President Wehrli reported that the refunding project is underway. Commissioner Gryder inquired into whether the District was on track for a May 1, 2016 closing date. Director Guritz reported there was a slight delay in putting out the call for underwriters, but the May 1, 2016 closing is reasonable.

Commissioner Gilmour asked about the anticipated savings. Director Guritz reported that the anticipated savings is approximately $1.1 million, resulting in an overall savings to the average taxpayer of $25 per household for an average home value of just over $200,000.

Roll call: Commissioners Cullick, Davidson, Gilmour, Gryder, Koukol, Prochaska, Purcell, Shaw, and Wehrli, aye. Opposed, none. Motion passed unanimously.

Director Guritz reported that in honor of the late Harold Schessler, The Conservation Foundation approached the District to sponsor and contribute an ecological restoration project at Schessler’s Fen valued at just under $8,300 with Bedrock Earth Landscapes, LLC. The firm carries the requisite insurance.
Commission Koukol asked whether this would require continued upkeep and maintenance. President Wehrli stated that all natural areas require ongoing restoration and management, but appreciated the significance of the contribution in terms of providing restoration assistance to the fen area to support the rare plants present at the site.

Commissioner Purcell inquired into the source of the District’s mission statement included with the Resolution. Director Guritz responded that the mission statement is a paraphrase of the stated purposes within the Illinois Downstate Forest Preserve District Act.

Commissioner Gryder inquired into whether additional costs will be incurred for ash tree clearing activities. Director Guritz stated that the bulk of clearing needs was completed last winter, where the focus was on protecting the District’s buildings and high-use areas. Ash trees continue to fall within preserve areas, with staff clearing of trees across trails expected to continue over the next few years after high wind days.

President Wehrli reported that the Stephanie’s Garden Stakeholder’s Group had met to discuss Commission directions and first-phase plans for the buildout of the nature play space at Hoover Forest Preserve, with the group planning to present plans at an upcoming Commission meeting.

V. Ellis House and Equestrian Center – Proposed License Agreement Updates
Director Guritz presented a summary of terms for the proposed license agreement to relocate a therapeutic riding program and not-for-profit to the Ellis Equestrian Center.

Director Guritz reported that the agency is a PATH (Professional Association for Therapeutic Horsemanship) member program, and retains the recommended insurance requirements recommended by the Association, which is less in certain coverage areas than the deductible limits recommended by the State’s Attorney’s Office.

Based on the attorney review, joint indemnification provisions have been removed, as this practice is not allowable for a government agency. The revised agreement also included provisions for payment of leasehold taxes under State law, which is being examined to determine what impact, if any, this would have within the agreement.

Director Guritz reported that the agency provides services for approximately 30 clients with varying disabilities. These types of programs are fairly common, with another program operating in northern Kendall County. Their clients are primarily children, but they do extend services to disabled adults as well.

As part of the agreement, the agency would relocate to Ellis. They will stall four horses at Ellis, with provisions allowing for mutual exchange of horses to support each agency’s program needs. These exchanges will need to be evaluated over the first year of operation to determine suitability of horses to extend support to each program.
The Programming and Events Committee discussed the anticipated revenues and expenses. Within the agreement, a monthly fee of $1,490 is paid to the District, with District staff extending time to support the care of the horses 5.5 days per week, with the licensee extending care on 1.5 days per week, requiring an estimated 12 hours of additional staff time per week, approximately 2 hours per day.

Commissioner Gilmour inquired into whether the therapeutic riding program would impact the District’s schedule for programs. Director Guritz stated that this has been examined. Within the agreement, both agencies agree to work together to create a shared program schedule. On high volume program days, both agencies will limit lessons and programs taking place within the shared use arenas, but both programs will be able to operate at the same time. In taking this approach, impact to programs and lessons should be minimal.

Both agencies will work to steer clear of high volume program days.

Commissioner Purcell asked who would be overseeing scheduling for the license agreement. Director Guritz stated that Amy Martin will be coordinating the schedule. Amy Martin stated that she anticipates the partnership will likely bring in additional clients to the District’s programs.

Commissioner Purcell asked whether the agreement includes provisions that would limit or preclude the agency from offering lessons to non-disabled clients. Director Guritz stated he would review the agreement to make sure that limiting language is included, but added that the agency has extended lessons to a limited number of non-disabled individuals with some immediate relation to the disabled rider, usually a parent or sibling. Commissioner Purcell stated that he would not support the agreement unless provisions limiting this extension were included, expressing that the District should not be in direct competition with the agency.

Amy Martin added that the agency runs a very different program that the District’s public program offerings, and carries a higher expense over the District’s lessons program.

The Programming and Events Committee discussed re-homing Polly. Polly is no longer a good fit for the program, and the additional stall space is needed to support the agreement.

The Programming and Events Committee discussed the ADA access improvement needs for the program. The agency is expected to cover the costs and/or secure donations for the improvements which include blocking off the wash stall for tack storage, and installing approximately 50-75 feet of sidewalk and side entrance to the indoor arena. The agency has a grant that should cover these improvements.
The Programming and Events Committee discussed the division of horse care responsibilities. Director Guritz reported that high volume program days for the agency occurs on Sunday and Monday. On these days, the agency has offered to extend horse care support on these work days. In addition, it is anticipated that the agency’s volunteers will likely extend support for horse care alongside District volunteers to support horse care activities.

Commissioner Purcell inquired into how the monthly fee was established. Director Guritz stated that the fee is based on what the agency currently pays for boarding at their current facility.

The Programming and Events Committee reviewed the monthly fees and costs. Staff costs discussed, for estimation purposes, is $9,600 including benefits representing 730 hours at $11 per hour plus 18% for extended benefits. $2,400 is anticipated for purchase of stall shavings, with an opportunity cost resulting from extending hay supplies. Amy Martin stated that each horse would need half a bale per day. With four horses, two bales per day would be needed October through April. At a market cost of $5 per bale, cost would be approximately $2,100. Based on the analysis, after costs, the District’s net would be approximately $5,000.

