County of Kendall, Illinois
Rain Barrel Month
April 5, 2017
Resolution ____ - ____

Whereas, water is a valuable, limited natural resource; and

Whereas, municipal and rural residents in Kendall County depend on water for numerous home and commercial uses; and

Whereas, conserving and protecting water supplies is of benefit to all residents of Kendall County; and

Whereas, many residents are interested in methods to personally practice conservation of this valuable resource; and

Whereas, for every 100 square foot of roof area, one inch of rain generates approximately 60 gallons of rainwater runoff; and

Whereas, wasteful runoff of rainwater from homes and other buildings into storm sewers or other drainage ways can add to the damaging and overwhelming stormwater volumes in our natural waterways; and

Whereas, collecting rainwater is one type of best management practice to reduce stormwater runoff; and by redirecting and collecting rainwater runoff from buildings, it can be available for more productive, cost-efficient uses; and

Whereas, rain barrels are an economical, convenient method of collecting rainwater runoff for future uses; and

Whereas, The Conservation Foundation (TCF), in cooperation with local communities, such as Kendall County, promote the reduction of off-site stormwater runoff and best management practices to redirect and conserve rainwater; and

Whereas, TCF and Kendall County encourage homeowners and businesses to implement methods such as rain barrels to capture and efficiently use rainwater; and

KENDALL COUNTY AD HOC ZONING
ORDINANCE COMMITTEE

Kendall County Office Building
Rooms 209 & 210
111 W. Fox Street, Yorkville, Illinois
5:00 p.m.
Unapproved Meeting Minutes of March 22, 2017

Present: Larry Nelson (Chairman), Robert Davidson, Judy Gilmour, John Shaw, and Jeff Wehrli
Others Present: Mike Hoffman from Teska Associates, Inc., Greg Chismark from WBK Engineering, LLC, Greg Peterson, Sherman Tweed, and Matt Asselmeier, Senior Planner

Chairman Larry Nelson called the meeting to order at 5:00 p.m.

1. APPROVAL OF AGENDA
   Mr. Wehrli made a motion to approve the agenda with an amendment moving the Plano Stormwater issue ahead of the Hearing Officer/Code Hearing Unit item. Mr. Shaw seconded the motion. All agreed and the agenda was approved as amended.

2. APPROVAL OF MINUTES
   Mr. Wehrli made a motion to approve the minutes from the November 30, 2016, meeting. Mr. Shaw seconded the motion. All agreed and the meeting minutes were approved.

3. STORMWATER ORDINANCE AMENDMENT RELATED TO PLANO’S PROJECT IN FOLI PARK
   Plano Mayor Bob Hausler explained Plano’s situation. The City of Plano received an OSLAD Grant from the State in the amount of $202,000 for improvements at Foli Park. Plano must provide a $202,000 match. Based on their engineer’s calculations, this project needs approximately 0.33 acres for detention or $58,000 of a fee-in-lieu contribution. The subject property is in a floodplain. Mayor Hausler believes that this situation was not discussed when the County considered the Stormwater Ordinance. Accordingly, he would like a variance and possibly an amendment excluding five (5) acre public projects.

   Mr. Nelson noted that Big Rock Creek overruns the area in flood events.

   Mr. Davidson asked how the pond discharges. There is no overflow; the level rises and falls as needed.
Mayor Hausler stated the creel previously went through this area and was diverted at some point in the past. The area was a gravel pit. Plano acquired the property in the late 1960s or 1970s.

Mr. Wehrli suggested a variance would be more appropriate than an amendment.

Mr. Chismark indicated the variance process was in the Stormwater Ordinance.

Mr. Asselmeier read the criteria for applying for a variance and the criteria of the findings of fact for granting a variance. The Oversight Committee is the Committee of the Whole, per the Stormwater Ordinance.

Mr. Nelson stated that he did not see any negatives with the variance proposal and that Plano could justify the variance using the criteria in the Stormwater Ordinance.

Mr. Wehrli made a motion to send this variance request to the PBZ Committee with a favorable recommendation, seconded by Mr. Shaw. With a voice vote of five (5) ayes, the motion passed unanimously.

4. **HEARING OFFICER/CODE HEARING UNIT**

Mr. Asselmeier read a memo drafted by PBZ Department Intern Michael Goers regarding his research on the subject. The memo outlined the reasons and potential ordinance changes required to implement the program. The memo also stated the methods local municipalities used in relation to hearing officers.

