Chairman Scott Gryder, Sheriff Dwight Baird would like to present to the Kendall County Board a Certificate of Accreditation from the American Correctional Association (ACA). This certificate was presented to Sergeant Jeanne Russo (ACA Program Leader), Deputy Commander Joseph Gillespie, and myself, representing the Kendall County Sheriff’s Department on Saturday, January 6th, 2018 in Orlando, Florida at the American Correctional Association’s Winter Conference.

This Certificate of Accreditation was earned by the Kendall County Correctional Division after passing a very difficult and through audit of our jail. The following are benefits to being an accredited facility:

- Improved staff training and development.
- A true assessment of program strengths and weaknesses.
- Defense against lawsuits.
- Establishment of measureable criteria for upgrading operations.
- Improved staff morale and professionalism.
- Safer environment for staff and inmates.
- Reduced liability insurance costs.
- Performance-based benefits.

There are 95 county jails in Illinois of which only 6 are accredited, we are now the 7th. With our accreditation there are now only 907 total accredited jails in the United States.

I would like to offer a special thanks to all the men and women of the Kendall County Correctional Division that made this possible.

EXPENDITURE REPORT
The Committee reviewed the claims report. Motion by Member Kellogg, seconded by Member Cullick, to forward the claims to the Finance Committee. With a voice vote of five ayes, the motion carried.

PUBLIC COMMENT
David Lombardo, Shorewood, provided his curriculum vitae. Mr. Lombardo expressed concerns regarding the requirements that backstops must be one hundred fifty feet (150’) for ranges for handguns and rifles with the same or less power than .22. He advised that the requirement be lowered to fifty feet (50’). He also expressed concerns regarding the backstop for rifles with more power than a .22 long rifle because of the financial costs to construct a range. Mr. Lombardo agreed to meet with Mr. Asselmeier to offer his suggestions. Mr. Asselmeier will bring Mr. Lombardo’s comments to the March committee meeting.

Jerry Lizalek, Channahon, echoed Mr. Lombardo’s comments regarding the distances from the firing line contained in the proposal. He recommended having short ranges because of safety
reasons. He expressed concerns regarding the size of property needed to have the firing line one thousand fifteen hundred feet (1,500’) from the property lines of adjoining properties. Mr. Asselmeier stated that the current regulations are one thousand feet (1,000’) from existing dwellings and property lines of schools, daycares, places of worship, and airstrips. Mr. Lizalek requested that the phrase “public or private” after “ranges” in item “t”. He also requested that the phrase “open to the public” be added after “ranges” in item “u”. Lastly, he requested that word “yard” be replaced with “on your property” to the definition at the beginning of the proposal.

Chairman Davidson noted that the proposal will not be finalized until July at the earliest.

John Millington, Chicago, is a member of the Howell Shooting range. He asked if the State’s Attorney has the final say. Chairman Davidson said that the State’s Attorney provides legal advice, but the County Board has the final say on the proposal.

Michael King, Minooka, asked about the direct access requirement. Mr. Asselmeier noted that the State’s Attorney’s Office reviewed this requirement at the request of the Committee and the State’s Attorney’s Office questioned the public purpose related to this portion of the proposal. Mr. Asselmeier noted that this requirement was included because of concerns regarding changing a land use in a previous application. In that case, the property was formerly a house and was proposed to be a gun range. Some Committee members felt that the easement did not adequately protect the underlying property owner. Mr. King noted that the intent of public, perpetual easements are to provide access to property.

PETITIONS
None

OLD BUSINESS
Approval of Amendments to Petition 17-28 Pertaining to Outdoor Target Practice and Shooting Zoning Regulations
Discussion occurred regarding the distance of the firing line from dwellings. No decision was made on this portion of the proposal.

Motion by Member Gryder, seconded by Member Cullick, to bring this item back for the March meeting with Mr. Lombardo’s comments included in the proposal. With a voice vote of five ayes, the motion carried.

