WHEREFORE, in consideration of the following promise to pay monies as set forth in this Release, the Plaintiffs agree as follows:

1. RELEASE OF ALL CLAIMS: Plaintiffs, AUSTIN DECOWSKI and BONNY FLERLAGE, agree for the sole consideration of payment of FIVE THOUSAND DOLLARS AND NO CENTS U.S.D. ($5,000.00 U.S.D.), receipt which will be made within a reasonable time after receipt of this fully executed Release, do hereby release, acquit, and forever discharge Kendall County, Illinois, the Kendall County Sheriff’s Office, Kendall County Sheriff’s Deputy David Lawson, and any other current and/or former officer, agent, and employee of Kendall County and the Office of the Kendall County Sheriff, and any and all insurers and third party claims administrators, including the Illinois Counties Risk Management Trust ("ICRMT") and Insurance Program Managers Group ("IPMG"), their agents, servants, employees, successors, heirs, officers, directors, and privies (collectively referred to as the "Releasees"), from any and all claims, actions, causes of action, demands, rights, damages, costs, loss of services, expenses and compensation, on account of or in any way growing out of any and all injuries, known or unknown, present or which may be discovered at a future date, which Plaintiffs allege occurred on or about August 24, 2011, and which is more fully described in Plaintiffs’ Fifth Amended Complaint filed in the United States District Court for the Northern District of Illinois, 13 CV 6024.

1 _________ (Initials)
Plaintiffs understand and agree that this settlement is made solely for the purpose of compromising a doubtful and disputed claim, and that this settlement and the payment made pursuant thereto shall not be construed as an admission of liability on the part of Kendall County, Illinois, the Kendall County Sheriff's Office, David Lawson, or any of the Releasees hereinabove referenced, and that the County, the Kendall County Sheriff's Office, and David Lawson, continue to deny any and all liability with respect to Plaintiffs' allegations made in this litigation and intend merely to avoid the cost of further litigation related to this Action.

Plaintiffs fully understand that any injuries allegedly sustained by them on or about August 24, 2011, are or may be permanent and progressive in nature and that recovery therefrom may be uncertain and that there may be unknown or undetermined injuries, losses, medical expenses, and other expenses or damages resulting, and that in executing this Release it is understood and agreed that this Release is a final release and is intended to include all such undetermined or future injuries, losses, medical expenses, and other expenses or damages.

2. **ATTORNEYS' FEES AND COSTS:** The payment herein to be made to Plaintiffs, pursuant to this Release, is in full and final settlement and satisfaction of all claims, expressly including any and all of Plaintiffs' attorneys' fees and costs associated with this litigation. This payment fully satisfies any obligation or lien that Defendants or Releasees have or may have to the law firm of Dentons US LLP, Harold C. Hirschman, R. Cantrell Jones, or any attorney employed by or associated with said law firm, or that may have previously represented Plaintiffs in connection with this Action, for attorneys' fees and costs. Plaintiffs agree that they shall bear their own costs in bringing this Action, including any costs associated with experts and attorneys.

3. **INDEMNITY AND HOLD HARMLESS:** Plaintiffs agree to indemnify and hold harmless Defendants and Releasees from any and all costs, fees, hospital or healthcare liens, subrogation or reimbursement liens associated with any hospital, clinic, or physician for medical care and treatment, bills, expenses, liabilities, and losses, which have been or might be incurred as a result of any past or future medical care and treatment for any claim of injury made by Plaintiffs in this litigation, and that any such bills, liens, or expenses will be fully paid, satisfied and released from the settlement proceeds, or otherwise held in trust, unless and until such time as said liens and/or claims have been fully paid, satisfied or released.

Further, Plaintiffs agree that they shall be solely responsible for, and promise and agree to pay, any income or other taxes, interest or penalties owed with respect to the proceeds made pursuant to this Release, and will indemnify and hold harmless Defendants and Releasees from and against any interest, penalties or taxes as a result of Plaintiffs' failure to report and pay any taxes due on any of the payments.
4. NO ADMISSION OF LIABILITY: Plaintiffs understand and agree that the settlement of their claims and all payments made pursuant thereto are made for the sole purpose of settlement and compromise only, to avoid the cost and expense, uncertainty and time associated with further litigation, and without any admission by Kendall County, the Kendall County Sheriff’s Office, or David Lawson, as to fault, liability, or wrongdoing, all of which are expressly denied.

Further, this Release is not and shall not be construed as evidence of or an admission by any Defendant or Releasee hereto that any claim or fact alleged by Plaintiffs in this litigation is true or correct. Neither this Release nor any of its terms shall be offered or received in evidence in any other action or proceeding or utilized in any manner whatsoever by Plaintiffs or any third party as an admission or concession of liability or wrongdoing on behalf of any of the Defendants or Releasees.

