NEW BUSINESS
Fox Metro Water Reclamation District South Treatment Plant Expansion
Mr. Sterrett explained that in 2011 Fox Metro Water Reclamation District (FMWRD) received a special use for their existing water treatment facility along Route 31 for both the existing portion of the facility and for future expansion. FMWRD has now come to the county for stormwater permits to construct the proposed facilities as part of their Phase 2 plan. Their site plan was reviewed by the Zoning and Platting Advisory Committee and received conditionally approval. Mr. Muth of FMWRD explained that the expansion is required as part of a mandate from the U.S. EPA. Mr. Frerich of Walter E. Deuchler Associates distributed the site plan for the FMWRD expansion as well as a proposed plan for off-site compensatory floodplain storage. Mr. Frerich explained that FMWRD will provide a 1:1 compensatory storage for floodplain at a location near Orchard Road owned by FMWRD. Mr. Chismark of Wills Burke Kelsey, the
County’s stormwater engineering consultant, performed the review of the engineering documents for the expansion and stated that what is proposed is adequate. Mr. Chismark stated that this is the first variance request to the County’s Stormwater Management Ordinance. It is anticipated that a public hearing will take place in front of the County’s Committee of the Whole in February with the County Board taking action at the February 16th meeting.

Authorize $7,000 expenditure from the Tanglewood Trails escrow account for tree removal services by Homer Tree service

Authorize co-sponsorship for Naturalized Detention Management Workshop on May 13th at Ellis Forest Preserve with Conservation Foundation.
An event is being put on by the Conservation Foundation for education about naturalized detention areas. The County was asked to participate as a sponsor. There are no financial commitments as part of this sponsorship.

Mr. Wehrli made a motion, seconded by Mr. Davidson, to forward the authorization of co-sponsorship for Naturalized Detention Management Workshop on May 13th at Ellis Forest Preserve with Conservation Foundation onto the County Board for consideration. With a voice vote of all ayes, the motion carried.

Dumpsters in Residentially Zoned Districts
Mr. Sterrett explained that the PBZ Department received multiple complaints regarding a property that has had a dumpster located on it for several weeks. There are no regulations in the zoning ordinance with respect to dumpsters in residential districts. Staff brought the matter to the Committee for discussion. The Committee discussed potential reasons for having a dumpster on a residential property including when it is in conjunction with a building permit, when it is for cleaning or maintenance of a property, and for a home occupation.

The Committee also discussed potential time limits to dumpsters on properties when they are not associated with an approved building permit. Dumpsters that are part of home occupations should have required screening and setbacks for dumpsters that exceed that time limit. Proposed regulations on dumpsters will be applied only to residential zoning districts. The Committee concluded that staff should draft proposed language to address these issues and bring back to the Committee for further review and discussion in February.

2016 KCRPC Annual Meeting
Mr. Sterrett informed the Committee that the annual meeting for the KCRPC is taking place on Saturday, February 6th at 9:00am. This is an opportunity for the public and other taxing districts to provide comment and suggestions for the County’s Land Resource Management Plan. No official business takes place at the meeting. The Committee briefly discussed lot size
requirements for residential districts and how recent changes in sewage codes may have an impact on new development with respect to lot size and open space.

**APA Dues and Membership**

MONTHLY REPORTS

a. County Administrator – Mr. Wilkins reported on the email received from Leslie Johnson regarding the Illinois Department of Labor regulations that will require modifications to timekeeping procedures for all department/elected offices requiring records to be kept on all hours worked by all employees, including FLSA Exempt employees.

Glenn Campos was asked to bring the number of union employees that have voluntarily moved over to the HSA or HMO plans from last year, and also how many union employees as a percentage are even enrolled at all information to the February 4th meeting.

Mr. Wilkins also briefly reviewed the annual/monthly Human Resource reports with the committee.

Mr. Wilkins informed the committee that Latreese Caldwell’s work space in Administrative Services is being converted to an office and should be completed in the next few weeks.

Mr. Wilkins gave an update on the Ridge Street property now vacated by Jim Olson, and that the person that purchased the Olson business has had a delay in moving all of the files, and will get those moved soon.
Discussion on the poor condition of the building, the liability to the County, and the possibility of demolishing the building in the next year or so.

Wilkins also informed the committee about a recent issue involving the generator at the County Office Building running continuously for one complete evening, and said that Jim Smiley and Scott Koeppel are working to get a notification sent to facilities when the generator is having issues.

Wilkins also reported that the MetroNet fiber net project was approved for Plainfield. Phase 1 would include Plainfield, Oswego, Boulder Hill, and Montgomery, and Phase 2 would include Yorkville and Sugar Grove. The committee suggested asking MetroNet to provide an update to the County Board at a future Economic Development meeting.

b. Department Heads and Elected – Scott Koeppel reported that there is a conference in San Diego this year done by Esri, the software company that the County uses to do GIS work, and because the county pays for support from Esri, two people will be allowed to attend the conference at no cost. The county would have to pay for the flight, lodging and meals for anyone attending the conference. The conference includes all day classes, and one on one time with consultants and technicians. Mr. Koeppel proposed that Don Clayton attend this year, and said that he and or possibly Jonathan Oelschlager would attend next year. Mr. Koeppel said there are funds available in the GIS training budget to cover the additional expenses.