Mr. Nelson explained that the Special Use Hearing Officer was originally intended to hear code violations because the States Attorney’s Office had other cases.

Mayor Hausler stated that Plano has a hearing weekly and they use the Illinois Debt Recovery Program. By using this program, the fine goes with the person; the State pulls the fine out of tax refunds. Plano uses the hearing officer for police issues and zoning issues. Most zoning issues, like property maintenance issues, are resolved before adjudication.

Mr. Wehrli stated that residents, in addition to property owners, should be notified as well.

Mr. Hoffman noted that the Special Use Hearing Officer has not met for several months and he likes the idea of units of government working together.

Mr. Wehrli asked for the definition of hearsay evidence. Mr. Asselmeier stated that, in zoning hearings, letters and emails were considered hearsay evidence if the person that wrote the letter or email did not personally read the letter or email into the record.
Mr. Wehrli also suggested that the County inform Plattville and Millbrook of the proposal.

Mr. Wehrli made a motion to forward this issue to the PBZ Committee, seconded by Mr. Shaw. With a voice vote of five (5) ayes, the motion passed unanimously.

5. **SHOOTING RANGE ORDINANCE UPDATE INCLUDING A POTENTIAL MORATORIUM ON OUTDOOR SHOOTING RANGES DURING THE REVIEW PERIOD**

Mr. Nelson stated that he had some concerns regarding the present outdoor shooting range regulations in the Zoning Ordinance. Any revisions, amendments, or moratorium would not impact the Delaney proposal that is currently making its way through the process.

Noise was mentioned as a major concern.

Mr. Asselmeier stated that the Illinois Association of County Zoning Officials would be discussing outdoor shooting range regulations at their meeting in April.

Ms. Gilmour asked for an update on the Delaney case. Mr. Asselmeier stated that Staff requested additional information from the petitioner. The proposal is currently scheduled to go before the Special Use Hearing Officer on April 3, 2017.

Mr. Wehrli suggested that a specific time period, like six (6) months, be placed on the moratorium.

Greg Peterson, neighbor to the Delaney property, expressed concerns of gun ranges containing thirty-six (36) lanes. He would like to see further discussion making guns ranges a zoning issue instead of a special use issue. Mr. Davidson invited Mr. Peterson to the April Planning, Building and Zoning Committee meeting.

Mr. Davidson made a motion to recommend to the PBZ Committee that a moratorium of six (6) months be placed on special use permit applications for outdoor shooting ranges, seconded by Ms. Gilmour. With a voice vote of five (5) ayes, the motion passed unanimously.

Mr. Davidson left at this point in the meeting (6:02).

Mr. Asselmeier will report back to the Committee regarding the Illinois Association of County Zoning Officials meeting.

Sherman Tweed, Brisbin Road, expressed concerns that the Plattville Fire Chief could make it to the Delaney property in five (5) minutes. Mr. Nelson advised Mr. Tweed to inform the Hearing Officer of his concerns during the special use hearing.
6. **ITEMS FOR FUTURE CONSIDERATION**  
Mr. Asselmeier provided a memo on the differences between Plano’s proposed Comprehensive Plan Future Land Use Map and the County’s Land Resource Management Plan.

Discussion occurred regarding comparing Yorkville’s new plan with the Land Resource Management Plan.

Discussion also occurred regarding studying noise regulations in the future. Mr. Wehrli mentioned that the cost of barriers is approximately $150/linear foot; this material and cost are cheaper than what the State pays.

There were no additional comments from the public or press.

**Adjournment:**  
The next meeting will be April 26, 2017. Ms. Gilmour made a motion to adjourn the meeting. Mr. Wehrli seconded the motion. With a voice vote of four (4) ayes, the motion passed unanimously and the meeting adjourned at 6:22 p.m.

Respectfully submitted,  
Matthew H. Asselmeier, AICP

Vice-Chairman Wormley called the meeting to order at 7:00 p.m.

In the Audience: Kelly Helland (Representing JA Schleining LLC d/b/a Jets Towing and Services), Josh Schleining, and Tammi Schleining

APPROVAL OF AGENDA

APPROVAL OF MINUTES
Mr. Casey made a motion, seconded by Mr. Rodriguez, to approve the February 22, 2017, minutes with the amendment that the Schleining petition was laid over at the previous meeting and not tabled. With a voice vote of all ayes, the motion carried.

