Clarification and exceptions to bid specs, for Kendall County Forest Preserve.

1. Delivery time could actually run beyond the 90 day requested time frame, depending upon dump body desired.
2. There is no tire pressure monitoring system on dual rear wheel trucks.
3. Memo: If you delete the tailgate salt spreader there will be no salt spreader included with this bid.

Fuel tank inspection results:

1. All of the tanks have a bit of water in the bottom and the single 550 tank has a good amount of sediment and some pretty varnished fuel inside. Other than that, the tanks are in pretty good overall shape.
2. They need a good cleaning, inside and out, as well as a new paint job. All leak and level gauges will need to be replaced as well as filters, hoses, and nozzles on all 3 pumps. The pumps will also need to be gone through as, over time, the seals and gaskets inside are surely dry rotted and will leak once put back into service. We will also inspect the meters and ensure they’re operating properly.
3. We weren’t able to determine if the power running to them is live, but there was power run out there at one point that appears to have come from the nearby building. Either way, you will need to have an electrician inspect the electrical as well as unhook them so they can be serviced. After a second look, the tanks are sitting on a concrete slab, which is a big plus! Nothing will need to be done there other than some weed clean-up and a basic clean-up of the concrete. Below I have outlined the cost associated with cleaning up each tank individually.

**1000 gal Split tank (2-500 gal compartments)**

Continuous level measurement – Ultrasonic controllers

SITRANS LUT400 series

Overview

The Siemens SITRANS LUT400 series controllers are compact, single point, long-range ultrasonic controllers for continuous level or volume measurement of liquids, slurries, and solids, and high accuracy monitoring of open channel flow.

Benefits

- Small 1/2 DIN enclosure [144 h x 144 d x 146 w mm (5.7 x 5.7 x 5.75 inch)] with standard universal mounting bracket for wall, pipe, and DIN rail, plus an optional panel mount
- Easy to use HMI display with local four-button programming, menu-driven parameters, and Wizard support for key applications
- English, German, French, Spanish, Chinese, Italian, Portuguese, and Russian texts on the HMI
- Level, Volume, OCM Flow monitoring
- Three relays combined with a suite of pump, alarm, and relay control features
- HART Communications
- EDDs for SIMATIC PDM, AMS Device Manager, and Field Communicator 375/475, plus DTM for FDTs (Field Device Tools)
- Web browser for local programming from an intuitive web-based interface
- Two discrete inputs for backup level override and pump interlock functions
- Echo profile and trend views from the local display
- Patented digital receiver for improved performance in electrically noisy applications (close proximity to VSDs)
- Real time clock with daylight savings time, supporting an integrated datalogger and energy saving algorithms for minimizing pump operation during high cost energy periods
- Removable terminal blocks for ease of wiring
- MCERTS Certified for Open Channel Flow

Application

The SITRANS LUT400 comes in three different models, depending on the application, level of performance and functionality required:

- SITRANS LUT420 Level Controller: Level or volume measurement of liquids, slurries, and solids, as well as basic pump control functions, and basic data logging capability
- SITRANS LUT430 Level, Pump and Flow Controller: Includes all features of the LUT420 plus a full suite of advanced pump control and alarm functionality, open channel flow monitoring, and basic flow data logging capability
- SITRANS LUT440 High Accuracy OCM: Our most featured, highest accuracy model. Includes all features of the LUT430, plus the industry's best accuracy (± 1 mm within 3 m), full suite of advanced control functionality, and enhanced flow logging capability

- Key applications: wet wells, reservoirs, flumes/weirs, chemical storage, liquid storage, hoppers, crusher bins, dry solids storage

The Eurotherm Chessell Model 392 provides the latest recorder technology with a proven servo motor drive system. Its quality construction and ease-of-use provide reliable, trouble-free operation. Precise attention to design, manufacturing and quality control ensures that Model 392 recorders work 'first time'. The design and solid construction of the Model 392 makes maintenance, field upgrade and the addition of features, fast, easy and affordable. The 392 is available in an IP65 rating to withstand rugged environments.

