (1) complaint since the issuance of the amended special use permit for manure related issues. The issue was unfounded.

The original ordinance granting the special use permit, Ordinance 2006-05, allowed thirty-six (36) horses to be stabled at the property.

BUILDING CODES
Any new buildings would have to meeting applicable building codes.

ACCESS
The property has indirect access to Ashe Road via private streets.

ODORS AND MANURE PLAN
A picture of the manure area is included as Attachment 11. The Petitioner currently has manure picked up four (4) days per week and has a mushroom farmer collect manure for composting once per week.

The Petitioner indicated that they would construct a more secure, screened manure area with at least one (1) additional pad beneath the manure pile.

The Kendall County Health Department requested a more detailed manure management plan.
LIGHTING
No new lighting is planned.

SCREENING
No additional fencing or buffering is planned.

STORMWATER
No changes in impervious surface are planned. The stormwater situation may have to be reexamined if the Petitioner constructs new building(s).

UTILITIES
No changes in utilities, well, or septic system are planned. Any new utilities would have to secure applicable permits.

RECOMMENDATION
Staff would like more detailed information, including a site plan showing the proposed new structure, before issuing a recommendation to increase the number of horses to thirty-six (36). Staff would like to note that, based on the current facilities at the property, a maximum of twenty-six (26) horses could be boarded on the property at the present time. If a manure management plan satisfactory to the Kendall County Health Department were submitted, Staff would have no objections to immediately increasing the number of horses allowed to be boarded from twenty-four (24) to twenty-six (26) instead of the requested thirty-six (36).

PHYSICAL DATA

ENDANGERED SPECIES REPORT
EcoCAT Report submitted and consultation was terminated. See Attachment 1, Pages 11-13.

NATURAL RESOURCES INVENTORY
The application for NRI was submitted on April 12, 2018. See Attachment 1, Page 10.
ACTION SUMMARY

SEWARD TOWNSHIP
Petition information was sent to Seward Township on July 31, 2018.

CITY OF JOLIET
The subject property is within one point five (1.5) miles of the City of Joliet. The City of Joliet submitted comments on July 27, 2018 (see Attachment 5). They encouraged development to follow the Aux Sable Creek Watershed Plan.

VILLAGE OF SHOREWOOD
The Village of Shorewood expressed no opposition to the proposal (see Attachment 6).

MINOOKA FIRE PROTECTION DISTRICT
Petition Information was sent to the Minooka Fire Protection District on July 31, 2018.

GENERAL INFORMATION
The Petitioner desires the map amendment in order to construct a forty (40) lot single-family residential subdivision in the future (See Attachment 4). The Petitioner would like to secure the applicable zoning before submitting preliminary and final plats (See Attachment 1, Page 3). One (1) of the forty (40) lots will be transferred to the Forest Preserve District.

Lots 29 through 39 have an “A” designated lot attached to the primary lot. The “A” lot is floodplain and cannot have structures. The primary lot and the associated “A” lot is considered one (1) zoning lot under Kendall County’s Zoning Ordinance. Lot 40 will be transferred to the Forest Preserve District.

Because zoning cannot be conditioned under Illinois law, any of the requirements associated with development (i.e. construction of trails, restricting the sale of “A” lots from their primary lot, etc.) cannot occur until the subdivisions plats are submitted.

The Land Resource Management Plan calls for this area to be Rural Residential in the future. This classification has a maximum zero point six-five (0.65) density units per acre. If the zoning is approved, the maximum number of lots that could be developed is sixty-one (61); (183 acres/2.99 acres). This figure does not take into consideration the undevelopable lands (i.e. wetlands, roads, etc.). The Petitioner is proposing fewer than the maximum number of lots. However, if the Petitioner did create a subdivision with R-1 zoning and the maximum number of lots permitted, the density units per acre would still be below zero point six-five (0.65).

Because the Land Resource Management Plan calls for this area to be Rural Residential in the future, Staff does not believe that the approval of this request would constitute spot zoning.

BUILDING CODES
Any new homes or accessory structures would be required to meet applicable building codes. Building related matters for a subdivision would be addressed during the subdivision process.

ACCESS
The property fronts Route 52. Staff has no concerns regarding the ability of Route 52 to support the proposed map amendment. Access related issues for a subdivision would be addressed during the subdivision process.

