PETITIONS
Petition 17-01, Laura Hubbard requested a conditional use permit to hold a seasonal festival on June 24, 2017, at 7626 Ashley Road, Yorkville (PIN: 05-11-300-002 in Kendall Township). Ms. Hubbard held two (2) similar events at the same property last year; this event will be similar in size and duration. Chairman Davidson asked if the petitioner had any concerns with the time restrictions contained in the conditional use permit. Ms. Hubbard stated that she had no concerns regarding the time restrictions. Member Gryder asked if the petitioner planned to hold another event later in the year. Ms. Hubbard replied that she was considering holding a second event, but she had not determined a date. The Zoning Ordinance allows the PBZ Committee the ability to approve conditional use permits or PBZ Staff may administratively approve conditional use permits. Motion by Member Gryder, second by Member Gilmour to approve the conditional use permit subject to the terms of the affidavit and authorizing Staff to approve a second conditional use permit if the petitioner decides to hold a second event in 2017. By roll call vote, motion carried 3-0.
**NEW BUSINESS**

Staff presented a request for a building permit refund for Rick Montemayor, 60 Eastfield Road, Montgomery. The refund request is for $50.00. Mr. Montemayor did not build the shed associated with the building permit and the PBZ department did not spend any time or funds reviewing the building permit. Motion by Member Gryder, second by Member Gilmour to recommend approval of the issuance of a building permit refund in the amount of $50.00 to Rick Montemayor. By roll call vote motion carried 3-0.

Staff presented a resolution approving an intergovernmental agreement for reciprocal building inspection services between Kendall County and the United City of Yorkville. Mr. Wilkins reported that this is annual agreement and the only change from the previous year were the dates. PBZ conducted 8 inspections for Yorkville and Yorkville conducted 4 inspections for Kendall County during the previous year. Motion by Member Gilmour, second by Member Gryder to recommend approval of the intergovernmental agreement as presented. By roll call, vote motion carried 3-0.

Staff presented an update on petitions submitted since the January meeting. Petitioner 17-01, Mike and Cherie Bond are requesting a variance to the front yard setback at 232 Creek Drive, Plano. The proposal would reduce the front yard setback from 150 feet to 119.14 feet. The subject property is zoned A-1. The petitioners desire to construct a horse barn which will encroach into the setback without a variance. The public hearing before the ZBA is February 27th.

Staff presented the announcement of the Kendall County Regional Planning Commission’s Annual Meeting. The meeting will be February 25th at 9:00 a.m.

**OLD BUSINESS**

Jet's Towing, located at 790 Eldamain Road, requested a rezoning from A-1 to M-1 and variances related to fencing (landscaping), side yard setbacks and parking surface. The petitioner did publish the legal notices before the deadline of the January RPC meeting. This proposal goes before the RPC on February 22nd and the ZBA on February 27th.

Robert Delaney, 1502 Church Road, requested a special use permit to operate an outdoor shooting range on property zoned A-1. The Special Use Hearing Officer will hear this proposal on April 3rd. This is unchanged from the January meeting.

John and Sharon Pagel, 2380 Douglas Road, requested a zoning map amendment to rezone their property from R-1 to R-3 in order to split the parcel and construct another home on the eastern half of the property. At their January 30th meeting, the RPC unanimously recommended denial of this proposal because drainage concerns and concerns over the impact of the development on the neighborhood. The petitioner requested that ZBA postpone the public hearing until May 1st.

Staff reported that IDOT will submit a variance request in order to relocate Kingmoor Drive. Kingmoor Drive is a private road connecting U.S. 34 to several houses along the Fox River. The Illinois Department of Transportation plans to construct a detention basin as part of the U.S.
34 widening project; IDOT worked with the local property owner to relocate Kingmoor Drive for this widening project.

Staff presented a memo on wineries. Discussion occurred whether or not to amend the restrictions placed on wineries in the Zoning Ordinance. The Committee would like the Zoning Ad-Hoc Committee to discuss this matter at their March meeting.