**Easy to set up**
The recorder functions can be configured quickly and easily using the six front panel keys to follow the plain English prompts which appear on the display.

Operator functions are separated from configurable items by password protection.

**Advanced features**
Custom linearisation for non-linear inputs such as pH and conductivity, permits the use of standard linear charts, eliminating the need for expensive non-linear or overprinted charts. Microprocessor power provides automatic calculation, display and recording of derived variables such as mass flow, relative humidity and BTU, as well as non-standard user-entered calculations.

**Display data**
Channel information is displayed with measured value, channel number, engineering units, 16-character (max.) tag (descriptor) and alarm information.

**Integral controllers**
The Model 392 offers two PID controllers with features such as cascade, ratio/bias, feedforward and internal setpoint generation. Dedicated auto/manual and remote/local setpoint keypads allow the user to switch easily from one control function to another.

The controllers provide simultaneous indication of setpoint, process variable and output status.

**Totalisers**
The Model 392 provides up to four integrating/totalising channels, with nine-digit resolution, for flow and power applications.

Totalisation factors, cutoff and reset on/off are entered using the keyboard, as a part of totaliser configuration. An option totaliser output relay can be used, for example, to drive electromechanical counters.

**Alarms**
Up to four alarms per channel can be configured as deviation (to 'bracket' a setpoint), rate-of-change (to predict potential problems) or absolute high/low.

**Communications**
An optional RS422 serial link provides communications with computer and/or data acquisition systems, and allows the recorder to be programmed from a control (host) computer.

David

The agreement draft is from 2012 and some of the terms of our agreements have changed since then. What costs are you trying to get a handle on? Currently our grade road crossings rent is $3,000 per year. Other than that, when maintenance is required on the crossing, you would be responsible for the cost.

Does this help?

Subject: Hoover Forest Preserve Rail Crossing - Red-lined Agreement

Good morning Elizabeth:

I will be discussing the Omnitrax rail crossing application at the District’s Finance Committee meeting next week. Have you been able to track down the red-lined agreement you spoke of for Hoover Forest Preserve? If so, it would be great to begin to get a handle on costs moving forward.

Thanks so much.

Elizabeth,

I’m not sure I’ve sent the attached final order your way or not. As far as we can tell, Omnitrax/IL Railway has not fulfilled the obligations of the ICC order, which may impact the construction completion schedule for this fall. The IDOT grant will cover all costs for the improvements.

We plan to call together a conference of the Service List representatives to determine timeframes for completing the project.

Within the order, “the maintenance costs associated with the warning devices and crossing surface at the Hoover Road grad crossing should be the responsibility of the Illinois Railway Company.”

I would assume this will impact our eventual crossing agreement with Illinois Railway.

Thanks in advance for your review.

Sincerely,

Dave

3. Agreed-upon changes, which increase or decrease the scope of services to be performed, may subject the Fees & Reimbursements set forth in Attachment C to a mutually agreeable adjustment in writing signed by both parties to the Agreement. Should any changes to relevant regulations, laws, or codes substantially affect the vendor's services or obligations, the KCFPD agrees to attempt to negotiate with the vendor for appropriate changes to the scope or price of this Agreement or both. In the event that the KCFPD and Vendor are unable to mutually agree to an adjustment in the Fees & Reimbursements and/or scope of this Agreement, the KCFPD may immediately terminate the Agreement upon providing written notice to Vendor.

In the event that the individual's criminal background investigation reveals that the individual has a conviction record that has not been sealed, expunged or impounded under Section 5.2 of the Criminal Identification Act, Vendor agrees that it shall not assign the individual to perform work at the KCFPD absent prior consent from the KCFPD. The KCFPD, at any time and in KCFPD’s sole discretion, may require Vendor to remove any individual from performing any further work under this Agreement. Should the
KCFPD have a complaint regarding the performance of the services or the behavior of Vendor's officers, employees and/or agents performing services under this Agreement, or should the KCFPD request a change in the manner in which services are being performed pursuant to this Agreement, the KCFPD shall transmit the same to the Vendor's management, who shall take immediate action and shall resolve the problem to the KCFPD's satisfaction. Vendor's failure to take immediate action and/or to resolve the problem to the KCFPD's satisfaction may result in a material breach of the Agreement.