ODORS
No new odors are foreseen. Odor related issues for a subdivision would be addressed during the subdivision process.

LIGHTING
Any new lighting would be for residential use only. Lighting related issues for a subdivision would be addressed during the subdivision process.
SCREENING
No fencing or buffer is presently planned for the property. Screening related issues for a subdivision would be addressed during the subdivision process.

STORMWATER
Any new homes would have to be constructed per Kendall County’s Stormwater Management Ordinance. Stormwater related issues for a subdivision would be addressed during the subdivision process.

UTILITIES
Electricity is onsite. New well and septic information would have to be evaluated as part of the subdivision or building permit processes.

RECOMMENDATION
Staff recommends approval of the proposed map amendment.

Please fill out the following findings of fact to the best of your capabilities. § 13.07.F of the Zoning Ordinance lists the Finding of Fact criteria the Zoning Board of Appeals must answer in order to make a recommendation to the County Board on any map amendment request. They are as follows:

Existing uses of property within the general area of the property in question.
To the North: Forest preserve and residential and agricultural
To the West: Agricultural
To the East: Agricultural and residential
To the South: Agricultural

The Zoning classification of property within the general area of the property in question.

A-1 Special Use
Forest Preserve
R-1 PUD

The suitability of the property in question for the uses permitted under the existing zoning classification.
The property is suitable for Agricultural use.
The property is likewise suitable for the proposed use, Rural Residential, and is so identified under the existing LRMP.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification.
Due to economic conditions, there has been minimal development in the area. The property is designated as Rural Residential Development under the existing LRMP. The proposed development requests a density of .278 units per acre based upon a total development acreage of 140 of the total site acreage (183). Approximately 43 acres will be dedicated to the Kendall County Forest Preserve District.
Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies.
This property is designated on the Future Land Use Plan as Rural Residential with a Maximum Density of 0.65 DU/Acre, and is totally consistent with the purpose and objectives of the LRMP.
ATTACHMENT TO REZONING APPLICATION

PROJECT NAME: WEST CREEK FARMS

"BRIEF JUSTIFICATION OF REASONS FOR REQUESTED REZONING AND INTENDED USES"

It is the desire of Tri-Star Development, Inc., to develop the real estate as a Residential Subdivision under the R-1 ONE-FAMILY ESTATE RESIDENCE DISTRICT, under the Kendall County Zoning Ordinance, and to re-zone the development site, 183 plus or minus acres, from the A-1 Zoning District to the R-1 ONE-FAMILY ESTATE RESIDENCE DISTRICT.

The proposed project would entail roughly 183 plus or minus acres lying west of the Aux Sable Creek and approximately 1/4 mile south of Route 52. One lot, and the entrance roadway, would be contained in the 250’+ strip connecting Route 52 with the main portion of the project. Minimum lot size is 3 acres; maximum lot size is 4.82 acres. Minimum lot frontage is 200 feet.

The proposed development contains a total of 40 lots (39 to be developed as Residential Lots, and 1 to be dedicated to the Forest Preserve District), situated along approximately 8,000 lineal feet of interior roadway. The development contemplates utilizing a rural cross section roadway, with open ditches and culverts. The development will be governed by the Kendall County Zoning Ordinance, along with a Homeowner's Association to further enhance and protect property values.

There is a market for the type and size of lots contemplated by this proposed development.

RE: West Creek Farms Subdivision
Project Number(s): 1812469 [07251]
County: Kendall

Dear Applicant:

This letter is in reference to the project you recently submitted for consultation. The natural resource review provided by EcoCAT identified protected resources that may be in the vicinity of the proposed action. The Department has evaluated this information and concluded that adverse effects are unlikely. Therefore, consultation under 17 Ill. Adm. Code Part 1075 is terminated.

The Department recommends that measures be taken to ensure no increase in siltation into Aux Sable Creek INAI Site.

This consultation is valid for two years unless new information becomes available that was not previously considered; the proposed action is modified; or additional species, essential habitat, or Natural Areas are identified in the vicinity. If the project has not been implemented within two years of the date of this letter, or any of the above listed conditions develop, a new consultation is necessary.