Mr. Asselmeier reported that he is finalizing the memos regarding noise and gun ranges. He is in the process of scheduling a meeting with the Sheriff’s Department to see if the dosimeters measure sounds in the dBC range. Mr. Asselmeier will have more information at the next Committee meeting.

Chairman Davidson reported that he is trying to schedule a meeting with Mr. Walker and Attorney Dan Kramer regarding the berm and trees at 9111 Ashley Road. THIS INTERGOVERNMENTAL AGREEMENT (“the Agreement”) by and between the County of Kendall, a unit of local government of the State of Illinois (“Kendall County”) and the United City of Yorkville, Kendall County, Illinois (the “City”) a municipal corporation of the State of Illinois, is as follows:

WITNESSETH:

Section 1. The foregoing preambles are hereby incorporated into this Agreement as if fully restated in this Section 1.

Section 2.

In instances where Holdiman or Ratos inspect and find violations and a code enforcement action is required in court or administrative adjudication, Holdiman or Ratos may be requested to be a witness to verify any violations found during their inspection. violations and a code enforcement action is required in court or administrative adjudication, Ratos may be requested to be a witness to verify any violations found during his inspection. If it is requested that Ratos attend an administrative or court hearing in regard to violations, then he shall be given reasonable notice of no less than fourteen (14) days for such hearing and he shall attend as requested.

Section 3. The Parties agree that the following inspection services shall not be provided under this agreement: plan review; permit approval, and; initial site inspections prior to a permit being issued.

Section 4. Upon request, the Parties agree to coordinate and assist each other in the parties’ performance of the inspections set forth in Section 2 of this Agreement only under the following circumstances:

If Kendall County Code Official Holdiman or City Building Code Official Ratos is absent from work due to illness, vacation, on an approved leave of absence, or otherwise unavailable to perform one or more of the above listed inspections within Section 2(a) for their respective jurisdiction; and/or

b. If Kendall County Code Official Holdiman or City Building Code Official has a conflict of interest in performing one or more of the inspections set forth in Section 2(a) for their respective jurisdiction; and/or

and deliver them to the visiting inspector prior to the inspection taking place. Following an inspection, the original, completed inspection reports/forms shall be returned to the home jurisdiction within twenty-four (24) hours after completion of the inspection. After the visiting inspector has returned the original, completed inspection reports/forms to the home jurisdiction, the visiting inspector shall not be required to retain the records of inspections for the home jurisdiction after performing inspections under this Agreement.

Section 9. Neither the City nor Kendall County shall subcontract the services provided to the other under this agreement to a third-party inspector without the prior written consent of the other party.

As such,

Section 19. Nothing contained in this Agreement, nor any act of Kendall County or the City pursuant to this Agreement, shall be deemed or construed by any of the parties hereto or by third persons, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving Kendall County and the City. Further, nothing in this agreement should be interpreted to give Kendall County or the City any control over the other’s employees or imply a power to direct the employees of the other government body, which neither entity may exercise.

Section 20. When performing inspections under the terms of this Agreement, Kendall County and City intend that any injuries to their respective employee shall be covered and handled exclusively by their jurisdiction’s own worker’s compensation insurance in place at the time of such injury. Certificates of such insurance detailing the coverage therein shall be available to the other party upon execution of this Agreement. Neither party waives its immunities or defenses, whether statutory or common law by reason of the indemnification and insurance provisions contained in this Agreement.

Section 22. This Agreement shall be in full force and effect for a period of one (1) year from the date of the last signature below, however it may be renewed upon agreement of the parties in writing.

Section 23. Either party may terminate this Agreement by providing thirty (30) calendar days’ advance written notice to the other party. However, any act of bad faith in the execution of duties under this Agreement shall result in immediate termination of the other party’s duties as laid out herein. For the purpose of this agreement, “bad faith” is an intentional dishonest act by not fulfilling legal or contractual obligations, misleading another, entering into an agreement without the intention or means to fulfill it, or violating basic standards of honesty in dealing with others. Also, the parties agree to provide prompt written notice within fifteen (15) calendar days to the other party if Kendall County Code Official Brian Holdiman’s or City Building Code Official Pete Ratos’ employment ceases for whatever reason. In such event, this Agreement shall immediately terminate upon receipt of said written notice.

