To Whom it May Concern:

The Village of Montgomery is applying to the State of Illinois for CDGB Disaster Recovery program grant. I am writing to express Kendall County's Board support of this application.

The Village of Montgomery is presented with unique challenges based on elements such as its geographic location, recent rapid population growth and infrastructure weaknesses. The Village lies within two counties and multiple taxing jurisdictions and had major flooding events in recent history.

Should funding be awarded to the Village of Montgomery for planning, we are confident the development of a new plan will meet the goals and objectives set out in the Ike Disaster Recovery Planning Program. Montgomery has the capacity to not only develop the proposed plan but proceed implementing the plan.

As a partner with the Montgomery community, we urge you to award funding to this project. We feel that this project will support development and adoption of forward thinking comprehensive plans that will guide the long-term recovery efforts and decisions that reduce existing or future development in disaster-risk areas.

Sincerely,

John Purcell

The next planning meeting will occur on May 2nd.

It was suggested that efforts should be made to include other employers that are not necessarily within Kendall County but are in the general region. Status Reports
Probation – Tina Varney was absent but she provided a brief update prior to the meeting to Mr. Koukol.

Circuit Clerk – Becky Morganegg stated that the traffic school registration set-up process will be slightly modified with a new counter being installed. Ms. Morganegg brought up an issue with eight chairs in the Circuit Clerk’s Office and that these chairs are falling apart. Ms. Morganegg received a quote of $220 per chair to replace. It was suggested that the Circuit Clerk’s Office work with Facilities Management to replace these chairs. Ms. Morganegg also commented that the caseloads have maintained the same level as last month.

Public Defender – Vicki Chuffo distributed a monthly report. The felony cases have increased. 671 new cases have been appointed between January 1, 2012 and March 26, 2012.

State’s Attorney – Eric Weis stated that the case filings thus far are slightly higher. A murder retrial will occur in May. Security for this retrial will be the same as they were during the original trial. The trial should last around 4-5 days. Mr. Weis mentioned the hiring of the new assistant State’s Attorney.

Courthouse – Judge McCann stated that he has met with Kane County judges about an agreement for a detention center with Kane County in Kane. A draft of the contract agreement will be ready to be brought back to the Judicial Legislative to be reviewed before moving onto the County Board for action. Various evaluations procedures that are used to determine if someone is fit to stand trial will be maintained with Kane County to keep costs down. The Jury Commission budget has used 61% of its budget to date because of the amount of trials that have occurred during 2012. Additionally, several more trials are anticipated to occur this year. The Law Library budget is at 59% to date. This is in part due to an increase in judges at the courthouse. Judge McCann stated that training occurred recently for Illinois probation staff by the State Supreme Court. The Courthouse is a favorable facility to be used for this training according to the
Supreme Court. Judge McCann brought up the issue of transportation for jurors and them not being able to utilize the KAT system in the Village of Oswego. It was suggested that a contract include a provision allowing Village of Oswego residents to use the KAT system for legal purposes. Problems could arise with KAT’s hours of operation depending on when a jury member needs to use the KAT system and may need to possibly be reviewed.

**Sheriff’s Office** – Commander Wollwert informed the Committee that two invoices are being reviewed prior to payment in order to determine if work was done properly for an alarm system. Mr. Koukol questioned if the Sheriff’s Office uses Sprint as a service provider for cell phones. Commander Wollwert stated that he believes they do have Sprint. There may be an occurrence of dropped calls because of upgrades to Sprint’s telecommunication towers. Sprint may provide a credit to customers on their next bill to accommodate them for any dropped calls.

**Court Security** – Deputy Commander Leinen thanked the Committee and the Board for the available shell space on the top floor of the Courthouse. It is a helpful space for training.

**Facilities Management** – Mr. Smiley commented on the alarm system work. The work for the sidewalk extension in front of the Courthouse was approved and bids will be put out. The issue concerning the front steps to the courthouse still needs to be addressed and a settlement is pending. Mr. Smiley stated that the new assistant State’s Attorney did a fine job on reviewing the legal work for the courthouse sidewalk extension.
