Debbie Gillette, County Clerk & Recorder
TO: SHERIFF BAIRD  
FROM: DEPUTY COMMANDER LANGSTON  
SUBJECT: IN CAR AUDIO/VIDEO RECORDING SYSTEM RFP RESPONSE RECOMMENDATION  
DATE: 11/15/2017  
CC: AS NEEDED

Sheriff,

The need for a new in car audio/video recording system for use by the Kendall County Sheriff's Office was presented to the committee of the whole for Kendall County in May of 2017. Approval was granted to publicly post a request for proposal seeking bidders to accommodate this request. Bids were received on June 23rd 2017 and publicly opened on June 26th 2017.

After thorough review of the 4 respondents to the request for proposal previously posted, I am recommending that the Kendall County Sheriff's Office and the County of Kendall select the Getac Veretos system as bid by Brite Computers. This system meets all of the specifications required in the RFP and is the most cost effective over a 5 year period. None of the other vendors that replied to the RFP are fully compliant with the RFP specs.

In addition to my review of the RFP responses, I asked Kendall County Technology Services to assess the components of the systems that would be associated with their office and our current county network. Kendall County Technology Services responded with the following recommendation: “Since being involved in the process researching and comparing the range of products that could best fulfill needs of an in car audio and video system, Darryl Kollins and Ryan Shain have determined that the Getac In Car Audio/ Video Recording System is the best fit for the back end solution including server, application, database and storage. In addition to fulfilling our current technology requirements, the Getac In Car Audio/ Video Recording System offers a number of additional capabilities that could provide useful down the road. We have considered the other products, and with the information and knowledge we have gathered, we highly recommend we acquire the Getac In Car Audio/ Video Recording System.

Based upon this assessment and information I recommend a purchase of the Getac system from Brite Computers at a cost of $177,524. Additionally, removal and replacement of the old camera systems will cost $14,000 to communication direct. The total project startup cost including the removal and installation of the new system is projected to cost $191,524.

The attached spreadsheet further details this recommendation and includes a cost analysis for a first year purchase cost and yearly recurring costs related to storage of captured data. A summary of the applicable quotes and a vendor signed acceptance of the terms and conditions from the RFP are included.

1) The Axon system is not compliant with all the minimum specifications from the posted RFP. This system REQUIRES each squad be equipped with an MDC for the camera system to operate. If the MDC is down, the camera system will not function. The response to the RFP, indicates the system will require the purchase of cradle point (additional electronic hardware) to allow full integration and functionality of the system. 2) Digital-Ally was the system installed in the award vehicle when KCSO won the traffic safety challenge vehicle. When we demo'ed this system we were met with multiple deployment problems such as failing to record properly, back office software problems, and downloading problems. This proposal does not fully indicate what the cloud storage expenses would be for years 4 and 5. This cost could be rather expensive in the final two years rendering any savings from the upfront cost null. 3) The WatchGuard proposal was comprehensive and detailed two specs related to downloading and GPS which the system did not meet. The extended warranty and software maintenance are not included in the proposal beyond year one and had to be independently calculated. Additionally, the WatchGuard system is a hybrid requiring a fixed server on site which is a finite storage amount and requires redundancy and replacement over time. 4) The Getac proposal was compliant with all preferred specifications listed in the original RFP and includes two interview room systems. Additionally, this proposal would be the most “turn key” of all respondent manufacturers. The proposal as indicated would include outfitting the entire fleet, two interview rooms, and an unlimited cloud storage solution for all recorded data for 5 years.

Department Head and Elected Official Reports

Jill Ferko, County Treasure/Collector – Ms. Ferko told the committee that last week she sent an email to the Board with her rework of her department budget, and did not receive any feedback from anyone, and stated she was there for feedback. Member Purcell asked if she had complied with the committee’s request for reducing the budget, and said that if she had complied with the request, there was nothing further that needed to be done for the committee.