Staff present: Ginger Gates, Fran Klaas and John Burscheid
Also present: P.J. Fitzpatrick and Kelly Farley

The committee meeting convened at 4:03 P.M. with roll call of committee members. Elizabeth Flowers absent. Quorum established.

Motion Cullick; second Gryder, to approve the agenda as presented. Motion carried unanimously.

Motion Gryder, second Cullick to approve the Highway Committee meeting minutes from January 10, 2017. Motion carried unanimously.

Motion Gryder; second Cullick to approve a resolution appropriating $1,450,000 of Motor Fuel Tax Funds for the widening and resurfacing of Fox Road from Fox River Drive to Poplar Drive. Motion carried unanimously.

Motion Cullick; second Gryder to approve a resolution appropriating $455,000 of Motor Fuel Tax Funds for the resurfacing of Plattville-Chicago Road from Route 47 to Grove Road. Motion carried unanimously.

Motion Gryder; second Cullick to approve a resolution appropriating $325,000 of Motor Fuel Tax Funds for the resurfacing of Millington Road from Lions Road to a point ¾ mile south of Rogers Road. Motion carried unanimously.

An intergovernmental agreement between Kendall County, City of Yorkville and Bristol Road District was presented to the committee. Motion Cullick; second Gryder to recommend approval of the IGA to the County Board. The IGA addresses the proposed improvements to Kennedy Road as part of the Galena Road over Blackberry Creek bridge project. Kennedy Road would be used as a signed detour route during replacement of said bridge. Kellogg reported that the agencies are concurrently approving the IGA, which includes a $160,000 payment by the County for their share of the cost of improving Kennedy Road. The $160,000 is a not-to-exceed cost for the County, and the County will no longer be the lead agency. Improvements on Kennedy Road will have to be completed by May 15, 2018 which falls within the County’s time schedule for the bridge replacement. Payment must be made by the County to the City within 30 days after the improvements are completed. The agreement also includes a provision that requires the City to donate a small parcel of right-of-way along the south side of Galena Road that is required as part of the bridge replacement project. Motion carried unanimously.

A resolution authorizing the use of eminent domain at the intersection of Millington Road and Rogers Road was presented to the committee. Motion Cullick; second Davidson to recommend approval of the resolution to the County Board. Davidson asked what would be the next move if
acquisition of these sight triangles didn’t work. Klaas indicated that it would likely depend on the nature of any additional accidents, and whether vehicles were stopping at the stop signs or running the stop signs. Everything would be on the table; but he reminded the committee that Millington Road was a thru county highway, and he would prefer not to put 4-way stop signs at all the intersections on Millington Road. Davidson then discussed the idea of traffic signals, roundabouts, or other more significant improvements. Klaas indicated that those types of improvements could cost millions of dollars. He stated that the simplest safety improvements might include flashing lights, rumble strips and 4-ways stops. Davidson suggested that perhaps we should acquire more right-of-way than what we need for the sight triangles so that a larger improvement could be made in the future. Klaas stated the County would have to careful not to condemn property that isn’t currently required for the proposed improvement. The current proposal is just for acquisition of extremely small slivers of right-of-way to provide increased intersection sight distance… about 0.03 acre in each corner. Gryder asked what the current traffic count was at this intersection. Burscheid indicated that Millington Road had about 1500 ADT, while Rogers Road had about 1150 to the east and 1650 to the west. Additional discussion continued on the nature of other rural accident locations around the county. Motion carried with Gryder voting no.

Kellogg reported that the County held a public information meeting on the Collins Road Extension, and it was very successful. There has subsequently been some negative feedback from folks in the subdivision to the south of the project; but Gryder reported that these folks were unaware that there is another subdivision planned in between their subdivision and the County’s road project.

Klaas reported that Village of Millington has applied for $17,500 in TAP funds for construction of sidewalks in Millington. This will come before the Highway Committee and County Board for approval in March. Because this was the only application, there will be a significantly larger balance in the Fund next year. Klaas suggested the County might want to consider using the TAP monies for construction of a path or sidewalk along Fox Road within the corporate limits of Yorkville sometime in the future. Davidson reminded the committee that we don’t have to spend the money.

