DRAFT

Respectfully submitted,

David Guritz
Director, Kendall County Forest Preserve District
I. Call to Order

Finance Committee Chairman Cullick called the meeting to order at 6:36 pm in the Kendall County Board Room.

II. Roll Call

Commissioners Gryder, Wehrli, and Cullick all were present.

III. Approval of Agenda

Commissioner Gryder made a motion to approve the agenda as presented. Seconded by Commissioner Wehrli. Aye, all. Opposed, none.

IV. Citizens to be Heard

No public comments were offered by those in attendance.

V. Approval to Forward Claims in an Amount Not-to-Exceed $14,303.35.

Commissioner Wehrli made a motion to forward claims to Commission in an amount not-to-exceed $14,303.35. Seconded by Commissioner Gryder.

The Finance Committee reviewed the claim for the Chicago Wilderness Trust membership. Director Guritz stated that the District is a member agency of Chicago Wilderness. Over the past 15-years, the Trust has established regional efforts to conserve wildlife resources and natural areas in the Chicago region. The District benefits from this collaboration through support of regional conservation projects and programs. Director Guritz stated that the membership dues are typically paid earlier in the year. This payment represents dues for the 2016 membership year.

Commissioner Gryder inquired into the claim for the Ellis garage door. Director Guritz stated that the automated entry key pad needed to be replaced.

Commissioner Gryder inquired into claim #367 for pine shavings. Commissioner Wehrli stated that horse care costs are typically spread between lessons, camps and birthday parties. Director Guritz noted that the shavings are typically purchased for Sunrise Center North, and would be looking into whether the expense needed to be recoded.
The Finance Committee reviewed claim #483 for walkie-talkies. Director Guritz stated that the purchase was made to replace the walkie-talkies used for the District’s prescription burn program. After researching costs for replacement units, the District opted to purchase units similar to those used by the health department. The expense was coded to capital as part of the ComEd Green Region grant match requirement. ComEd grant funds were deposited into the capital fund for equipment purchases.

Commissioner Cullick called the question. All, aye. Opposed, none.

VI. **IDNR-OSLAD / LWCF Reimbursement Notification**

The Finance Committee reviewed a letter from the IDNR notifying the District of the pending reimbursement of $750,000 for the acquisition of the Fox River Bluffs Forest Preserve. Reimbursement is anticipated by mid-December.

Director Guritz stated that Fox River Bluffs will need to be restored within a three year timeframe. Because the restoration of Fox River Bluffs Forest Preserve will reduce the District’s operating funds by $30,000, District surplus budgets need to grow by a corresponding amount over the next three years in order to afford the loss in cropland revenue without impacting District operations.

The Finance Committee discussed possible proposed amendments to the Downstate Forest Preserve District Act to exempt District assessment by drainage districts.

VII. **Henneberry Forest Preserve Cropland Conversion Updates – Proposed Eldamain Road Corridor Tree Mitigation Site - Updates**

Director Guritz presented an update on the Kendall County Highway Department’s mitigation requirements, and development of the preliminary site tree and shrub mitigation plan for Henneberry Forest Preserve.

Director Guritz stated that use of Henneberry of the mitigation site will significantly reduce cropland conversion and restoration costs for the 45-acre parcel.

Director Guritz presented the potential species to be planted within a 10-15 acre footprint. The plan calls for expanding the woodland edge by planting trees and shrubs. Director Guritz stated that he would be reaching out to the Whitetail Ridge HOA to present the concept plans for restoration, and request access from the parcel controlled by the HOA near the intersection of Whitetail Ridge and Fairway Roads.

VIII. **Ellis Flood Damage FEMA Reimbursement Updates**

Director Guritz reported that the required paperwork has been submitted to the Illinois Emergency Management Agency to secure the reimbursement of flood damage costs incurred for the Ellis House.
IX. WIPFLI’s CPAs Audit Engagement Letter

The Finance Committee reviewed the audit engagement letter. The terms for engagement remain the same as last year, with a total cost of $7,500.00.

X. Executive Session

None.

XI. Other Items of Business

The Finance Committee discussed the term for the Hoover Supervisor and Resident lease agreement.

The Finance Committee discussed security for closing preserves at night. Chairman Cullick asked that this be examined in the upcoming year, with closer communication and cooperation with the Sheriff’s Office.

Director Guritz stated that District vehicles can also be outfitted to establish a more formidable presence at closing. Director Guritz stated that public engagement at closing is when District staff are exposed to the highest risk.

Chairman Cullick stated that President Wehrli’s hard work and leadership will be missed, thanking him for his service. President Wehrli stated that he is always available to help when needed.

XII. Citizens to Be Heard

None.

XIII. Adjournment

Commissioner Cullick made a motion to adjourn. Seconded by Commissioner Gryder. All, aye. Meeting adjourned at 7:10 pm.

Respectfully submitted,

David Guritz

RE: Hoover Residence Lease Agreement

Date: December 6, 2016

At the November 15, 2016 Commission meeting, a revised lease agreement was presented for consideration.

At the advice of the State's Attorney's Office, consideration of approval of the lease agreement was postponed to the December 6, 2016 meeting in order to first approve the termination of the current lease agreement in accordance with the terms of the agreement.