Ms. Zubko made a motion, seconded by Mr. Casey, to approve the February 25, 2017, Annual Meeting minutes. With a voice vote of all ayes, the motion carried.

Ms. Wilson arrived at 7:04 p.m.

PETITIONS
16-22 JA Schleining LLC d/b/a Jets Towing and Services
Ms. Helland presented information on behalf of the petitioner. She stated the petitioners are withdrawing the request for variances to the Zoning Ordinance pertaining to fencing, parking in the setback, and parking material. The petitioners are requesting a rezoning (map amendment) only. The petitioners shall construct a cedar board-on-board fence eight (8) feet in height. They will not park in the setbacks and they will use asphalt shavings (tar and chip) in the trailer parking area. The petitioners hope to have the parking area asphalted within one hundred twenty (120) days.

Ms. Zubko asked if the EcoCat had been resolved. Ms. Helland said that the EcoCat consultation had been terminated.

Mr. Nelson asked Mr. Asselmeier if any other changes to the property would be required if the rezoning was approved. Mr. Asselmeier stated that he was not aware of any additional required changes.

Ms. Helland noted that, after the rezoning, the owners cannot lease the home for a residential purpose or reside in the home.
Mr. Nelson asked what the Land Resource Management Plan classified this area. Mr. Asselmeier stated that the Land Resource Management Plan called for the area to be Mixed Use Business. The proposed rezoning meets the criteria of Mixed Use Business.

Mr. Rodriguez asked if the number of trailers could be limited on the property. Ms. Helland responded that, because this is a straight rezoning request with no variances, no limitations on the number of trailers could be placed on the property.

Ms. Helland reported that the fencing would go around the entire property, not just the area where the trailers and trucks were parked.

Mr. Wormley asked if there were any issues regarding inoperable vehicles. Ms. Helland stated that all of the trailers were plated. The petitioners were working on their rebuilders’ license; they cannot get this license until they secured the appropriate zoning. Discussion occurred regarding the inoperable bus. Ms. Schleining said that they would resolve the bus issue after they get their rebuilders license, which could be within sixty (60) days depending on the State’s timeline for processing the application.

Ms. Wilson asked if the petitioner plans to install signage. The petitioners would be required to follow the signage regulations in the Zoning Ordinance.

Mr. Nelson asked why Bristol Township wants to wait with commenting until after the Zoning Board of Appeals hearing. Mr. Asselmeier responded that Bristol Township wants to wait because, if they oppose this proposal, a supermajority would be required at the County Board for approval. Discussion occurred regarding Yorkville’s official opposition to the proposal.

Ms. Zubko asked if the site plan for the project would change. Mr. Wormley asked if any stormwater issues existed. Mr. Asselmeier responded that the site plan would not change unless the petitioner changed their footprint.

Ms. Wilson made a motion to approve the petition rezoning 790 Eldmain Road from A-1 Agricultural to M-1 Limited Manufacturing with the knowledge that the variance requests have been withdrawn, seconded by Mr. Nelson.

Yes – Casey, Nelson, Rodriguez, Shaw, Wilson, Wormley, and Zubko (7)
No – None
The motion passed. This proposal will go to the Zoning Board of Appeals on April 3, 2017.

OLD BUSINESS
Mr. Asselmeier presented the proposed letter from the Kendall County Regional Planning Commission to the Kendall County Forest Preserve District regarding the Forest Preserve’s compliance with the Zoning Ordinance.

Ms. Zubko suggested that Chairman Ashton be the only person to sign the letter.

Discussion occurred regarding the primary addressees of the letter. The consensus was that President Gilmour should be the first addressee and Director Guritz should be the second addressee. Each member of the Forest Preserve District should receive the letter.

Ms. Zubko made a motion to approve the letter with the following amendments:
1. Chairman Ashton shall be the only Commission member to sign the letter.
2. The letter should be addressed to President Gilmour and Director Guritz and in that order.
3. The other members of the Kendall County Forest Preserve District Board shall be given copies of the
Ms. Wilson seconded the motion.

With a voice vote of all ayes, the motion carried.

**NEW BUSINESS**
Mr. Nelson provided an update from the Ad-Hoc Zoning Ordinance Committee. The City of Plano will submit an application for a variance to the Stormwater Ordinance for their project at Foli Park. Ad-Hoc is also looking at updating the regulations for the Hearing Officer, including possibly partnering with one (1) of the municipalities. Ad-Hoc recommended that the Planning, Building and Zoning Committee explore a six (6) month moratorium on outdoor shooting ranges to allow for a review of outdoor shooting range regulations. Discussion also occurred regarding different future land uses in Plano’s Comprehensive Plan, Yorkville’s Comprehensive Plan, and the County’s Comprehensive Plan. Ad-Hoc will also work on noise regulations in the future.