The natural resource review reflects the information existing in the Illinois Natural Heritage Database at the time of the project submittal, and should not be regarded as a final statement on the site being considered, nor should it be a substitute for detailed site surveys or field surveys required for environmental assessments. If additional protected resources are encountered during the project’s implementation, you must comply with the applicable statutes and regulations. Also, note that termination does not imply IDNR's authorization or endorsement of the proposed action.

Please contact me if you have questions regarding this review.

Matt,

Thank you for providing the attached notice and distance map for the proposed Kendall County rezoning for Tri-Star Development, Inc. property which is located with the 1.5-mile extraterritorial jurisdiction of the City of Joliet. I have also attached a Kendall County tax parcel map with the subject parcels highlighted for reference.

The subject property is located outside of the City's planning area. The subject property is located on the Shorewood side of the Joliet-Shorewood mutual planning boundary in this area, which extends westward along the north line of Sections 15 and 16 in Seward Township (IGA and map attached). Although the Joliet-Shorewood Boundary Agreement expired in 2014, City staff will honor the previous planning boundary line until a new boundary agreement is established. We do encourage Kendall County to carefully consider the potential impacts that any development may have on the adjacent Aux Sable Creek and follow any pertinent recommendations from the Aux Sable Creek Watershed Plan.

Please feel free to contact me if you have any questions or require additional information.

Sincerely,
Mike

Subject: Tri-Star Development Rezoning Request on U.S. 52 Near Jughandle Road

Mike:

Upon approval of the rezoning, the property owner would like to do a 40 lot single-family residential subdivision; they have not submitted a preliminary or flat plat at this time.

Re: Tri-Star Development Inc. Map Amendment Application form A-1 top R-1

Mr. Asselmeier,

Thank you for contacting the Village of Shorewood regarding the proposed Map Amendment for the 183 Acres in unincorporated Kendall County (PINs: 09-15-300-014, 09-16-400-002, 09-16-400-005, 09-16-400-006, 09-21-200-004 and 09-22-100-010).

As we discussed, the subject property in this petition lies within the long range planning area of the Village of Shorewood but well outside the current one and one-half mile extra-territorial jurisdiction of the Village. The Village of Shorewood’s Community Comprehensive Plan identifies the future land use of the subject property as residential.

Sincerely,

BUSINESS OPERATION

Ms. Hoddy's business plans are included on Attachment 1, Page 3. The site plan is included as Attachment 2.

Events would be held in the frame barn located on the north side of site. Tents could be set up to the west of the barn. Based on the current size of the barn (approximately 1100 square feet), approximately one hundred twenty (120) people could fit inside the barn. Ms. Hoddy anticipates the largest group of attendees to be approximately two hundred fifty (250) people including staff. No members of the public would be allowed in the loft of the barn. At some point in the future, Ms. Hoddy may put concrete pavement in the barn; the current pavement is compacted gravel.

The facility would be operational from May 1st through October 31st. Ms. Hoddy would like the ability to have events outside these dates, weather permitting. The majority of events would be on weekends. However, she would like the ability to have weekday events as well. She seemed open to capping the number of events per week. The proposed hours of operation for events would be from 4:00 p.m. until Midnight. Setup for events would start at 10:00 a.m. and take down from events would be completed by 1:00 a.m.

Ms. Hoddy plans to have two (2) hostesses and four (4) servers at a maximum. She would be responsible for security.

All events would be catered, both food and drink.

The reserving party would be responsible for securing applicable insurance. Ms. Hoddy will also have insurance.

The banquet hall will be used for weddings, birthdays, retirement parties, and similar events.
Ms. Hoddy and her husband live on the property. She has over twenty (20) years of experience as a waitress and banquet related work. She has taken CPR classes in the past and plans to take a refresher course.

Ms. Hoddy reported that she has received at least four (4) phone calls requesting weddings at the property. She had her wedding at the property. One (1) niece had a wedding at the property and another niece is planning a wedding at the property.

Ms. Hoddy agreed to follow all applicable laws related to this type of business and she also agreed to follow the Kendall County Right to Farm Clause.

If approved, Ms. Hoddy would like to start having events in May 2019.

BUILDING CODES
A Change of Occupancy Permit will be required for each existing structure that will be used in conjunction with the proposed banquet facility.