Hoover Supervisor and Resident, Jay Teckenbrock, has signed off on the early termination of the 2015 lease agreement, a copy of which is included in your packets.

The revised agreement was reviewed at the November 9, 2016 Finance Committee meeting and includes a one-year term with a monthly rent payment of $250.00 for use of the residence at Hoover effective December 6, 2016.

Recommendation

Staff recommends approval of both the termination of the December 2, 2015 lease agreement, and subsequent motion to approve the 2016-2017 amended lease agreement as presented.

Lease Agreement

THIS AGREEMENT ("Lease Agreement") is made and entered into this 6TH day of December 2016, by and between the Kendall County Forest Preserve District ("District"), a unit of local government, ("Employee-Tenant") and Jay Teckenbrock (referred to as "Tenant"), an individual currently residing at the Hoover Forest Preserve Residence, 11285 W. Fox Road, Yorkville, IL 60560, for and in consideration of the covenants and obligations contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. PURPOSE.
This Lease Agreement provides for the Tenants’ possession and use of the Grounds Supervisor and Resident House, the surrounding fenced yard, and the storage shed, located at Hoover Forest Preserve 11285 W. Fox Road, Yorkville, Illinois, 60560 (hereinafter referred to as the "Residence"), an image of which is attached as Exhibit A, during the Employee-Tenant’s employment as a Grounds Supervisor-Resident by the District. By signing this Lease Agreement, the parties affirm their agreement that Employee-Tenant is required to live at the Residence as a condition of his continued employment by the District as the Grounds Supervisor and Resident; the Residence is located on District property; and the Residence is provided for the convenience of the District by allowing Employee-Tenant to promptly respond to District needs at Hoover Forest Preserve outside of regular business hours. Also, this Lease Agreement confirms the parties’ understanding and agreement that the Tenants’ possession and use of the Residence is part of the Employee-Tenant’s total wage and benefits compensation package as Grounds Supervisor and Resident for the District. Nothing in this Lease Agreement is intended to and/or does create a contract of employment, express or implied. Employee-Tenant’s employment with the District is “at-will”, which means Employee-Tenant’s employment relationship may be terminated at any time, with or without cause.

2. PROPERTY.
2.1 Leased Property. District owns certain real property and improvements consisting of the Residence. District desires to lease the Residence to Tenants upon the terms and conditions contained herein. Tenants desire to lease the Residence from District on the terms and conditions contained herein.

2.2 Personal Property. The District and Tenants each agree that any personal property, such as equipment, furniture, or other non-fixture items, purchased by either the Tenants or the District, either prior to or during the term of this Lease Agreement shall remain the personal property of the party who furnished the funds to purchase the personal property. All personal property of the Tenants shall be removed from the Premise at the termination of this Lease Agreement, unless otherwise agreed to in writing by the parties. Tenants specifically waive any claim of damage against the District for any personal property damaged as a result of an act of nature, including, but not limited to lightning strikes and floods. District is not
responsible for providing any personal property, equipment, furniture or other non-fixture items to the Tenants.

3. TERM
3.1 Term. The term of this Lease Agreement commences on the date of both parties’ execution of this Lease Agreement and shall terminate immediately upon (a) the Employee-Tenant’s separation of employment from the District; (b) the Employee-Tenant’s reassignment to a different position at the District; or (c) one (1) year after the date of both parties’ execution of this Lease Agreement, whichever occurs first.

3.2 Upon termination of the Lease Agreement, Tenants shall immediately vacate the Residence and shall have seven (7) calendar days to remove all personal property from the Residence, unless otherwise authorized and agreed to in writing by both parties. All obligations outstanding at the time of termination shall survive the Lease Agreement.

3.3 Early Termination. Either party may terminate this Lease Agreement upon providing thirty (30) calendar days written notice to the other party. Except that both parties may agree, in writing, to terminate the Lease Agreement at anytime and waive the thirty (30) days written notice.

4. RENT
4.1 Rent. The rent for the Residence shall be four hundred sixty-four dollars and thirty-one cents ($464.31) per week. This amount includes the cost of Utilities as discussed in section 12 of this Lease Agreement. The weekly rent payment shall be due and owing on the Saturday immediately following the conclusion of the weekly rental period. For purposes of this Agreement, a week shall be Saturday through Friday. The parties agree that only a single monthly rent payment of two hundred and fifty dollars ($250.00) shall be due and owing from Tenants to the District in any month that Employee-Tenant is employed by the District. The balance of the weekly rent value shall be considered a part of the Employee-Tenant’s total compensation package during his employment with the District as Grounds Supervisor and Resident. Weekends and holidays do not delay or excuse Tenants’ obligation to timely pay rent.

4.2 Delinquent Rent. Rent is due no later than the first day of each month. If not paid by the due date, rent shall be considered overdue and delinquent. If Tenant fails to timely pay any monthly rent payment, Tenant will pay District a late charge of $25.00 per day until rent is paid in full. If the District receives the rent within two (2) calendar days of the Due Date, the District will waive the late charges for that month. Any waiver of late charges under this paragraph will not affect or diminish any other right or remedy the District may exercise for Tenants’ failure to timely pay rent.

4.3. Returned Checks. In the event any payment by Tenant is returned for insufficient funds ("NSF") or if Tenant stops payment, Tenant will pay $25.00 to District for each such check, plus late charges, as described above, which will accrue until District has received payment. Furthermore, District may require in writing that Tenants pay all future Rent payments by cash, money order, or cashier’s check.