NEW BUSINESS
Planning, Building and Zoning Staffing Issues-Discussion of Planning, Building and Zoning Director Position
Member Kellogg asked about a job description for this position. Mr. Koeppel said that he did not believe the Department requires a full-time director. Member Gryder suggested making Mr. Asselmeier the Zoning Administrator and removing the Interim title from the County Administrator’s duties. The job descriptions for Planning, Building and Zoning Staff will be examined after completion of review of the job descriptions of employees in the Administrative Office. Mr. Koeppel will prepare proposed job descriptions and bring those job descriptions to the HR Committee for review. The proposed job description will then be sent back to the Planning, Building and Zoning Committee.
Planning, Building and Zoning Staffing Issues-Discussion of Part-Time and/or Intern Position
Mr. Koeppel explained that the Department had a full-time position. The person holding that position left the position and the previous County Administrator felt hiring a part-time person and an intern was the best option financially. The current part-time position works from 8:00 a.m. until 1:00 p.m. Monday-Friday and is at capacity. The existing intern will graduate in May; his employment will end upon graduation. The existing internship is paid. There is money in the budget to cover the salary of a part-time person. The part-time position would not be eligible for healthcare, but would be eligible for IMRF; the person would work one thousand (1,000) hours per year. Mr. Koeppel would like to post the job in April. The consensus of the Committee was to hire a part-time person instead of an intern.

Discussion of Citation Writing Possibility-Committee Could Refer This Matter to the State’s Attorney’s Office
Mr. Asselmeier read his memo on the subject. The Department already has the ability to issue notices. The question to the State’s Attorney’ Office is does the Department need additional authority to issue citations. Mr. Asselmeier also recommended that the Committee examine the fine schedule. Mr. Koeppel suggested that the fine schedule should be reviewed.

Jim Williams, Boulder Hill, reported a trailer parked on neighboring property and discussed additional complaints he previously filed.

The consensus of the Committee was to have Staff meet with the State’s Attorney’s Office to ensure the existing enforcement procedures allows for citation ability. If changes are required, a proposal will come back to the Planning, Building and Zoning to allow citations.

Discussion of Memo from Brian Holdiman to Planning, Building and Zoning Committee Pertaining to Property Maintenance Codes
Mr. Asselmeier read Mr. Holdiman’s memo. The consensus of the Committee was to have Mr. Holdiman research the matter further and to propose specific changes to the ordinances to address issues.

Approval to Publish the Noxious Weed Annual Notice In a Newspaper of General Circulation in Kendall County At a Cost Not To Exceed $100; Related Invoice(s) Will Be Paid from the Planning, Building and Zoning Legal Publication Line Item (010-2-002-6209)
Mr. Asselmeier read his memo on the subject. The State requires the County to publish the notice at least one (1) time per year. In the Noxious Weed Work Plan approved in 2017, the notice was to be published in first quarter of 2018.

Motion by Member Kellogg, seconded by Member Gryder, to recommend approval of publishing and paying for the notice as proposed.

Yeas (5): Cullick, Davidson, Gilmour, Gryder, and Kellogg

Absent (0): None

The motion carried. This matter will go to the County Board on February 20th.
Approval of Intergovernmental Agreement with the United City of Yorkville for Building Inspection Services

Mr. Asselmeier provided information on the proposal; there were no changes from the 2017 agreement.

Motion by Member Gryder, seconded by Member Cullick, to recommend approval of the intergovernmental agreement as presented.

Yeas (5): Cullick, Davidson, Gilmour, Gryder, and Kellogg
Nays (0): None
Abstain (0): None
Absent (0): None

The motion carried. This matter will go to the County Board on February 20\textsuperscript{th}.

Approval of Resolution to Release All Claims on a Certificate of Deposit Owned by Vincent Domino at Old Second Bank in the Amount of $923.19

Mr. Asselmeier read his memo on the request. Mr. Domino established this account at his own initiative; the County did not require the creation of the account. Mr. Domino placed a condition on the account that the account cannot be liquidated without “Yorkville’s approval”. The funds were to be used to cover the land cash costs for a four (4) bedroom house in the Rancho Real Subdivision. Mr. Domino no longer owns the property. If someone applied for a building permit on the property, the Planning, Building and Zoning Department would charge them the applicable land cash fee.