Discussion occurred regarding sending Yorkville a letter regarding the changes in their future land use map. The consensus was to wait until the future land use map had been evaluated. Mr. Asselmeier will check to see if Yorkville has an annual meeting on planning issues and if Yorkville filed a formal objection regarding the rezoning at 790 Eldamain Road.

Mr. Asselmeier presented a memo regarding the special use permit identification and tracking project. This project will build on the work previously done in this area.

**REVIEW OF PETITIONS THAT WENT TO COUNTY BOARD**
None

**OTHER BUSINESS/ANNOUNCEMENTS**

SPECIAL MEMORANDUM #337

Date: March 3, 2017

To: Authorized Agents of Employers with Compensated Elected Officials Participating in IMRF

Subject: IMRF Board Resolution 2017-02-13 for Elected Officials' Participation in IMRF

The IMRF Board of Trustees has adopted Board Resolution 2017-02-13, requiring recertification of IMRF eligibility every two years for all elected positions.

This new Board rule requires all governing bodies of units of government with elected positions participating in IMRF to pass new resolutions re-affirming that the positions meet the IMRF hourly standard (either 600 or 1,000 hours per year). Hours spent at meetings, preparing for meetings, in the office, and actually conferring with constituents are counted as performance of duty and may be included in the IMRF hourly standard. Hours spent on-call or otherwise informally available to constituents do not count as performance of duty and should not be included in the IMRF hourly standard.

Regardless of the date of any existing IMRF resolution regarding eligibility of elected officials, a recertifying resolution must be passed by your employer's governing body before September 1, 2017. The governing body may use IMRF Form 6.64, "A Resolution Relating to Participation by Elected Officials in The Illinois Municipal Retirement Fund" (enclosed), or your governing body may draft and adopt its own resolution that is consistent with IMRF Form 6.64. After the resolution is adopted, it must be filed with IMRF. If IMRF does not receive a recertification, the unit of government's elected officials will no longer be eligible to participate in IMRF and will be administratively terminated by IMRF.

This IMRF Board rule was adopted because of issues related to the difficulty of determining how many hours of duty an elected position requires. Previously, IMRF required no recertification of eligibility for elected positions. If the governing body adopted a resolution for an elected position, any person holding the position could participate in IMRF, regardless of the date the resolution was passed. After IMRF began conducting employer audits, it became clear that many of the resolutions for elected positions on file with IMRF were no longer accurate statements of the hours required for the position.

The IMRF Board adopted its new rule requiring recertification of IMRF eligibility for elected positions for several reasons. First, the recertification process will give governing bodies the opportunity to review the IMRF eligibility rules that will ultimately aid their unit of government with compliance and avoid costly mistakes in enrollment. Additionally, recertification will streamline the IMRF audit process because IMRF's auditors will be able to rely on the accuracy of the recertification without requiring additional documentation. Finally, recertification will take into account modernization and legislative enactments as it recognizes that required hours of duty of an elected position can—and do—change over time as technology and legal requirements evolve.
To comply with Board Resolution 2017-02-13, all governing bodies with elected officials participating in IMRF must adopt the Initial recertification before September 1, 2017, and file it with IMRF. Afterward, the process of recertifying and filing the resolution should take place every two years. Failure to recertify will end IMRF eligibility for any elected position not recertified.

If you have questions about your elected officials’ participation in IMRF, please contact IMRF's General Counsel, Kathy O'Brien, at 630-368-5352.

Louis W. Kosiba

• Approval: Recapture Strategy Modification

Mr. Beltran stated that with the increased flexibility awarded to the loan program, loans to municipalities were now an option. As municipalities often have economic development projects in their communities they bring to the County for loans, Mr. Beltran stated it would be a sound strategy to loan it to the municipality rather than the project. This would create a low risk, low administrative burden loan for the County while giving the municipality greater local control.

Member Cullick made the motion to approve. Member Flowers seconded. Approved 4-0.

• Update: Pre-Applications

Mr. Beltran stated there was a municipality looking to do a very large loan for a project in their downtown. He stated if the exemption passed through the board he would be hoping to loan it to the municipality.