4.4. Order in which funds are applied. The District will apply all funds received from Tenant first to any non-rent obligations of Tenant including late charges, returned check

5. SECURITY DEPOSIT.

5.1 Amount. Tenant has deposited with the District the sum of one-thousand dollars and no cents ($1,000.00), receipt of which is hereby acknowledged by the District, as security for any damage caused to the Residence during the term hereof.

5.2 Refund. Upon termination of the Lease Agreement, all funds held by the District as security deposit may be applied to the payment of accrued rent and the amount of damages that the District has suffered by reason of the Tenants’ noncompliance with the terms of this Lease Agreement or with any and all federal, State, or local laws, ordinances, rules, regulations, and orders affecting the cleanliness, use, occupancy and preservation of the Residence.

A. Deductions.
   District may deduct reasonable charges from the security deposit for:
   (1) Unpaid or accelerated rent;
   (2) Late charges;
   (3) Unpaid utilities;
   (4) Costs of cleaning, deodorizing, and repairing the Residence and its contents for which Tenants are responsible;
   (5) Pet violation charges;
   (6) Replacing unreturned keys, garage door openers, or other security devices;
   (7) The removal of unauthorized locks or fixtures installed by Tenants;
   (8) Insufficient light bulbs;
   (9) Packing, removing, and storing abandoned property;
   (10) Removing abandoned or illegally parked vehicles;
   (11) Attorney fees and costs of court incurred in any proceeding against Tenants;
   (12) Any fee due for early removal of an authorized keybox; or
   (13) Other amounts Tenants are responsible to pay under this Lease Agreement.

B. If deductions exceed the security deposit, Tenants will pay to District the excess within ten (10) calendar days after District makes written demand. The security deposit will be applied first to any non-rent items, including late charges, returned check charges, repairs, and brokerage fees, then to any unpaid rent.

6. USE OF RESIDENCE.
The Residence shall be used and occupied solely by Tenants and Tenants' immediate family. It shall be used exclusively as a private, single-family dwelling, and no part of the Residence shall be used at any time during the term of this Lease Agreement by Tenants or Tenants' immediate family for the purpose of carrying on any business (other than District business), profession, or trade of any kind, or for any purpose other than as a private, single-family dwelling. Tenants shall not allow any other person, other than Tenants' immediate family or transient relatives and friends who are guests of Tenants, to use or occupy the Residence without first obtaining District's written consent to such use or occupation. Tenants shall comply with any and all federal, State, and local laws, ordinances, rules, regulations, and orders affecting the cleanliness, use, occupancy and preservation of the Residence. Tenants

Tenants shall be in default in the event of any of the following: (a) if Tenants fails to perform any obligation to be performed by Tenants hereunder and such failure shall continue for thirty (30) calendar days after written notice by District; provided, however, if the nature of such default is such that the same cannot reasonably be cured within a thirty (30) calendar day period, then Tenants shall not be deemed to be in default if it shall commence such cure within such thirty (30) calendar day period, and, thereafter, rectify and cure such default with due diligence; or (b) if Tenants abandon or vacate the Residence or ceases to use the Residence for the stated purpose as set forth in this Lease Agreement.

8.2 Remedies in Default. In the event of a default by Tenants, District may pursue any remedies available to it at law or in equity, including injunction, at its option, without further notice or demand of any kind to Tenants or any other person. In the event of a default, the District may also immediately terminate this Lease Agreement and Tenants’ right to possession of the Residence and recover possession of the Residence and remove all persons therefrom.

9. ASSIGNMENT AND SUB-LETTING.
Tenants shall not assign this Lease Agreement, or sub-let or grant any license to use the Residence or any part thereof without the District’s prior written consent. An assignment, sub-letting, or license without the prior written consent of District or an assignment or sub-letting by operation of law shall be absolutely null and void and shall, at District's option, terminate this Lease Agreement.

10. ALTERATIONS AND IMPROVEMENTS.
Tenants shall make no structural repairs, alterations, or improvements of the Residence or construct any building or make any other improvements of the Residence without the prior written consent of District. Any and all alterations, changes, and/or improvements built, constructed, or placed on the Residence by Tenants shall, unless otherwise provided for by written agreement between District and Tenants, be at the Tenants' sole expense and shall become the sole property of the District and remain on the Residence at the termination of this Lease Agreement. District shall not be liable for, and Tenants shall not be entitled to, any damages, abatement, or reduction in rent value by reason of any interruption or failure in the supply of utilities, including, but not limited to interruptions or failures caused by lightning strikes and floods. No failure, stoppage, or interruption of any utility or service, including but not limited to lightning strikes and floods, shall be construed as an eviction of Tenants, nor shall it relieve Tenants from any obligation to perform any covenant or agreement under this Lease Agreement. In the event of any failure, stoppage, or interruption of utilities or services, District’s shall use its reasonable efforts to attempt to restore all services promptly.

12.3 Installation of Equipment. Tenants agree that they shall not install any equipment that exceeds or overloads the capacity of the utility facilities serving the Residence, and that if equipment installed by Tenants requires additional utility facilities, installation of the same shall be at Tenants’ expense, but only after District’s written approval of same.