Motion by Member Kellogg, seconded by Member Cullick, to recommend approval of the resolution releasing all claims on a certificate of deposit owned by Vincent Domino at Old Second Bank in the amount of Nine Hundred Twenty-Three Dollars and Nineteen Cents ($923.19).

Yeas (5): Cullick, Davidson, Gilmour, Gryder, and Kellogg

OLD BUSINESS

Approval to Release Minutes of Meetings Lawfully Closed Under the Illinois Open Meetings Act (5 ILCS 120/2(c)(21))

Motion by Member Kellogg, seconded by Member Gryder, to approve the release of the executive session minutes from the following meetings:

Yeas (5): Cullick, Davidson, Gilmour, Gryder, and Kellogg
The motion carried.

Update on Trailer Parked in Front Yard/Driveway Complaint at 18 Ridgefield Road, Montgomery. Committee Could Refer the Matter to the State’s Attorney’s Office or Code Hearing Unit

Mr. Asselmeier reported that the trailer parked in the driveway at 18 Ridgefield Road was removed.

Discussion of Solar Panel Regulations—Committee Could Initiate Text Amendments to the Zoning Ordinance on (a) and (b) below

(a) Proposed Regulations of Solar Panels Used for Onsite Consumption of Energy

Mr. Asselmeier read his memo on the issue. Solar panels used for onsite consumption of energy up to one hundred twenty percent (120%) of the energy generated is a permitted use in all districts. Yorkville’s solar panel regulations were presented. The consensus of the Committee was not to make any changes at this time.

(b) Proposed Regulations of Solar Panels Used for Offsite Consumption of Energy

Mr. Asselmeier presented a table comparing the solar panel regulations of Boone, DeKalb, Grundy, Kankakee, Tazewell, and Will Counties. Mr. Asselmeier noted that LaSalle County does not have specific conditions on special use permits for solar farms. Chairman Davidson suggested obtaining Chris Childress’ recommendations on a proposal. Mr. Asselmeier favored Grundy County’s regulations. Several members favored DeKalb County’s regulations with the inclusion of the field tile requirements.

Patrick Dalseth, employee of solar developer SunVest Solar, Inc., was trying to get the pulse of Kendall County for solar development. The window of incentive availability was short. Applications must be submitted in June; securing the correct zoning must occur prior to application. There could be three (3) application opportunities by the end of the first quarter of 2019. Projects must be built in eighteen (18) months. Mr. Dalseth said that the City of Kankakee in the industrial was the easiest area to get permitted. He also likes DeKalb County’s regulation and Will County’s regulation without the landscaping provisions. Leases are twenty-five (25) years with a five (5) year option.

Mr. Asselmeier will obtain an updated copy of DeKalb County’s regulations. Any applications submitted under the current regulations would be evaluated on a case-by-case basis because the County could not adopt a solar panel regulation before the incentives from the State expire.

The consensus of the Committee was to bring this proposal back at the March meeting.

Review of Commercial Wind Farm Regulations

Mr. Asselmeier presented his memo on the subject. The consensus of the Committee was not to make any changes at this time.
Update on Bridge Issue at 13360 McKanna Road, Minooka (Bridge Owned by Mark Antos)
Mr. Asselmeier reported that neither the State’s Attorney’s Office nor the Planning, Building and Zoning Department received correspondence from Mr. Antos since Mr. Antos requested permission to complete the bridge by May 1st. The consensus of the Committee was to have the State’s Attorney’s Office ready to file paperwork in court if Mr. Antos fails to remove the low water crossing by May 1, 2018.

Request for Guidance RE: Conditional Use Permits
Mr. Asselmeier read his memo on the subject. He divided each conditional use into permitted or special use based on potential negative impacts to neighborhoods. The consensus was to set seasonal festivals as a special use.

The consensus of the Committee was to review this proposal at the March meeting.

Review of Proposed Special Use Renewal Procedure-Committee Could Initiate Text Amendments to the Zoning Ordinance on This Matter

Section 19. Nothing contained in this Agreement, nor any act of Kendall County or the City pursuant to this Agreement, shall be deemed or construed by any of the parties hereto or by third persons, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving Kendall County and the City. Further, nothing in this agreement should be interpreted to give Kendall County or the City any control over the other’s employees or imply a power to direct the employees of the other government body, which neither entity may exercise.

