This fiscal year KenCom will only be paying out $753,000 and the remaining will be paid incrementally over ten years. Nelson made a motion to approve the assignment of the existing Kendall County Tyler/New World Police Records Management System Contract to KenCom subject to approval from KenCom’s Attorney and the County Board, seconded by Veseling. During discussion Witek summarized all the items being approved are additions to the current system and need to go in a sequence which requires contingent approval from the Executive Board in order to execute the steps in the proper order. L. Nelson noted County Board Finance Chair John Purcell, County Administrator Scott Koeppel, and County Board Chair Scott Gryder stated they do not see a problem with the assignment being transferred to KenCom as long as it is revenue neutral to the County. Witek stated all the items being purchased are upgrades to the existing Police Records Management System with the Sheriff’s Office and the County Board. Gilmour stated it was brought to her attention two days ago that there was a question
on whether or not KenCom should have gone out to bid and the State’s Attorney has been looking into it. Gilmour stated the problem being if KenCom should have gone out to bid and did not, it is a criminal offense. Everyone on the Executive Board can be subject to penalties and is also opening up KenCom to possible litigation from another vendor which is the purpose to her objection at this point. Gilmour wants to give the State’s Attorney longer to be able to answer the questions. L. Nelson stated KenCom’s attorney (Dallas Ingemunson) has reviewed this and he/(Ingemunson) did not feel that KenCom had to go out to bid. Witek stated he received an email from Eric Weis laying out his concerns and he replied to Weis genuinely thanking him for watching out for KenCom and that no one wants to do anything that would subject them to litigation. D. Nelson asked if KenCom’s Attorney, Dallas Ingemunson, sent a letter in writing that he does not believe KenCom needs to go out to bid and L. Nelson confirmed that he does have that letter in writing from Dallas Ingemunson and had a copy at the meeting to confirm. A roll call was taken, Hitzemann, D. Nelson, Veseling, L. Nelson, Witek, Perez and Mulliner voting aye, and Gilmour voting abstained. Motion carried.

Nelson made a motion to approve an Intergovernmental Agreement to merge the Village of Montgomery’s Tyler/New World System into KenCom’s Tyler/New World System pending approval and the approval from the Operations Board and Finance Committee, seconded by Perez. Loan Proposal – L. Nelson made a motion for KenCom to get competitive bids from local banks to secure a line of credit for a period of time with the best terms for an amount not to exceed $750,000, seconded by Perez. L. Nelson reviewed a current loan proposal he had from First National Bank. L. Nelson stated this loan would be a backup plan and he is working with Hitzemann on this. They both do not believe based on KenCom’s reserves they will not need to use the loan, but if there is an unexpected expense that comes up they would like to be prepared for that. All members present voting aye. Motion carried.