ENVIRONMENTAL HEALTH
Ms. Hoddy indicated that all water used for events will be brought into the site; no well water will be used. Porta-potties will be used for events. According to the site plan (Attachment 2, Page 2), one (1) handicapped accessible porta-potty and two (2) other porta-potties will be located to the northeast of the barn. Refuse containers and a dumpster will be located near the porta-potties. An ADA approved path from the barn to the handicapped accessible porta-potty will be installed with lights.

PARKING
Ms. Hoddy submitted a parking plan showing sixty-three (63) parking spaces including four (4) handicapped parking spaces (See Attachment 2, Pages 2 and 3). The parking area is planned to be grass except for the handicapped parking spaces; Ms. Hoddy is requesting a variance to allow this type of parking. Parking will be to the south of the house west of the driveway and to the east of the driveway. No parking will encroach in the required setbacks.

LIGHTING
Ms. Hoddy submitted a photometric plan (Attachment 3) and lighting is shown on the parking plan (Attachment 2, Pages 2 and 3). According to the plan, two (2) new lights would be added for the parking lot west of the driveway. Two (2) new lights would be added to the parking lot east of the driveway. One (1) new light would be installed north of the handicapped parking area. Eight (8) solar powered lights will be installed on the walkway between the barn and the handicapped parking area. Ms. Hoddy indicated additional lighting could be installed along the south and east sides of the barn.

SIGNAGE
A non-illuminated sign is proposed on the west side of the driveway as shown on the site plan (Attachment 2, Page 2). The sign will be approximately thirty-two (32) square feet in size and two (2) faced. The location and type of sign proposed meet the requirements of the Kendall County Zoning Ordinance.

LANDSCAPING
Ms. Hoddy does not plan to install any additional landscaping.

NOISE CONTROL
The barn would not be air conditioned and the doors on the south and east sides would likely be open during events.

Ms. Hoddy would like music to be played outside of the barn.

Ms. Hoddy agreed to follow the Kendall County noise regulations. However, she did not provide a method for tracking noise.

RELATION TO OTHER SPECIAL USES
Kendall County previously granted a special use permit at 13889 Hughes Road (Ordinance 2016-05) for a banquet facility. This banquet facility is approximately one point two (1.5) miles from the nearest major
collector road (Newark Road via Hollenback Road). The proposed banquet facility at the subject property is approximately one point two (1.2) miles from Route 71.

RECOMMENDATION
Before Staff makes a recommendation on the request, Staff would like to express the following concerns:

1. The proposal calls for having events many days during the week. Most of the previously issued special use permits for banquet facilities have restricted events to weekends.

2. Ms. Hoddy indicated all events would be catered and the well and septic system would not be impacted. Staff would like confirmation from the Health Department that this method of operating this type of business is permissible.

3. Ms. Hoddy indicated that she will be responsible for security at the site. Staff would like the opinion of the Sheriff's Department if this way of handling security is permissible.

4. The site has one point of ingress and egress on Hughes Road. Staff would like verification that the Newark Fire Protection District and the Sheriff's Department have no concerns with the layout of the site from a public safety perspective.

5. Ms. Hoddy indicated that the parking areas will not be paved. Staff would like comments from WBK on this matter.

6. No landscaping is planned for the site. Based on the Kendall County GIS, the barn at the subject property is approximately six hundred two feet (602') from the house at 14838 Hughes Road. The parking area east of the driveway is approximately two hundred twenty-four feet (224') from the house at 14838 Hughes Road. In comparison, the closest barn at 9111 Ashley Road is approximately six hundred twenty-four feet (624') from the house across the street and the parking area is approximately four hundred eleven feet (411') from the house across the street. The impact of noise and light on the adjoining property are concerns.