Jeff Wehrli, President
Kendall County Forest Preserve District
111 West Fox Street
Yorkville, IL 60560

Dear Mr. Wehrli:

We are pleased to serve as your independent auditors for the Kendall County Forest Preserve District for the year ended November 30, 2016. The purpose of this Engagement Letter (this “Letter”) is to review certain details of our engagement.

Audit Services

We will audit the financial statements and the related notes to the financial statements of the governmental activities, and each major fund of the Kendall County Forest Preserve District. Accounting standards generally accepted in the United States provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Kendall County Forest Preserve District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Kendall County Forest Preserve District's RSI in accordance with auditing standards generally accepted in the United States. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial
statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis

2. Schedule of Funding Progress

3. Schedule of Employer's Contribution

4. Budgetary Comparison Schedule for General Fund

We have also been engaged to report on supplementary information other than RSI that accompanies Kendall County Forest Preserve District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States and will provide an opinion on it in relation to the financial statements as a whole:

1. Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual Bond and Interest Funds and Capital Project Funds

2. Assessed Valuations, Tax Rates, Tax Extensions, and Collections

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States (GAAP) and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on:

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.
The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Our report will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and will include tests of accounting records and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit. Our report will be addressed to management of Kendall County Forest Preserve District. We cannot provide assurance that unmodified opinions will be expressed.

Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or we may withdraw from this engagement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, Government Auditing Standards does not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there exists an unavoidable risk that some material misstatements or noncompliance may exist and not be detected by us even though our audit is properly planned and performed in accordance with GAAS and Government Auditing Standards. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial
statements. However, we will inform the appropriate level of management and you of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We may request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by auditing standards generally accepted in the United States.

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements, and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Government Auditing Standards.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and you internal control related matters that are required to be communicated under professional standards.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Kendall County Forest Preserve District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to Government Auditing Standards.
We cannot perform management functions or make management decisions on behalf of your Kendall County Forest Preserve District. However, we may provide advice and recommendations to assist management in performing its functions and fulfilling its responsibilities. We may advise management about appropriate accounting principles and their application and may assist in the preparation of the Kendall County Forest Preserve District’s financial statements, but the responsibility for the financial statements remains with management.

Management Responsibilities

Management is responsible for (a) establishing and maintaining effective internal controls, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (b) following laws and regulations; (c) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (d) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with GAAP, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under professional standards, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Management is responsible for adjusting the financial statements to correct material misstatements and for confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.
Management is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Kendall County Forest Preserve District involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. You are also responsible for informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Kendall County Forest Preserve District received in communications from employees, former employees, grantors, regulators, or others. In addition, management is responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grants. Management is also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements, or abuse that we report.

Management is responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon OR make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

As required by GAAS, at the close of the audit we will request from management certain written confirmation concerning oral and written representations made to us in connection with the audit in order to indicate and document the continuing appropriateness of such representations and reduce the possibility of misunderstanding.

If the Kendall County Forest Preserve District intends to reproduce or publish these financial statements, or any portion thereof whether in paper or electronic form subsequent to anticipated year-end filings, and make reference to our firm name in connection therewith, management agrees to provide us with proofs in sufficient time for our review and written approval before printing. If in our professional judgment the circumstances require, we may withhold our approval. The Kendall County Forest
Preserve District agrees to compensate Wipfli for the time associated with such review.

Assistance to be supplied by your personnel, including the preparation of schedules and analysis of accounts, will be discussed with you. Timely completion of this work will facilitate the completion of our engagement.

Other

We may prepare a draft of your financial statements and related notes. You will be required to review and approve those financial statements prior to their issuance and have a responsibility to be in a position in fact and appearance to make an informed judgment on those financial statements. Further, you are required to designate a qualified management-level individual to be responsible and accountable for overseeing our services.

From information you will provide, we will prepare the fixed asset depreciation schedules for the year ended November 30, 2016.

You are responsible for assuming all management responsibilities and for overseeing these services by designating an individual, preferably within senior management, with suitable skill, knowledge, and/or experience. You are responsible for evaluating the adequacy and results of the services performed and accepting responsibility for them.

Our fees will be billed as work progresses, and progress billings may be submitted. Based upon our discussions with representatives of the District, the fee for this engagement will be $7,500. Our fee has been determined based on our understanding obtained through discussions with you regarding your preparation for the engagement and your current business operations. To the extent we encounter circumstances outside of our expectations that warrant additional procedures and time, we will communicate that fact and advise you of options and the additional fees necessary to complete the engagement. We expect payment of our billings within 30 days after submission. Interest at the lesser of 1% per month or the maximum rate permitted by law, except where prohibited by law, will be charged on the portion of your balance that is over 30 days.

This engagement includes only those services specifically described in this Letter; any additional services not specified herein will be agreed to in a separate letter. This engagement is separate and discrete from our engagement to audit any prior or future years, and any such engagements are or will be covered by a separate engagement letter. In the event you request us to, or we are required to, respond to a subpoena, court order, government regulatory inquiries, or other legal process against Kendall County Forest Preserve District or its management for the production of documents and/or
testimony relative to information we obtained and/or prepared during the course of this or any prior engagements, you agree to compensate us for all time we expend in connection with such response, at our regular rates, and to reimburse us for all related out-of-pocket costs that we incur.