Section 20. When performing inspections under the terms of this Agreement, Kendall County and City intend that any injuries to their respective employee shall be covered and handled exclusively by their jurisdiction’s own worker’s compensation insurance in place at the time of such injury. It is further agreed that all employee benefits, wage and disability payments, pension and worker’s compensation claims, damage to or destruction of equipment, facilities, clothing and related medical expenses of the City or Kendall County and their respective inspectors, which may result from their activities under this Agreement, shall be the responsibility of the jurisdiction which employs the inspector making such a claim.

Section 21. The Parties will obtain and continue in force, during the term of this Agreement, all insurance as set forth below. Each insurance policy shall not be cancelled or changed without thirty (30) days prior written notice, given by the respective insurance carrier(s) to the parties at the addresses set forth in Section 16. Certificates of such insurance detailing the coverage therein shall be available to the other party upon execution of this Agreement. Neither party waives its immunities or defenses, whether statutory or common law by reason of the indemnification and insurance provisions contained in this Agreement.

Section 22. This Agreement shall be in full force and effect for a period of one (1) year from the date of the last signature below, however it may be renewed upon agreement of the parties in writing.

Section 23. Either party may terminate this Agreement by providing thirty (30) calendar days’ advance written notice to the other party. However, any act of bad faith in the execution of duties under this Agreement shall result in immediate termination of the other party’s duties as laid out herein. For the purpose of this agreement, “bad faith” is an intentional dishonest act by not fulfilling legal or contractual obligations, misleading another, entering into an agreement without the intention or means to fulfill it, or violating basic standards of honesty in dealing with others. Also, the parties agree to provide prompt written notice within fifteen (15) calendar days to the other party if Kendall County Code Official Brian Holdiman’s or City Building Code Official Pete Ratos’ employment ceases for whatever reason. In such event, this Agreement shall immediately terminate upon receipt of said written notice.
Section 24. The parties understand and agree that this Agreement in no way creates a joint employment relationship between the Parties. The Parties understand and agree that they are solely responsible for paying all wages, benefits and any other compensation due and owing to its employees for the performance of visiting inspector services set forth in this Agreement. The parties further understand and agree that the parties are solely responsible for making all required payroll deductions and other tax and wage withholdings pursuant to state and federal law for its employees who perform visiting inspector services as set forth in this Agreement.

Section 25. Kendall County and the City each hereby warrant and represent that their respective signatures set forth below have been, and are on the date of this Agreement, duly authorized by all necessary and appropriate corporate and/or governmental action to execute this Agreement.

Re: Request from Vincent Domino to Release Funds at Old Second Bank

In 1993, Vincent Domino recorded a two (2) lot residential subdivision in the 2200 block of Bell Road in Seward Township. In 1995, Mr. Domino constructed a four (4) bedroom house on one (1) of the lots in this subdivision and paid the applicable fees as required by the Land Cash Ordinance.

In 2007, Mr. Domino, at his own initiative and without requirement from Kendall County, established a certificate of deposit at Old Second Bank in the amount of Nine Hundred Twenty-Three Dollars and Nineteen Cents ($923.19) to cover Land Cash Ordinance costs for a four (4) bedroom house on the remaining lot. At the time that the certificate of deposit was established, Mr. Domino placed a restriction on the certificate of deposit stating that the certificate of deposit could not be liquidated “without Yorkville’s approval.” Since the subject property is not inside the United City of Yorkville, the bank has interpreted this statement to mean Kendall County.

In early 2016, Mr. Domino sold both lots in the subdivision and is now requesting permission to liquidate the certificate of deposit. Mr. Domino’s request and a letter releasing the County’s claims are attached for your consideration.

In the event that the certificate of deposit is liquidated and a future owner desires to construct a house on the remaining lot, the Planning, Building and Zoning Department will assess the appropriate fee as required by the Land Cash Ordinance.

