RE: Millbrook Bridge Memorandum of Agreement
   Permit #CEMVR-OD-2018-0277
Date: October 2, 2018

The District has received the final Memorandum of Agreement from the US Army Corps of Engineers, Rock Island District. While the MOA is between the US ACoE and Illinois State Historic Preservation Office, the Kendall County Forest Preserve District is the only signatory agency required to enter the final agreement.

The Kendall County Historic Preservation Commission has expressed interest in working with the District to commission and install an Illinois State Historical Society permanent marker on location at the Shuh-Shuh-Gah Canoe Launch area.

The marker will not be considered a requirement within the final MOA. Direction was received from the Finance Committee to include the costs for the marker installation in the FY19 capital fund budget.

The Finance Committee reviewed the revised proposal requested from HLR Engineering for Phase II and Phase III project efforts. The final proposal will be reviewed at the October Committee of the Whole meeting.

Recommendation:

Consider a motion authorizing the District’s Executive Director to enter into a Memorandum of Agreement between the United States Army Corps of Engineers, Rock Island District, and the Illinois State Historic Preservation Officer regarding the Millbrook Bridge removal project located in Kendall County, Illinois, as a concurring party as required for the issuance of Permit #CEMVR-OED-2018-0277 authorizing the removal of Millbrook Bridge.

A Semper Fi management crew will mechanically spray the existing retention pond buffer with a nonselective herbicide approved for aquatic use. The goal for this application is 100% kill. A follow up treatment may be applied as directed by Kendall County Forest Preserve District. In addition to the retention pond buffer, the management crew will selectively treat goldenrod in the small prairie located just south of the retention pond. Semper Fi anticipates completing this work prior to vegetation going dormant in the fall of 2018.

Following successful herbicide application, Kendall County Forest Preserve District will perform prescribed burn management and native seed installation.
Selective Herbicide Application

Semper Fi will make four (4) maintenance visits during the growing season (April – October) to selectively treat perennial invasive species within the specified natural areas located at the Ellis House and Equestrian Center in Minooka, Illinois. Stewardship timing and methodology will be determined and directed by Semper Fi.

RE: Nelson Land Management LLC of Athens, Illinois – Maramech Forest Preserve Prescribed Burn Proposal

Date: October 2, 2018

The District has been notified of an Illinois Nature Preserves Commission restoration funding request of $15,000 for Maramech Forest Preserve to complete the removal of invasive brush species from the dedicated nature preserve’s core and buffer areas.

Beyond invasive species clearing, the top natural areas management priority identified is to complete a fall prescribed burn within the preserve’s prairies, bluffs, and flatwoods areas.

Nelson Land Management has submitted a proposal for $5,400.00 to complete a prescribed burn of the eastern portion of the preserve, including the flatwoods area.

Recommendation:

District staff recommends Commission approval of the Nelson Land Management prescribed burn proposal for an amount not-to-exceed $5,400.00 to support the pending match of the $15,000 INPC restoration funding request.

The FPD Kendall County has also begun volunteer work days to follow up on the professional management. The purpose of this proposal is to build on the stewardship that has started, and to foster a continued volunteer program. If funded, the $15,000 will pay a contractor to mechanically and chemically control invasive woody and herbaceous species in areas that may be too difficult to be handled by new volunteers.

PROJECT PREPARATION AND EXPECTATIONS

*The following is a list to help you prepare for the construction project and is considered an addendum to the contract

1. Please cover items in the attic to protect them during re-roofing projects.

2. Remove all personal belongings from/around the exterior of the house, including but not limited to patio furniture, grills, landscape lighting, decorations, etc.

3. Remove all screens from windows and doors. We are not responsible for any tears.

4. Remove all loose items from shelving and walls such as: pictures, mirrors, plates, etc. Hammering may create vibration that could shake these items off shelves and walls.

5. Although caution will be taken, some leaves or blooms and plants may be affected by the construction.

6. There are instances where minor damage to gutters is unavoidable, especially on very steep roofs or where there may be some rotten or rusted areas.

7. We do not cover nail pops on drywall and/or preexisting damage that was not covered by your claim and/or written agreement.

8. The Project Manager will do an inside inspection for preexisting damage.

9. Every effort will be taken to pick up all nails with a magnet; however, please watch for nails that may be embedded in the grass or shrubbery. Use bag on lawn mower, if possible, at least once after job is completed.

10. It will be the homeowner’s responsibility to have any TV satellite dish readjusted if the dish must be temporarily moved and reset during the construction process.

11. In the event bad decking on the roof needs replacement, we make every effort to make verbal contact with the homeowner. It is the homeowner’s responsibility to pay for replaced decking (up to 3 sheets included, additional sheets @ $45/sheet of sheathing to match existing, includes the cost of labor, material and dump fees)

12. It is the responsibility of the homeowner to secure all animals inside the house or off the property during the renovations. This is for the safety of our employees and your animal(s).

13. You will be notified by phone prior to material deliveries and installation.

14. Payment terms are as stated on the proposal.

15. Should you have any questions, feel free to call your Project Manager.