The working papers prepared in conjunction with our audit are our property and constitute confidential information. They will be retained by us in accordance with our policies and procedures. All of the Kendall County Forest Preserve District's original records will be returned to management at the end of this engagement. Our working papers and files are not a substitute for the original records the Kendall County Forest Preserve District should retain. We understand that we are authorized to respond directly to inquiries from the cognizant agencies including requests to review audit workpapers. Access to the requested workpapers will be provided to the cognizant agencies under the supervision of Wipfli LLP's audit personnel and at a location designed by our firm. We will notify you of any such inquiries or requests and of our reply thereto.

Matthew J. Schueler will be your audit engagement partner.

Professional and certain regulatory standards require us to be independent, in both fact and appearance. Any discussions that you have with Wipfli personnel regarding employment could pose a threat to our independence. Therefore, we request that you inform us immediately prior to any such discussions so that we can implement appropriate safeguards to maintain our independence.

In order for us to remain independent, professional and regulatory standards require us to maintain certain respective roles and relationships with you with respect to any nonattest services we may be asked to perform. Prior to performing such services in conjunction with our audit, management must acknowledge its acceptance of certain responsibilities.

Whenever possible, each provision of this Letter shall be interpreted in such a manner as to be effective and valid under applicable laws, regulations, or published interpretations, but if any provision is deemed prohibited, invalid, or otherwise unenforceable, such provision shall be ineffective only to the extent of such prohibition, invalidity, or unenforceability and such revised provision shall be made a part of this Letter. Further, the provisions of the foregoing sentence shall not invalidate the remainder of this Letter. This Letter shall be construed and governed in accordance with laws of the state in which the Wipfli office issuing this Letter is located, as determined by the address indicated on this Letter, and proper jurisdiction and venue for any matter hereunder shall be the state or federal courts of that state.

If the above terms are acceptable to you and the services outlined are in accordance with your requirements, please return a signed copy of this Letter to us.
We look forward to our continued association with you and your staff and appreciate the opportunity to serve you. Please do not hesitate to call us if you have any questions about the work we are to perform or any other aspect of the services we can provide.

Sincerely,

Wipfli LLP

Thank you for investing in your child’s future by enrolling in the Natural Beginnings Early Childhood Program from the Kendall County Forest Preserve District! We hope that you and your family find the Natural Beginnings Early Childhood Program to be a “natural” fit for your family’s educational needs. It is also our hope that you enjoy your time spent with us as much as we will enjoy taking this journey with your child.
About the Program

Mission and Goals

Mission:

To nurture whole child development through primary experiences with nature while initiating them into a life-long, meaningful relationship with the natural world.

Educational Philosophy:

Our curriculum is designed to promote learning by providing an environment that encourages discovery and experimentation. While exploring several different inquiry units throughout the year, children will have the chance to help shape the content by communicating their interests in the theme. We explore each theme by taking nature walks, studying natural phenomena, and engaging in reinforcing activities to build physical, emotional, and academic skills. Developing a love of learning is of the utmost importance to our staff and is always the basis of our curriculum. Our curriculum will include activities intended to take the children to the next level of understanding based on the children's abilities and interests. We encourage divergent thinking and reflection by asking open-ended questions and providing information in response to children's ideas and insights.

Goals:

- Foster curiosity through hands-on projects and play.
- Stimulate intellectual and physical development while participating in authentic learning opportunities.
- Develop respect and appreciation for the natural world by way of meaningful primary nature encounters.
- Encourage language development by letting children express themselves creatively.
- Develop social skills as children make friends and work collaboratively.
- Develop self confidence and a sense of success.
Facilities:

As Kendall County's largest forest preserve, Hoover Forest Preserve provides an unparalleled location for nature-based learning. Children will discover the wonder and beauty found in Hoover's nearly 350 acres of prairies, woodland trails, and creeks, as well as the Fox River. This program is designed to encourage children to explore the connections between their lives and the world around them.

By locating Natural Beginnings inside the preserve, the children have access to numerous daily experiences with plant life both inside and outside the physical classroom. Aside from daily hikes amid the native plant life, the children will tend the outdoor gardens as well as care for the indoor plants. Natural Beginning students are inspired and guided by naturalists and teachers trained in nature education and experienced in sharing their enthusiasm for the natural world.

During outdoor exploration, children frequently have the opportunity to observe native wildlife, including White-tailed deer, Cooper's Hawks, Eastern Tiger Swallowtail butterflies and hundreds more. In addition to those organic experiences, children will have daily experiences with animals inside the classroom. Children are taught the correct way of handling the classroom's educational animals and to wash their hands thoroughly after every contact. Direct contact is always under the close supervision of an educator.

We also have many other mammals, birds, reptiles, amphibians and insects visit our classroom throughout the school year some of which come from our Laws of Nature Museum.
Daily Schedule

At Natural Beginnings, we value spontaneity in activity and take advantage of the "teachable moments" that we are afforded. We also know that many children who are first experiencing regular activity away from home benefit from knowing what to expect as they are in our program. Although every day promises to be a new adventure for our class, we maintain a loose, but structured schedule with predictable events throughout the day. The following is an example of a possible classroom schedule:

Arrival: Guardians walk children to Eagle's Nest Pavilion to sign in with the teacher.

