OLD BUSINESS

South Solar Field

Member Hendrix moved to approve the south solar field option A 7.4 acres or option B 7.1 acres. Member Cullick seconded the motion. Motion withdrawn.

Member Kellogg moved to approve the south solar field option A 7.4 acres. Member Hendrix seconded the motion.

County Administrator Scott Koeppel explained that the recommendation from Chris Childress at Progressive Energy is the 7.4 acre field which would get the county as close as possible to ensuring that we can get the 2MW field and produce as much power as we can and have the highest savings.

Assistant State’s Attorney explained that the option is defining the legal description of the area.

Chairman Gryder asked for a roll call vote on the motion. All members present voting aye. Motion carried.

Member Kellogg moved to approve the ordinance approving a lease exceeding 2 years for south solar field A. Member Hendrix seconded the motion.

County Administrator Scott Koeppel explained that an ordinance is needed per state statute when a lease of land is from 2 years to 99 years and that is the best use of the land or there is not another use of that land.

Chris Childress from Progressive stated that there is zero cost to the county, estimated savings is $162,000 a year, and at the end of the 25 years the county has the option to purchase the field, renegotiating the lease, or taking the field out at their expense. Maintenance is conducted by GRNE. If the solar field needs to be torn out the estimated cost is $60,000 less any dollars from recycling. After the county approves this they will submit to the City of Yorkville to get a building permit/variance. Paperwork will be submitted to the Illinois Power Authority, they will vote to approve this program and hire an administrator to put together an application for the program.

Chairman Gryder asked for a roll call vote on the motion. All members present voting aye. Motion carried.

Member Hendrix moved to approve a 25 year power purchase agreement with GRNE Solar to construct a 2MW AC Solar Field and sell the power to Kendall County at a rate not to exceed .0285 cents per kWh in year one with a .9% increase per year. Member Flowers seconded the motion.

County Administrator Scott Koeppel stated that the average price from ComEd is about 8 cents and this will give the county a 2.85 cents for power.

Chairman Gryder asked for a roll call vote on the motion. All members present voting aye. Motion carried.
Member Cullick moved to approve a 25 year land lease with GRNE Solar. Member Kellogg seconded the motion.

County agrees to cooperate with Law Firms and to provide Law Firms access to privileged or otherwise confidential information in order to allow Law Firms to conduct said investigations. Law Firms agree to provide, at a minimum, the following services to County: (a) work with County personnel to ascertain the costs County has incurred as a result of the over-prescription of opioids; (b) determine the viable causes of action, if any, available to County; (c) determine which party(ies) should be targeted in a potential lawsuit; and (d) once authorized by County, bring a lawsuit on behalf of County against those party(ies) identified by Law Firms.

3. **Termination of Agreement.** This Agreement shall cover the period from the date of execution until the termination of the litigation or termination of the legal services rendered hereunder, whichever is sooner. This Agreement may be terminated by County upon at least seven (7) days’ written notice to Law Firms.

In the event of termination by County, Law Firms shall be entitled to fair compensation for their legal services. Fair compensation is defined as the part of the contingent fee which best represents the contribution made and risk assumed by Law Firms relative to the total of all contributions and risks, viewed retrospectively as of the resolution of the claim, covered by this Agreement. 4. **Attorneys’ Fees and Costs.** In the event County’s claim is resolved in County’s favor by way of settlement, trial verdict or other resolution, County hereby agrees to pay Law Firms twenty-five percent (25%) of any gross amount recovered for Law Firms’ attorneys’ fees.
Law Firms will advance all reasonable expenses and costs they deem necessary to investigate and prosecute County’s claim included, but not limited to: court fees, process server fees, expert witness fees, court reporting fees, reasonable travel expenses, witness fees, courier service fees, and consulting fees. If County recovers compensation by way of settlement, trial verdict or other resolution, all reasonable advanced expenses and costs shall be reimbursed to Law Firms from the recovery.

The attorneys’ fees described above will be calculated on the total gross recovery by way of settlement, trial verdict or other resolution, including all recovered attorneys’ fees, interest, and penalties. After deducting attorneys’ fees from the gross amount recovered, the remaining amount shall be reduced by the reasonable expenses and costs advanced by Law Firms.

*In the event that any settlement, final judgment or other resolution results in a monetary recovery to County less than the expenses and costs advanced by Law Firms, County shall not be required to pay Law Firms any more than the sum of the full monetary recovery.*

*In the event nothing is recovered for County by way of settlement, trial verdict or otherwise, Law Firms will not be paid any money for its attorneys’ fees or its advanced expenses and costs.*

5. Fee Sharing Among Law Firms. County has been made aware of and acknowledges that Law Firms have entered into a 50/50 Fee Sharing Agreement as to the fees and costs which may be earned in the prosecution of County’s claim. The Fee Sharing Agreement will not impact or work to increase the fees and costs charged to County as outlined above. County understands and agrees to such Fee Sharing Agreement between Law Firms.

6. Disbursement of Proceeds to County. Upon final disposition of the case, County shall receive a statement of distribution itemizing all information necessary to understand the application of this Agreement. County’s recovery from the final disposition will be the total gross recovery minus attorneys’ fees, expenses and costs as outlined above.