5. DISMISSAL: Plaintiffs agree to the prompt dismissal of KENDALL COUNTY and DAVID LAWSON as parties to this Action, to wit: 13 CV 6024, with prejudice, and to take any and all actions necessary to effect said dismissal, with prejudice, including filing the appropriate Motions with the United States District Court for the Northern District.

6. CHOICE OF LAW: Plaintiffs agree that this Release shall be governed by and construed and interpreted according to federal law and the laws of the State of Illinois. In the event of a conflict between federal and Illinois law, then federal law shall control.

7. ENTIRE AGREEMENT: Plaintiffs agree that this Release contains all of the terms and conditions to which they have agreed to immediately dismiss Defendants and Releases from the litigation described above.

Plaintiffs, AUSTIN DECOWSKI and BONNY FLELAGE, by execution of this Release, represent that they have read the entire document before affixing his or her signature thereto, that they had an opportunity to consult their attorneys prior to the execution thereof, that they fully understand the terms and conditions of this Release, including the payment of Plaintiffs’ attorneys fees, and are voluntarily and freely executing this Release in consideration for the payment to be made as set forth herein this Release, and that no additional promises, consideration, or payment has been promised to them for executing and signing this Release.

PETITIONS
1. 15-17 Kevin Calder
Request: Special Use to allow a landscaping business in an A-1 Zoning District
Location: 9923 Walker Road in Kendall Township
Mr. Sterrett summarized the zoning request, which is a request for a special use to operate a landscaping business on a 5 acre agriculturally zoned property at 9923 Walker Road in Kendall Township. The business, Hardscape Group Landscaping, Inc., will have six employees with one of the employees living in the house on site. The property has access to a county highway as identified on the County’s LRMP, having an all-weather surface, designed to accommodate loads
of at least 73,280lbs. The applicant has indicated that most of the trucks and equipment associated with the landscape operation will be kept outdoors. There is, however, some existing landscaping along the perimeter of the property that provides some screening from the roadway and adjacent properties. Clemente Garcia, owner of Hardscape Group Landscaping, Inc., has indicated that they are going to be adding additional evergreen species to the front of the property to provide further screening. The petitioner has submitted a waste disposal plan to address landscape waste. The waste will be delivered directly to Fox Stone Company. The petition received a favorable recommendation from the Plan Commission and the Special Use Hearing Officer.

The Committee recommended that a date be added to the special use ordinance indicating when the landscaping must be installed. The petitioner was comfortable with November 1, 2016 as the deadline.

Ms. Cullick made a motion, seconded by Jeff Wehrli, to forward the petition onto the County Board with a favorable recommendation with the following conditions:
1. No landscape waste generated off site may be burned at the subject property
2. No retail sales shall be permitted on the property
3. A Change in Occupancy Permit must be secured prior to the conversion of the dwelling unit from a residence to an office structure
4. No more than six (6) employees shall be permitted
5. Additional landscape screening shall be installed along the front of the property no later than November 1, 2016
6. Existing accessory structures on the property shall be used for storage only
7. Signage shall be permitted on the property subject to the sign regulations of the A-1 Agricultural District

2. 16-01 Peter and Mary Bielby
Request: Special Use to allow a kennel in an A-1 Agricultural District
Location: 8573 Fox River Drive, Fox Township
Purpose: To permit a Special Use in the A-1 District to operate a kennel

Mr. Sterrett summarized the zoning request, which is a request for an A-1 Special Use to operate a dog kennel at 8573 Fox River Drive in Fox Township and use an existing 2,900 square foot structure to keep the dogs contained during night time hours and nap time. Mr. Sterrett explained that the Zoning Ordinance permits kennels in the A-1 District as special uses provided that the kennel facility is located at least 250' from all residentially zoned properties and properties identified on the LRMP as residential and at least 150' from all non-residentially zoned properties and properties identified on the LRMP as non-residential. The proposed kennel structure meets those setback requirements with the exception of the property line to the southwest. The kennel structure is only 25' from the property line and therefore the petitioners
sought a variance from the Zoning Board of Appeals. The ZBA approved the variance request with the condition that the approval is contingent on the approval of the special use application. The kennel operation will include overnight boarding and dog daycare. The number dogs will be limited to no more than twelve (12) at a time. All dogs will be kept in the existing 2,900 square foot structure between the hours of 6:00pm and 7:00am. A play area will be provided for the dogs towards the northwestern portion of the property. The petitioner is in the process of obtaining a Kennel Operator’s license through the Illinois Department of Agriculture. The petitioner does not have immediate plans for employees other than those currently residing on the property. The petition received a favorable recommendation from the Plan Commission and the Special Use Hearing Officer.

