ROLL CALL
Scott Gryder – present, Lynn Cullick - here, Jeff Wehrli - here, Bob Davidson - yes, Judy Gilmour - here, Dan Koukol - here, John Purcell - yes, Matthew Prochaska - here

Committee Members Absent: Elizabeth Flowers, John A. Shaw

Others present: David Berault, Glenn Campos, Scott Koeppel, Undersheriff Harold Martin, Dr. Amaal Tokars, and Jeff Wilkins

ITEMS OF BUSINESS

Health Insurance Update - CBIZ representative Jim Pajauskas reported that the County hosted two insurance informational and benefit fair meetings recently with an attendance of 20-30 at each meeting, and said he felt the meetings were well received. Mr. Pajauskas suggested hosting a mandatory annual informational meeting beginning next year for all employees so that insurance and benefit information can be shared accurately, and employees can be fully informed and understand the different plans and benefits.

Mr. Pajauskas also suggested reviewing ways to continue to educate employees on how to better utilize their insurance programs. If everyone continues to use the programs in the same manner, it won't resolve the issue of high claims or high premiums.

Mr. Pajauskas also briefed the committee on the affordable care act taxes and penalties, explained the Cadillac tax and the thresholds, the potential 40% premium penalty for excess above the threshold that the county would be required to pay for the affordable care act, and the risk the county could face if the other healthcare plans reach those same thresholds.

EXECUTIVE SESSION

Member Cullick made a motion to enter into executive session for the purpose of collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees, second by Member Gilmour.

Roll Call: Member Cullick – yes, Member Prochaska – aye, Member Purcell – yes, Member Wehrli – yes, Member Koukol – yes, Member Gilmour – yes, Member Davidson – yes, Member Gryder – yes.

With all in agreement, the committee entered into Executive Session at 4:21p.m.
Member Davidson made motion to reconvene into open session at 5:07 p.m., second by Member Cullick. **With all in agreement, the motion carried.**

> **County Board Oversight Restoration Ordinance** – Member Prochaska stated that this item was discussed at the last County Board meeting and was sent to the Committee of the Whole for further discussion. Discussion on article two verbiage of the document, which fee schedules this ordinance would include, which governing body has authority to raise or change Health Department fees, the elected County Board, or the County Board appointed Board of Health, and the definition of a fee versus a tax.

Member Purcell stated that if this ordinance passes, this practice of the County Board voting on the fees would be consistent with what is currently being done for GIS fees, the County Clerk fees, the Circuit Clerk fees, and the Sheriff fees, the last three whom are overseen by elected officials. Member Wehrli stated that the inconsistency in that statement is that those other offices do not have their own board or finance committee that provide oversight of their fees, and that those offices are not similar to the Health Department.

**PUBLIC COMMENT** – Audra Hendrix

**QUESTIONS FROM THE MEDIA** – None

**CHAIRMAN’S REPORT** - None

**REVIEW BOARD ACTION ITEMS** – Vice Chair Gryder asked the committee to review the December 15, 2015 Board agenda for any necessary changes or additions.

RE: U.S. Route 30 & Orchard Road Intersection

Dear Mr. Fortmann:

I am writing to express the apparent need for intersection improvements at the U.S. Route 30 and Orchard Road intersection in Montgomery, Illinois. It has recently come to my attention that engineers studying the intersection have determined that several of the traffic movements currently operate at a level-of-service “F”. As you probably know, this is a very busy intersection, with a total entering volume approaching 50,000 vehicles per day. By 2040, this volume is expected to increase over 70%. This intersection also has one of the highest accident rates in Montgomery, according to Montgomery officials.

Although IDOT is studying a larger improvement on U.S. Route 30, from Illinois Route 47 to Illinois Route 31, those improvements are not currently included in the State’s 5-year plan. Kendall County believes that intersection improvements at Orchard Road represent the single most urgent need in the overall project, and should be considered as a stand-alone project that could be advanced separately from other Route 30 improvements.

Since Kendall County has jurisdiction of the south leg of this intersection, we are interested in working with IDOT, Kane County, and the Village of Montgomery to investigate the possibility of moving forward with intersection improvements as soon as possible. The investment now will help to accommodate current needs, and should help to improve safety for the traveling public as this area continues to grow.

Sincerely,

John A. Shaw
Kendall County Board Chairman

To the Attention of: The Mayor of the Village of Montgomery

On behalf of Caterpillar’s Aurora Facility, I submit this letter in support of your efforts in the search for funding for road improvements at the intersection of Route 30 and Orchard Road in Montgomery, Illinois. As approximately 70-80% of our truck flow at the Caterpillar Facility in Aurora uses the aforementioned intersection, we are in support of the Village’s request for funding for this initiative. We submit this letter also in good faith, as many of our employees may also use this intersection when traveling to and from work each day.

Sincerely,

Ricardo Alvarez

Dear President Brolley;

I am writing in response to your comments on IDOT’s Multi-Year Program. Most specifically in reference to the improvements needed at the intersections of Route 30 and Orchard Road in your Village.

You speak specifically to the intersection having one of the highest rates of accidents in the Village. Another perspective, from our point of view, is the bottleneck that the amount of traffic at that intersection creates. This bottleneck slows response to other areas of the Village as our apparatus try to navigate the overcrowded intersection.

Year to date, we have had emergency apparatus leave our station at 2200 Galena and travel north on Orchard Road and turn West on Route 30 to service the area North and West of the intersection, 127 times. This area includes the Police Department, Stuart Sports Complex, as well as the Foxmoor and Fairfield Way subdivisions. Also year to date, apparatus has responded from that same station and turned East on Route 30, 178 times.