Based on this review, it was recommended to negotiate an increase in the initial monthly fee to $1,500 through the end of the fiscal year, with an increase to $1,600 per month (or higher) in the subsequent fiscal year, and $1,700 in the following year. Director Guritz stated he would discuss this with the agency and modify the agreement accordingly. The District also can extend other opportunities, including waived usage fees of District facilities to support the agency’s fundraising efforts.

VI. Environmental Education Program Updates

The Programming and Events Committee reviewed a report from Program Coordinator Emily Dombrowski. The Animals in Winter program that initially cancelled its program due to fees as reported at the last Committee meeting did come up with the funding to move forward, and the program received good reviews.

The Programming and Events Committee discussed a comparison of FY 15 and FY 16 program reservations for Animals in Winter. While revenues were up in FY 16, attendance was higher in FY 15. The Programming and Events Committee requested that future reports include a comparison of all programs offered over the period.

Director Guritz presented a summary report on current summer program reservations generated by Rebecca Antrim.
Director Guritz reported that Natural Beginnings is nearly full, with only two openings remaining in the 3-day afternoon program.

The Programming and Events Committee discussed the supply purchase request for two rugged digital cameras at a cost of $278 for each unit. Director Guritz stated he would request a justification from Megan Gessler prior to making the purchase.

The Programming and Events Committee discussed credit card purchases and application of reward points. Changes in how these points are applied would need to be discussed with the Treasurer’s Office.

VII. Equestrian Program Updates
The Programming and Events Committee discussed progress with integrating the new horse, Shadow, into District programs. Amy Martin reported that Shadow will be eased into program usage, with some initial training needed prior to utilizing Shadow within inexperienced rider lessons. The veterinarian’s assessment is that at 17 years of age, Shadow is in great shape for her age.

Amy Martin reported that a steady stream of lessons has continued over the winter months. Lessons are taking place on Tuesday and Thursday evenings, and Saturday and Sunday mornings, 9 am to 1 pm, with 5 lessons extended within each session on average.

Commissioner Purcell requested a comparison of FY 15 to FY 16 lessons offered.

The Programming and Events Committee discussed negative comments that were published on a District’s call for volunteers within a social media group. Director Guritz stated that addressing these types of issues that present are a team effort, with emphasis on reporting and communicating how these issues are being handled.

VIII. Facility Rental Updates – Ellis House and Meadowhawk Lodge
The Programming and Events Committee discussed facility use projections for Ellis House weddings and use of Meadowhawk Lodge. The District budgeted for 12 events, with 16 currently scheduled. Reservations for Meadowhawk Lodge currently scheduled will achieve 90% of the projected revenues for the year.

The Programming and Events Committee emphasized the need to manage staff salaries to insure that program costs fall below the program gains.

The Committee reviewed the report on weddings provided by Tina Villarreal. Based on the report, additional online marketing opportunities with “The Knot,” “Rustic Bride,” and “The Wedding Wire.”
Director Guritz attributed the increase in facility usage to marketing, word of mouth, and increase in exposure resulting from the increased number of events hosted.

The Committee reviewed the RecPro report format included with the Committee’s packets.

Finance Committee Chair Cullick called the meeting to order at 4:36 pm in the Kendall County Board Room.

II. Roll Call

Commissioners Davidson, Koukol, Wehrli, and Cullick all were present.

III. Approval of Agenda

V. Approval to Forward Claims in an Amount Not-to-Exceed $10,970.08.

Commissioner Davidson made a motion to forward claims to Commission in the amount of $10,970.08. Seconded by Commissioner Wehrli.

The Finance Committee reviewed the claims list. The Finance Committee inquired into claim #143 for electrical service at Baker Woods Forest Preserve. Marty Vick informed the Committee that there is electrical service at the pavilions off of Route 52. Commissioner Koukol stated that the Finance Committee is looking into electrical service costs at other District locations. Director Guritz stated that efforts are underway to create a spreadsheet of the District’s meters to see how charges are coming in over time, as well as looking at how often ComEd is actually reading the meters to get a better understanding of our actual usage. In review of the Meadowhawk Lodge meter, the District has four blowers running continuously. This is how the system is designed, and there’s not a clear solution for reducing usage or addressing the vent noise issue.

Commissioner Davidson inquired into claim #195 for van repairs. Director Guritz reported that the van was damaged by an animal that chewed through cables and lines. This was also the first time the van had been taken in for repairs since the initial purchase.

Commissioner Wehrli inquired into claim #199 for refuse pickup for Harris and Hoover Forest Preserves. Director Guritz stated he would look at the billing to see what was included in the billing, and the time span covered.
Finance Committee Chair Cullick called the question. Aye, all. Opposed, none. The motion was unanimously approved.

VI. Review of FY 15-16 First Quarter Financial Statements

The Finance Committee reviewed the first quarter financial statements.

Director Guritz reported that he has been working with Latreese Caldwell and Rebecca Antrim to clean up budget coding issues from the first part of the fiscal year prior to the transition to the new GL codes, and coding errors identified. For example, Hoover Forest Preserve full time salaries have been miscoded to part time salaries. The goal is to reassign costs incurred to the correct budget line items.

Director Guritz reported that under 27010001514 Farm License Revenue, on a cash basis, the District received $41,822.68 for yield payments. Within the audit, approximately $40,000 was accrued back to FY 14-15, representing the 2015 assigned farm lease payment of $30,000 received for Fox River Bluffs, and $10,000 representing the combined 2015 yield payments for the Mathre farm lease agreement.

Commissioner Gryder entered the meeting at 4:50 pm.

Latreese Caldwell distributed a separate report providing a reconciled breakdown of each of the cost centers and programs. Cost centers include Administration, Grounds and Resources, Environmental Education, Ellis House and Equestrian Center, Hoover Forest Preserve, and Natural Areas Volunteers.

Commissioner Gryder expressed appreciation for the amount of detail now available within the financial reports.

Latreese Caldwell commented that one of the advantages of the new reports is that the District will be able to track when revenues are received over the course of the year.

