Update Electric Supply Referendum

Chris Childress from Progressive Energy Group informed the Board that information may be found at electricsupply.org, on Facebook, and the Patch blogs. They analyzed where the referendum had failed last time and have developed a communication/awareness plan. They will be on WSPY and have ads in the newspaper as well as yard signs. They will also be making direct phone calls. Mr. Childress stated that there will be two informational meetings, one at the Historic Courthouse on March 3, 2014 from 6:00 – 7:00 pm and one at the Oswego Village Hall on March 6, 2014 from 6:00 - 7:00pm. If the referendum passes there will still be a need for two public hearings.

Authorize distribution of Electric Supply Referendum Awareness Letter

Member Purcell made a motion to authorize the distribution of an Electric Supply Referendum Awareness Letter. Member Wehrli seconded the motion. Chairman Shaw asked for a roll call vote on the motion. All members present voting aye. Motion carried.

Dear Kendall County Resident:

The Kendall County Board voted to place a referendum question on the March 18, 2014 election ballot for all unincorporated voters to consider. The question asks the voters whether the County Board shall have authority to coordinate Electric Supply Aggregation for residents and small businesses of unincorporated areas of Kendall County.
Electric supply aggregation is a process whereby an entire community moves to an alternate electric supplier as a group. Communities are pursuing electric supply aggregation because they may be able to help their residents and eligible small businesses save money by creating a combined customer group that has more buying power than individual residents.

Communities throughout Illinois may aggregate (pool together) the electric load of its residents to seek bids for lower electric supply rates from suppliers other than ComEd. This has come about due to deregulation of the electric market by the State of Illinois.

The referendum on the March 18, 2014 ballot will read as follows:

| SHALL THE COUNTY OF KENDALL HAVE THE AUTHORITY TO ARRANGE FOR THE SUPPLY OF ELECTRICITY FOR ITS RESIDENTIAL AND SMALL COMMERCIAL RETAIL CUSTOMERS WHO HAVE NOT OPTED OUT OF SUCH A PROGRAM? | YES | NO |

There will be no change to your billing. ComEd will continue to send your monthly bill. ComEd will still deliver the electricity and you still call ComEd for service and outages.

You will not be required to participate in the new program. Every resident who does not already have an alternate supplier will receive a letter with the opportunity to “opt out” of the new program and stay with ComEd as the energy supplier or select their own supplier.

Additional information about Electric Supply Aggregation can be obtained by calling the electric supply aggregation hotline at 1-800-856-3404 or www.electricsupplyvote.org.

Early voting begins March 3 and ends March 15 for the March 18, 2014 Primary Election. Early voting polling locations are the Oswego Village Hall (100 Parkers Mill, Oswego) and County Office Building (111 W. Fox Street, Yorkville).

Q: What is Electric Supply Aggregation?
Electric supply aggregation is a process whereby an entire community moves to an alternate supplier as a group. Communities are pursuing aggregation because they may be able to help their residents and eligible small businesses save money by creating a combined customer group that has more buying power than individual residents.

Q: What action must I take if my community approves Electric Supply Aggregation program and I want to join the program?
If unincorporated residents of Kendall County approve the referendum for an aggregation program, you do not need to take any action in order to participate and get the negotiated electric supply price.

Q: What if I do not want to join the Electric Supply Aggregation program?
You will have two opportunities to opt-out of the program if you decide not to participate. The chosen supplier will send opt-out notices to all residents and eligible small businesses within the community. You will need to fill out and return the opt-out notice in order to be excluded from the program.

Q: Who do I call if my power goes out? Who do I get my bill from?
You continue to call your local utility company, ComEd. Also ComEd will bill you.

Q: Who do I contact for more information on Electric Supply Aggregation?
Visit the Illinois Commerce Commission website, www.pluginillinois.org or contact the Electric Supply Aggregation Hotline at 1-800-856-3404 or www.electricsupplyvote.org.

Q: What are the Electric Supply Aggregation rates that other communities are paying?

Dr. Tokars stated that they had an exercise that involved pressing a button for national accreditation. The Board of Review did a little over $21 million in reduction, a total new construction of $24 million and the overall reduction from 2012 to 2013 was 4.87%. He has completed the sales ratio study for 2014; we are looking at about a 1% reduction. What that is saying is that houses are selling for more than what they are assessed.