Mr. Bielby submitted to the Committee a sound test indicating the decibel levels at the property line and the street. Ms. Nicosia stated that she had communicated additional questions regarding the operation including fencing, insurance requirements, and leashing of dogs from a car to the building. Mr. Sterrett said that he relayed these questions to the petitioner. Ms. Nicosia stated here questions were answered. The Committee recommended that a date be placed on the ordinance for when an annual inspection needs to take place of February 1st.

Ms. Cullick made a motion, seconded by Mr. Wehrli, to forward the petition onto the County Board with a favorable recommendation with the following conditions:

1. No more than twelve (12) dogs associated with the kennel operation shall be kept on the property at any one time.
2. All dog waste shall be kept in a lidded container and shall be removed from the property no less than one (1) time every seven (7) days
3. No exterior lighting associated with the dog kennel operation shall be permitted
4. Fencing shall be maintained on the property to enclose all dogs including a six foot privacy fence to be located in the rear of the proposed kennel structure and will span across the width of the property.
5. Employees shall be limited to individuals residing on the property
6. All dogs shall be kept within the kennel between the hours of 6:00pm and 7:00am daily.
7. A reserved parking sign for ADA compliance shall be installed for one parking space on the asphalt parking area.
8. No signage shall be permitted on the property
9. The special use is granted for Peter and Mary Bielby only and shall not be treated as a covenant running with the land.
10. The special use shall be subject to an annual inspection no later than February 1st by the PBZ Department for compliance with these conditions.

Mr. Gryder called the roll. The motion carried 5-0.

This petition will be on the February 16, 2016 County Board agenda for action.

The petitioners will be working with the Health Department to ensure all potential septic system upgrades for the existing house will comply with Health Department guidelines. Existing accessory structures will be used for storage only and not for workspace.

That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. This special use is consistent with the LRMP as it somewhat compatible with rural residential development. The residential characteristics of the property are being maintained and any future office use on the property for the special use is anticipated to occur within the residential structure with a change of occupancy.

WHEREAS, the Kendall County Board has considered the findings and recommendation of the Special Use Hearing Officer and finds that said petition is in conformance with the provisions and intent of the Kendall County Zoning Ordinance; and

ORDINANCE NUMBER 2016 - 

GRANTING SPECIAL USE AND VARIANCE FOR THE PROPERTY AT 
8573 FOX RIVER DRIVE IN FOX TOWNSHIP

WHEREAS. Peter and Mary Bielby, d/b/a Mary's Pooch Pad, have filed a petition for a Special Use and a variance within the A-1 Agricultural Zoning District for a 4.05 acre property located on the northwest side of Fox River Drive, 0.5 mile south of Millbrook Road, commonly known as 8573 Fox River Drive (PIN# 04-16-151-005; 04-16-300-001), in Fox Township; and

WHEREAS. said property is legally described as:

THAT PART OF THE SOUTHWEST QUARTER OF SECTION 21, TOWNSHIP 36 NORTH, RANGE 7 EAST OF THE THIRD PRINCIPAL MERIDIAN, DESCRIBED AS FOLLOWS: COMMENCING AT THE SOUTHWEST CORNER OF SAID SECTION 21; THENCE NORTH ALONG THE WEST LINE OF SAID SOUTHWEST QUARTER 379.6 FEET; THENCE NORTH 89 DEGREES 41 MINUTES 51 SECONDS EAST ALONG A LINE PARALLEL TO THE SOUTH LINE OF THE SAID SOUTHWEST QUARTER 573.77 FEET; THENCE SOUTH ALONG A LINE PARALLEL TO THE WEST LINE OF SAID SOUTHWEST QUARTER 379.60 FEET TO THE SOUTH LINE OF SAID SOUTHWEST QUARTER SECTION; THENCE SOUTH 89 DEGREES 41 MINUTES 51 SECONDS WEST 573.77 FEET TO THE POINT OF BEGINNING; IN KENDALL TOWNSHIP, KENDALL COUNTY, ILLINOIS.

WHEREAS. said property is currently zoned A-1 Agricultural; and

WHEREAS. said petition is to obtain an A-1 Special Use Permit to operate a kennel; and

WHEREAS. section 7.01 D.27 stipulates that kennels must be located at least 250' from residential zoned properties and 150' from non-residential zoned properties; and

WHEREAS. the proposed kennel structure will be located twenty-five (25) feet from a non-residential zoned property; and

WHEREAS. the petitioners have sought relief from this requirement by applying for a variance to the required setback from non-residential zoned properties; and

WHEREAS. the proposed kennel structure meets all other setback requirements; and

WHEREAS. all variance procedures required by the Kendall County Zoning Ordinance were followed including notice for public hearing, preparation of the findings of fact in accordance with Section 13.08.1 of the Zoning Ordinance, and recommendation for approval by the Zoning Board of Appeals on November 2, 2015; and

WHEREAS. the findings of fact were approved as follows:
That the particular physical surroundings, shape, or topographical condition of the specific property involved would result in a particular hardship or practical difficulty upon the owner if the strict letter of the regulations were carried out. The lot has a narrow width of 265', thus prohibits a new structure from being able to meet the required setback distances to the north and south lot lines.