Active Play: Children could play a game, participate in large motor skill activities or perform science experiments.

Hike: Most days children will explore the vast trails or natural areas of Hoover Forest Preserve. They will discover the wonder and beauty of prairies, creeks, rivers and woodland trails. While exploring, children could be climbing, fort building, digging, engaging in water play or acting out dramatic play. Many hikes are intended to enhance the scheduled unit and will focus on various themes through the year.

Circle Time/Literacy Development: Circle time includes singing our good morning song, discussing weather, calendar or our Jolly Phonics letter of the week. Children may take part in thematic conversations, listen to stories or poems, explore movement or receive special visits from naturalists or from the Laws of Nature Museum inhabitants (animals).

Snack: This is a great time for social interaction and practicing table manners and good health and safety practices. Only healthy snacks are allowed at Natural Beginnings. Please send in either a fruit or a vegetable in reusable containers. Snack is not intended to be a meal, but rather a small snack. We will send out a class allergy list prior to the start of school. Please send in a small water bottle in your child's backpack. The bottle will need to be securely sealable as we may carry these on hikes.

Responsibilities: Children are encouraged to take ownership in tasks that help the classroom as a community. Some tasks include: animal care, plant care, sweeping and table washing.

Reinforcing Activity: Following the thematic curriculum schedule, children will study the unit further through art, crafts, journaling or science experiments.

Free Choice: Children will have the ability to choose from several different "stations" in the classroom. Examples of stations include: nature blocks, sensory activities, science experiments, dramatic play activities, math manipulatives, music and movement activities, writing activities, arts and crafts, reading activities and more. These stations change frequently throughout the year and can be based on thematic materials.

Departure: Children will wait at Eagle's Nest Pavilion for guardians to meet them, sign out, and walk the children safely back to the vehicles.
Program Information

Tuition

Tuition for 2016-2017 school year is $1,500 for 2 days a week and $1,800 for 3 days a week. There is an early payment discount of $25 if paid in full by July 21, 2017. If multiple siblings attend Natural Beginnings concurrently, you will receive a sibling discount of 10% off yearly tuition for the second child. A non-refundable registration fee of $150 is required upon registration. Installments can be made on a quarterly schedule and are due on July 21, 2017; October 20, 2017; January 19, 2018; and April 20, 2018. Installment payments set up with a credit card will be deducted automatically on the due dates. If a payment is declined, the charge will be sent through again. A $15 processing fee will be assessed when a card is declined due to negligence of updating credit card information with the business department. You will be contacted and payment will then be due within 5 days. Non-payment for class may result in a disruption of your child’s education. If paying by check and you miss the deadline, there will be a $15 late fee and you will be contacted with a 5 day grace period to pay your quarterly fee plus the late fee. Non-payment for class may result in a disruption of your child’s education. Registration fees are non-refundable. Quarterly payments are non-refundable. Tuition refunds will be granted for payments that have been made in full provided a valid physician’s written excuse is submitted or proof of relocation out of the area is submitted. Refunds will be pro-rated based upon the remaining number of quarters left in the year. Scholarships may be available if funding exists. Please see a staff member for more information.

Arrivals

All children are to be walked to the Eagle’s Nest Pavilion where you will need to sign your child in with an instructor when you arrive. Our daily outdoor activities will start promptly at 9:00am or 12:00pm. Children need to be dressed appropriately for the weather. Natural Beginnings’ responsibility for the child begins when he or she is signed in. Instructors will be ready to receive children 5 minutes prior to class. Please make sure that your child has had access to a restroom recently prior to the start of class.

Departures

We will not dismiss your child to an unauthorized person or someone not indicated on your Enrollment Form. You may add people to your list at any time. A handwritten and signed note from the parent or guardian is acceptable to add people to your list. For identification purposes, a driver’s license may be required prior to departure. All children must be signed out before leaving the premises.

Please be prompt when picking up your child. Children become worried when parents are late. If a parent is later that 15 minutes and has not called, the staff will begin to contact the child’s emergency contacts. If you are running late, please contact a staff member at the Rookery Building at 630-553-3939, text your child’s teacher, or call 630-553-4025 and have the Education Department office contact your child’s teacher via cell phone.
Speed Limit

Please respect the posted speed limit of 10mph. This protects the wildlife and your children from being injured. Classes are often out on the trails and crossing the road or walking through the parking lot. Hoover Forest Preserve is home to many local school field trips and there can be numerous classes out on any given day. Please make sure that you watch for school buses that are parked in the road with a red flashing sign. We may not pass these buses while the children are loading and unloading. When entering the forest preserve, slow down and enjoy the drive while your child looks for animals along the way.

Absences

If your child will be absent from class, please contact Natural Beginnings at 630-553-3939 or contact your child's instructor via text.

Personal Belongings

We understand that your child's personal belongings are special. Because we do not wish that their items are lost or damaged, we do not permit them in the classroom and we discourage bringing them in a backpack. Please leave all personal items at home.
Health and Safety Concerns

Communicable Diseases

The parents of any child that develops a communicable disease must notify the classroom teacher. A notice will be sent home with students in that classroom to alert parents to observe for symptoms. We will in no circumstance identify the ill child to other parents.