GENERAL TERMS & CONDITIONS

1. This Agreement shall be construed in accordance with the law and Constitution of the State of Illinois and if any provision is invalid for any reason such invalidations shall not render invalid other provisions which can be given effect without the invalid provision. The parties agree that the venue for any legal proceedings between them shall be the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit, State of Illinois.

2. Vendor agrees to indemnify and hold harmless the Kendall County Forest Preserve District ("KCFPD") including their past, present, and future board members, elected officials, insurers, employees, and agents from and against claims, liabilities, obligations, losses, penalties, fines, damages, and expenses and costs relating thereto, including but not limited to reasonable attorneys’ fees and other legal expenses, which the Kendall County Forest Preserve District, their board members, elected officials, insurers, employees, and/or agents may sustain, incur or be required to pay arising out of Vendor’s performance of, or failure to adequately perform, its obligations pursuant to this Agreement.

3. Vendor will obtain and continue in force, during the term of this Agreement, all insurance as set forth below. Each insurance policy shall not be cancelled or changed without thirty (30) days prior written notice, given by the insurance carrier to KCFPD at the address set forth herein. Before starting work hereunder, Vendor shall deposit with Subscriber certificates evidencing the insurance it is to provide hereunder: (a) Worker’s Compensation and Occupational Disease Disability insurance, in compliance with the laws of the jurisdiction where the work is being performed, (b) Employer’s comprehensive general liability insurance for both personal injury and property damage in the minimum amount of $1,000,000 per occurrence and $2,000,000 aggregate per project, (c) Comprehensive business automobile liability insurance in the minimum amount of $1,000,000 combined single limit, and (d) Minimum umbrella occurrence insurance of $5,000,000 per occurrence and $5,000,000 aggregate. KCFPD shall be named as an Additional Insured on a Primary and Non-Contributory basis with respect to all liability coverage. Further, all liability and workers’ compensation policies must include a waiver of subrogation in favor of KCFPD. KCFPD shall also be designated as the certificate holder. KCFPD’s failure to demand such certificate of insurance shall not act as a waiver of Vendor’s obligation to maintain the insurance required under this Agreement. The insurance required under this Agreement does not represent that coverage and limits will necessarily be adequate to protect Vendor, nor be deemed as a limitation on Vendor’s liability to KCFPD in this Agreement.

4. Neither party will be responsible to the other for damage, loss, injury, or interruption of work if the damage, loss, injury, or interruption of work is caused solely by conditions that are beyond the reasonable control of the parties, and without the intentional misconduct or negligence, of that party (hereinafter referred to as a “force majeure event”). To the extent not within the control of either party, such force majeure events may include: acts of God, acts of any governmental authorities, labor disputes by persons other than Vendor’s employees, fire, explosions or other casualties, vandalism, riots or war, and unavailability of parts, materials, or supplies. A party claiming a force majeure event (“the claiming party”) shall promptly notify the other party in writing, describing the nature and estimated duration of the claiming party’s inability to perform due to the force majeure event. The cause of such inability to perform will be remedied by the claiming party with all reasonable dispatch.

5. Upon the occurrence of any material default or breach of Agreement by either party, the injured party (i.e., the non-breaching and/or non-defaulting party) may, at its option, upon notice to the other in writing, declare this Agreement to be in default, and at any time thereafter, so long as the other party shall have not remedied or caused to be remedied all outstanding defaults and/or breaches within a reasonable period of time as determined by the injured party, the injured party may elect, in accordance with law and any other Agreement between the parties to: (a) Proceed by appropriate court action at law or in equity to enforce performance by the defaulting party of its obligations under this Agreement and/or to recover damages for breach thereof; and/or (b) By notice in writing to the defaulting party, cancel or terminate this Agreement. For purposes of this Paragraph 5, “reasonable period of time” will be dependent on the type of service being provided but, in any event, the reasonable period of time may be no less than one hour but no more than thirty (30) calendar days.
6. In any action with respect to this Agreement, the Parties are free to pursue any legal remedies at law or in equity. The prevailing party by 75% or more of damages sought, in any action brought pursuant to this Agreement, shall be entitled to reasonable attorneys’ fees and court costs arising out of any action or claim to enforce the provisions of this Agreement. In awarding attorney fees, the Court shall not be bound by any Court fee schedule, but shall, in the interest of justice, award the full amount of costs, expenses, and attorney fees paid or incurred in good faith.