Kelly Farley updated the committee on the Little Rock Road safety project. CMT delivered all final bid documents to the County on February 3, 2017. The project goes to letting on March 31, 2017. Gryder asked what the traffic count was on Little Rock Road. South of Galena Road the count is 1750, while north of Galena Road it is over 6000.

Gryder asked about the status of the Dauberman Road project in Kane County. Klaas reported that he had attended the public information meeting. Said project is in Phase I Engineering, but there is no money for construction in Kane County’s multi-year plan. The limits of the project are centered on Route 30 and the connection of Dauberman to Granart Road.

PJ Fitzpatrick also reported on the Collins Road Extension public hearing. He discussed the alternative alignments that they had previously investigated, and the updated purpose and need for the project, which is being reviewed by Illinois Department of Transportation. All the exhibits from the public meeting are now posted on the County’s web site. There was good representation from local governmental agencies at the informational meeting. Most of the negative comments from the meeting revolved around the proposed redi-mix plant proposed along Minkler Road; but
one has nothing to do with the other. There were positive comments about proposed roundabouts on the corridor. After the purpose and need is established, WBK will be able to hit the project hard, and should be able to complete the Phase I Engineering by the end of this year. After completion, the County will be making application for Phase II funding through KKCOM.

Pre-Phase I Engineering for the WIKADUKE Trail project will be discussed at the next committee meeting. The County Engineer is reviewing the scope of services for the agreement that will come before the County. Gryder reminded the committee that this project has been around for 25 years, so it’s important to get working on it soon, as there are communities working on plans that will have an effect on the alignment.

Klaas indicated that Grundy County would like to have a joint transportation meeting soon to discuss mutual issues. Kellogg thought early April would be a good time frame. Gryder had heard that the new Grundy County Board Chair was interested in talking to Kendall County again in regard to Brisbin Road. Other issues with Brisbin Road were discussed as they relate to the reconstruction of Sherrill Road.

Motion Cullick; second Gryder to forward Highway Department bills for the month of February in the amount of $218,572.21 to the Finance Committee for approval. Motion to approve bills carried unanimously.

Meeting adjourned at 4:47 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

THIS INTERGOVERNMENTAL AGREEMENT (the “Agreement”) is by and between the County of Kendall, a unit of local government of the State of Illinois (“Kendall County”), the Bristol Township Road District, a unit of local government of the State of Illinois (the “Township”) and the United City of Yorkville (the “City”) a municipal corporation of the State of Illinois.

WITNESSETH:

WHEREAS, the City, Township and Kendall County (the “parties”) are units of local government within the meaning of Article VII, Section 1 of the Illinois Constitution of 1970 who are authorized to enter into intergovernmental agreements pursuant to the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq.; and

WHEREAS, the Constitution of the State of Illinois of 1970, Article VII, Section 10, provides that units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance and may use their credit, revenues, and other resources to pay costs related to intergovernmental activities; and

WHEREAS, the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq., provides that any county may participate in an intergovernmental agreement under this Act notwithstanding the absence of specific authority under the State law to perform the service involved, provided that the unit of local government contracting with Kendall County has authority to perform the service; and

1
WHEREAS, Galena Road Bridge crosses over Blackberry Creek about three-tenths of a mile west of Kennedy Road, and it has been determined that it is in need of replacement; and

WHEREAS, in order to efficiently and safely replace the Galena Road Bridge (the “Galena Road Bridge Project”), it will be necessary for Kendall County to close Galena Road in its entirety at said bridge for approximately six months. Such closure will result in the need for a safe detour route for the motoring public during such construction period; and

WHEREAS, Kendall County has determined that the most proper signed detour route for Galena Road, as is represented on Exhibit A, would involve traffic being redirected onto Cannonball Trail, Bristol Ridge Road and Kennedy Road (the “Subject Detour Route”); and