At their meeting on February 13th, the Planning, Building and Zoning Committee unanimously recommended approval of this request.

If you have any questions, please let me know.

RE: Vincent Domino Certificate of Deposit

Dear Stephanie Baumwell:

According to the records of Kendall County, Vincent Domino paid Kendall County Nine Hundred Twenty-Three Dollars and Nineteen Cents ($923.19) as required by the Kendall County Land Cash Ordinance for the construction of one (1) house at 2259G Bell Road, Minooka. Mr. Domino, in 1991, subdivided his property on Bell Road into a two (2) lot residential subdivision. If the second lot is ever developed, Kendall County will charge the property the applicable fee as required in the Kendall County Land Cash Ordinance.

Based on the above information, Kendall County has no objections to Mr. Domino’s request of Old Second Bank to release his Certificate of Deposit in the amount of Nine Hundred Twenty-Three Dollars and Nineteen Cents ($923.19) and hereby releases any and all claims Kendall County may have on the subject certificate of deposit.

If you have any questions, please contact Matt Asselmeier, Kendall County Senior Planner at 630-553-4139 or masselmeier@co.kendall.il.us.

Dear Matt: 

I am requesting that the county release my $923.00 plus interest that I placed in escrow at Old 2nd Nat. Bank in 1993. These funds were for the 1 lot in Rancho Real Subdivision that was not built on. It has been 25 yrs, and that extra lot is between the residence and the barn, and a house on it would block access back & forth. If you will contact Stephanie at Old 2nd, she will send me a check. Thank you for checking it out.

Sincerely,
Vince Domino

KENDALL COUNTY 2019 E-WASTE RECYCLING PLAN

Public Act 100-0433 serves to overhaul the state’s electronic waste recycling program. The act reflects amendments to the Electronic Products Recycling and Reuse Act, which established Illinois’ e-waste recycling program in 2009. The 2009 act set recycling goals for manufacturers based upon the weight of electronics sold. Manufacturers that had failed to meet their recycling goals were required to pay a penalty of 70 cents per pound short of the weight minimum. Because new products weigh less than older ones, manufacturers lost incentive to encourage recycling.

Public Act 100-0433 moves the e-waste program from a weight-based standard to a convenience standard, ensuring equitable per capita access to local recycling options by creating the Consumer Electronics Recycling Act and phasing out the Electronic Products Recycling and Reuse Act. Starting in 2019, the law allows counties to participate in manufacturer e-waste programs providing sustainable e-recycling drop-off options. The number of drop-off options are determined by a county’s density. By choosing to participate, Kendall County provides more reasonable access to both stationary and door-to-door recycling options offered to Kendall county residents at market costs. Kendall County, Illinois proposes to meet the requirements of the Consumer Electronics Recycling Act, ensuring convenient community access to local e-waste recycling opportunities.

Convenient electronic waste recycling will continue to be provided through outsourcing to e-waste service providers in the form of locally licensed waste haulers, electronics retailers, and collectors currently collecting e-waste in the form of Covered Electronic Devices as defined by the Act.

Kendall County Health Department facilitates the annual licensure of local waste haulers serving Kendall County communities. Kendall County acknowledges that several incorporated municipalities provide their respective communities with curbside e-waste collection through contracts with locally licensed waste haulers. Kendall County will ensure that unincorporated Kendall County communities and incorporated towns currently without a local convenient e-waste recycling option
will be served through the establishment of fixed collection sites owned and operated by local organizations/retailers engaged in the business of collecting covered electronic devices as defined in the Act.

In further support of the Consumer Electronics Recycling Act, Kendall County Health Department will facilitate e-waste collectors proposing to serve Kendall County communities in completing registration with the Illinois Environmental Protection Agency to become participants in manufacturer e-waste programs, subject to IEPA compliance oversight.

The committee meeting convened at 4:05 P.M. with roll call of committee members. All present. Quorum established.

Motion Gryder; second Gilmour to approve the agenda as presented. Motion approved unanimously.

Motion Cullick, second Gryder to approve the Highway Committee meeting minutes from January 9, 2018. Motion approved unanimously.

