MEMORANDUM

TO: COUNTY BOARD
FROM: DC GILLESPIE
SUBJECT: SECURITY SYSTEM PROJECT CHANGE ORDER
DATE: 4/12/17

As you know, the team has spent numerous hours confirming thousands of devices throughout both the Courthouse and the Public Safety Center. These devices include cameras, intercoms, call boxes, distress alarms, speakers, proximity card readers, and intrusion alarm. One of the major hurdles with the reconnaissance work was that the “as built prints” for both the Public Safety Center and the Courthouse were not as accurate as should have been.

This reconnaissance work has discovered the need for a change order. The time spent has found that we have some devices that were not on the prints. I have attached a list from Security Automation Systems (SAS). The list includes twenty-four (24) new field devices. We also found eight (8) field devices that we did not that we will be given credit for. The total cost for this change order is $41,406.68. I am recommending that we use part of $269,000.00 contingency funds that were approved for this project, for this change. The board advised us to seek board approval for any change order(s) over $15,000.00.

Thank You,

OLD BUSINESS
Kingmoor Lane Variance Request
Chairman Davidson called upon the representatives for the petitioner and the Illinois Department of Transportation to explain the proposal. Michael Roth, representing property owner Dan Goodwin, stated that Mr. Goodwin did not want the property divided by the relocated road. Steve Andrews, from the Illinois Department of Transportation, explained the process of selecting the route. Mr. Andrews stated that a twelve (12) month delay would occur if eminent domain was needed to secure an alternative road alignment. Dave Broviak, also from the Illinois Department of Transportation noted that Kingmoor Lane would have had right-in, right-out access if it had not been proposed for relocation. U-turn options will be available at Timber Ridge (approximately 0.25 miles to the northeast) and at Bristol Ridge Road (approximately
0.50 miles to the northeast). The Bristol Ridge Road intersection will have a stoplight. The median in the area will be twenty-two (22) feet wide except at the intersections. The left turn lanes will be twelve (12) feet wide. The Illinois Department of Transportation only places signage where U-turns are not allowed; no signage will be placed at either intersection.

Member Kellogg asked why the pond could not be shifted to the northeast. The response was that the Illinois Department of Transportation wanted to avoid impacting the septic fields and wells of the residents in Timber Ridge Subdivision.

Representatives from the Illinois Department of Transportation estimated that the land acquisition and stoplight would cost approximately $100,000. Joe Wick, from the Illinois Department of Transportation, estimated that the cost of construction delays would be approximately $1 Million over the life of the contract.

John Golkosky questioned why the relocated Kingmoor Lane did not connect to the Timber Ridge Subdivision. Mr. Golkosky was advised that the Township Road Commissioner was against the connection. Mr. Golkosky was further advised to start a petition among his neighbors to get Kingmoor Lane connected to the streets in Timber Ridge Subdivision.

Mr. Andrews stated that the Illinois Department of Transportation would be willing to plant bushes and trees to create a buffer between Mr. Golkosky's property and the relocated road even though no money is in the budget for the buffer. County Administrator Wilkins advised Mr. Andrews to have buffering plan at the Zoning Board of Appeals hearing.

The Zoning Board of Appeals hearing is May 1, 2017 at 7:00 p.m.

PETITIONS
16-22 JA Schleining LLC d/b/a Jets Towing and Services
Request: Zoning Map Amendment
Location: 790 Eldamain Road (1/3 Mile South of Galena Road), Bristol Township
Motion for approval of the zoning map amendment was made by Member Kellogg, seconded by Member Gilmour.

Mr. Asselmeier summarized the petition and reviewed the Staff Report. Mr. Asselmeier noted that the petitioner originally requested variances to the fencing requirement, parking in the setback, and paving material, but these requests were withdrawn. The proposal before the Board was a request to rezone the subject property from A-1 to M-1.

Member Gilmour asked if the United City of Yorkville was the only entity to issue a negative recommendation on this proposal. Mr. Asselmeier said that all of the other review boards issued positive recommendations.

Member Kellogg asked about the recapture agreement for the improvements to Eldamain Road. Chairman Davidson responded that the recapture agreements did not include existing homes and the petitioners were not asking for any variances. If the petitioners had asked for variances, a recapture agreement could have been placed as a condition to the variances.

Ayes: Gilmour, Kellogg, and Davidson (3)
This proposal moves forward to the County Board with a positive recommendation from the PBZ Committee.