WHEREAS, certain parts of Bristol Ridge Road and Kennedy Road are municipal roads within the jurisdiction of the City; and

WHEREAS, Bristol Ridge Road north of Blackberry Creek Road is a township road; and

WHEREAS, the portion of Bristol Ridge Road to be utilized by the Subject Detour Route would begin at Kennedy Road and extend northerly to a point just north of Blackberry Creek Bridge, a distance of approximately 1,300 feet; and

WHEREAS, the portion of Kennedy Road to be utilized by the Subject Detour Route would begin at Bristol Ridge Road and extend northerly to Galena Road for a distance of approximately 7,400 feet (the “Subject Road”); and

WHEREAS, it is deemed to be in the best interest of Kendall County and the motoring public to improve and maintain the various roadways throughout Kendall County, including those within the municipalities of the County; and

WHEREAS, it has been determined that the Subject Road is currently in need of resurfacing prior to being utilized as a detour route for the general motoring public and that
Kendall County will provide the City with partial funding for such resurfacing for the public’s safety; and

WHEREAS, it is the understanding of the parties that upon completion of the Galena Road Bridge Project, the City alone will maintain, repair and otherwise care for the Subject Road and that Kendall County will have no duties to maintain, repair or otherwise care for the Subject Road at any time in the future; and

WHEREAS, Kendall County, the Township and the City wish to enter into an agreement wherein they will cooperate in the establishment of the Subject Detour Route for use by the public during the Galena Road Bridge Project’s construction and Kendall County and the City seek to cooperate in the resurfacing of the Subject Road as is herein laid out.

NOW, THEREFORE, in consideration of the foregoing preambles, the mutual covenants contained herein and for good and valuable consideration, the sufficiency of which is agreed to by the Parties hereto, Kendall County, the Township and the City covenant, agree and bind themselves as follows, to wit:

1. The foregoing preambles are hereby incorporated into this Agreement as if fully restated in this paragraph 1.

2. The City shall perform all related project bidding, awarding, engineering, inspection, documentation and payment in regard to the resurfacing of certain parts of the Subject Road no later than May 15, 2018 (the “Kennedy Road Project”). Should the project costs not rise above one hundred and sixty thousand dollars ($160,000.00), the County shall only be responsible for reimbursement of the lesser amount incurred by the City on said project.

4. During the course of construction of the Kennedy Road Project, the City shall ensure that each contractor and/or subcontractor performing work on the Project shall obtain and continue in force during the term of the Project, all insurance necessary and appropriate and that each contractor and/or subcontractor contracted with to perform work on the Kennedy Road Project shall name Kendall County and the City as an Additional Insured on a Primary and Non-Contributory basis with respect to all liability coverage. Further, all contractor and/or subcontractor liability and workers’ compensation policies must include a waiver of subrogation in favor of Kendall County and the City.

5. In consideration for the above services, the City will permit Kendall County to utilize the Subject Road, as well as Bristol Ridge Road as a signed detour route for the Galena Road Bridge Project, which is expected to last six months and take place within the next five (5) years. Further, the City shall donate to Kendall County an approximately ½ acre right-of-way on the South side of Galena Road for use in the Galena Road Bridge Project. Kendall county shall prepare all necessary plats, legal descriptions and title work to enable such donation to take place.

However, no Party shall be indemnified hereunder for any loss, liability, damage, or expense resulting from its own intentional, willful, wanton, reckless or negligent misconduct.

3. **Microphone Addition Request for the County Board Room** – Mr. Smiley reported that the microphone came today however the base was not included. The base should be arriving within the week. New Business/Projects

1. Chairman’s Report:
   a. Office Security needs – Chairman Davidson wants to finalize the Leopardo project and Health and Human services project before addressing the office security need at the County Office Building. Mr. Smiley stated that he has updated the quotes to reflect the laminated glass costs compared to the bullet resistant glass costs. Chairman Davidson stated that this project would be on hold at this time. The Committee plans to re-address this item as a main topic within 2 to 3 months.
   b. Project submissions – Chairman Davidson stated the need to create a policy and/or procedure needs to be created for future project submissions. Director Smiley said he work with County Administrator Wilkins to draft a policy/procedure to bring back to the committee.