Engineering agreement between Kendall County and Willett Hofmann & Associates, Inc. was presented to the committee. The agreement provides for NBIS inspections of Kendall County Bridges for 2018 and 2019 and has a cost of $48,150. Motion Davidson; second Cullick to recommend approval of the agreement to the County Board. Motion carried unanimously.

Motion Davidson; second Cullick to recommend approval of an agreement between Illinois Department of Transportation and Kendall County providing for participation in the County Engineers Salary Program. The 6-year agreement allows the County to use federal funds to pay for 50% of the county engineer’s salary in Kendall County. Motion carried unanimously.

Bid opening was held for sign truck body with a telescopic crane. This truck body will be placed on a State-Bid Ford F-450 cab and chassis. There were 3 companies that drew bid packages; but only one submitted a bid. That bidder was Bonnell Industries, Inc. at $42,825. Motion Davidson; second Gryder to recommend approval of the low bid from Bonnell Industries. Motion carried unanimously.

Motion Cullick; second Gryder to recommend approval of a resolution for seasonal posting of certain roads on the Kendall County Highway System. Those roads are Grove Road from Sherrill Road to U.S. Route 52, Plattville-Chicago Road, Van Emmon Road, and Whitewillow Road. Signs are erected as soon as approved by the County Board, and must be removed before the maximum of 90 days. Motion carried 4-1 with Davidson voting no.

Motion Gryder; second Cullick to recommend approval of a resolution appropriating $650,000 of Motor Fuel Tax Funds for the resurfacing of Little Rock Road from U.S. Route 34 to Galena Road. Motion carried unanimously.
Motion Gryder; second Cullick to recommend approval of a resolution appropriating $750,000 of Motor Fuel Tax Funds for the resurfacing of Grove Road from Illinois Route 126 to Plainfield Road. Motion carried unanimously.

Chairman Kellogg asked the committee to consider current rules to the Kendall County Transportation Alternatives Program (TAP), and whether there was any inclination to changing some of the regulations. Klaas provided a review of the current program, as well as a list of talking points for potential changes. The County is currently putting about 1% of the Transportation Sales Tax into the TAP Fund. Gryder asked whether the Forest Preserve was eligible. They are eligible and have already received some TAP obligations as shown on the spreadsheet that tracks TAP Funds. They would not currently be eligible for projects along the Fox River, because current rules require the projects to be along State or County Highways. Davidson warned about making the program too big. If rules are loosened, the County might be inundated with applications. He wanted to continue to keep the funds for construction only. He also wanted to keep most all of the current rules, and then if there is an exception, like Kennedy Road, they can come and petition the County. Kellogg asked what the current balance was in the TAP Fund. Klaas indicated that there is about $60,000 in unobligated funds for 2018, as well as about $125,000 in obligated funds from previous years. Gryder concurred that keeping most of the current rules was a good thing. The committee discussed the Collins Road Extension project, and how the County is not proposing path construction as part of the initial road construction, but would rely on the Village or the Park District to work with developers to get those facilities built. Cullick thought that the County should keep the idea of increasing TAP Funds on the radar, but also agreed that engineering and land acquisition should not be eligible. After careful consideration of the TAP rules, the general consensus of the committee was to keep current rules, consider increasing the funding at a future date, and have any agencies with projects that don’t meet current eligibility criteria, come before the committee to discuss.

P.J. Fitzpatrick provided update of the Collins Road Extension Phase I Engineering progress, and also discussed project readiness and funding.

Klaas updated the committee that he was reviewing the draft report of the Galena Road Corridor Study. Also expected to receive the draft report of the WIKADUKE Trail Alignment Study by the end of this month. He also made a recommendation to the committee to spend money on resurfacing Brisbin Road as part of the Grove Road detour. After inspection of Brisbin Road, it is evident that improvements will have to be made to the road to make it sufficiently smooth and safe as a county highway detour. Expected cost for resurfacing, aggregate shoulders and striping is $180,000. Davidson asked who would be responsible for the road during actual detour. Klaas indicated that the County would be responsible for designing, bidding, constructing and maintaining the roadway surface until the detour is no longer used. The road maintenance would then be turned back over to Village of Plattville and Seward Township. James Webb, Assistant State’s Attorney, has drafted an IGA with the other agencies to delineate each agency’s responsibilities. Consensus of the committee was to moved forward with agreement.