Commissioner Koukol commented that an example of this is with the Environmental Education cost center. The cost center is currently running a deficit of $1,027, but was not concerned about this because the bulk of revenues are anticipated for spring and fall programs, Natural Beginnings quarterly payments, and summer camps.

Director Guritz commented that as RecPro comes on line, we will be able to provide revenue forecasts based on current reservations. Current Meadowhawk Lodge reservations, for example, achieve 90% of the projected budget, with a high likelihood for exceeding revenue projections for the year. The same is true for Ellis House rentals. Director Guritz stated that Programming and Events found three online reference sites that contributed to bookings. Staff is looking at expanded marketing opportunities through these sites.
VII. Sunrise Center, Inc. – Sunrise Center North License Agreement Updates

The Finance Committee discussed a report outlining the terms for a proposed license agreement with Sunrise Center, Inc. – Sunrise Center North, a PATH-member therapeutic riding program for individuals with disabilities.

Director Guritz stated that the program is a good fit in terms of addition a new dimension of services and partnership with Sunrise Center North, and in terms of overall site capacity. Sunrise Center North needs four stalls, and the District has four stalls available.

In order to insure that the negotiated terms result in a positive net gain for the District, the Programming and Events Committee reviewed the proposed terms during the Committee’s March meeting. Based on the review, the proposed monthly license fee was increased to $1,500 for the remainder of the fiscal year, increasing again to $1,600 per month for the remaining 24 months of the agreement.

The Committee reviewed the cost breakdown within the proposed agreement. Director Guritz stated that one of the advantages of the agreement is that it extends the amount of time for horse care activities, providing an opportunity to attract volunteers on a regular basis to participate in weekly shifts.

The anticipated monthly net gain after salaries and supplies is $650. This gain is reduced if the District is required to purchase hay in any given year. Based on cost calculations should the need arise to purchase hay on the open market, net gain reduced, but still positive. This is a worst case scenario that would only materialize if the District’s hay field failed to yield all or a portion of the supply needed for that year.

Commissioner Gryder requested clarification on whether the proposed agreement requires Sunrise North to pay for any needed improvements. Director Guritz stated that this is the case, but the District will lend staffing support for the improvement projects. Anticipated projects include closing off the wash stall for storage, and installation of a sidewalk and side entrance to the indoor arena to accommodate the ADA access ramp.

Commissioner Davidson inquired into where the group is currently located. Director Guritz stated that the agency is currently located in Kendall County.

Director Guritz stated that the only challenge with the proposed agreement provisions is the potential liability resulting from the mutual exchange of use of horses to support programs.

Commissioner Koukol inquired into whether the agreement could be cancelled if Sunrise Center North failed to make monthly payments to the District. Director Guritz stated that this would result in a contract default, providing the basis for suspending or terminating the license agreement.
Commissioner Davidson suggested that if exchanging horses is problematic, an alternative approach would be to include the ability to exchange the rental of horses within the agreement provisions. This would create a separation for liability purposes.

VIII. Kendall County Transportation Alternatives Program (KC-TAP) Funding Intergovernmental Agreement Updates

Director Guritz reported that he had contacted Fran Klaas to request consideration for increasing the KC-TAP grant to $6,000 in order to cover 50% of the costs for the Route 34 trail improvement project. The intergovernmental agreement has been revised, and will come before Commission for approval once approved by Kendall County.

IX. Review of Costs for Proposed Ellis House Improvements

Farm Manager Marty Vick provided updates on repair needs for Ellis House. Mr. Vick reported that he had secured three quotes for painting and caulking, and was in process of securing comparable quotes for window replacements.

Mr. Vick reported that he has gone back to the contractors extending quotes for the windows, painting, and caulking to insure that all are quoting the same or comparable materials. As part of this effort, the Anderson 400 series, or comparable model has been specified, prefinished which includes a 10-year extended warranty.

The specification also requires a casement window in the dining room, and a fixed frame window in the bride’s room. This allows for ventilation in the dining room where this is needed. Sufficient ventilation is present in the bride’s room.

Commissioner Koukol inquired into whether quotes for a comparable Pella window had been researched. Mr. Vick reported that he did request an updated quote from the Pella contractor, but the contractor quote received was for an inferior all vinyl window model.

Commissioner Wehrli inquired into whether unit costs have been extended for any additional work that may be required. Mr. Vick reported that one of the quotes includes replacement of the window lower base board of the window frame as part of the estimate. Anticipated window replacement cost is anticipated to come in around $18,000.

For the painting and caulking, quotes range from $9,899 to $15,983. Mr. Vick is researching paint product to make sure it is approved for dryvit applications, and has requested material specifications for what was included within the quotes received.

Commissioner Cullick inquired into whether the adjustor had extended estimates for repair or replacement of the Ellis House roof. Director Guritz stated that the adjustor was on site on Friday, and that an estimate will be forthcoming and passed along to her for review and possible negotiation of a settlement for roof replacement costs.
Director Guritz thanked Mr. Vick for the additional effort with securing comparable quotes.

V. Director’s Report

Director Guritz reported that the call for proposals for an underwriter for the 2016 refund bonds has been published, with proposals due March 18 for approval at the first Commission meeting in April.

The Maramech Forest Preserve restoration project is underway, with a large-group work day scheduled for Thursday which will include cleanup and burning of the cleared honeysuckle to open up the woodland areas. Director Guritz reported he is looking into a Fish and Wildlife Service cost share program to continue restoration efforts, with a goal of clearing a rare Black Oak woodland area of the preserve.

Commissioner Gryder inquired into the current position openings. Director Guritz reported that April Morris was promoted to the part time Environmental Education Coordinator position, with a part-time Environmental Education Instructor position opening posted to fill the created vacancy as a result of April’s promotion.