That the conditions upon which the requested variation is based would not be applicable, generally, to other property within the same zoning classification. The lot size and dimensions of this parcel are not necessarily atypical of other lots zoned as agricultural.

That the alleged difficulty or hardship has not been created by any person presently having an interest in the property. The property was not platted by the petitioner and the existing structure was present on the site when the petitioner purchased the property.

That the granting of the variation will not materially be detrimental to the public welfare or substantially injurious to other property or improvements in the neighborhood in which the property is located. The existing structure, as accessory to the property, does still meet the required setbacks of an agricultural accessory building and should not have a detrimental effect on other properties.

That the proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets or increase the danger of fire, or endanger the public safety or substantially diminish or impair property values within the neighborhood. It does not appear that the existing structure itself currently impairs an adequate supply of light and air to the adjacent property. The proposed variation, along with the change in use of the structure to a dog kennel, will not have any additional impact on the existing structures impairment of the supply of light or air to adjacent property. As part of a special use, the conversion of the structure from storage to a commercial kennel is required to comply with required applicable codes and is subject to a special use approval.

WHEREAS, all special use procedures required by the Kendall County Zoning Ordinance were followed including notice for public hearing, preparation of the findings of fact in accordance with Section 13.08.J of the Zoning Ordinance, and recommendation for approval by the Special Use Hearing Officer on February 1, 2016; and

WHEREAS, the findings of fact were approved as follows:

That the establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare. The petitioner has submitted plans, including a waste management plan, indicating that measures will be taken to ensure that the use of the kennel operation will not have a negative impact on public health, safety, morals, comfort, or general welfare.

That the special use will not be substantially injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood. The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to insure that the proposed use does not adversely impact adjacent uses.
and is compatible with the surrounding area and/or the County as a whole. The location of the structure for the proposed kennel and the location of the outdoor play area for the dogs maintain the required distance from nearby residential districts and structures. Fencing will be provided to enclose dogs in the play area and a substantial amount of existing landscaping and wooded areas provide screening from adjacent properties and the roadway. No lighting associated with the dog kennel operation is proposed and no signage will be constructed.

That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided. No new points access roads or points of ingress and egress are being provided as they are not necessary for the requested use. The petitioners will be working with the Health Department to ensure all potential plumbing upgrades will comply with Health Department guidelines. No new construction is being proposed on the site for the use and will not require additional drainage or stormwater infrastructure. The structure that is proposed to be used for the dog kennel facility has been determined as an agriculturally exempt structure and will not require a building permit. All ADA parking requirements will be provided.

That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Hearing Officer. The petitioners have been granted a variance with respect to the setback distance of the kennel structure to the southwest property line. The Zoning Board of Appeals granted the request on November 2, 2015.

That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. This special use is consistent with the LRMP indicates this property to maintained as open space and no additional development is occurring on the property with the request. The property will still be used as a residence for the owners/operators of the dog kennel.

WHEREAS, the Kendall County Board has considered the findings and recommendation of the Special Use Hearing Officer and finds that said petition is in conformance with the provisions and intent of the Kendall County Zoning Ordinance; and

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby grants approval of a special use zoning permit and variance to operate a kennel within a structure located twenty-five (25) feet from a non-residential zoned property in accordance to the submitted Plat of Survey included as “Exhibit A” attached hereto and incorporated herein subject to the following conditions:

1. No more than twelve (12) dogs associated with the kennel operation shall be kept on the property at any one time.
2. All dog waste shall be kept in a lidded container and shall be removed from the property no less than one (1) time every seven (7) days.
3. No exterior lighting associated with the dog kennel operation shall be permitted.
4. Six foot fencing shall be maintained around the perimeter of the outdoor play area to enclose all dogs including a six foot privacy fence to be located in the rear of the proposed kennel structure and will span across the width of the property.
5. Employees shall be limited to individuals residing on the property.
6. All dogs shall be kept within the kennel between the hours of 6:00pm and 7:00am daily.
7. A reserved parking sign for ADA compliance shall be installed for one parking space on the asphalt parking area.
8. No signage shall be permitted on the property.

9. The special use is granted for Peter and Mary Bielby only and shall not be treated as a covenant running with the land.