7. Notwithstanding any other provision of this Agreement, this Agreement may be terminated by the Kendall County Forest Preserve District upon written notice delivered to Vendor at least thirty (30) days prior to the effective date of termination, or by Vendor upon written notice delivered to the Kendall County Forest Preserve District at least sixty (60) days prior to the effective date of termination.

8. Vendor agrees to comply with any and all applicable federal, state or local laws and regulatory requirements and to secure such licenses as may be required for its employees and to conduct business in the state, municipality, county, or location. Such obligation includes, but is not limited to, environmental laws, civil rights laws, prevailing wage and labor laws.

9. Non-Discrimination. Vendor, its officers, employees, and agents agree not to commit unlawful discrimination and agree to comply with all applicable provisions of the Illinois Human Rights Act, Title VII of the Civil Rights Act of 1964, as amended, the Americans with Disabilities Act, the Age Discrimination in Employment Act, Section 504 of the Federal Rehabilitation Act, and all applicable rules and regulations.

10. To the extent that this Agreement may call for the construction of a “public work” within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. (“the Act”). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the “prevailing rate of wages” (hourly cash wages plus fringe benefits) in the county where the work is performed. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor’s website at: http://www.state.il.us/agency/idol/rates/rates.html. All contractors and subcontractors rendering services under this Agreement must comply with all requirements of the Act, including, but not limited to, all wage, notice and record-keeping duties.

11. Vendor, its officers, employees, and agents agree not to commit unlawful discrimination and agree to comply with all applicable provisions of the Illinois Human Rights Act, Title VII of the Civil Rights Act of 1964, as amended, the Americans with Disabilities Act, the Age Discrimination in Employment Act, Section 504 of the Federal Rehabilitation Act, and all applicable rules and regulations.

12. All services to be undertaken by Vendor shall be carried out by competent and properly trained personnel of Vendor to the highest standards and to the satisfaction of the Kendall County Forest Preserve District. No warranties implied or explicit may be waived or denied.

13. Vendor hereby waives any claim of lien against subject premises on behalf of Vendor, its officers, insurers, employees, agents, suppliers and/or sub-contractors employed by this Agreement.

14. This Agreement represents the entire understanding between the parties hereto, and any modification or amendment hereof must be made in writing, and executed by both parties hereto. Furthermore, this Agreement supersedes any prior written or oral agreements between the parties, and there are no other promises or conditions in any other agreement whether oral or written.

15. Neither party shall assign, sublet, sell, or transfer its interest in this Agreement without the prior written consent of the other.

16. Conflict of Interest: Both parties affirm no KCFPD officer or elected official has a direct or indirect pecuniary interest in Vendor or this Agreement, or, if any KCFPD officer or elected official does have a direct or indirect pecuniary interest in Vendor or this Agreement, that interest, and the procedure followed to effectuate this Agreement has and will comply with 50 ILCS 105/3.
17. KCFPD and/or Vendor's waiver of any term, condition, or covenant or breach of any term, condition, or covenant, shall not constitute a waiver of any other term, condition, or covenant, or the breach thereof.

18. Substance Abuse Prevention: Vendor and its consultants, employees, contractors, subcontractors, and agents agree to comply with all provisions of the Substance Abuse Prevention on Public Works Act, 820 ILCS 265/1 et seq. and the Illinois Drug Free Workplace Act, 30 ILCS 580/1 et seq.

19. It is understood and agreed to by Vendor that all contracts entered into by a government body, such as the KCFPD, are open to public review and as such will be kept on file and may be released pursuant to the Illinois Freedom of Information Act (5 ILCS 140, et seq.).