2. VAC Space Changes Request – Mr. Smiley stated that Chad was unable to obtain approval from his board to lease new space for the VAC office. So, Chad asked Jim for a price to remodel their current office to install a door off the hallway for the shared VAC office. Jim gave Chad an approximate price for two options; 1) Move the existing door at a cost of $200-500.00 or 2) Add and additional door at a cost of $1,150.00, plus $200-$500.00 for paint, drywall etc. Chad will take the prices to the VAC board for approval.

3. Approve 1-year Customer Service Agreement contract to be forwarded to the County Board for approval with the low bidder and our current voice line carrier Call One for the County Analog Phone Circuits for $5,639.77 per month depending on usage –
   Director Smiley stated that RFP for this contract and the contract in item number four (4) below were low bid by our current provider Call One. The contracts were reviewed by the State’s Attorney’s Office. Chairman Davidson asked if more than a one (1) year contract was available. Mr. Smiley stated these contracts and an existing three (3) year contract will be up next year, so the county’s whole phone system contract would be up at the same time next year. Jim also informed the committee that replacing the existing phone systems have been in the existing five (5) year plan and different circuits are needed when that happens. Currently Jim & Technology Services Director Koeppel are planning the system replacements for 2020. Since all the contracts expire next year at the same time it will be easier to make some circuit adjustments next year. Motion to forward both Call One contracts to the February 21, 2017 County Board agenda for approval made by Member Kellogg, second by Member Hendrix. All members voted aye via voice vote. Motion approved.

4. Approve 1-year contract to be forwarded to the County Board for approval with the low bidder and our current voice line carrier Call One for the Centrex Phone Circuits for $9 per month depending on usage – Addressed in item number three (3) above.

5. County Office Building Elevator Issues – Mr. Smiley stated during the monthly inspection the elevator was found to be down 5 gallons of hydro oil, with no visible leak. This can be an indication the shaft is leaking. A test was performed to determine if the fully extended shaft dropped more than 1 – 2” in 24 hours. The elevator passed the test, no problem found. Project complete.

6. Health & Human Services X-Ray Machine – Jim was asked to see if an x-ray machine that was received as a donation from a retiring dentist could fit in an office. The x-ray machine would fit in an office, however extra electrical will need to be installed. Vice Chairman Giles stated that HHS is looking to set up dental service and the donation of the equipment, which is in very good condition, is to be removed from the existing site soon and stored on our campus. HHS is aware that setting up dental services will be a lengthy process. Chairman Davidson’s concern is, will the equipment deteriorate while in storage until the service is up and running?

7. KCFM Records Disposal – Director Smiley informed the Committee that the final meeting was completed and the application was signed. The State should send notice within the next few weeks on when and what can be destroyed.

Kendall County Facilities Management Committee Meeting Minutes – February 6, 2017
8. **Five Year Sprinkler Inspections** – Mr. Smiley stated the inspections were completed and all systems passed. Jim also stated that new gauges needed to be installed as part of the inspection. The cost for the inspections will come from the equipment maintenance fund.

9. **Circuit Clerk Counter and Room Pass Through Project** – Jim met with cabinet maker and they should be submitting a design shortly for approval. Tile and electric will need to be moved while the Circuit Clerk’s office is still in operation. Mr. Smiley stated the Circuit Clerk would like to complete the project by March.

10. **Coroner’s Autopsy Table Replacement** – Director Smiley stated that once signed off, the table will be ordered. Jim also stated that it would take 90 days to receive. The water supply and electric will need to be lowered in order to retrofit it to the new table.

11. **State’s Attorney Cubicle Project** – Director Smiley was asked late last year by the State’s Attorney Eric Weis to get pricing modify existing cubicles in his office. Mr. Smiley stated that the initial idea was to re-use/combine old panels with the new panels however, there were not enough old panels to re-combine. Jim has been in contact with the vendor and Eric to purchase the needed panels. They have 2 of the 4 cubicles done. The State’s Attorney’s Office is paying for the project.