Commissioner Davidson inquired into the scope of work for the bridge replacement at Richard Young. Director Guritz reported that significant bank erosion has occurred at the bridge location due to high-velocity storm waters. A longer single-span bridge is needed, with armoring of the stream bank to insure that the replacement bridge remains intact. Commissioner Davidson suggested that O’Mally’s Welding may have a bridge in storage that would suffice.
President Wehrli stated that site access is an issue that would preclude hauling in of a bridge to the site. Director Guritz stated he was looking into options for the replacement.

VI. FY 14-15 Audited Financial Statements (Matt Schueler and Brooke Woodinmiller, WIPFLi, Inc.)

Mr. Schueler reported that in the independent audit report is unmodified, or a clean opinion.

The audit includes a new pension liability reporting section.

Mr. Schueler reported that there were no compliance issues within the single audit performed for the District’s $750,000 federal grant.

Within the District’s Statement of Net Position (page 10), total assets grew from $79.9 million in 2014 to $81.9 million in 2015, with land assets accounting for just under $65 million. The District held $6.5 million in cash, deposits and investments.

The District closed the year with $46.5 million in bonded debt, reduced from $47.2 million in 2014.

The overall net position increased to just over $27 million by year’s end, consisting of the balance of net investments, restricted funds, and unrestricted assets.

Mr. Schueler reported that in accordance with the new pension liability reporting standard, deferred outflows of pension resources totaling $110,555 is recorded, with net pension liability assigned to the District of $169,075. This amount is a calculated proportion of Kendall County’s total net pension liability. The District’s and County’s pension plan is 92% funded, which indicates a well-funded plan. The Committee of the Whole discussed the overall pension liability.

Mr. Schueler summarized the Governmental Funds Balance Sheet (pages 12-14). The District’s Total Governmental fund balance is $6.3 million, of which $245,789 is considered unassigned, with the remainder restricted for debt service and capital projects. Mr. Schueler reported that the general fund balance was a deficit of ($34,000) in the prior year, with the transfer of interest earnings establishing a positive operating fund balance of $245,879. The Committee of the Whole discussed the District’s debt service fund balances.

Mr. Schueler reported that the District’s cash deposits with financial institutions (Note 3 – page 25-31) is insured and collateralized.

Mr. Schueler presented the District’s Pension and Retirement Systems report (Note 6 – Page 27). The Committee of the Whole discussed the presented report. Commissioner Purcell expressed concerns over the long-term sustainability of the pension program.
Mr. Schueler distributed a separate summary report of “Revenues by Source and Expenditures by Function for the Last Three Fiscal Years.”

The Committee of the Whole discussed the General Fund audit report (Pages 39-40). The operating fund ended with a deficit prior to the transfer of ($6,563), and post-transfer balance of $245,789. The Committee of the Whole observed that the past year’s operating fund deficit prior to transfer was ($188,248), with Matt Schueler stating that this was a tremendous improvement over the past year.

VII. Stephanie’s Garden – Hoover Nature Play Space Stakeholder’s Group – Proposed Phase I Scope of Work

Director Guritz reported on the results of the meeting with the Stephanie’s Garden Stakeholder’s Group, including discussion of policies for securing approval for phased work plans, and scope of work for the first phase build-out of the play space elements.

Director Guritz presented a report outlining the guidelines for executing a phased development of the nature play space. Guidelines and requirements proposed included:

1. Commission pre-approval for each phase of work planned.
2. Forest Foundation acceptance of donations of funding and construction materials.
3. Consultation with Upland Design to assist with defining the scope of work, ADA requirements, and development of construction drawings when needed/required.
4. Once approved by Commission, District staff will work to secure any required permits for each phase of work.

Director Guritz introduced Mr. and Mrs. Jeff and Jackie Harvey, and Lisa Casbarian to discuss the proposed first-phase construction of the nature play space. Ms. Casbarian reported that the stakeholder’s group had met to discuss next steps, with donations for excavation work and pipe fittings for construction of a water service line and mud kitchen secured, including support for constructing the drainage basin area and rain garden for the project.

Mrs. Harvey reported that development of the project began two years ago with support from Dr. Natalie Drummond and Megan Gessler working to establish the garden area with community support. Fundraising efforts have raised over $6,000 for the project held by the Forest Foundation.

Commissioner Koukol inquired into the history of past presentations on the project. Director Guritz stated that at this point, Upland Design had completed the overall site plan, and from previous meetings, Dr. Natalie Dummond had offered to assist with fundraising efforts for larger contributions to the project.

President Wehrli stated that he would be taking an active hand in providing the labor and securing donations of construction materials.

Commissioner Koukol stated that once this project gets up and running, he anticipates that contributions for future phases will be easier to come by.
Commissioner Purcell inquired into what the cost will be to the District, including ongoing maintenance. Director Guritz stated that there will be no direct costs to the District, with each element designed to limit maintenance efforts.

Consensus of the Committee of the Whole was to place a motion on the agenda for the next meeting to approve the first phase development of the site plan.

**VIII. Sunrise Center Inc. – Sunrise Center North License Agreement for the Operation of a Therapeutic Riding Program at Ellis House and Equestrian Center**

Director Guritz reported on a proposed license agreement with Sunrise Center, Inc. – Sunrise Center North for relocating their program operation to Ellis House and Equestrian Center. Kris Mondrella, Program Director for Sunrise Center North, presented an overview of their therapeutic riding program. The mission of Sunrise Center North is to provide therapeutic riding services enhancing the cognitive development and social well-being for individuals with special needs, disabled veterans, and seniors. Current clients are afflicted by autism, cerebral palsy, development delays, muscular sclerosis, muscular dystrophy, and blindness.

President Wehrli stated that the only remaining question on the agreement is whether the District’s insurance coverage will extend to programs where Sunrise Center horses are being used to support District programs.

Commissioner Davidson asked where Sunrise Center students originate. Ms. Mondrella reported that students are referred to the Center’s services from school districts, special recreation associations, and park districts. Sunrise Center is a PATH member.

Commissioner Koukol inquired into the approximate number of students enrolled. Ms. Mondrella reported that she typically extends services to 10-20 students per six-week session.