Kellogg and Gryder discussed several State projects, including I-80 improvements and Route 47 improvements between Yorkville and Sugar Grove.

Klaas reported that IDOT had completed compliance reviews for Motor Fuel Taxes and Township Bridge Program. They will be presented to County Board on 2-20-18.
Motion Cullick; second Gilmour to forward Highway Department bills for the month of February in the amount of $248,933.10 to the Finance Committee for approval. Motion approved unanimously.

Meeting adjourned at 4:58 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

Accounting Report

a. December 2017 Accounting Report – The committee reviewed the written report provided.

b. January 2018 Accounting Report - The committee reviewed the written report provided.

Mr. Koeppel stated that part of the original Trailer Lease agreement included a warranty for the first-year, and the County’s intent to purchase the trailer the second year. Because the committee chose to continue leasing the trailer in the second year, there is no longer an active warranty, and the County is now responsible for any and all repairs. After evaluation by Acton Mobile, it was determined that the trailer was sagging in the middle, and would need to be re-leveled to correct the issue. Facilities has made provisions for temporarily locking the doors, until the trailer is re-leveled. Ms. Pawson stated that the estimated cost for re-leveling is $625.00. The committee asked that Ms. Pawson coordinate with Mr. Smiley, and contact Acton Mobile to ensure that there is a warranty on any re-leveling work done. **There was consensus by the committee to have the repairs done as quickly as possible, using maintenance/operation funds.**

Ms. Pawson said that they would be using the Pet Population Control fund, and stated that the program will provide free spay or neutering, and rabies inoculation to Kendall County residents that are on Social Security, Disability or the Link Program. The resident is responsible for the rabies tag purchase at the time of service. **There was consensus by the committee to do a ½ page advertisement for a two-week trial period and report the number of response because of the ad at the February meeting.**

**Discussion of the Dog Running at Large Ordinance** – Ms. Pawson reported she met with Chief Deputy Peters and Deputy Commander Langston regarding proposed changes to the County ordinance. The Sheriff’s office was in support of the proposed changes that would be more responsibility onto Animal Control. Ms. Pawson will meet with the Assistant State’s Attorney Anne Knight, Sheriff’s Office Chief Deputy Peters and Deputy

Committee Business

Discussion of Future Land Use Along Illinois Route 47 South of Yorkville to County Line as requested by the Regional Planning Commission
Senior Planner Matt Asselmeier stated that the Regional Planning Committee is looking into future land use on the South Route 47 Corridor from Route 71 to the County Line. As part of that, the RPC asked for input from the Economic Development Committee for future economic use in the area.

The Committee discussed possible uses for the area. There were concerns over water and sewer, as any building over approximately 5,000 square feet start needing additional fire mitigation measures. The Committee was also concerned with any use that could hinder flow of traffic, as Route 47 is currently one of the few four lane highways through the County. In addition, Sherrill Road improvements would help with the flow from Interstate 80. Finally, there is a mining potential in the area, but they did not know exactly where that could be. Mr. Asselmeier stated he was researching the possible locations for inclusion.

The Committee recommended that the use look towards manufacturing, warehousing, and agribusiness for the future. In addition, they recommended having outer roads to reduce the number of curb cuts and traffic devices. The committee also noted that the land down there that was for sale was priced for non-agricultural sale rather than agricultural. They did note that this use would be highly dependent on water and sewer infrastructure extended from a municipality, either Lisbon or Morris.

Mr. Asselmeier thanked the Committee for their input. He noted that he would take the suggestions to the Regional Planning Commission on November 29 at 7:00 p.m.
Approval of an Ordinance Suspending Implementation of the 2017 Revolving Loan Fund Recapture Strategy Adopted by Ordinance 17-19 and Reinstating the 2006 Kendall County Revolving Loan Fund Recapture Strategy Previously Approved by the Illinois Department of Commerce and Economic Opportunity

Chair Hendrix wanted to add an automatic review and reinstatement to the Ordinance after the conflicting administrative codes were removed. The Committee discussed the wording but were concerned over who would determine that the conflict was removed. Instead, the Committee decided on limiting the suspension until June 30, 2018 with an automatic review at the Economic Development Committee meeting in June 2018.