7. The results of the NRI would also be needed before a final recommendation is offered.

PROPOSED CONDITIONS AND RESTRICTIONS BASED ON CURRENT INFORMATION
Based the current information provided, Staff suggests the following conditions and restrictions:

1. The site, including parking plan, shall be developed in accordance to the attached site plan.

Applicant's answers in support of Findings of Fact for Special Use

J. STANDARDS. No special use shall be recommended by the Zoning
Board of Appeals unless said Zoning Board of Appeals shall make a written
finding. The Zoning Board of Appeals shall consider the following in rendering a
decision, but is not required to make an affirmative finding on all items
(Amended 3.21.18):

1. That the establishment, maintenance, or operation of the
special use will not be detrimental to or endanger the public
health, safety, morals, comfort, or general welfare.
THE ESTABLISHMENT AND OPERATION OF THE SUBJECT SPECIAL USE WILL ENHANCE THE PUBLIC COMFORT AND GENERAL WELFARE IN THAT IT WILL PROVIDE ANOTHER SUCH VENUE IN RURAL KENDALL COUNTY TO SATISFY A CURRENT HIGH DEMAND FOR THE OFFERED SERVICES.

2. That the special use will not be substantially injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood. The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to ensure the proposed use does not adversely impact adjacent uses and is compatible with the surrounding area and/or the County as a whole.

THE PROPERTY ON WHICH THE PROPOSED SPECIAL USE IS PLANNED IS AGRICULTURAL WITH A SINGLE RESIDENCE AND ACCESSORY FARM BUILDINGS. NO NEW BUILDINGS ARE PROPOSED. BUT THE EXISTING BARN WILL BE USED FOR THE SCHEDULED EVENTS. A VERY SIMILAR FACILITY IS LOCATED 1 MILE TO THE EAST ON HUGHES ROAD, WHICH FACILITY IS OPERATING UNDER A KENDALL COUNTY SPECIAL USE. NO ADVERSE IMPACTS TO SURROUNDING PROPERTIES HAVE BEEN CAUSED BY THAT SPECIAL USE AND NONE IS EXPECTED IN ASSOCIATION WITH THIS REQUEST. THE PROPOSED USE WILL OCCUPY APPROXIMATELY 5 ACRES OF AN 80-ACRE AGRICULTURAL PROPERTY. EXCLUDING ON-PREMISE PARKING, ALL THE PROPOSED SPECIAL USE ACTIVITIES WILL OCCUR A MINIMUM OF 440 FEET FROM THE NEAREST ADJOINING PROPERTY LINE WHICH IS THE CENTERLINE OF HUGHES ROAD TO THE SOUTH.

2. That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided.

THE EXISTING RESIDENCE AND ACCESSORY FARM BUILDINGS ARE SERVED BY ELECTRICITY. NEW LIGHTING WILL BE HIGH EFFICIENCY LED LIGHTING OR SOLAR LED LIGHTING WITH LITTLE DEMAND ON CURRENT RESOURCES. THE PROPOSED FACILITY WILL BE SERVED BY A SINGLE POINT OF ACCESS TO HUGHES ROAD WHICH HAS NO SIGHT DISTANCE ISSUES IN EITHER DIRECTION. THE EXISTING RESIDENCE IS SERVED BY A WELL AND SEPTIC SYSTEM, BOTH OF WHICH WILL NOT BE IMPACTED BY THE SPECIAL USE. PROFESSIONALLY MAINTAINED PORTABLE SANITARY WASTE FACILITIES WILL BE UTILIZED AND REFUSE WILL BE HANDLED WITH WHEELED CONTAINERS PROVIDED BY A LICENSED WASTE HAULER.

3. That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Zoning Board of Appeals.
ALL REGULATIONS OF THE AGRICULTURAL DISTRICT AND ZONING ORDINANCE WILL BE FOLLOWED WITH THE EXCEPTION OF THE FOLLOWING REQUESTED VARIATIONS FROM CERTAIN REGULATIONS ASSOCIATED WITH THIS SPECIAL USE APPLICATION.

a. ACCESS TO OTHER THAN AN ARTERIAL ROADWAY OR MAJOR COLLECTOR.
b. HARD SURFACE PARKING AREA
c. FULLY SHIELDED PARKING FACILITY LIGHTING.
d. ANY OTHER VARIATIONS REQUIRED TO ALLOW PROPOSED FACILITY AS PRESENTED.