12. **Courthouse Roof Leaks** – Mr. Smiley informed the Committee that a clamp loosed up on drain during the last heavy rain storm, which caused the drainpipe to become heavy and drop the pipe which in turn leaked water inside the Probation Department. Jim stated the clamp was re-tightened and a support was added underneath the pipe to prevent it from dropping down again. Jeff Wilkins, County Administrator requested this item be placed on this agenda as the issue was discussed at the Judicial Committee meeting where there was an inquiry if the roof should be replaced. Mr. Smiley stated that he was already allocating money to replace sections of roofs at the Courthouse and the Public Safety Center in the new five (5) year Capital plan. Another leak in CR111 was discovered and fixed, which also leaked last year. Jim states that proactive maintenance will continue to try to prevent issues with leaks.

13. **Annual Backflow Inspections** – Director Smiley stated this is a pressure test on the devices that keep building water from re-entering the City mains, in the event of an outside pressure loss to the facility. This is a State mandated test that needs to be competed every year by a certified plumber, where the results are filed with the City of Yorkville and the State of Illinois.

1. Term. Customer hereby orders the Local Exchange, Interexchange and miscellaneous services incident thereto as described herein (collectively, the "Services") for the term selected by Customer on Page 1 of this Agreement (the "Term"). Effective as of the date that Services are installed or first provided (the "Effective Date"). Upon expiration of the Term, the usage rates and monthly recurring charges applicable to a Term other than Month-to-Month will revert to Call One's prevailing month-to-month rates unless Customer has (1) entered into a successor agreement or (2) canceled the Service, in each case effective as of the expiration of the Term. Call One is not responsible for notifying customer of the expiration of any Term.

2. Rates. (a) Unless otherwise specified on Page 1 of this Agreement, Call One's prevailing month-to-month rates for lines, features, other monthly recurring charges and non-recurring charges (e.g., installation, service establishment and/or other non-recurring charges) will apply to the Services. By executing this Agreement, Call One acknowledges that it has received notice of and is aware of the rates and other charges that apply to the Services that are not specifically identified on Page 1 of this Agreement. If there is any change to Call One's prevailing rates or charges that apply to the Services, Customer will be notified in its monthly invoice or in the applicable state tariff, effective as stated herein. If Customer cancels a Term other than Month-To-Month, the usage rates and monthly recurring charges (each expressed as a rate or as a discount off Call One's prevailing month-to-month rates) identified on Page 1 of this Agreement will apply to the Services during the Term. (b) Call One shall also provide to Customer as a separate item all applicable federal, state and other governmental fees, surcharges and taxes. (c) Call One may, at its sole discretion, increase the rates for Band C, 1+10 long distance or inbound 800x88 toll-free Services, if and to the extent the change from the local exchange carrier to terminate the outbound calls or to originate the inbound calls exceeds twenty-five percent of the rate for that Service, and that Service will be provided on a month-to-month basis.

(b) If, as a part of Call One's provision of services, Customer terminates a Third Party Commitment(s), Customer agrees that it is solely responsible for the fees associated with such termination. 5. Early Termination/Cancelation. Customer shall be required to provide Call One a minimum of 30 days notice in writing of any termination/cancellation of Services(s). (a) If Customer terminates the Service in whole or in part prior to the expiration of the Term, Customer will be liable for an early termination charge equal to the Term Savings Recovery. As used herein, "Term Savings Recovery" is the total usage and monthly recurring charge discount received by the Customer calculated as follows: (A) the difference between the total usage charges billed to Customer at the discounted rates, Customer received for the Term selected in this Agreement and the total usage charges that would have been billed to Customer at the Call One tariff monthly usage rates in effect as of the Effective Date and (B) the difference between the discounted monthly recurring charges received for the Term selected in this Agreement and the Call One tariff non-discounted monthly recurring charges in effect as of the Effective Date times the number of months Service was provided. In addition, Customer shall also be liable for any installation and/or other non-recurring charges that were waived. (b) If Call One terminates Services(s) in whole or in part due to Customer's non-payment or default, Customer will be liable for the Service(s) and liable for all early termination charges.