16-14 Robert Delaney
Request: Special Use Permit to Operate an Outdoor Shooting Range
Location: 16502 Church Road (PINs: 08-25-300-006 and 08-25-300-009), Libson Township
The petitioner requested a layover to the May 8, 2017 meeting.
Motion for a layover was made by Member Kellogg, seconded by Member Gilmour. With a voice vote of three ayes, the motion carried.

NEW BUSINESS

Proposed Variance to the Stormwater Control Ordinance for the City of Plano Relating to their Project in Foli Park
No one from the City of Plano was in attendance. Discussion occurred regarding the escrow deposit and charge for recording the variance. If an application is submitted, the Committee of the Whole would hold a public hearing, per the Stormwater Control Ordinance. The consensus of the Planning, Building and Zoning Committee was to wait with additional discussion until a formal application is submitted and not to amend the Stormwater Control Ordinance.

Hearing Code Officer/Hearing Code Unit
Staff presented a memo from PBZ Intern Michael Goers regarding a Hearing Code Officer proposal. Chairman Davidson asked if Kendall County was the only local government in that did not have code citation authority through Building and Zoning. Mr. Goers responded that all of the bigger local municipalities in Kendall County have some form of citation capabilities through their Building Departments or use hearing officers. The Planning, Building and Zoning Department processes approximately ten to twelve (10-12) complaints per month on a complaint driven basis.

The consensus of the Committee was for PBZ Staff to prepare a citation and hearing officer procedure, have the State’s Attorney’s Office review the proposal, and bring it back to the Committee.

Request: Rezoning from A-1 (Agricultural) to M-1 (Limited Manufacturing).
Location: 790 Eldamain Road (1/3 Mile South of Galena Road), Bristol Township
PIN(s): 02-06-300-009 and 02-06-300-010
Purpose: Request to Rezone to Allow Petitioner to Operate a Towing and Truck Storage Business.

Chairman Mohr opened the public hearing and swore in all members of the audience that wished to speak about the map amendment. Chairman Mohr also swore in all members of the audience that wished to speak about the proposed special use permit for an outdoor shooting range at 16502 Church Road.

Mr. Asselmeier summarized the petition and reviewed the Staff Report. Mr. Asselmeier noted that the petitioner originally requested variances to the fencing requirement, parking in the setback, and paving material, but these requests were withdrawn. The proposal before the Board was a request to rezone the subject property from A-1 to M-1.

Chairman Mohr asked why Bristol Township had not commented on the proposal. Mr. Asselmeier reported that Bristol Township wanted to wait until the Board made its ruling. Chairman Mohr requested that the record show that the Board would like opinions from the townships prior to issuing a ruling.

Ms. Clementi asked if the United City of Yorkville’s objection was included in the packet. Mr. Asselmeier stated that it was included in the packet as Attachment 4. Chairman Mohr asked why Yorkville opposed
the request. Mr. Asselmeier stated that Yorkville amended its Future Land Use Map in this area to Estate Residential after the application was submitted. Chairman Mohr asked how Plano classified the area across Eldamain Road from the subject property. Mr. Asselmeier stated that Plano classified the area as Industrial. Chairman Mohr also expressed concerns about Yorkville amending their Comprehensive Plan after the submittal of this application.

Ms. Helland presented information on behalf of the petitioner. She stated that, in her opinion, the objections from Yorkville were unfounded because of the other industrial uses in the area. She stated the petitioners are withdrawing the request for variances to the Zoning Ordinance pertaining to fencing, parking in the setback, and parking material. The petitioners are requesting a rezoning (map amendment) only. The petitioners shall construct a fence eight (8) feet in height. They will not park in the setbacks and they will use asphalt shavings (tar and chip) in the trailer parking area.

Chairman Mohr asked why the petitioners withdrew the variances. Ms. Helland responded that the petitioners priced trees and fencing and the cost of the fence was cheaper than installing trees.

Ms. Helland stated that the petitioners store two big wreckers onsite, but have little storage for other vehicles.

Chairman Mohr asked if the entire property would be fenced. Ms. Helland responded that the entire property would be fenced except for gates located at the two entrances. The fences would be set back from the right-of-way.

Mr. Whitfield asked about the composition of the parking lot. Ms. Helland responded that the parking lot would tar and chip.

Chairman Mohr asked for additional comments from the public. Seeing no one else desiring to speak, Chairman Mohr closed the public hearing.