Commissioner Koukol commented that in review of the contract, Sunrise Center staff and volunteers will extend care to all horses on one and a half days each week, with the District extending care over the remaining five and a half days, and asked how this distribution was determined. Ms. Mondrella stated that Sunrise Center is actively programming on Sundays and Mondays each week, which allows for Sunrise Center staff and volunteers to extend care on those days.

Commissioner Davidson inquired into whether this agreement would require more District staff. Director Guritz reported that the increase in hours needed for horse care would be assigned to the current part time Equestrian Program Coordinator and Barn Hand and Horsemanship Instructors. Additional support will be provided by the Farm Manager, Ellis House and Equestrian Center Seasonal workers, and the Ellis House Caretaker.

Commissioner Purcell inquired into whether the license agreement monthly fees had been examined following the Programming and Events Committee meeting. Director Guritz
stated that a monthly fee increase was negotiated with Howard Nelson, Board Trustee with Sunrise Center, Inc., with the increase to $1,500 through the end of November, and $1,600 for the remainder of the term of the agreement restated in the current draft of the agreement.

Commissioner Purcell inquired into whether there were any changes in the District’s assumptions for expenses. Director Guritz stated that the opportunity cost, and market cost for the potential purchase of hay was examined. If the District experienced a poor harvest year for hay, additional cost would be incurred for purchase of hay on the open market, which would reduce the District’s overall net gain over costs for those months that hay needed to be purchased. That said, the overall agreement still results in a positive financial gain for the District.

Commissioner Purcell inquired into how Sunrise Center acceptance of non-disabled clients is regulated within the agreement. Ms. Mondrella reported that Sunrise Center North does extend lessons to a few non-disabled clients, but this is limited to family members that have expressed interest in participating alongside their family member. Ms. Mondrella stated that with few exceptions, non-disabled individuals connected with the Sunrise Center program will be referred to Ellis staff for lessons.

President Wehrli stated that this would be put to a vote next Wednesday, with Director Guritz following-up with the District’s insurance carrier.

Commissioner Gilmour inquired into whether David Berault with the State’s Attorney’s Office would be available to discuss liability concerns with the Commission. President Wehrli stated that David Berault will be present at next week’s meeting, and that Commissioners should have received an email with an invitation to discuss any of the provisions directly with the State’s Attorney’s Office.

Commissioner Purcell inquired into the costs for the ADA improvements needed to accommodate the Sunrise Center North program. Director Guritz stated that the costs for all improvements will be covered by Sunrise Center, with the District supporting efforts to secure donations and extending staff support to assist with the improvements.

IX. Baker Woods Forest Preserve Wetland Mitigation Project

Director Guritz introduced Vince Mosca, Vice President and Senior Ecologist with Hey and Associates, Inc. who presented a PowerPoint presentation and overview of the process for establishing a wetland mitigation bank, the financial and project work considerations, and the potential for establishing a wetland mitigation bank and project site at Baker Woods Forest Preserve.

In order to establish a wetland mitigation bank, an interagency committee reviews all candidate site proposals. Once approved by the interagency committee, 30% of the mitigation credits become available for sale on the open market, with the market currently supporting per-acre mitigation purchase price between $40,000 and $50,000.
Another 30% of the anticipated total credit becomes available following completion of the rehydration and seeding of the mitigation area, with the remaining 40% available once regulatory signoff is achieved.

Credit is assigned on a 1:1 basis for farmland restored to wetland, 1:4 for enhancement of existing wetland areas and 1:10 for establishment of natural area buffer zones around the restored wetland areas.

Banks can be established by private and government entities, and banks can be private or public, with private banks established to offset wetlands impacted by that particular agency.

Commission discussed the boundaries of the Rock Island District of the US Army Corps of Engineers which includes Kendall County.

Vince Mosca reported that development is on the upswing, with a need for active banks in the Rock Island District.

Ideal mitigation bank areas are located within relatively flat areas, with positive drainage from surrounding topography, with pre-existing hydric soils present. Engineering design and drainage law requires that surrounding lands will continue to drain through District property.

Commission discussed the prerequisite conditions necessary to establish a wetland mitigation bank site. Director Guritz reported that based on review of preserve land holdings, Baker Woods Forest Preserve is the only candidate site currently that fits the criteria.

President Wehrli asked Commission if they were comfortable with taking the next steps to look at the potential costs for establishing a wetland mitigation bank project at Baker Forest Preserve. While some reservations were expressed, Commission provided instruction to District staff to bring forward an initial proposal for determining project costs.

X. Kendall County Intergovernmental Agreement for Transportation Alternatives Program (KC-TAP) Funding for Route 34 Multi-Use Trail Construction

Director Guritz reported that the intergovernmental agreement has been revised with funding award from the KC-TAP program to the District increased to $6,000. Once the Kendall County Board approves the intergovernmental agreement, the agreement will be brought to Commission for approval.

XI. Meadowhawk Lodge Repairs – Wight and Company Proposal and Gallagher Basset Settlement and Release

Director Guritz presented a proposal from Wight & Company, Inc. to complete the repairs of Meadowhawk Lodge with a total cost estimate of $12,330. A settlement and release
totaling this amount has been received from the insurance carrier, Gallagher and Basset. The State’s Attorney’s Office is recommending completion of the work first in order to insure that the full cost for the repairs is known before signing off on the insurance company’s release.

XII. Review of Costs for Proposed Ellis House Improvements

Director Guritz reported that Ellis Farm Manager, Marty Vick is currently working to secure comparable quotes for the replacement of a portion of the Ellis House windows, and completion of painting and caulking of the entire house. Estimated cost for replacement windows is approximately $18,000, with a cost estimate of $9,000 - $11,000 for completion of exterior painting and caulking.

An IPMG estimator has completed an inspection of the Ellis roof damaged by the wind storm in December. Director Guritz was instructed to work with Commissioner Cullick to negotiate the cost contribution from the insurance company for the roof replacement. Once the cost share is understood, the roof replacement specifications will be developed for bidding out the project.

The Committee of the Whole discussed the proposed costs.