Eric Weis, County State’s Attorney – Member Purcell asked Mr. Weis for direction on how the
committee can break his budget down. Mr. Weis stated that he asked Ms. Caldwell for documentation of how increases in some budgets occurred, how it was determined, how budget cuts were determined, and why certain budgets went up and certain budgets were decreased, but has yet to receive any type of documentation or clarification of his request. Mr. Weis stated that ninety percent of his budget is salary, and there is nowhere for him to cut in his budget to reach a flat status. Mr. Weis explained fees and fines, and court fees that are included in his revenue and are set by the State of Illinois.

Mr. Weis reminded the committee about the current SAO budget, the hiring of a first Assistant State’s Attorney at the current rate, and the proposed necessary expenses that are in Mr. Weis’ budget. Mr. Weis also asked what was the determining factor by the Finance Committee to recommend to the Board, who voted on it, that certain elected officials and departments would have increases, and certain ones like the State’s Attorney’s Office would be zero. What was the decision making as to each and every budget as to how the numbers were determined?

Mr. Purcell stated that he spoke to Mr. Weis on the phone and told him what the thinking was, and that there is not a formula that applied across the board, and that they looked at every circumstance differently because all of them are unique. Mr. Purcell stated that there is no documentation, and asked when Mr. Weis would be submitting his reduced budget to Ms. Caldwell for posting. Mr. Weis stated that at this point his current submitted budget is what he believes are the necessary and reasonable expenses to run his office, and he is not expecting any reductions to his budget.

Mr. Weis again reiterated that he has asked for documentation stating why certain budgets increased, decreased or stayed the same, and the rational of the determination.

**Reports from Other Committees**

*Highway Department* – Matt Kellogg reported that the Highway Committee approved a credit card for the Highway Department/Fran Klaas. Mr. Klaas stated that they are frequently ordering parts on line, and that he didn’t feel it was right for he and his maintenance foreman to use their own personal credit cards to make department purchases. Mr. Klaas felt that a limit of $5000. would be sufficient for department needs.

*There was consensus by the committee to forward to the County Board for the November 21, 2017 County Board meeting, the approval of a credit card with a limit of $5000. to be issued to Fran Klaas/Highway Department.*

**Items of Business**

- *Fiscal Year 2018 Budget Discussion* – Discussion on the Health Department employee benefit contribution, and levy amount. Chairman Purcell spoke with Dr. Tokars last week who said that the Board of Health has not discussed the contribution at their Board meeting, and that their next Board meeting is on November 21, 2017. Mr. Purcell said that the committee needs to determine direction for the staff if the Board of Health does not give an affirmative answer to the request. Discussion on the options of reducing the Health Department levy, not approving the Health Department budget, or on doing nothing if they do not comply with the County Board’s contribution request.
The committee also discussed other departments/offices that annually reimburse or contribute to their employee benefits, such as GIS, the Forest Preserve District, VACKC and Animal Control.

Member Kellogg made a motion to recommend to the County Board that if the Health Department does not include the reimbursement of $457,000 in their budget by Wednesday, November 22, 2017, that the Board will reduce their levy to $300,000, second by Member Cullick. **With Members Davidson, Kellogg, Cullick and Purcell voting yes, and Member Hendrix voting present, the motion passed by a vote of 4-1.** Mr. Purcell asked Ms. Caldwell to send an email to Dr. Tokars with this new request and information on Friday, November 17, 2017.

Discussion on the Coroner budget and expenditure of funds over the approved budget, the Coroner’s need for Board approval to spend funds over the pre-approved budget including the areas of office equipment, scene and investigation equipment, special fund, training, and clothing allowance. Member Davidson voiced his concerns that the Coroner has not ever approached the Board regarding additional expenditures without Board approval.

Member Purcell asked if the committee would like emails sent to all department heads and elected officials for explanations of why they are over budget in certain areas including special funds. **There was consensus that Ms. Caldwell would send emails to those departments/offices that are 1000% or more over budget to explain why they are over in certain areas.**

There was consensus by the committee to schedule an additional Special Meeting for Wednesday, November 22, 2017 at 9:00a.m. immediately following the Animal Control meeting
