Small Business Week

Member Cullick moved to approve the resolution supporting Small Business Week from April 29 to May 5, 2018. Member Purcell seconded the motion. Chairman Gryder asked for a voice vote on the motion. All members present voting aye. Motion carried.

RESOLUTION SUPPORTING SMALL BUSINESS WEEK FROM APRIL 29 TO MAY 5, 2018

WHEREAS, America’s progress has been driven by pioneers who think big, take risks and work hard; and

WHEREAS, from the storefront shops that anchor Main Street to the high-tech startups that keep America on the cutting edge, small businesses are the backbone of our economy and the cornerstones of our nation’s promise; and

WHEREAS, small business owners and Main Street businesses have energy and a passion for what they do; and

WHEREAS, when we support small business, jobs are created and local communities preserve their unique culture; and

WHEREAS, because this country’s 30 million small businesses create nearly two out of three jobs in our economy, we cannot resolve ourselves to create jobs and spur economic growth in America without discussing ways to support our entrepreneurs; and

WHEREAS, the President of the United States has proclaimed National Small Business Week every year since 1963 to highlight the programs and services available to entrepreneurs through the U.S. Small Business Administration and other government agencies; and

WHEREAS, KENDALL COUNTY supports and joins in this national effort to help America’s small businesses do what they do best – grow their business, create jobs, and ensure that our communities remain as vibrant tomorrow as they are today.

NOW, THEREFORE, BE IT RESOLVED BY THE KENDALL COUNTY BOARD, that the County of Kendall do hereby proclaim April 29 through May 5, 2018 as NATIONAL SMALL BUSINESS WEEK

PRESENTED and ADOPTED by the County Board, this 1 day of May 2018.

RESOLUTION WELCOMING LIONS CLUB INTERNATIONAL TO KENDALL COUNTY ON MAY 9, 2018  

WHEREAS, In 1917, Melvin Jones, a 38-year-old Chicago business leader, told members of his local business club they should reach beyond business issues and address the betterment of their communities and the world, and established the first Lions Club; and  

WHEREAS, currently Lions Club International has 1.35 million members in more than 46,000 clubs in over 200 countries; and  

WHEREAS, their goal is to empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions clubs; and  

WHEREAS, Lions Club International has tackled issues such as working with the blind and visually impaired, and creating youth programs for personal development through volunteering; and  

WHEREAS, Lions Clubs have been active in Kendall County communities such as Sandwich, Yorkville, and Owego.  

NOW, THEREFORE, BE IT RESOLVED BY THE KENDALL COUNTY BOARD, that the County of Kendall do hereby welcome Lions Club International to Kendall County.  

PRESENTED and ADOPTED by the County Board, this day of May 2018.

Part 2. Status of Compliance with Permit Conditions

(Provide the status of compliance with permit condition, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the maximum extent practicable [MEP], and your identified measurable goals for each of the minimum control measures.)

Kendall County submitted a Notice of Intent on July 19, 2016, which initiated a new 5-year permit cycle. The BMPs listed in the 2016 NOI were selected to meet the requirements of the NPDES Phase II program and reduce nonpoint source pollution in Kendall County.

The status of BMPs and measurable goals performed in Year 2 are described below.

A. Public Education and Outreach

A.1 Distributed Paper Material

Measurable Goals: 1) Track number of people requesting to see the County’s Plan on an annual basis.

Kendall County continues to provide links on the County website to the Stormwater Management Program Plan, the NOI, and Annual Reports. The website also includes materials about sources of stormwater pollution and ways to minimize pollutants. The County’s website includes EPA web links as well as web links to other sites that contain information about the benefits of green infrastructure and rain gardens, impacts of climate change on water resources, and the impacts of climate change on the Midwest.

Kendall County tracks the amount of views of the County website annually. The website was tracked from January 1st 2017 through December 31st 2017. The NPDES component of the website, which includes PDFs of the County’s NOIs and Annual Reports, had 241 views. There were 204 views on the Stormwater Management Permit page, and there were 638 views of the Stormwater Management Ordinance. Overall, the NPDES and stormwater information available on the County’s website received 1,083 views.

A.2 Speaking Engagement

Measurable Goals: An increase in number of presentations annually and amount of public attendance/participation.