Commissioner Koukol stated he is concerned about the window replacement costs.

Commissioner Gryder stated he is also concerned about ongoing capital costs for Ellis House improvements.

President Wehrli reminded the Committee that Hoover Forest Preserve required a significant capital investment following acquisition.

Commissioner Purcell questioned whether the Sunrise Center would be able to operate if the Ellis House was demolished. Director Guritz stated that Sunrise Center plans to use the classroom area occasionally, but most of their program utilizes the stable and riding arena(s).

Commissioner Gilmour stated that without the Ellis House, the site would no longer attract weddings.

Commissioner Davidson suggested that demolishing the Ellis House and replacing it with a pole barn may be a good solution to the ongoing maintenance issues with the Ellis House.

Commissioner Gilmour stated that brides do not want to change in a pole barn.

XIII. Citizens to Be Heard

Jerry Bannister stated that Route 34 trail plans may be impacted by Fox River Water Metro District property changes, suggesting Commission keep an eye out for those changes. Mr. Bannister also cautioned about fecal matter and waterborne diseases issues that could be a concern with the Hoover Nature Play Space mud kitchen.
XIV. Executive Session

Commissioner Koukol made a motion to enter into executive session under 2(c)1 and 2(c)5 of the Open Meetings Act to discuss the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity; and to discuss the purchase or lease of real property for the use of the public body, including meetings held for the purpose of discussing whether a particular parcel should be acquired. Seconded by Commissioner Cullick.

Roll call: Commissioners Davidson, Gilmour, Gryder, Koukol, Prochaska, Purcell, Cullick and Wehrli, aye. Opposed, none. Executive session called to order at 7:52 pm.

Commissioner Koukol mad a motion to adjourn from Executive Session. Seconded by Commissioner Cullick. Aye, all. Regular meeting reconvened at 8:07 pm.

XV. Other Items of Business

Relocation is defined as the date that the LICENSEE’S horses are relocated to Ellis House and Equestrian Center. The LICENSEE’S first fee payment shall be prorated based on the actual date of relocation for the first month.

Beginning at the start of the next fiscal year (December 1, 2016 to November 30, 2017) the LICENSEE shall pay the DISTRICT a monthly license fee of one thousand six hundred dollars ($1,600.00) on the first day of each month, for the remainder of the License term.

LICENSEE shall pay the DISTRICT for the direct supply costs for constructing said improvements, subject to LICENSEE’S preapproval of project expenses.
1.06  **Term:** This Agreement shall be for the term of thirty two (32) months commencing from the date of execution of his agreement and ending upon November 30, 2018. LICENSEE may, subject to written approval of the DISTRICT, renew this agreement for an additional three-year term, provided that LICENSEE serves written notice thereof on the DISTRICT'S Executive Director at least 90 days prior to the expiration of the original term. This Agreement and terms, including annual License fees, will be reviewed on an annual basis, with any proposed amendments subject to approval in writing by the DISTRICT’S Board of Commissioners and the LICENSEE'S Board of Trustees.

2.00  **LICENSEE RIGHTS**

2.01  **Coordination and Scheduling:** LICENSEE shall have the exclusive responsibility for scheduling all LICENSEE activities on the LICENSED PREMISES. If LICENSEE wishes to conduct a program that extends beyond the established carrying capacity, LICENSEE shall obtain a Special Use Permit from the DISTRICT.

LICENSEE horses will be stalled during overnight hours, with the DISTRICT providing sufficient stall shavings at the DISTRICT'S cost subject to the LICENSEE'S care instructions. The DISTRICT shall clean the LICENSEE’S assigned stalls once daily Tuesday through Sunday of each week, replacing stall shavings as needed per instructions from the LICENSEE.

The LICENSEE and the DISTRICT shall cooperatively arrange and schedule for routine veterinary and farrier care services, as it is understood that the LICENSEE and DISTRICT will recognize cost efficiencies from reducing scheduled visits. The DISTRICT and the LICENSEE shall each pay veterinary
and farrier costs incurred for the horses owned by each entity separately, and professional service providers shall be directed to bill each entity separately. Any visits beyond routine appointments will be scheduled and paid in full separately by each entity for its owned horses.

2.03 Horse Use in Programs: The LICENSEE and the DISTRICT agree to extend shared use of horses to support each entity’s program services. Shared use shall be determined based on suitability for use and exchange within programs, with the understanding that the capacity of both programs will benefit from the exchange. The LICENSEE may limit access and use of LICENSEE horses should LICENSEE horse behavior or health issues warrant limiting of program exchanges. The DISTRICT may limit access and use of DISTRICT horses should DISTRICT horse behavior or health issues warrant limiting of program exchanges. LICENSEE may elect to extend training to DISTRICT horses in order to improve behavior and program suitability.

2.04 Monthly Schedule: LICENSEE and the DISTRICT will cooperate with coordination of a shared schedule of activities and programs to be held on the LICENSED PREMISES in order to enable the DISTRICT and LICENSEE to schedule and coordinate all program activities and events, as well as perform necessary maintenance, construction, and ensure site security of DISTRICT facilities. LICENSEE peak program activity is Sunday and Monday of each week, with a limited number of additional sessions scheduled on Tuesdays, Wednesdays, and Thursdays.

During the winter months where Indoor Arena use is shared, and during the summer months where Outdoor Arena use is shared (or the Indoor Arena in case of inclement weather), the DISTRICT and LICENSEE will split the arena in use into two equal areas, and the DISTRICT will limit scheduling to no more than two lesson students for participation at any one time.

LICENSEE will limit accepting reservations year-round on those dates where the DISTRICT has scheduled a birthday party or summer camp program where it is understood that the DISTRICT may have need for use of up to two of the LICENSEE’S horses to support its summer camp program subject to the provisions outlined in Section 2.03.
LICENSEE shall have the usage of the facility for all of their current riding clients, including those that are not involved in the therapeutic riding program. 2.06  **Licensee Staff and Volunteer Access:** LICENSEE shall have access to LICENSED PREMISES at all times during the LICENSEE’S programs. The LICENSEE is fully responsible for, and assumes full liability for its paid employees, staff, volunteers and patrons during all scheduled use of the LICENSED PREMISES during its therapeutic riding sessions, programmed use of facilities, and support of horse care operations and maintenance.