20. Certification. Vendor certifies that Vendor, its parent companies, subsidiaries, and affiliates are not barred from entering into this Agreement as a result of a violation of either 720 ILCS 5/33E-3 or 5/33E-4 (bid rigging or bid rotating) or as a result of a violation of 820 ILCS 130/1 et seq. (the Illinois Prevailing Wage Act).

Vendor further certifies by signing the Contract documents that Vendor, its parent companies, subsidiaries, and affiliates have not been convicted of, or are not barred for attempting to rig bids, price-fixing or attempting to fix prices as defined in the Sherman Anti-Trust Act and Clayton Act. 15 U.S.C. § 1 et seq.; and has not been convicted of or barred for bribery or attempting to bribe an officer or employee of a unit of state or local government or school district in the State of Illinois in that Officer’s or employee’s official capacity. Nor has Vendor made an admission of guilt of such conduct that is a matter of record, nor has any official, officer, agent, or employee of the company been so convicted nor made such an admission.

21. Non-Appropriation. In the event the KCFPD is in default under the Agreement because funds are not appropriated for a fiscal period subsequent to the one in which the Agreement was entered into, which are sufficient to satisfy all or part of the KCFPD's obligations under this Agreement during said fiscal period, the KCFPD agrees to provide prompt written notice of said occurrence to Vendor. In the event of a default due to non-appropriation of funds, Vendor and/or the KCFPD has the right to terminate the Agreement upon providing thirty (30) days written notice to the other party. No additional payments, penalties and/or early termination charges shall be required upon termination of the Agreement.

22. Payment. Payment shall be made in accordance with the Illinois Local Government Prompt Payment Act, as amended (50 ILCS 505/1 et seq.)

23. Counterparts. This Agreement may be executed in counterparts (including facsimile signatures), each of which shall be deemed to be an original and both of which shall constitute one and the same Agreement.

24. Authority to Execute Agreement. The KCFPD and Vendor each hereby warrant and represent that their respective signatures set forth below have been and are on the date of this Agreement duly authorized by all necessary and appropriate corporate and/or governmental action to execute this Agreement.

25. Any notice required or permitted to be given pursuant to this Agreement shall be duly given if sent by fax, certified mail, or courier service and received, in the case of notice to the KCFPD: Attention: Director, Kendall County Forest Preserve District, 110 W. RE: Policy Discussion – Affordable Care Act Requirements for Extension of Medical Insurance Benefits Coverage for District Employees Exceeding an Average of 30 Hours of Service per Week within 6-Month Measurement Periods

District leadership, under recommendation from the State’s Attorney’s Office, consulted with Jim Pajauskas, Vice President - Sales and Strategic Planning for CBIZ Employee Services Organization to review employer requirements for extension of health insurance coverage to employees exceeding 30 hours of service per week within the District’s 6-month measurement periods. The District’s six month measurement periods are January 1 through June 30 and July 1 through December 31 of each year.

1. Under the “Employer Mandate” of the Affordable Care Act, employers must offer health insurance that is affordable and provides minimum value to 95% of their full-time employees and their children up to age 26, or be subject to penalties. This applies to employers with 50 or more full-time employees, and/or full-time equivalents (FTEs). Employees who work 30 or more hours per week are considered full-time.

2. Coverage is considered “affordable” if employee contributions for employee-only coverage do not exceed a certain percentage of an employee’s household income (9.69% in 2017). Coverage is affordable if the cost of self-only coverage is less than the indexed threshold of the following:
   - Employee’s W-2 wages (reduced for any salary reductions under a 401(k) plan or cafeteria plan)
   - Employee’s monthly wages (hourly rate x 130 hours per month)
   - Federal Poverty Level for a single individual

3. Employers who fail to offer coverage to at least 95% of full-time employees and dependents may be subject to a penalty of $2,260 per full-time employee minus the first 30. Employers who offer coverage may still be subject to a penalty if the coverage is not affordable, or does not provide minimum value. (District plans currently meet minimum value). This penalty is the lesser of either $3,390 per full-time employee receiving a federal subsidy for coverage purchased on an exchange, or $2,260 per full-time employee minus the first 30. Employers must treat all employees who average 30 hours a week as full-time employees.