10. The special use shall be subject to an inspection no later than February 1, 2017 by the PBZ Department for compliance with these conditions.

Failure to comply with the terms of this ordinance may be cited as a basis for amending or revoking this special use permit.

IN WITNESS OF, this Ordinance has been enacted by the Kendall County Board this 16th day of February, 2016.

The variances will not increase the probability of flood damage or create an additional threat to the public health, safety or welfare.

The variances requested are the minimum relief necessary to accomplish the objectives of the development without compromising the objectives of Section 102 of this Ordinance.

The variances will not result in a reduction of water quality benefits as compared to compliance with ordinance requirements.

The variances are not requested solely for the purpose of reducing site runoff storage requirements.

The variances shall not cause conveyance of stormwater from the project to increase peak discharges beyond design capacity of existing offsite conveyance facilities for any storm event from the 2-year to the 100-year recurrence frequency.

The variances shall seek to preserve valuable environmental and biological resources including but not limited to stands of native trees, existing wetlands and natural floodplain storage.

WHEREAS, the County’s Oversight Committee has determined the variance requests identified herein to be acceptable under the following conditions:

1. The Fox Metro Water Reclamation District shall procure all necessary County, State and Federal permits and satisfy all permit conditions to complete the Orchard Road Pump Station floodplain compensatory storage basin.

2. Record surveys of floodplain fill and floodplain excavation shall be submitted for verification of
State of Illinois  
County of Kendall  

3. Hydraulic modelling of the base flood event on the Fox River shall demonstrate and document no significant change (greater than 0.1 feet) to base flood elevation resulting from floodplain fill.

WHEREAS, the Kendall County Board has considered the standards and finds that said petition is in conformance with the provisions and intent of the Kendall County Zoning Ordinance; and

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby grants approval, subject to the conditions noted herein, of a variance to accept fee-in-lieu of site runoff storage under the requirements of Sections 201.6 Depressional Storage and 203 Site Runoff Storage Requirements of Article II of the Kendall County Stormwater Management Ordinance for on-site stormwater detention in the amount of 6.69 acre-ft and depressional storage in the amount of 0.40 acre-ft; and to waive the requirements of Sections 403.a Hydraulically Equivalent Compensatory Storage (above and below 10 year flood elevation) and Section 403.d Compensatory Storage Adjacent to the Development of Article IV of the Kendall County Stormwater Management Ordinance for floodplain compensatory storage in accordance with the submitted application and the site plans included as “Group Exhibit A” attached hereto and incorporated herein.

IN WITNESS OF, this Ordinance has been enacted by the Kendall County Board this 16th day of February, 2016.

A PROCLAMATION
RECOGNIZING THE 175TH ANNIVERSARY OF THE CREATION OF KENDALL COUNTY

Whereas, Kendall County has a long rich history in Illinois dating back to its first settlers in the 19th Century; and

Whereas, favorable weather conditions in the early 1830’s allowed hundreds of settlers to travel west to Illinois; and

Whereas, by 1838 the communities of Oswego, Newark, Yorkville, Little Rock, Lisbon, and Millington had been settled; and

Whereas, residents of Oswego, Bristol, and Little Rock townships originally traveled north to Geneva to conduct legal business at the Kane County Courthouse; and

Whereas, those living in Na Au Say, Kendall, Fox, Big Grove, Lisbon, and Seward townships traveled to Ottawa to conduct legal business at the LaSalle County Courthouse; and

Whereas, settlers living along the Fox River between Ottawa and Aurora worked together to establish a new county to call their own; and

Whereas, the original petition circulated in the fall of 1840 asked the Illinois General Assembly to establish a new county comprised of nine townships; and

Whereas, when the new county was proposed in the Illinois House of Representatives, it included the boundaries for new townships that would eventually become the townships of Little Rock, Bristol, Oswego, Fox, Kendall, Na-Au-Say, Big Grove, Lisbon, and Seward; and

Whereas, the name of the newly created county would be Kendall, in honor of Postmaster General Amos Kendall under President Andrew Jackson; and

Whereas, the legislation creating Kendall County was approved by the Illinois Senate and Illinois House of Representatives on February 13, 1841; and

Whereas, the legislation was approved on February 19, 1841.

Now Therefore Be It Proclaimed by the Kendall County Board:

That February 19, 2016 marks the 175th anniversary of the creation of Kendall County in the State of Illinois and the people of Kendall County are encouraged to recognize and celebrate this historic occasion with their fellow citizens across the County.

Adopted by the Kendall County Board this 16th day of February, 2016

To be in compliance with new regulations, the County Clerk purchased 140 new laptops to allow on-site voter registration. Technology has also purchased Verizon Internet Wi-fi to be used only during election time, and is working with Vo-Tech to get access to the election program on-site, and still get back to Kendall County to update and make changes when citizens register on-site, and to avoid voter fraud or people trying to register at multiple sites.