Medicine Administration

Prescription and non-prescription medicine may be administered during classes. You and your doctor must complete the proper forms in your registration packet. Medicines must come in original containers with directions for administration and must be marked with an expiration date indicating that the medicine is current. Please take note of expiration dates and plan accordingly to replace expiring medicine during the school year. If you wish your child to have bug spray or sunscreen, the parent or caregiver must apply it before class. Instructors are not permitted to apply these to the children.

First Aid and CPR

The staff at Natural Beginnings is fully trained in First Aid and CPR procedures. If your child gets injured while at Natural Beginnings, the instructor will administer first aid and you will be notified at pick-up or by phone after class for minor accidents. For major medical emergencies, we will contact you or your emergency contacts right away to come pick your child up or to alert you to emergency treatment. Should emergency treatment be required, staff will have your medical information on hand and follow the procedures. An accident report will be filled out by a staff member and kept on file.

First Aid equipment will be on hand at all times during class.

Keep your child home if:

- Your child has a temperature greater than 100* and continue to keep them home for 24 hours after the temperature is back to normal.
- Your child has a severe cold.
- Your child has an inflammation of the eyes.
- Your child has been vomiting or has had diarrhea.
- Your child has any rashes.
- Your child has lice.

Please notify the staff if your child will miss school. No refunds will be issued for any sick days.
Daily Screening of Illness

If your child displays obvious signs of illness, depending upon the symptoms displayed, a decision will be made on the advisability of the child remaining at Natural Beginnings. The parent or guardian will be notified if the child needs to return home. Your child will be sent home if there is a fever, vomiting, diarrhea or if he or she is not participating in the classroom or unable to walk during outdoor hikes and requires a lot of extra attention from an adult. Our main goal is to keep the children healthy by preventing unnecessary spreading of illnesses.

Proper hand washing is a simple and extremely effective way to stop the spread of unwanted germs. During class, we practice good hand washing habits before snack, after animal care and after using the bathroom.

Snacks

An additional healthy habit that we promote at Natural Beginnings is eating nutritious snacks. Your child's snacks should only consist of fresh fruits and/or vegetables. We feel that modeling a habit of eating foods that provide good nutrition is a healthy habit for life.

Allergy Information

Here at Natural Beginnings, students will come in contact with many different allergens in the natural world outside. We have a vast forest preserve to explore and numerous chances to come in contact with tree nuts, egg shells, shellfish (crayfish), pollen, seeds and grass. If your child has allergies to these things or anything else, you must make the Education Department aware of this issue prior to enrollment. While we are always vigilant about your child's safety, due to the nature of outdoor education, we may not always be able to prevent accidental contact.

Change of Address or Phone Number

Please notify the staff when you experience a change so that your emergency information can be updated.

Safety

All teachers and volunteers have undergone a thorough background check through the State of Illinois and have received training in CPR and first aid. Classroom doors will be closed and locked during class. Weather and safety drills will be practiced throughout the school year.
Class Cancellations and Weather Conditions

Natural Beginnings follows the same protocols as Yorkville School District 115 for weather related school closings. If the Yorkville School District is closed, then Natural Beginnings is closed. You can find this information on the district website or by visiting www.emergencyclosingcenter.com. We also will send out a text message. If you change cell phone numbers, please notify the staff so that we can make the change for our emergency text system. No refunds will be issued for weather related closings nor will any additional days will be added to the school calendar to make up for snow days due to the building being used for other programs immediately following the last day of school.

Since your child’s safety is our priority during class, we will not explore the outdoors during a thunderstorm with lightning, on bitterly cold days or on extremely windy days when branches might fall from trees. If there is a light rain, we will stay close to the building or indoors depending upon the instructors’ discretion.

In keeping with our educational philosophy, we wish to encourage your child to explore the outdoors at a level he or she is comfortable with. By forcing children to be outdoors in disagreeable weather, we feel that the child will not develop a desire to spend time outside. Our goal is to inspire children go outside not because they are forced to, but because they enjoy it.

Cold Weather Policy

The instructors at Natural Beginnings will make judgment calls every morning at 9am as to whether or not the children will be taking a hike or engaging in outdoor activities that morning. Several factors go into making that decision. Instructors base their decisions off of wind chill, temperature and sunlight. Due to incorrect weather forecasts or weather changes that may occur during a class allowing us to play outside later in the class, we advise that you dress your child for the weather as specified in the handbook. If temperatures fall below 15 degrees, we will stay inside, but due to the nature of our outdoor drop off, you will still need to dress your child appropriately so that they can participate in the opening activity until their friends arrive and they make their way to the building.

In extreme weather conditions, we will attempt to text parents prior to class to advise of an indoor drop off; however, due to unexpected weather conditions, we may place a weather placard at the shelter indicating an indoor drop off.
Being Prepared for Class

Clothing

Clothing should be kept simple, comfortable and washable. Students will be involved in many different types of activities while at Natural Beginnings and should be dressed accordingly. Active exploration of the outdoors is encouraged during class time and children will be permitted to splash in mud puddles, dig in the soil, make mud pies, play with paint and other things of that nature. We encourage sending your child to school in clothes that can get dirty. Discovery learning requires freedom from restrictive clothing as well. This includes tight clothing and fancy dresses. Children should wear clothing that that they can manage themselves in a washroom or in the case that they need to change into dry clothes. Students need comfortable, protective shoes with gripping soles for climbing, running and jumping. Sneakers or well fitting hiking boots are best. Sandals with closed toes and heel straps are acceptable for warm weather. Flip flops are not acceptable footwear for trails and are deemed a safety hazard. All children should be dressed appropriately for the weather. We spend much of our day outside, so please plan accordingly.