Kendall County did not conduct any presentations this year.

A.4 Community Event

Measurable Goals: Increased interest and attendance in annual workshops/seminars.

The Kendall County Soil and Water Conservation District along with Kendall County hosted a used oil drop off recycling event on June 17, 2017 at the Grainco FS parking lot on Route 47. Many local residents participated by bringing their used oil, anti-freeze, and oil filters to be safely disposed. During the event 1,060 gallons of used oil, 95 gallons of used anti-freeze, and 2 large containers of used oil filters were collected.
A.6 Other Public Involvement

Measurable Goals: 1) Inquiries to linked websites and annual increase in hits to website. 2) Annual evaluation surveys.

Kendall County tracks the amount of views the County website gets on an annual basis. The County tracked the website from January 1st 2017 through December 31st 2017. The NPDES component of the website, which includes PDFs of the County’s NOIs and Annual Reports as well as stormwater pollution prevention web links, had 241 views. There were 204 views on the Stormwater Management Permit page, and there were 638 views of Stormwater Management Ordinance. Overall, the NPDES and stormwater information available on the County’s website received 1,083 views.

Kendall County did not send out an annual evaluation this year.

B. Public Participation/Involvement

B.3 Stakeholder Meetings

Measurable Goals: Attend the annual public meeting and work with the County to establish a positive dialogue and eventually develop County-wide coordination of stormwater management efforts.

An annual public meeting was not held during the past reporting period.

B.7 Other Public Involvement

Measurable Goals: 1) Inquiries to linked websites and annual increase in hits to website. 2) Annual evaluation surveys.

Kendall County tracks the amount of views the County website gets on an annual basis. The number of people who visited the website from January 1st 2017 through December 31st 2017 was recorded. The NPDES component of the website, which includes PDFs of the County’s NOIs and Annual Reports as well as stormwater pollution prevention web links, had 241 views. There were 204 views on the Stormwater Management Permit page, and there were 638 views of Stormwater Management Ordinance. Overall, the NPDES and stormwater information available on the County’s website received 1,083 views.

Kendall County did not send out an annual evaluation survey this past year.

C. Illicit Discharge Detection and Elimination

C.1 Storm Sewer Map Preparation

Measurable Goals: Update storm sewer mapping annually.

Kendall County continues to conduct field verifications for storm sewer systems, however, the GIS layer was not updated this past year.
C.3 Detection/Elimination Prioritization Plan

Measurable Goals: Track the number of illicit dischargers discovered and track removal process.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The Highway Department performs stormwater related inspections on a daily basis throughout the County as they relate to road maintenance.

C.4 Illicit Discharge Tracing Procedures

Measurable Goals: Track number of illicit discharges discovered and track removal process annually.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has an Outfall Inspection Procedure Flow Chart (Figure 2) in their Kendall County Stormwater Management Program Plan for detecting and tracing illicit discharges. There is also an Indirect Illicit Discharge Tracking Form available in Appendix 5.6 of the Kendall County Stormwater Management Program Plan for use by County personnel.

C.5 Illicit Source Removal Procedures

Track the number of illicit dischargers discovered and track removal process.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has an 8-step protocol in place for ensuring the removal of illicit discharges. This protocol is explained under Section 3.3.D.3 of the Kendall County Stormwater Management Program Plan.

C.6 Program Evaluation and Assessment

Measurable Goals: Annual evaluation surveys.

Kendall County did not send out an evaluation survey this past year. There were no illicit discharges detected or reported within the County during Year 2, therefore, assessment of how well the County responded to illicit discharge detection and elimination was not necessary.

C.7 Visual Dry Weather Screening

Measurable Goals: Track the number of illicit dischargers discovered and track removal process.
Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has a Stormwater Outfall Inspection Data Form available in Appendix 5.3 of the Kendall County Stormwater Management Program Plan for use by County personnel. During the past reporting period, visual dry weather screening was not conducted.

D. Construction Site Runoff Control

D.1 Regulatory Control Program

*Measurable Goals: Implementation of the Kendall County Stormwater Ordinance.*

On May 21, 2013, the Kendall County Stormwater Management Ordinance was revised. This Ordinance specifically outlines regulations on runoff for NPDES (Sec. 202). The Ordinance includes revised regulations for stormwater management, plan reviews, and long-term maintenance. Kendall County continues to implement and comply with the Kendall County Stormwater Ordinance.