In the past fifteen years Kendall County has experienced a tremendous amount of growth. We feel that it is important that the infrastructure support that growth and allow for movement of emergency apparatus throughout. The Fire District would be in complete support of the recommended improvements to the above intersection.

Sincerely,

Dear Mr. Fortmann:

As Kane County Chair, I am writing to express the need that exists for intersection improvements at U.S. Route 30 and Orchard Road in Montgomery. The intersection currently functions at a level of service of “F”. U.S. Route 30 has traffic counts of more than 24,000 vehicles per day east of Orchard Road and 19,400 per day west of Orchard Road. Orchard Road is also heavily travelled in both Kane and Kendall County, with traffic counts of 26,400 north bound and 25,000 vehicles per day south bound. In 2040 these traffic volumes are projected to increase over 70%. This intersection has one of the highest rates of accidents in Montgomery, averaging more than 40 per year, including a fatality in 2012.

Currently, this intersection is included within the larger US30 from IL 47 to IL 31 “Baseline Road Study” project limits. The Baseline Road Study Preferred Alternative contemplates improvements to this intersection including dual left turn lanes and single right turn lanes on the all legs, additional lanes on Orchard Road and replacement of the bridge on Route 30 over Blackberry Creek. In addition, Orchard Road is under Kane County jurisdiction, and improvements to Orchard Road from the US 30 intersection north to Randall Road have been identified in the County’s Comprehensive Road Improvement Plan as a Multi Year project.
In order to accommodate current needs as well as future growth and safety, it is important that improvements be made at the intersection of Route 30 and Orchard Road to facilitate efficient movement through this intersection as soon as possible. While the Baseline Road Study moves forward and talks continue to expedite the intersection improvements outside the study process, I have been advised that improvements to U.S.30, including the intersection of US 30 and Orchard Road is not included in your five-year plan. I am asking that you prioritize this important project and consider moving components of the larger project to your five-year plan.

Sincerely,

Chris Lauzen
Kane County Chair

Hi Scott,

In our earlier conversation you informed me that AT&T has refused all of our requested contract modifications. You stated, however, the cost of the service is significantly less than the alternative and, as such, you would still like to present the agreement to the Board for approval. You are welcome to provide my previous memo to the Board, however, in doing so, the memo would no longer be protected under the attorney-client privilege. As you requested, and in hopes of simplifying things, I have drafted a list of our biggest concern:

1. The contract is 3 years and does not allow the County to terminate without penalty. That means, if the County needs or wants to terminate the agreement, it will likely be on the hook for paying 50% of cost for the remainder of the contract term, in addition to any other fees and expenses.
2. There are multiple provisions that add additional fees and costs. We do not know how much these additional expenses will cost (4.2, 8.4).
3. The payment provision is inconsistent with the Illinois Prompt Payment Act, and creates a late fee penalty.
4. Section 7 requires the County to indemnify and defend AT&T under certain circumstances.
5. Section 5.4 requires the County to encrypt any data it does not want AT&T to read/access. This essentially means if the County does not encrypt the data, AT&T is likely not responsible for its employees accessing it. On a related point, AT&T did not agree to our requirement that AT&T employees working on the County service be subject to background checks.
6. Section 8.2(c) permits AT&T to suspend service for a violation of the Acceptable Use Policy (AUP). The AUP includes a prohibition on the transmission of child pornography. However, this service will be used by Kendall County law enforcement, and, in order to do their job, they may be required to violate this policy, which could result in the suspension of the service for the whole County.
7. Any legal claim relating to this agreement must be brought in the State of New York.
8. AT&T did not agree to our insurance or indemnification requirements; therefore, the County may be legally and financially liable for various damages or injuries caused by or to AT&T or its employees or agents.
9. Finally, the following provisions are legally required but are missing from this agreement: Non-discrimination compliance, assurance of no competitive bidding violations, and drug free workplace requirement.

These are the major concerns the Board should be made aware of. If you would like me to forward this email to the Board in order to preserve the attorney-client privilege, I would be happy to do so. Let me know if you have additional questions.

Importance: High

Scott,

I apologize for the extended time it has taken to reply. According to legal, AT&T's approach is to not customize agreements for customers in this segment beyond adding in certain envelope terms. Therefore, this would result in rejection of your requests. Unfortunately, you will have to propose the agreement to the board without changes. Once again, I would like to apologize for the lack of response, things move very slow when legal is involved.

Scott, 

Per our conversation this morning, here is an e-mail with a brief explanation of the contract as well as our plan for the upfront credit:

The Master Agreement is an all-encompassing agreement that does not provide a specific service. The MIS agreement provides all of the terms which are the following:

- 36 month term
- Self-Install discounted at 100%
- On-Site Install discounted at 50% which would translate into $750.00 (one-time cost).
- Table 3 on page 4 of the MIS agreement has lists your pricing schedule. The monthly cost is made up of two components, Access and Port speed. For 20Mbps:
  - Access - $530.00
  - Port Speed (managed solution) - $577.00 – 62% = $219.26
  - Total Cost: $749.26
- In addition, since we were unable to meet our initial quote due to recent tariff changes, we will be issuing a credit in the amount of $1,778.04 to cover 50% of the $100.00 difference over the next 36 months. Please know that this is not included in the contract, however, this e-mail may serve as documentation