HIGHWAY COMMITTEE MINUTES

DATE: February 9, 2016
LOCATION: Kendall County Highway Department
MEMBERS PRESENT: Dan Koukol, Scott Gryder, Judy Gilmour and Matt Prochaska
STAFF PRESENT: Fran Klaas, Andy Myers, Ginger Gates and John Burscheid
ALSO PRESENT: P.J. Fitzpatrick and Kelly Farley

The committee meeting convened at 4:00 P.M. with roll call of committee members. Jeff Wehrli absent. Quorum established.

Motion Gryder; second Prochaska, to approve the agenda as presented. Motion carried unanimously.

Motion Prochaska, second Gryder to approve the Highway Committee meeting minutes from January 12, 2016. Motion carried unanimously.

A resolution appropriating $120,000 of Motor Fuel Tax Funds to seal coat Grove Road from Sherrill Road to U.S. Route 52 was presented to the Committee. This work is proposed to help hold this road together until a bigger improvement is completed in just a few years. The work contemplated in 2016 will be incorporated into the widening and resurfacing proposed at a later date. Motion Koukol; second Gryder to recommend approval of the resolution to the County Board. Motion carried unanimously.

A resolution appropriating $1,400,000 of Motor Fuel Tax Funds to resurface Plainfield Road from Grove Road to Ridge Road was presented to the Committee. Gilmour asked if the proposed work included any widening. Klaas indicated that this was just a mill and fill type of project, in that the road will be ground down 2.5 inches and then resurfaced 2.5”. Both projects will have a bid opening on April 1, 2016. Koukol asked if we inspected the milling operations in light of what happened on Route 126 at Old Ridge Road. Burscheid indicated that we have inspectors on the job during milling operations and they check depth and slope of the removal. Motion Koukol; second Gryder to recommend approval of the resolution to the County Board. Motion carried unanimously.

A resolution appropriating funds for the payment of the County Engineer’s salary of $109,000 and authorizing IDOT to transfer $54,500 of Federal Surface Transportation Funds in return for an equal amount of State funds was presented to the Committee. Motion Koukol; second Gilmour to recommend approval of the resolution to the County Board. Motion carried unanimously.

Kendall County received two applications for Transportation Alternatives Program (TAP) funds for 2016. The first was from Kendall County Forest Preserve District in the amount of $3,000 for shared use path along U.S. Route 34. The second was from City of Yorkville in the amount of $35,000 for sidewalks and paths along Route 47 through Yorkville. Koukol asked whether applicants can use the funds for anything else. Klaas indicated that the funds are dedicated to specific projects through a very restrictive IGA with each agency and can’t be used for anything
else. Gilmour asked if the sidewalks and paths had been completed on the Yorkville project. Klaas stated that they were finished. Koukol confirmed that the County has been putting $50,000 each year into the KC-TAP (Kendall County Transportation Alternatives Program). There is currently an unobligated balance of nearly $100,000 in the fund. The Committee discussed whether less money should be transferred to the fund, if rules should be modified to allow more than $50,000 per project, or if more than 50% could be allocated to projects. In the end, Committee Chair, Dan Koukol, suggested that the program should remain the way it is now, and the Committee can review it again in a few years. The Committee recommended approval of both of this year’s applicants for the KC-TAP funds.

PJ Fitzpatrick gave a brief report on the progress of preliminary engineering by WBK on the Collins Road Extension. Kelly Farley gave a report on the progress of preliminary engineering by CMT on the Little Rock / Galena project. Gryder reported that Village of Plainfield had thanked the County for their work on consolidating the Ridge Road intersections. Prochaska asked about the status of stop signs on Route 126 at Old Ridge Road. No further information has been forthcoming on that project. Prochaska reported that IDOT has agreed to all the County’s conditions for using Newark Road as a detour during structure replacements on Route 52. Koukol asked about the Highway Authority Agreement for underground fuel storage tanks. Klaas stated that as soon as the fully-executed HAA is received from IDOT, it will be forwarded to the IEPA. This should close out the entire fuel storage tank remediation.

Motion Prochaska; second Gilmour to forward Highway Department bills for the month of February in the amount of $251,356.07 to the Finance Committee for approval. Koukol questioned the $18,000 payment to Na-Au-Say Township. Klaas discussed the Schlapp Road project, which is a joint-bridge project with the township. This is a 50-50-type project for funding. The County approved up to $160,000 last year for this project. Koukol asked when the check would be cut. Ginger indicated that it would be available on February 16, 2016 in the afternoon. Koukol asked that the check be returned to the Highway Department so that he could deliver it personally to the township. Motion to approve bills carried unanimously.