2.08  **Improvements:** LICENSEE may, at its expense, make or construct or cause to be constructed, alterations, repairs or other improvements to the LICENSED PREMISES, provided written approval is first obtained from the DISTRICT’S Board of Commissioners. Absent a written agreement to the contrary, LICENSEE shall not be entitled to reimbursement of the value of any improvements made to the LICENSED PREMISES.

2.10  **Licensee Staff:** LICENSEE shall employ sufficient paid staff and unpaid volunteers to operate and manage the LICENSEE’S program, and shall discipline any employee or volunteer whose conduct or activity shall, in the reasonable exercise of discretion, be deemed as detrimental to the interest of the public utilizing the LICENSED PREMISES. The DISTRICT shall also have the authority to remove any employee or volunteer from the LICENSED PREMISES in their sole discretion whenever the Executive Director determines such action to be in the DISTRICT’S best interest. LICENSEE shall establish its prices on
the basis of the following considerations: (1) that the License is intended to serve
the needs of the public at fair and reasonable cost; (2) comparability with prices
charged in the Kendall County area for similar goods or services; and (3) the
reasonableness of the prices charged in view of the cost of providing the goods
and services in compliance with the obligations assumed by the LICENSEE
under this agreement.

2.13  [Section Deleted]

2.14  Fixtures: LICENSEE shall not install any fixtures on the LICENSED
PREMISES without the written approval of the DISTRICT’S Executive Director.

a manner that its removal would result in substantial damage to the LICENSED
PREMISES. All fixtures installed by LICENSEE shall become the property of the
DISTRICT. LICENSEE shall not be entitled to reimbursement for the value of
any fixture installed on the LICENSED PREMISES.

2.15  Signs: LICENSEE may erect a sign it determines necessary for the

CONTRACT NO. 16-03-004

A PROFESSIONAL SERVICES CONTRACT TO COMPLETE REPAIRS OF MEADOWHAWK LODGE BETWEEN THE FOREST PRESERVE DISTRICT OF KENDALL COUNTY AND WIGHT & COMPANY, INC.

THIS CONTRACT is made and entered into by and between the FOREST PRESERVE DISTRICT OF KENDALL COUNTY, a body politic and corporate (hereinafter the "District"), and Wight & Company, Inc., an Illinois Corporation (hereinafter the "Contractor").

WHEREAS, the District owns Meadowhawk Lodge located in Hoover Forest Preserve; and

WHEREAS, the District has determined that it is reasonable, necessary and desirable to obtain the services of a professional firm specializing in facility design and construction to coordinate repairs and inspections of the Meadowhawk Lodge portico; and

WHEREAS, the District has had a satisfactory relationship with Wight & Company, Inc. (hereinafter the "Contractor"), as provided for in the Local Government Professional Services Selection Act, 50 ILCS 510/0.01 et seq.; and

WHEREAS, Contractor desires to provide the necessary services upon the terms set forth in the attached Proposal.

NOW, THEREFORE, in consideration of the mutual promises, terms and conditions set forth herein, the parties agree as follows:

1. Scope of Services. Contractor shall perform the services described in its proposal dated February 24, 2016, which is attached hereto and incorporated herein as Exhibit B. Contractor represents and warrants that it shall perform its services in a manner consistent with the level of care and skill customarily exercised by other professional Contractors under similar circumstances at the time the services are performed.

Where this Agreement is inconsistent with any provision of Exhibit B this Agreement shall control.

2. Compensation. The District, as compensation, agrees to pay the Lump Sum Fee as provided for in Exhibit B.

3. Additional Services. Contractor shall perform only those services specified herein. In the event Contractor or the District determines that additional services are required to complete the project, such additional services shall not be performed unless directed in writing by the District.

4. Hold Harmless and Indemnification. Contractor shall defend, hold harmless and indemnify the District, its officers, agents, employees and elected officials, from any loss, damage, demand, liability, cause of action, fine, judgment or settlement, together with all costs and expenses related thereto (including reasonable expert witness and attorney fees), that may be incurred as a result of bodily injury, sickness, death or property damage or as a result of any other claim or suit of any nature whatsoever arising from or in any manner connected with, directly or indirectly, the negligent acts, errors, omissions, or intentional acts or omissions of Contractor in performing the services provided for in this Contract or the negligent acts, errors,
omissions or intentional acts or omissions of any agent, subcontractor or Contractor hired to perform any service on behalf of Contractor. The obligation on the part of the Contractor to defend, hold harmless and indemnify the District shall survive the expiration or termination of this contract.

5. Insurance. Unless otherwise authorized in writing by the District’s Executive Director, Contractor and each of its agents, subcontractors and Contractors hired to perform any services provided for herein shall purchase and maintain during the term of this Contract insurance coverage which will satisfactorily insure Contractor and, where appropriate, the District against claims and liabilities which may arise out of the services referred to in this Contract. Such insurance shall be issued by companies authorized to do business in the State of Illinois and approved by the District.

Contractor shall procure, maintain and keep in force for the term of this Agreement policies of property, liability and if applicable, workers’ compensation and employer’s liability insurance. Such policies shall be issued by companies authorized to do business in the State of Illinois and approved by the District. All policies shall be occurrence policies. d) Workers’ compensation and employer’s liability insurance, including coverage for occupational diseases, covering all of the Contractor’s employees who perform work on the District’s property and facilities. Limits for the workers’ compensation coverage shall be those required by the applicable workers’ compensation statutes for the State of Illinois. Limits for the employer’s liability coverage shall be not less than $500,000 each accident/injury; $500,000 each employee/disease; $500,000 policy limit.