7. Settlement Authority. County has authority to accept or reject any final settlement amount after receiving the advice of Law Firms and Law Firms shall not have the power to enter into any agreement binding County or otherwise obligating County without the prior written consent of County. As outlined in paragraph 4 above, Law Firms’ attorneys’ fees shall include their contingent portion of all future or structured payments pursuant to any settlement.

8. County Representations. County acknowledges that: (a) Law Firms have not promised County any outcome in connection with County’s claim, but rather County understands that the outcome of any litigation is uncertain, and the outcome of County’s claim is no exception; (b) Law Firms have not promised County anything of value in connection with County’s claim, except Law Firms’ commitment to prosecute County’s claim for better or worse to a win or a loss, subject to Law Firms’ right of withdrawal as set forth above; (c) County has not transferred or assigned any right or interest in County’s claim (other than
pursuant to this Agreement); and (d) County will not in the future transfer or encumber County’s claim (other than pursuant to this Agreement).

9. **Independent Contractor.** It is expressly agreed that Law Firms’ status hereunder is that of independent contractor and Law Firms, their employees, agents, and representatives shall not be considered employees of County for any purpose.

10. **Potential Conflict.** Client understands and agrees that Law Firms intend to represent many municipalities and governmental entities nationwide in connection with claims similar to County’s and that County’s participation in such a “joint representation” may offer Client both advantages (e.g., economies of scale) and disadvantages (e.g., conflicts among Law Firms’ clients). County understands and agrees that if a conflict arises between County and any of Law Firms’ other clients, then County may waive such potential conflict or, in the alternative, substitute legal counsel independent of Law Firms to prosecute County’s claim, provided that County may not seek or obtain Law Firms’ withdrawal from the representation of such other clients. County agrees that County’s sole and exclusive remedy for such conflict is either to waive said conflict or, in the alternative, substitute legal counsel independent of Law Firms to prosecute County’s claim.

11. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois without regard to conflicts of law rules. Venue shall be designated in Kendall County of the State of Illinois or in the United States District Court for the Northern District of Illinois.

12. **Publication.** County expressly authorizes Law Firms to publish information related to the subject matter of County’s claim.

13. **Binding Agreement.** This Agreement cannot be changed, except by a separate written agreement signed by all parties to this Agreement. Each party signing below is jointly and severally responsible for all obligations due one another and represents that each has full authority to execute this Agreement so that it is binding. This Agreement may be signed in one or more counterparts and binds each party signing it whether or not any other proposed signatory ever executes it. If any provision of this Agreement or the application thereof is held invalid or unenforceable, the invalidity or unenforceability shall not affect other provisions or applications of this Agreement which can be given effect without such provisions or application, and to this end the provisions of this Agreement are declared to be severable.

County agrees to the terms of this Agreement and acknowledges receipt of a complete copy of this Agreement.

Discussion of Boulder Hill and Boulder Hill Market
Mr. Beltran stated at the Committee’s request he went to Boulder Hill Market to speak to the business owners and investigate the area. He stated that while dated, the exterior was well maintained and the parking lot was redone in the last couple of years. In one section, there was
two churches, a dog groomer, a Dollar General, and a pool maintenance and life guard training business. On the other side of the parking lot was a restaurant, an orthodontist office, an attorney’s office, and a roofing business. He spoke to a business owner, and had information to reach out to the owner of the strip mall. In addition, there were several vacant businesses including the bank. Mr. Beltran stated he felt the layout was hindered by orientating the back to the neighborhood; however, he guessed that was because when designed the thought was traffic would come from Route 25 rather than Boulder Hill. Finally, he stated that the biggest issues was the sign was missing some letters.

The Committee discussed ways to rehabilitate the area. The Committee main focus was to orient the area towards more of a community place rather than a standard retail market as it would not be able to compete with the selections on Douglas and Route 30 as well as Orchard Road. By partnering with the owner and the local groups in the area (senior living, Oswegoland Park District, etc.) the area could be transformed into a meeting space.

The Committee directed Mr. Beltran to reach out to the owner as well as have some demographic information and traffic counts by the next meeting as well as put together steps to create a plan for the area that would include local stakeholders.

Discussion of Tax Abatement forms and scoring
The Committee decided to send this item to the next Economic Development Committee meeting. Member Gryder made the motion, member Cullick seconded. **Approved 4-0.**

Approval of Economic Development Strategic Plan
Mr. Beltran stated that he had been advised that the Public Access Counselor has been viewing consensus at public meeting with skepticism as an attempt to circumvent OMA rules. As such, Mr. Beltran thought it best to bring back the Economic Development Strategic Plan for approval to the Committee.

Member Gryder made the motion to approve the item and send it to the March 21, 2018 County Board meeting. Member Cullick seconded. Chair Hendrix called for a roll call. Lynn Cullick – aye, Scott Gryder – aye, Audra Hendrix – aye, Elizabeth Flowers – aye. **Approved 4-0.**

Coroner Purcell also presented data from the State of Illinois Department of Public Health that showed Kendall County in relation to neighboring counties, stating Kendall’s average overdose rate was higher. She stated that the issue has been growing in the nation over several years, and that it is seen across all age groups and demographics. However, Illinois created a program to help doctors get information on what prescriptions are being prescribed to patients to cut down on multiple scripts or dangerous combinations.