Meeting adjourned at 4:27P.M.

Respectfully submitted,

Francis C. Klaas, P.E.

CALL TO ORDER

Chairman Davidson called the Facilities Management Committee meeting to be in session; located in the County Office Building County Board Conference Room to order at 3:34 p.m.

1) Roll Call – Suzette Sanford called roll call for attendance. Present were Chairman Davidson, Vice-Chair Koukol, Member Prochaska, Member Wehrli & Member Gilmour. All committee members were present to form a quorum of the committee. Facilities Management Director Smiley & Technology Director Koeppel were also present.

2) Approval of the November & December meeting minutes - Member Gilmour made a motion to approve the November & December meeting minutes. Member Prochaska 2nd the motion. All members voted aye via voice vote. Motion approved.

3) Public Comment - No members of the public were present at the meeting.

OLD BUSINESS/PROJECTS

1) Public Safety Center Elevator Repair Project
   • Project complete December 23, 2015.

2) Public Safety Center (PSC) NEC 2000 replacement Project
   • Project complete January 18, 2016.

3) Courthouse (CH) & Public Safety Center Security Improvement Project
   • The first meeting with “Stakeholders” was held on January 7, 2016.
   • Stakeholders included Sheriff’s office Command staff, Court house Security staff, Presiding Judge McCann, Board member Prochaska, Director Smiley, Director Koeppel and Network Administrator Kollins.
   • Main items covered for both sites were:
     a) What works well with the current systems?
     b) What is wrong with the current systems?
     c) What additional systems improvements are needed?
     d) How the systems should be managed individually and in a takeover by either site scenario.
     e) What components might be able to be reused from the old systems?
     f) What Dewberry’s plan was for the types of systems they will plan to specify for the project.
     g) A drawing was provided for current installed equipment to review before the next meeting.
     h) Dewberry is asking for us to go over the drawings and make sure we agree with what they found to be installed currently.
     i) They are also asking for us to mark up the drawings to reflect and known issues, deficiencies and/or work around that have been on any of the systems.
     j) The next meeting is scheduled for February 9, 2016.
     k) Dewberry said they would have their initial 30% design done for that meeting with an initial cost estimate for the project.

Report from Meeting

Chairman Davidson said that he thinks this committee should possibly have Dewberry in to explain the project and the costs before it goes to the whole County Board at COW or a regular County Board meeting. Vice-Chair Koukol asked what kinds of things would be reused. Director Smiley said the following were mentioned: Jail door locks, relay cabinets with new relays, card readers and possibly some of the intercoms. Member Wehrli asked if we were planning to assign prioritization to what gets designed in case we need to look at the costs of the project. Jim said that had not been discussed as of his date, but he will make sure it is discussed at the next meeting. Member Wehrli said he also thinks it is important that some of the FM committee members understand the “nuts & bolts” of the project to be able to explain it to the full board. Member Prochaska suggested if we have Dewberry in at any meeting, to have it done under executive session.
OLD BUSINESS/PROJECTS CONTINUED

4) Courthouse Mural Project
   - The artist asked for complete dimensions of the wall for the proposed mural.
   - KCFM measured the wall and took a picture of the area.
   - Director Smiley provided copy of the picture with dimensions to Presiding Judge McCann.

Report from Meeting
Chairman Davidson suggested we have the Art League pay to reconfigure the wall instead of FM staff doing the work. Member Wehrli said he would prefer FM staff do the work as it is not that much to do and it will require coordination with the Courthouse Security staff to insure people can access the facility while the work is going on. After much discussion the committee members came to a consensus to have KCFM staff work with Court Security to get the work done by out staff.

NEW BUSINESS/PROJECTS

1) Chairman’s Report
   a. Projects Policy
   b. Projects Budget for 2016
      i. See attached budget detail sheet

Report from meeting
Chairman Davidson would like to create a process for approving projects. Director Smiley is always being asked to do projects and is running into issues in some areas where projects were listed in the 5 year plan that was put together in 2013, but were not technically ever funded. Bob feels even if a project has been listed for 7 or more years, the project needs to be looked at and approved in relation to other projects that may need to be done or are already scheduled. Vice-Chair Koukol feels the department Heads or Elected officials should get funding approved by the Finance Committee and/or County Board, then we should schedule if we have time for it to be done. Director Smiley said he would put together a list of projects that he feels need to be done for the next FM Committee meeting to discuss in March.