Mr. Koeppel stated that one of the GIS goals by 2017 is to become mobile since more and more people rely strictly on their mobile devices to obtain data and information, and that GIS would utilize Esri for assistance with the mobile project. The committee was supportive of Mr. Clayton attending the conference in the summer of 2016. The committee would like Mr. Clayton to provide a report/feedback following the conference.

HIGHWAY COMMITTEE MINUTES

DATE: January 12, 2016
LOCATION: Kendall County Highway Department
MEMBERS PRESENT: Dan Koukol, Scott Gryder, and Matt Prochaska
STAFF PRESENT: Andy Myers, John Burscheid, and Jeff Wilkins
ALSO PRESENT: P.J. Fitzpatrick

The committee meeting convened at 4:00 P.M. with roll call of committee members. Judy Gilmour and Jeff Wehrli absent. Quorum established.

Motion Prochaska; second Gryder, to approve the agenda as presented. Motion carried unanimously.

Koukol discussed the request from Village of Montgomery to send a letter of support to IDOT for improvements to the intersection of U.S. Route 30 and Orchard Road. Gryder indicated that both the Village and Kane County have sent letters to IDOT requesting that this intersection be improved as soon as possible. County Engineer, Fran Klaas, had prepared a letter from John Shaw to John Fortmann, IDOT District 1 Engineer, for consideration. Myers indicated that the intersection is part of a larger plan to improve Route 30 from Route 31 all the way to Route 47; but that funding for the larger project is not currently in IDOT’s 5-Year Plan. So this effort essentially requests that IDOT separate out the intersection improvements at Orchard Road as a standalone project that could be built in advance of the bigger project. Koukol discussed the need for a crosswalk at the Orchard Road and Caterpillar Drive intersection. Myers said that the crosswalk work would be done in 2016, but at 100% County expense. Motion Gryder; second Prochaska to forward the letter to the County Board for consideration. Motion carried unanimously.

A resolution to post a reduced weight limit on certain county highways for seasonal purposes was presented to the Committee. Motion Koukol; second Gryder to recommend approval of the resolution to the County Board. Motion carried unanimously.

A Highway Authority Agreement between Kendall County and Illinois Department of Transportation was presented to the Committee. The Agreement is required by Illinois Environmental Protection Agency to close out the Leaking Underground Storage Tank process and subsequent removal of tanks at the County Highway Department over 20 years ago. Motion Prochaska; second Gryder to recommend approval of the Highway Authority Agreement to the County Board. Motion carried unanimously.

Motion Koukol; second Gryder to recommend approval of a preliminary engineering agreement with Hampton, Lenzini and Renwick for Galena Road Bridge replacement with an upper limit not to exceed $158,500. This bridge carries Galena Road over Blackberry Creek. It was originally built in 1953 and rehabilitated in 1985. Motion carried unanimously.
Motion Koukol; second Gryder to recommend approval of a preliminary engineering agreement with WBK Engineering for Phase I work on Collins Road Extension in an amount not to exceed $761,326. Motion carried unanimously.

Motion Gryder; second Prochaska to recommend approval of a preliminary engineering agreement with Hutchison Engineering, Inc. for Ridge Road and Holt Road intersection improvements in an amount not to exceed $220,000. Motion carried unanimously.

Motion Prochaska; second Gryder to forward Highway Department bills for the month of January in the amount of $240,743.13 to the Finance Committee for approval. Motion carried unanimously.

Koukol asked John Burscheid about any economic developments at the intersection of Route 126 and Ridge Road, and the fact that there was a real estate sign up at that intersection. Wilkins discussed the land use study of the WIKADUKE Trail plan, and he thought that there was supposed to be commercial zoning in all quadrants of that intersection. Koukol asked the Committee if perhaps Andrez Beltran could do a little research on that intersection and then prepare a report for the Economic Development Committee. Wilkins thought that Plainfield was going to hire an Economic Development Specialist, so there could be some coordination with that person. Koukol indicated that there is an opportunity to get some tax revenues out of future development at this location. He would like Andrez to work with Plainfield in that regard.

Meeting adjourned at 4:30P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

RE: U.S. Route 30 & Orchard Road Intersection

Dear Mr. Fortmann:

I am writing to express the apparent need for intersection improvements at the U.S. Route 30 and Orchard Road intersection in Montgomery, Illinois. It has recently come to my attention that engineers studying the intersection have determined that several of the traffic movements currently operate at a level-of-service “F”. As you probably know, this is a very busy intersection, with a total entering volume approaching 50,000 vehicles per day. By 2040, this volume is expected to increase over 70%. This intersection also has one of the highest accident rates in Montgomery, according to Montgomery officials.

Although IDOT is studying a larger improvement on U.S. Route 30, from Illinois Route 47 to Illinois Route 31, those improvements are not currently included in the State’s 5-year plan. Kendall County believes that intersection improvements at Orchard Road represent the single most urgent need in the overall project, and should be considered as a stand-alone project that could be advanced separately from other Route 30 improvements.

Since Kendall County has jurisdiction of the south leg of this intersection, we are interested in working with IDOT, Kane County, and the Village of Montgomery to investigate the possibility of moving forward with intersection improvements as soon as possible. The investment now will help to accommodate current needs, and should help to improve safety for the traveling public as this area continues to grow.

Sincerely,

John A. Shaw
Kendall County Board Chairman