Member Cullick amended the motion to Approval of An Ordinance Suspending Implementation of the 2017 Revolving Loan Fund Recapture Strategy Adopted by Ordinance 17-19 and Reinstating the 2006 Kendall County Revolving Loan Fund Recapture Strategy Previously Approved by the Illinois Department of Commerce and Economic Opportunity until June 30, 2018, and placing an agenda item on the June 2018 Economic Development Committee to revisit and review this Ordinance. Committee Business

Sandwich Former Waterpark Property
Mr. Beltran stated that the former Water Park property in Sandwich, located in the Timber Creek development, is a current development challenge for the City. Since 2010, no taxes have been paid on the property. He continued that the back taxes are about $480,000, with an estimated market value $839,199, and an estimate by a developer that redevelopment would cost $600,000. This places estimated redevelopment of the site at $1.92 million. He stated Mayor Rick Olson wanted to come to the Committee to ask for collaboration in making the property productive.

Mayor Olson stated that the property has sat vacant since 2010, and that the previous and current owners did not have the proper bonds to cover the cost if abandoned. After being abandoned, the City of Sandwich had to spend money to make it environmentally safe. He also is concerned that the back taxes is preventing the development of the property. There has been no interest in the property since he has come into office. He is hoping the County can help find a collaborative solution.

The Committee agreed that it was a concern of theirs, and they wanted to help get the property back to being a productive parcel. The Committee instructed staff to work with the City of Sandwich and other taxing bodies as well as departments and offices at the County to see if there was a solution to the problem.
Development Challenges in Kendall County

Mr. Beltran had briefed the Committee earlier of a possible trucking company looking to locate near the Caterpillar site. This would have been a $14 million dollar investment. However, development costs of the site were too high for the company. Charlene Fiore-Coulombe of Montgomery EDC was the lead on the project, and Mr. Beltran asked her to speak to the development advantages and challenges in the area.

Ms. Fiore-Coulombe stated that there are challenges in the County. Utility access is not as prevalent in as in competing areas, and to gain access it can have significant costs. Interstate access is another challenge due to distance. In addition, finding existing building stock that is up to date can also be a difficulty, as renovation costs can be expensive.

Ms. Fiore-Coulombe did state that there are many benefits in the County. Specifically, there is no impact fee for vehicles unlike in other Counties. In addition, though the building stock is not as prevalent as other areas, greenfields are easily developable and prices are cheaper than nearby competitors. The biggest advantage, though, is that the elected officials and economic development personnel in the County are willing to work with companies to help them locate and expand here.

The Committee thanked Ms. Fiore-Coulombe for her time and insights.

Lucky Beef and Dog’s Loan

Mr. Beltran that on January 1, Lucky’s Beef and Dogs announced their closing on Facebook. As to date, they have still has not made any payments past the first. With closing, the violated section 5 of the mortgage provision.

The Committee agreed that it was unfortunate, but said they needed to move forward. Member Kellogg made the motion to direct staff to move forward with the steps to take legal action. Member Cullick agreed. Chair Hendrix called for a rollcall vote. Kellogg– aye, Cullick – aye, Gryder – aye, Hendrix – aye. Approved 4-0.

Member Kellogg left the meeting at 10:06 a.m.

Tax Abatement forms and scoring

Mr. Beltran stated there has been a number of inquiries about property tax abatement for projects. The last tax abatement given was for Wrigley’ expansion in 2014. Standard applications, forms, and formulas for abatement had been created, but were never officially adopted by the Committee.

The Committee thanked Mr. Beltran and stated they would look them over for the next Economic Development Committee meeting.

Strategic Plan

Mr. Beltran stated staff wanted to bring the discussion back to the Committee for a final look. If there are no revisions, in February, a draft Strategic Plan will be brought to the Committee to review.