2) Olson Property
   - Director Smiley was asked to go through a tour of the property by County Administrator Wilkins in late December. Jim toured the building with Mr. Olson and KCFM staff to view the layout and condition of the property. Jim also took note of the door lock types in order to possibly replace the lock sets once Mr. Olson is completely out of the property. Mr. Olson is closing out his business. The company taking over Mr. Olson’s business is still removing some property from the former business and is retaining one set of keys per County Administrator Wilkins. Utility accounts for the property have been switched over to Kendall County. Existing keys have been turned over to Facilities as of January 26, 2016.

Report from meeting
Committee members discussed the need to keep this building heated and whether all of the utilities should be shut off. Director Smiley said he thought we should keep the electric on in order to keep some lighting on the exterior of the building at night. Jim thinks this would deter damage being done to the building. Committee members agreed that we shut down everything except for the electric and notify Mr. Olson that he needs to be done removing his belongings by the end of the week.

3) Approve Lightning Protection Contract with Continental Electric in the amount of $23,790.00 to be forwarded to the County Board & PBC.
   - The contract was reviewed by the State’s Attorney’s office (SAO), then sent to Continental Electric to review proposed SAO changes. Continental approved the changes and signed the contract. The project was approved to be paid for by the Public Building Commission (PBC). However the money for the project has been put in a County line item for 2016 as discussed above. The SAO still recommended that both the PBC and County sign the contract since the PBC has not been closed out as of this date.

Report from meeting
Director Smiley explained this project was originally to be funded by the PBC. This year the funds were budgeted in a line to be done on the County budget. Member Wehrli said the PBC had already approved to go forward with this project and they would pay for it. The expectation was to pay for the project with County funds, then get reimbursed by the PBC to that line number when the PBC is dissolved later this year. Chairman Davidson asked if there was a motion to move this to the County Board for approval. Vice-Chair Koukol motioned to send the contract with Continental Electric in the amount of $23,790.00 to the next County Board meeting for approval. Member Prochaska 2nd the motion. All members voted aye via a voice vote. Motion approved.
NEW BUSINESS/PROJECTS

4) Generator Load Testing
   - Testing was completed the week of December 15, 2016. The load testing was completed successfully with no issues noted for the actual load testing. Several items were noted as being recommended for the generators. Some of the noted repairs can be performed by KCFM staff. Director Smiley will be getting these "recommended" repairs assigned soon.

Report from meeting
Chairman Davidson directed Jim to get a price to replace the generator at the Highway department.

5) Administration Budget Office
   - Latreese moved into the new office on January 19, 2016.
   - Project complete.

6) PSC Garage Bathroom and Wall Project
   - Construction started the week of January 25, 2016. Director Smiley hopes to have substantial completion of the space by the next FM Committee meeting in March.

7) County Office Building (COB) Computer Room A/C Replacement
   - The existing split system was put in place over ten years ago. The outdoor part of the system was replaced around six years ago and the compressor failed again for the third time on this unit. The existing system was not really rated for winter use and had additional controls installed on it to make it work in the winter.
   - Director Smiley received two quotes to replace the entire system with a unit that is designed to run in winter conditions. The unit was replaced during the week of January 18, 2016. Total cost of the repair is $6,488.00. This is being paid for from the equipment maintenance line item of the KCFM 2016 budget.
   - Project complete.

8) COB North East Electronic Door Issues
   - We have been experiencing issues with key fobs not being recognized at this door. Director Smiley was able to get this covered under warranty even though the one year warranty had recently expired in December.
   - Project complete.

9) PSC Phone System Replacement
   - Duplication from old business.

10) WSPY County Board Room Video Testing Request
    - County Administrator Wilkins asked Director Smiley to contact Doug Nelson at WSPY to test a piece of audio visual recording equipment off the sound system at the County Office Building County Board room. Jim met with Doug & Reporter Jim from WSPY on January 12, 2016 to test.
    - The WSPY equipment was not compatible with the audio jack in the room. Doug Nelson said he would get together with his engineer and schedule to come back at another time to test again.
    - Project complete for now.

11) Health & Human Services Lobby Security Improvements Request
    - Dr. Tokars requested a meeting with Director Smiley to go over previously "recommended" lobby security improvements of adding galls to the main counter to increase the height.
    - This work was put into the original five year capital improvement program in 2013. But was not funded to be done as of this date.
    - Jim explained that he has been given different budgets for projects this year but not for this specific project.
    - Jim further explained to get this project funded this year most likely the following would need to happen:
      a) Have FM Committee approval to forward to the Finance Committee for approval to be paid for from the $50,000,000 project budget in 2016.
      b) Possibly also be approved to be done by the KC Board and/or PBC.

The parties agree that the venue for any legal proceedings between them shall be the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit, State of Illinois.

4. **Termination.** This Agreement may be terminated by Kendall County upon written notice delivered to Continental Electrical Construction Company at least thirty (30) calendar days prior to the effective date of termination.