*Example 1: employer does not offer coverage to full-time employees:
300 Full time employees. One employee purchases coverage on the marketplace and is eligible for a federal premium subsidy. Penalty is $2,260 per full-time employee, minus the first 30 employees:
300 - 30 = 270. 270 x $2,260 = $610,200.
*Example 2: employer offers coverage that does not meet the minimum value and affordability requirements:* 300 Full time employees. 15 employee purchases coverage on the marketplace and are eligible for a federal premium subsidy. Penalty is lesser of $2,260 per full-time employee, minus the first 30 employees, OR $3,390 per full-time employee receiving a federal premium subsidy

300 - 30 = 270. 270 x $2,260 = $610,200; or, 15 x $3,390 = $50,850.

4. Employers have the ability to set the premium ratio as long as cost incurred by the employee does not exceed 9.69% of the employee’s W-2 wages, monthly wages totaling 130 hours X the employee’s hourly salary, or fall below the federal poverty level for a single individual ($11,800 per year in 2017).

*Example 3: employer offers single coverage of the lowest-cost health insurance plan where 10% of the insurance premium is deducted from the employee’s gross salary:* An employee works on average 32.5 hours per week with an hourly salary of $12 per hour, or 130 hours every 4-weeks:

$12 X 130 = $1,560 per month X 9.69%=$151.16 per month X 12 months = $1,813.96 maximum out-of-pocket annual premium cost

Current District HMO single coverage total cost = $8,908.28 X 10% employee deduction = $890.82

$890.82 is less than the maximum out of pocket annual premium cost of $1,813.96. Employer is in compliance with the ACA Employer Mandate.
KCFPD - Draft Policy for Discussion – Variable Hour Employees

Based on the facts and circumstances at the start date of the employee, if the District cannot determine whether the employee is reasonably expected to be employed on average at least 30 hours per week, the employee will be considered a variable hour employee and will not be eligible for health insurance benefits unless the employee averages 30 hours of service per week or more for a measurement period of six months from January 1st through June 30th and July 1st through December 31st of each year.

If a variable hour employee averages 30 hours of service per week or more during the any single measurement period, the employee will be eligible for to enroll in health insurance for the subsequent six month period of service. The variable hour employee will not be eligible for health insurance benefits beyond a period of six months if the employee averages less than 30 hours of service per week during the subsequent measurement period.

Variable hour employees exceeding 30 hours per week within a measurement period will be eligible to enroll in the District’s benefit programs offered to full-time employees within subsequent measurement period, with the District covering 90% of the insurance premium cost for single coverage. Variable employees may elect to decline enrollment within health insurance coverage and other benefit program options with the exception of IMRF.
CHAPTER V
BENEFITS

Section 5.1  INSURANCE – EMPLOYEES AND DEPENDENTS:

This portion of the Employee Handbook contains a very general description of the insurance benefits to which you may be eligible to receive as an employee of the County. Please understand that this general explanation is not intended to, and does not, provide you with all the details of these benefits. Summary plan descriptions (SPDs) which explain coverage of your health, dental and life insurance benefits in greater detail are available in the Office of Administrative Services. The actual plan documents, which are available by making a written request to the County Administrator, are the final authority in all matters relating to benefits described in this Employee Handbook or in the summary plan descriptions and will govern in the event of any conflict. To the extent that any of the information contained in this Employee Handbook is inconsistent with the official plan documents, the provisions of the official plan documents will govern in all cases. Nothing contained in the benefit plans described herein shall be held or construed to create a promise of employment or future benefits, or a binding contract between the County and its employees, retirees or their dependents, for benefits or for any other purpose. The County reserves the right, in its sole and absolute discretion, to amend, modify or terminate, in whole or in part, any or all of the provisions of the benefit plans described herein, including insurance carriers, health maintenance organizations, self-insurance, and/or any health benefits that may be extended to an employee’s dependents. Further, the County reserves the exclusive right, power and authority, in its sole and absolute discretion, to administer, apply and interpret the benefit plans described herein, and to decide all matters arising in connection with the operation or administration of the plan.