Chairman Mohr reviewed the Findings of Fact as pertaining to the map amendment request:

1. *Existing uses of property within the general area of the property in question.* The existing uses of property within the area of this property are a single family home and agricultural farm land which would be consistent with this request. The nearest M-1 zoned property is located approximately 2,750 feet to the northwest at 12127 Galena Road. If the map amendment is approved, any residential use of the house would be illegal.

2. *The Zoning classification of property within the general area of the property in question.* The zoning classifications within the general area are currently A-1 and R-1 with farms and farmhouses.

3. *The suitability of the property in question for the uses permitted under the existing zoning classification.* The petitioner would like to rezone part of their property to M-1 in order to lawfully run his truck storage and towing business at the property. The property must be rezoned in order to operate this type of business at the subject property.

4. *The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification.* The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the
public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. Several industrial users, including a Menard’s distribution facility, are located south of the subject property along Eldamain Road inside the boundaries of the City of Plano. The adoption of the map amendment is in the public interest of implementing the recommendations of the Land Resource Management Plan.

5. Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The subject property and adjoining properties are identified as Mixed Use Business on the Future Land Use & Transportation Map of the Land Resource Management Plan. In addition, recommendation 3 (b) on page 6-34 of the Land Resource Management Plan states: “Ensure Lisbon/Eldamain Road is maintained as a commercial-industrial corridor.” The proposed map amendment would assist in implementing this recommendation. However, the proposal is inconsistent with the Comprehensive Plan of the United City of Yorkville, adopted in 2016. Yorkville identified the area as Estate Residential in their new Comprehensive Plan. Yorkville previously identified the area as industrial in their previous Comprehensive Plan.

Mr. LeCuyer, seconded by Mr. Thompson, made a motion approve the Findings of Fact as presented. The motion was approved by a vote of 6-0.

Mr. Whitfield, seconded by Ms. Clementi, made a motion to approve the map amendment as requested. The votes were as follows:

Ayes (6): Cherry, Clementi, LeCuyer, Thompson, Whitfield, and Mohr
Nayes(0): None
Absent (1): McKay

The motion passed. This proposal shall go to the Planning, Building and Zoning Committee on April 10, 2017 with a positive recommendation from the Zoning Board of Appeals.

Mr. Mohr expressed his opinion that he did not like Yorkville amending their Comprehensive Plan after the submittal of this petition.

Proclamation
Building Safety Month – May, 2017

Whereas, Kendall County’s continuing efforts to address the critical issues of safety, energy efficiency, water conservation, and resilience in the built environment that affect our citizens, both in everyday life and in times of natural disaster, give us confidence that our structures are safe and sound, and;

Whereas, the International Codes, the most widely adopted building safety, energy and fire prevention codes in the nation, are used by most U.S. cities, counties and states; these modern building codes also include safeguards to protect the public from natural disasters such as hurricanes, snowstorms, tornadoes, wild/and fires floods and earthquakes, and;

Whereas, Building Safety Month is sponsored by the International Code Council, to remind the public about the critical role of our communities’ largely unknown guardians of public safety—our local code officials—who assure us of safe, efficient and livable buildings, and;

Whereas, each year, in observance of Building Safety Month, Americans are asked to consider projects to improve building safety and sustainability at home and in the community, and to acknowledge the essential service provided to all of us by local and state building departments, fire prevention bureaus and federal agencies in protecting lives and property.

Now Therefore Be It Proclaimed by the Kendall County Board: The month of May 2017 as Building Safety Month...

Adopted by Kendall County Board this 18th day of April, 2017

WHEREAS, the findings of fact were approved as follows:

Existing uses of property within the general area of the property in question. The existing uses of property within the area of this property are a single family home and agricultural farm land which would be consistent with this request. The nearest M-1 zoned property is located approximately 2,750 feet to the northwest at 12127 Galena Road. If the map amendment is approved, any residential use of the house would be illegal.

The Zoning classification of property within the general area of the property in question. The zoning classifications within the general area are currently A-1 and R-1 with farms and farmhouses.

The suitability of the property in question for the uses permitted under the existing zoning classification. The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. Several industrial users, including a Menard’s distribution facility, are located south of the subject property along Eldamain Road inside the boundaries of the City of Plano. In addition, recommendation 3 (b) on page 6-34 of the Land Resource Management Plan states: “Ensure Lisbon/Eldamain Road is maintained as a commercial-industrial corridor.” The proposed map amendment would assist in implementing this recommendation. However, the proposal is inconsistent with the Comprehensive Plan of the United City of Yorkville, adopted in 2016. Yorkville identified the area as Estate Residential in their new Comprehensive Plan. Yorkville previously identified the area as industrial in their previous Comprehensive Plan.

