V. STATUS REPORTS –

Probation – Tina Varney’s report stated during the month of February 2011 Kendall County had three admissions to the Kane County Juvenile Justice Center. The number of days paid to Kane County at $90/day was 46, totaling $4,140. The number of days paid to Kane County at $100/day was zero (0), for a grand total of $4,140.00 paid for the month. Tina also distributed a report showing the technology (ankle bracelets) clients for adults and juveniles. The report detailed the number of days clients are on; cost per day if in custody; total if in custody, and the difference in cost by using the technology. The report showed an overall savings of $17,905 if technology is used over being kept in custody.

Circuit Clerk – Becky Morganegg reported the number of filings is up in the Civil Division. She cited the amount of mail received from January 1st through today totaled 2924 pieces. The Circuit Clerk’s Office will be disposing some local records with permission from the Illinois State Archives (Local Records Unit) Office. Copies of these records are kept on file by the State of Illinois. Becky will have some summer interns in her office this year.

Public Defender – Vicki Chuffo distributed numbers showing appointments covering 2008-2010. Overall the numbers are slightly decreased except juvenile cases which have doubled.

State’s Attorney – Eric Weis reported he is interviewing to fill an ASA position. The departing ASA is going into private practice. When asked, he spoke about how decertifying the death penalty in the State of Illinois will procedurally affect his office. The Capital Litigation Trust Fund, used by the SAO and Public Defender, will not be available after July 1, 2011. This could impact the county budget. Criminal cases are low while the civil side is remaining busy. Eric is anticipating updating the county handbook with particular emphasis on discipline issues, time sheets and termination language.

MINUTES

1. **Call to Order** – 9:00 A.M. by Chairman Vickery. Present – Ms. Hafenrichter, Ms. Martin, Mr. Davidson and Ms. Petrella. Also present were Dan Koukol, Jeff Wilkins, Janet Kaiser, Latreese Caldwell, Chief Deputy Koster, Jill Ferko, Jim Smiley, John Sterrett, Sheriff Randall, Andy Nicoletti, Joe Trupiano, Debbie Gillette and Stan Laken.

3. **Department Heads/ Elected Officials**
   - **Sheriff’s Office** – Sheriff Randall reported his office is reviewing their cell phone contract before the April renewal.
   - **Assessor’s Office** – Andy Nicoletti calculated the tentative equalization factors for the county and it appears it will be a negative 7¼ (7.72%) reduction in the overall EAV for 2012. He also reported new construction at roughly $12M; down considerably from 2010.
   - **Treasurer’s Office** – Jill Ferko had two items to discuss: a time sheet requirement for non-exempt staff to be implemented with direction from the Board on whether to collect originals, fax or email copies; and incorporating a one-week delay in the county pay period. She explained that the county has used a system where a pay period ends on the day employees are paid. This “no lag” has caused inaccuracy in checks where employees are over or under paid and then requires additional administrative work to correct the error to comply with State & Federal wage laws. Jill requested the committee and County Board consider a change in the payroll schedule so there is a one-week delay from when the pay period ends to when paychecks are distributed. It was Jill’s recommendation to try to implement the change with the third paycheck in April, however, after discussion about the burden this may put on employees meeting bills due, union contracts and other issues the recommendation for change will be put off until September when another three paycheck month occurs. Jill will send emails to Department Heads/Elected Officials concerning this matter. There may be legal matters at the state and federal level as well as union issues to deal with so there will be a postponement of time sheet and one-week delay in paychecks until, perhaps, this fall. More discussion will occur at the COW meeting in April.

4. **Items from Other Committees**
   - Mr. Davidson reported the Highway Committee will be closing on the Ridge Road project. There may be a foreclosure on one property on Ridge Rd. The Highway Dept. will not be over-budget on salt purchase this year.

5. **Other Items of Business**
   - Latreese Caldwell distributed 2002-2009 estimated calculations for Dynegy. The amount of tax not collected if EAV is reduced for 12 years would provide a $1.3M total credit. The second calculation showing a possible PTAB EAV reduction showed a $1.8M upfront repayment to Dynegy w/$483,960, the amount of tax reduced if PTAB reduces EAV from $19M to $12M. This would mean $2,293,066 as repayment to Dynegy + Dynegy reduced tax bill. More information will be available at the next County Board meeting.
   - Latreese distributed and reviewed General Fund Revenues for the month ended March 24, 2011. The county is $494,954 about revenue collected at this time last year. General Fund Expenditures (previous year analysis) for the month ended March 24, 2011 shows the county has spent $227,371 less than last year at this time.

6. **Action Items for County Board**
   - **Forward Claims in the amount of $595,827.66**

7. **Executive Session** – There was no need for Executive Session.

8. **Adjournment** – Ms. Petrella moved to adjourn the meeting at 10:05 am. Ms. Martin seconded. Motion passed.

Mimi Bryan, Recorder
Chairman Dan Koukol called the meeting to order at 8:35am.

Committee Members Present: Dan Koukol (chair), Bob Davidson, Elizabeth Flowers
Others Present: County Administrator Jeff Wilkins & Associate Planner John Sterrett

**New Business**

*Yorkville TIF Annual Meeting*
Mr. Koukol provided the Committee with a summary of the annual Yorkville TIF meeting held on March 22, 2011. He explained that the Fox Industrial Park TIF was close to being closed out and the estimated return disbursement would be around $225K to $250K. Of this, the County could obtain an estimated $16,000 from the closeout of the TIF. There is no status change with the Countryside TIF except that the end balance of the TIF is $2.4 million. Mr. Koukol stated that the Downtown TIF has no further updates to it other than there is a façade improvement program as part of the TIF and that the fund balance is $136,294.

*Update of KEDAL luncheon*
Mr. Koukol asked Ms. Flowers to provide the Committee a brief summary of the Kendall Economic Development Alliance luncheon on March 24, 2011 at Giordano’s in Oswego. Mr. Koukol & Ms. Flowers attended the KEDA luncheon along with Mr. Wilkins and Mr. Sterrett and met with the local EDCs from Sandwich, Plano, Yorkville, Oswego, Montgomery and Plainfield. A topic of conversation at the luncheon included the convention of the Association of Industrial Realtors in Rosemont to be held in September of 2011. KEDA and the ED Committee both expressed an interest in working together towards attending the convention. Both Ms. Flowers and Mr. Koukol stated they were both encouraged about the local EDCs working together on economic development of the County. The Committee agreed that it would be beneficial to have KEDA attend the EDC meetings and to work with this group on economic development of the County.

**Old Business**

*Loan Status*
Mr. Wilkins provided the Committee with an overview of the existing revolving loans for the County and the status of loan balance.

Mr. Wilkins also provided the Committee with the summary of the fund balances for economic development and that 10% of project income can be used for marketing purposes and administration of loan programs.

Mr. Koukol briefly described a potential loan the Committee might want to consider involving a business from Yorkville involved in the dumpster industry. Mr. Koukol informed the Committee that more would be discussed on this potential loan at the next EDC meeting and that a representative from the business would be in attendance.
With no further business to discuss, Bob Davidson made a motion, seconded by Elizabeth Flowers to adjourn. With a voice vote of all ayes, the motion carried.

The meeting was adjourned at 9:20am.