4. That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies.

THE PROPOSED SPECIAL USE IS NOT WITHIN 1.5 MILES OF ANY MUNICIPALITY AND IS CONSISTENT WITH THE LAND RESOURCE MANAGEMENT PLAN IN THAT ONLY A VERY SMALL AREA, LESS THAN 0.25 ACRES IS BEING REMOVED FROM CROP PRODUCTION. THE PROPOSED SPECIAL USE IS CONSISTENT WITH ADOPTED COUNTY POLICIES IN THAT A VERY SIMILAR FACILITY IS CURRENTLY OPERATING UNDER A COUNTY SPECIAL USE PERMIT.
Please fill out the following finding to the best of your capabilities. § 13.04 of the Zoning Ordinance outlines findings that the Zoning Board of Appeals shall take into consideration the extent to which the following conditions have been established by the evidence:

That the particular physical surroundings, shape, or topographical condition of the specific property involved would result in a particular hardship or practical difficulty upon the owner if the strict letter of the regulations were carried out.

THE PHYSICAL SURROUNDINGS OF THE SUBJECT PROPERTY, BEING LOCATED ON A LOCAL ROAD, WOULD NOT ALLOW THE PROPOSED SPECIAL USE IF THE STRICT LETTER OF THE REGULATIONS WAS CARRIED OUT. A SIMILAR FACILITY DOES OPERATE AS A SPECIAL USE ON THE SAME LOCAL ROAD 1 MILE TO THE EAST OF THE SUBJECT PROPERTY. THE VARIANCES ASSOCIATED WITH THE PARKING FACILITY ARE NOT RELATED TO PHYSICAL SURROUNDINGS, PROPERTY SHAPE OR TOPOGRAPHY.

That the conditions upon which the requested variation is based would not be applicable, generally, to other property within the same zoning classification.

THE REQUESTED VARIATIONS WOULD GENERALLY NOT BE APPLICABLE TO OTHER PROPERTIES IN THE A-1 DISTRICT. SINCE THESE REQUESTED VARIANCES ARE BEING REQUESTED IN CONJUNCTION WITH A SPECIAL USE APPLICATION, WHICH SPECIAL USE CATEGORY DOES NOT SPECIFICALLY ADDRESS THE PROPOSED USE, THE APPLICANT BELIEVES THE REQUESTED VARIANCES ARE NECESSARY TO MAINTAIN A RURAL ATMOSPHERE FOR THE PROPOSED USE.

That the alleged difficulty or hardship has not been created by any person presently having an interest in the property.

THE VARIATIONS REQUESTED ARE NOT DIFFICULTIES OR HARDSHIPS CREATED BY ANYONE, BUT MINOR VARIATIONS TO THE REGULATIONS OF THE ZONING ORDINANCE. THIS TYPE OF FACILITY IS NOT SPECIFICALLY DISCUSSED IN THE ZONING ORDINANCE SO THE REQUESTED VARIANCES ARE FOR FUNCTIONAL AND NOT HARDSHIP REASONS.

That the granting of the variation will not materially be detrimental to the public welfare or substantially injurious to other property or improvements in the neighborhood in which the property is located.

THE REQUESTED VARIATIONS REGARDING PARKING FACILITY SURFACING, SHIELDED LIGHTING AND ACCESS TO OTHER THAN AN ARTERIAL OR MAJOR COLLECTOR ROADWAY WILL NOT BE MATERIALLY DETRIMENTAL OR INJURIOUS TO OTHER PROPERTIES. THE OCCASIONAL USE OF TURF PARKING AREAS IS A VERY GREEN DESIGN IN LIEU OF A LARGE IMPERVIOUS SURFACE THAT WOULD INCREASE STORMWATER RUNOFF.

That the proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets or increase the danger of fire, or endanger the public safety or substantially diminish or impair property values within the neighborhood.

THE PROPOSED FACILITY WILL NOT BE A FULL TIME OPERATION. THERE WILL BE AN OCCASIONAL INCREASE IN TRAFFIC VOLUMES BUT NOT TO THE DETRIMENT OF THE NEIGHBORHOOD. THE EXISTING TRAFFIC ON THE SUBJECT LOCAL ROAD IS VERY LOW. THIS TYPE OF FACILITY IS IN HIGH DEMAND AT THIS TIME AND SHOULD NOT SUBSTANTIALLY DIMINISH OR IMPAIR NEIGHBORHOOD PROPERTY VALUES.