WHEREAS, the United City Yorkville filed a formal objection to this proposal in August 2016, and;

WHEREAS, 55 ILCS 5/5-12014 requires a ¾ favorable vote by the County Board to enact this ordinance because of the formal objection filed by the United City of Yorkville, and;

The committee meeting convened at 4:02 P.M. with roll call of committee members. Elizabeth Flowers absent. Quorum established.

Motion Cullick; second Davidson, to approve the agenda as presented. Motion carried unanimously.

Motion Cullick, second Gryder to approve the Highway Committee meeting minutes from March 14, 2017. Motion carried unanimously.

Bart Olson from City of Yorkville and Lynn Dubajic from Yorkville Economic Development Corporation made a request for additional funds from the Transportation Alternatives Program to assist in funding the multi-use trail along Kennedy Road. The County is already committed to funding $50,000 from the TAP fund. Bart Olson said that the project is out to bid with Illinois Department of Transportation. Total cost of the project is estimated at about $1.7 million with an 80/20 split. Push for the Path Committee, a not-for-profit corporation, has currently raised almost the entire local share of the cost. They are just a little bit short, and so wanted the County to consider increasing the $50,000 another $30,000 for a total of $80,000. Davidson was not completely supportive of the additional amount. He suggested that perhaps the City should put up the additional money, since they currently have no money in the project. Gryder asked about the monies in the TAP Fund. Klaas indicated that there is currently $40,000 of unobligated monies in the Fund. He also discussed the regional significance of this trail, and how important it was in linking different communities. The Committee then viewed some maps on how the Kennedy Trail links to other trails in the area. They also discussed how this trail links to the City Park at Galena Road and Kennedy Road. Gryder was supportive of the project because of its regional significance, and Cullick stated that the TAP Fund could support this grant to Yorkville. Motion Cullick; second Gryder to send the proposal for an additional $30,000 from the TAP Fund to the County Board for consideration. All ayes, with Kellogg voting “present”.

Bid results for 20 road and bridge projects from the March 31, 2017 bid opening were presented to the committee. These projects include both County and Township work. The County is the awarding authority for all County projects and all Township motor fuel tax projects. In general, bid prices were well below the engineer’s estimates. Motion Davidson; second Cullick to recommend approval of all low bidders for the County and Township projects to the County Board. Motion approved unanimously.

Bid results for a new front end loader were presented to the Committee. Casey Equipment was low bidder for a JCB 437ZX at $131,200. West Side Tractor was second low bidder with a John
Deere 624K II at $151,824.69. Klaas recommended awarding the bid to the second low bidder due to the low bid not meeting specifications is several areas. Kellogg added that the trade in on the JCB would be much lower than the Deere when it is traded in. Davidson asked about Caterpillar. Klaas stated that the Highway Department currently has a Cat 928 loader, and they love it; but the new machine won’t fit in the Department’s overhead door, because it is too tall. Motion Davidson; second Cullick to recommend award of the bid to West Side Tractor for a 2017 John Deere 624K II at a price of $151,824.69.

Motion Cullick; second Gryder to recommend approval of the preliminary engineering agreement between Kendall County and Cemcon, Ltd. to provide an alignment study of the WIKAUDKE Trail at a cost of $49,117. Motion carried. Davidson voted “no”.

John Burscheid presented information on a deteriorated concrete box culvert located on Little Rock Road north of Vilmin Road. The double 9’x8’ box culvert is in pretty bad shape and cannot be fixed easily because of the deteriorated concrete ends. It is nearly 70 years old. The skew of the box culvert may also make this structure qualify as a bridge by IDOT and AASHTO standards. If that is the case, then this structure will probably have to have weight limitations posted. Klaas indicated that it was important to move quickly to have the culvert replaced, although he did not believe the condition of the culvert made the roadway unsafe. Motion Cullick; second Gryder to recommend approval of an engineering agreement between Kendall County and Willett Hofmann & Associates to provide all preliminary engineering for the replacement project at a cost not-to-exceed $103,436.47. Motion carried unanimously.