Contractor shall obtain endorsements specifically naming the District as an additional insured in the amounts specified. The endorsements shall protect and inure to the benefit of the District and its representatives including, but not limited to, its agents, officers, elected officials, and employees.
Contractor shall furnish the District with a certificate of insurance for each policy required herein. In addition, when requested by the District, Contractor shall furnish copies of the actual policies and endorsements showing the coverage enumerated herein to be provided by the Contractor. Any such certificates and policies shall provide that no change, modification or cancellation of any insurance shall become effective until the expiration of 30 days after written notice thereof shall have been given by the insurance company or companies to the District. The District’s failure to demand such certificate of insurance shall not act as a waiver of Contractor’s obligation to maintain the insurance required under this Agreement.

6. Compliance with Laws. Contractor shall comply with all applicable federal, state and local laws, rules and regulations, and with all District ordinances, rules and regulations now in force or hereafter enacted in the performance of the services required under this Contract.

7. Control of Services. The District shall not be responsible for or have control over the means, methods, techniques or procedures with respect to the performance by Contractor of the services in this Contract.

8. Termination of Contract. If Contractor fails to perform according to the terms set forth herein, the District may terminate this Contract upon seven days' written notice to Contractor. This Agreement may be terminated by the District without cause upon seven days written notice. In the event of a termination, the District shall pay Contractor for the services performed and expenses incurred as of the effective date of termination, less any sums attributable, directly or indirectly, to Contractor’s breach. The written notice required under this paragraph shall be either (a) served personally during regular business hours; (b) served by facsimile during regular business hours; (c) served by certified or registered mail, return receipt requested, addressed to the address listed at the end of this contract with postage prepaid and deposited in the United States mail or by e-mail sent to the Contractor’s Project Manager. Notice served personally, by facsimile transmission or email shall be effective upon receipt, and notice served by mail shall be effective upon receipt as verified by the United States Postal Service. Contractor shall provide the District with its Project Manager’s e-mail address upon its execution of this Agreement.

9. Recovery of Costs. In the event the District is required to institute any proceeding or action, whether legal or equitable, to enforce any provision of this Contract, the District shall be entitled to recover all costs and expenses incurred as a result of said action or proceeding, including reasonable expert witness and attorney fees.

10. Ownership of Documents & Release of Information. All records, reports, tests, studies, documents, data or other information, regardless of whether in written, electronic or other format, prepared or generated by Contractor in connection with performing the services provided for herein shall be regarded as the sole and exclusive property of the District and shall not be utilized by Contractor in any manner on other projects or distributed to third parties without the prior written consent of the District. In addition, any information provided by the District to Contractor in connection with Contractor’s performance of the services provided for herein and all information associated with Contractor’s work product shall remain confidential and shall not be disclosed to any third party without the prior written consent of the District. The parties acknowledge the importance and necessity of this provision due to the confidential nature of the above defined information. In the event that Contractor shall breach this provision,
said breach will cause the District to incur damages and losses of types and in amounts which are impossible to compute and ascertain with certainty as a basis for recovery by District for actual damages. Therefore, the parties agree that liquidated damages represent a fair, reasonable and appropriate estimate of damages. Accordingly, in lieu of actual damages for a breach of this provision, the Contractor agrees that liquidated damages may be assessed and recovered by the District as against Contractor in the event of breach of this provision. The District shall not be required to present any evidence of the amount or character of actual damages sustained or reasons thereof. Therefore, Contractor shall be liable to District for payment of liquidated damages of $5,000.00 for any breach of this confidentiality provision. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty, and the Contractor shall pay them to District without limiting District’s right to terminate this agreement for default as provided elsewhere herein.

11. FOIA. Contractor agrees to furnish all records related to this Agreement and any documentation related to the District required under an Illinois Freedom of Information Act (ILCS 140/1 et seq.) (hereinafter, “FOIA”) request within five business days after District issues notice of such request to the Contractor. Contractor agrees to not apply any costs or charge any fees to the District regarding the procurement of records required pursuant to a FOIA request except it may request and shall be paid fees authorized by the FOIA. Contractor agrees to defend, indemnify and hold harmless District and agrees to pay all reasonable costs connected therewith (including but not limited to reasonable attorney’s and witness fees, filing fees, and any other expenses) for District to defend any and all causes of action, disputes, proceedings, or conflicts arising from Contractor’s failure to furnish all documentation related to a request within five days after the District issues notice of request that District utilize a lawful exemption under FOIA in relation to any FOIA request thereby denying that request, Contractor agrees to pay all cost connected therewith (such as reasonable attorney’s and witness fees, filing fees and any other expenses) to defend any denial of a FOIA request by the Contractor’s request to utilize a lawful exemption to District.

12. Integration. The provisions set forth herein represent the entire agreement between the parties and supersede all prior agreements, promises and representations, as it is the intent of the parties to provide for a complete integration within the terms of this Contract. This Contract may be modified only by a further written agreement between the parties, and no modification shall be effective unless properly approved and executed by each party.

13. Choice of Law and Good Faith. This Contract shall be construed in accordance with the law and Constitution of the State of Illinois and if any provision is invalid for any reason such invalidations shall not render invalid other provisions which can be given effect without the invalid provision. The parties agree that the venue for any legal proceedings between them shall be the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit, State of Illinois. All terms of this agreement are subject to the covenant of good faith and fair dealing implied in all Illinois contracts.

14. Time is of the essence of this Agreement. In any action with respect to this Contract, the Parties are free to pursue any legal remedies at law or in equity and the prevailing party in litigation shall be entitled to collect reasonable attorney fees and costs (including but not limited to witness fees) from the non-prevailing party as ordered by a court of competent jurisdiction. In addition, the Contractor shall execute and complete all work as set forth in the quotes,
specifications and agreement of the parties in the best and most workmanlike manner. Final payment is to be made only when the work is completed in accordance with the quote, specifications and agreement of the parties in such a best and most workmanlike manner as determined in the sole discretion of the District.

15. Assignment. The contractor may not assign this agreement without the written consent of the District.

IN WITNESS WHEREOF, the parties have entered into this Contract as of the 16th day of March, 2016.