The County provides life insurance, accidental death and dismemberment insurance, and dental insurance to the employee and the employee’s qualified dependents. Plan documents for specific benefits are available at the Office of Administrative Services. To be eligible for these benefits, an employee must consistently work a minimum of thirty-four (34) hours per week. Dental and life insurance coverage shall commence on the first of the month after the employee has completed thirty (30) consecutive calendar days of continuous active employment with the County and shall cease on the last day of the month in which any of the following events occur: the employee’s final day of employment; when regularly scheduled hours are reduced below 34 hours per week; or upon another “qualifying event” as defined under the Consolidated Omnibus Budget Reconciliation Act (“COBRA”).

The County also provides medical and hospitalization insurance to the employee and the employee’s qualified dependents. Plan documents for specific benefits are available at the Office of Administrative Services. Dependent coverage at group rates is available. To be eligible for medical and hospitalization insurance, an eligible employee must consistently work a minimum of thirty (30) hours per week.

At the employee’s option, the employee may elect coverage through any one of the applicable health insurance plans made available by the County. An employee will have up to thirty (30) days from the start of your employment to make your health insurance plan election. Once made, the employee’s election is generally fixed for the remainder of the plan year. However, if a qualifying event (as defined under COBRA) occurs, an employee may make a mid-year change in coverage. Temporary or regular part-time employees are not eligible for health insurance, except those grandfathered under previous policy of the County.
Health insurance coverage shall commence thirty (30) calendar days following the employee’s starting date of employment and shall cease on the earlier of the following events: the employee’s final day of employment, when regularly scheduled hours are reduced below 30 hours per week, or upon another “qualifying event” as defined under the Consolidated Omnibus Budget Reconciliation Act (“COBRA”).

Information packets describing the provisions of each insurance plan will be furnished to each employee upon the employee’s commencement of employment.

A pre-tax deduction Section 125 Plan is available at the time of enrollment which allows employees to pay their share of the medical insurance premium with pre-tax dollars. The premium is taken out of the paycheck before taxes are calculated so Federal, State, Social Security or IMRF is not deducted from the premium.

All retired employees eligible to receive immediate retirement benefits from IMRF are eligible to participate until age 65 in the employer’s health plans providing they assume payment of insurance premiums. At age 65, the retired employee will become eligible for Medicare and can obtain Medicare supplemental insurance either through the employer’s health provider or a plan of their choosing at the employee’s expense.

Eligible dependents under the age of sixty-five (65) years of retired employees sixty-five (65) years of age and over may participate until age 65 in the employer’s health plans providing they assume payment of premiums.

Dental insurance may be continued for all retired employees and their dependents providing they assume payment of the insurance premium for as long as they wish coverage.

Any employee on IMRF disability is entitled to continue his coverage in the employer’s health and dental plans providing the employee assumes payment of insurance premiums.

Insurance company representatives not currently affiliated with the County are prohibited from approaching any County employee during working hours with the exception of the benefits fair held by the County for its employees.

Continuation of Medical Coverage (COBRA)

The Consolidated Omnibus Budget Reconciliation Act (COBRA) gives eligible employees and their qualified beneficiaries the opportunity to continue health insurance coverage under the County’s health plan when a “qualifying event” would normally result in the loss of eligibility. Some common qualifying events include: a reduction in the employee’s working hours; termination of employment for reasons other than gross misconduct; divorce or legal separation; death of the employee; leave of absence; and a dependent child no longer meeting eligibility requirements. Under COBRA, the employee and/or qualified beneficiary pay the full cost of coverage after a qualifying event. Under COBRA, an administration fee may be charged for continuation coverage. The County will provide the employee with written notice of their rights under COBRA when a qualifying event occurs. Failure to timely elect continued coverage under COBRA may result in a loss of continued insurance coverage.

There may be other coverage options for eligible employees and their dependents to buy coverage through the Health Insurance marketplace. The County will notify the employee of the time period for which continuation coverage may be provided, or depending upon the employee’s individual situation, the employee’s options under the Health Insurance Marketplace.