P.J. Fitzpatrick provided an update of the Collins Road Extension Project. A recent meeting with FHWA on April 6, 2017 gained approval of the purpose and need for the project. They were also able to eliminate one of the alignment alternatives. They received agreement to pursue a Categorical Exclusion for the project, and they also got approval of the project termini. So the most recent meeting was very successful. Work will continue incrementally on the engineering for the project; and all Phase I efforts should still be completed by the end of the calendar year. Next efforts will center on engaging Oswego a little more in the project specifics.

Motion Davidson; second Gryder to forward Highway Department bills for the month of April in the amount of $44,274.97 to the Finance Committee for approval. Motion to approve bills carried unanimously.

Meeting adjourned at 4:41 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

Items of Business

2017 Senior Tax Levy Applicant Presentations – Member Davidson reviewed the Senior Tax Levy presentation and grant procedure, the requested amounts, the available levy amount, and encouraged the committee to ask questions of the presenters.

Community Nutrition Network/Request: $30,000 – Louise Maritato, Kendall County Manager, and Lauren Daughtery, acting CEO, provided background information on the organization, and on services provided, including wellness checks and delivery of meals to homebound senior clients throughout Kendall County. Ms. Maritato reported there has been an increase in clients and the total is now 73, and there has been an increase in clients requesting a second frozen or ready-to-warm daily meal, as well as 35 clients that receive a frozen meal on weekends. Clients are asked to pay a suggested donation per meal, but many of these seniors are unable to pay anything for these meals, and no senior is refused service in the program if they are unable to pay. The cost of $10 per meal includes transportation costs for delivery. Clients are assessed by the KC Health Department prior to enrollment in the program.

Steve Curatti informed the committee of the KC Health Department Eldercare Services program, and its partnerships including Senior Service Association, Veterans Assistance Commission, Illinois Department on Aging, Fox Valley Older Adults Services, Oswego Senior Center, Fox Valley Visiting Nurses Association, Salvation Army, Golden Diners, Northeastern Illinois Area Agency on Aging, The Alzheimer’s Association, Rose Terrace and Kendall Drive Senior Apartments, Valley West Hospital, Rush-Copley Hospital, Prairie State Legal Services, local law enforcement agencies, clergy and local churches, senior housing authorities, Kendall area Transit, the KC State’s Attorney’s Office, as well as Kane County and DeKalb County Health Departments. Mr. Curatti stated that these partners meet at the HHS once a month and share ideas, resources concerns, etc.

Keith Bielema, Transitions Program Director, provided two examples of client cases showing
progress that was achieved dealing with family issues through education, outreach, resources, assistance, and service provided through the family members, Health Department Transition Program and collaboration with other local senior services organizations. **Grant documentation for the Health Department was not included with the application.**

**Community Meals for Seniors/Request: $3,000** – Les Ries and Kay Moliter explained the program, the fundraising attempts and the cost of tickets to the seniors, and then how much the program reimburses the four participating restaurants in Plano. **Financial and audit documentation was not included with the application.**

**Fox Valley Older Adult Services/Request: $60,000** - Cindy Worsley, Executive Director, stated that FVOAS has been in existence since 1972. Ms. Worsley indicated they currently operate an adult day service program in Plano, and an adult day program using the Montessori methods with those exhibiting signs of dementia. Ms. Worsley reported they have found that dementia patients respond well to Montessori methods, and have shown marked response to this type of treatment. She said research in this area continues throughout the United States and Europe. They currently serve 94 Kendall County clients in their care.

The second program offered by Fox Valley Older Adult Services is the in-home program available to those individuals 60 years and older, and also to those on state support/public aid. The FVOAS aides come to these homes 2-27 hours per week and assist the clients with non-medical activities, responsibilities or household chores. Having someone to assist with basic non-medical service has proven to be vital in enabling these seniors to remain in their homes.

The in-home service provides weekly service to clients in their homes, and the adult day service program operates in local facilities where clients are transported to those facilities each day. Ms. Worsley said that monies from Kendall County are primarily used to cover mileage for the aides serving Kendall County senior residents, which is a substantial cost to the program.

**Oswegoland Seniors, Inc./Request: $46,749** – Sandy Pastore, Executive Director, explained that seniors are living 10-40 years after retirement, and their income remains the same or decreases each year. Ms. Pastore explained the programs mission, and stated that lack of connection and engagement with others contributes to the deteriation of life. She briefly reviewed the various programs offered to seniors in Kendall County and the small number of employees and volunteers that keep things running efficiently.