All clothing must be labeled including boots, mittens, snow pants, coats, etc. Although staff members will do their best to keep track of clothing, many look the same and Natural Beginnings is not responsible for lost articles of clothing. A lost and found is kept in the entryway in a labeled basket.

Please do not send an umbrella with your child.

Bathroom Time

Please make sure that your child has recently used the bathroom prior to drop off. The bathrooms at the Rookery also will be available for you to use with your child when you arrive. We start our day outside with outdoor play or a hike and it is conducive to the outdoor experience that we don’t interrupt the play or hike to return for bathroom visits.

Make sure that the child’s clothing is conducive for easy care in the bathroom. Elastic waist pants or shorts are great. If your child has pants with zippers, snaps or buttons, make sure that they are able to do this on their own. This will give the child a feeling of empowerment and independence.

Potty training is required for participation in Natural Beginnings. Diapers or Pull-ups may not be worn to class. Please note that if a child has several toileting accidents within a short time frame, the staff will evaluate the child’s toileting skills and speak to the parents and may suggest the child’s withdrawal from the program until he or she has mastered independent toileting skills.
Behavior Guidelines

Optimal learning occurs when there is freedom for discovery, enough structure to allow everyone to learn, and physical and emotional safety. At Natural Beginnings, we will maintain a calm atmosphere with clear expectations from everyone while allowing the freedom to engage in exploration.

To achieve this, our daily program is structured to provide enough time for children to feel satisfied in play. With enough outdoor activities, children tend to expend their energy in appropriate ways and are then ready to be less physically active and more cognitively ready when they enter the indoor classroom.

Adults will be available to help children solve social problems. Some children need to be taught the language and skills necessary for dealing with issues such as sharing. Adults will serve as models and facilitate resolutions.

Adults will intervene in an educational manner, rather than punitive, when children are having a hard time controlling themselves. We want the child to see a connection between his behavior and the consequences. Methods of discipline include clear rules, redirection, planning ahead to prevent problems, encouragement, and the use of logical and natural consequences. Techniques NOT used at Natural Beginnings are: physical punishment, threats, bribery, and other methods that would hurt, frighten, belittle, or humiliate children.

It is expected that the parents will work with teachers in helping find solutions to persistent behavioral problems. In the rare event that a child’s ongoing disruptive behavior does not improve despite the best efforts of the staff and this behavior has a continuing negative effect on the classroom climate, the Education Supervisor may determine that Natural Beginnings cannot meet the child’s needs and the child may be disenrolled from the program. No tuition will be refunded for said child’s current quarter.
**Special Events and Communication**

**Birthdays**

Birthdays are very important for most young children. Because we all would like to participate in the celebration of your child's life, the students will join together for a special birthday celebration during class. At the start of our day, the birthday child will receive a special necklace and we will sing a song for your child. Then the birthday child will hold a globe as he or she walks around the sun once for every year of his or her life. The "sun" will consist of classmates wearing orange gloves and waving their "rays". Parents are welcome to stay for this portion of the class to participate in their child's celebration. Please do not send in birthday treats due to allergy restrictions. If you would like to honor your child's birthday, please purchase something from our school wish list and we will add it to our classroom in honor of your child. To make sure that we honor children with summer birthdays, we will celebrate half-birthdays. Your child's teacher will send home a birthday calendar at the beginnings of the school year so that you know when we will celebrate your child's special day at Natural Beginnings.

**Parent Participation**

Parent involvement is critical to the development of young children and we value working as a team for the benefit of your child. This is why we have included several opportunities for parents to be participate in our Natural Beginnings program. There will be a signup sheet at the Orientation Night offering availabilities for assisting with class parties. There will be additional opportunities for parents to participate at Natural Beginnings through play-alongs, special events, fundraisers, and the Year-End Celebration.

**Photographs**

Please note that on the Enrollment Form you have signed, it states that "I give permission for my child to be interviewed/photographed/videoed for educational/news publicity purposes for use in any and all media." We have used photos in the past for our web page, the Kendall County Record, newsletters, brochures, display cases, a private parent group on Facebook and for presentations for the public to highlight Natural Beginnings. If you have any questions or reservations about this, please let us know.
Newsletters and Communication

Communication between staff and parents benefits the educational experience of children. Due to limitations on conversation during arrival and departure time, newsletters, email, phone calls, parent-teacher conferences and the private Facebook group will be the primary means used to communicate with parents. Newsletters will be sent home at the start of every season. Photos will be posted to the Facebook group every week. These forms of communication should keep you current with the happenings in your child’s classroom. If you have any additional questions, please call or email your child’s teacher.

We ask parents to keep staff notified of significant events and changes in their children’s lives. Visitors, moving, new babies, illness, divorce and death all affect a child’s life at home and at school.

Your comments, questions and concerns about the program are very important to us. Please feel free to contact a staff member and share your input. We are always looking for ways to improve our program and provide an excellent educational experience for your child.