**Senior Services Associates, Inc./Request: $139,000** - Bette Schoenholtz, Executive Director, began by providing information on the challenges of the program, the services provided, the clients served throughout Kendall County, and the partnerships the program has with other Kendall County senior providers/organizations.

Senior Services Associates has companion, recreational, educational, and exercise programs as well as wellness activities at the Beecher Center in Yorkville, as well as abuse awareness, a retired senior volunteer program, the transportation program, and daily meal program. They service seniors 60 years and above, and most are well into their 70’s.
**Prairie State Legal Services/Request: $9,000** – Kathleen Finn, Staff Attorney for the Kendall County clients, provided background information on the not-for-profit organization that has a goal of trying to remove barriers from seniors, 60 years and older, that might hinder their independency and living at home. Ms. Finn stated there are currently eight attorneys in the Fox Valley office that provide services, and assist with research and provide various other resources to Kendall, Kane and DeKalb County seniors.

Ms. Finn reported there are numerous legal issues that seniors face on a daily basis including guardianship, consumer counseling, food stamp issues, elder abuse situations, and counseling regarding foreclosure issues. Ms. Finn meets with clients at the KC Health Department at least twice per month, at the Beecher Center at least once per month, and at the Oswego Senior Center as needed, as well as in their homes or apartments. Clients must meet specific income guidelines to qualify for the services of PSLS. Ms. Finn said that there is a strong collaboration with other county senior service organizations to assist seniors in Kendall County.

**VNA Health Care/ Request: $15,000** – Ann Cheverton, Vice President of Care Coordination and Clinical Evaluation and Chrissie Howorth, Vice President of Philanthropy and Business Relations provided information and background history on the organization by saying, VNA Health Care has providing care for the under and under-served since 1918, and has 9 health centers in the Fox Valley area. Ms. Howorth said that home health care is at the core of their organization. VNA was the first agency in Illinois given a license in the State of Illinois to provide in-home care within a multi-disciplinary team of physicians, pharmacists, nurses, therapists, social workers, and case managers.

Ms. Cheverton said that the need for in home care has increased tremendously in the last 10 years, and that “baby boomers” born in the late 50’s and early 60’s will soon be entering the age of needing these basic services. Chronic disease management is on the rise among seniors, especially in the areas of diabetes and heart disease.

Ms. Cheverton said that home health care through VNA includes the physician, physician assistant and/or nurse in-home visits. Ms. Cheverton shared that what is unique about VNA is the extent of the resources available through the organization in addressing any gaps in the care of in-home clients because of their vast network of healthcare providers and specialists. Chronic care and chronic disease care gaps, those gaps after hospitalization, rehab, home-health or therapy care are now being recognized by the government and realizing that chronic disease and chronic disease management isn’t addressed or paid for by anyone.

VNA is now offering Vision and Dental to clients at their Highland Avenue location in Aurora.

Discussion and final recommendations of funding allocations to agencies from 2017 Senior Social Services Property Tax Levy. Chair Purcell said the FY2017 budgeted amount was $324,500, the FY2015 requested amount is $356,927, leaving a difference of $32,427.

ROLL CALL
Present: Kristine Heiman, Melissa Maye, and Jeff Wehrli
Absent: Elizabeth Flowers and Richard Scheffrahn
Also present: Matt Asselmeier, Senior Planner
In the audience: Mr. and Mrs. Al Johnson

PUBLIC COMMENT
Al Johnson, Lisbon, IL, asked the Commissioners to amend the historic preservation ordinance to require property owner consent for the designation of the property as an historic landmark or district. Mr. Wehrli indicated that the reason that homeowners’ consent was not included in the requirements were because the State required the existing language in order to be a Certified Local Government and because a supermajority was required at the County Board to designate a property a local landmark. The Commission will investigate this matter to see if the State regulations have changed and will review the Historic Preservation Ordinance at their next meeting.

NEW BUSINESS
Ms. Maye made a motion, seconded by Mr. Wehrli, to recommend approval to the County Board a Proclamation Declaring May Historic Preservation Month in Kendall County. With a voice vote of three ayes, the motion carried.

Ms. Maye made a motion, seconded by Mr. Wehrli to approve a letter to the editor regarding historic preservation and to have Chairwoman Heiman be the only signatory. With a voice vote of three ayes, the motion carried.