Kendall County has been working with a review consultant since 2008 who continues to provide stormwater, engineering, wetland, and Soil Erosion and Sediment Control (SESC) review for proposed developments.

The consultant conducted SESC inspections at 4 sites during the past reporting period on behalf of Kendall County. Those sites include the Fox Metro Water Reclamation District (FMWRD) Plant Expansion Site, the Fox Metro Orchard Road Compensatory Storage Site, the Joliet Park District Grove Access Road Site, and the Nicor Aux Sable Phase VII Pipeline Replacement Site. The table below provides a breakdown of the projects and the number of SESC inspections completed by the consultant since the beginning of the project.

D.2 Erosion and Sediment Control BMPs

*Measurable Goals: Adoption of County ordinance amendments as developed.*

The County outlines the Soil Erosion and Sediment Control requirements for construction sites in Article 3 of the Kendall County Stormwater Management Ordinance.

No amendments to the Soil Erosion and Sediment Control requirements were developed because none were needed this year.

D.3 Other Waste Control Program

*Measurable Goals: Adoption of County ordinance amendments as developed.*

No amendments to the Other Waste Control Program were developed because none were needed this year.

D.4 Site Plan Review Procedures

*Measurable Goals: Adoption of ordinance amendments as developed.*

All construction projects are required to have a Soil Erosion and Sediment Control Plan in place prior to construction as stated in Sec. 301 of the Ordinance. The SESC Plan must be prepared in accordance with the requirements of the Ordinance as well as the standards and specifications contained in the most recent Illinois Urban Manual.

No amendments to the Site Plan Review Procedures were developed because none were needed this year.

D.6 Site Inspection/Enforcement Procedures

*Measurable Goals: Develop enforceable procedures for construction site inspections.*

Construction site inspections are enforced under Sec. 303 and Sec. 304 of the Kendall County Stormwater Management Ordinance.

If a site is not in compliance with the Ordinance, the property owner has 7 days to correct the issue. If the issue is not corrected in that time frame, a Stop-Work Order will be issued and the permit may be revoked.

Kendall County works with a consultant who conducts regular SESC inspections. The consultant utilizes the Soil Erosion and Sediment Control Inspection Form found in Appendix 5.5 of the Kendall County Stormwater Management Program Plan during inspections. During the annual year of April 1st 2017 through March 31st 2018, four sites were inspected regularly in Kendall County. See the table above in Section D.1 for details.

D.7 Other Construction Site Runoff Controls

*Measurable Goals: Soil Erosion and Sediment Control (SESC) inspections will be monitored and filed until final site acceptance by Kendall County.*

Kendall County evaluates their Construction Site Runoff Control Program by monitoring and recording Construction Site Runoff Control compliance.
The County works with a consultant who conducts SESC inspections at Kendall County construction sites. The consultant utilizes the Soil Erosion and Sediment Control Inspection Form found in Appendix 5.5 of the Kendall County Stormwater Management Program Plan during inspections. During the annual year of April 1st 2017 through March 31st 2018, four sites were inspected regularly in Kendall County. The four sites were the Fox Metro Water Reclamation District (FMWRD) Plant Expansion Site, the Fox Metro Orchard Road Compensatory Storage Site, the Joliet Park District Grove Access Road Site, and the Nicor Aux Sable Phase VII Pipeline Replacement Site. The number of inspections completed by the consultant on behalf of Kendall County can be found above in the table under Section D.1.

E. Post-Construction Runoff Control

E.3 Long Term O&M Procedures

Measurable Goals: Adoption of revised Kendall County Stormwater Management Ordinance.

Kendall County continues to monitor and enforce long term maintenance requirements of the Kendall County Stormwater Management Ordinance. No revisions were made in the past year.

E.5 Site Inspections During Construction

Measurable Goals: Implementing ordinance amendments, as developed.

Kendall County continues to monitor and enforce soil erosion and sediment control requirements of the Kendall County Stormwater Management Ordinance under Sec. 303 and Sec. 304. No amendments were developed in the past year.

Kendall County works with a consultant who conducts regular SESC inspections during and after construction until the site is fully stabilized. The consultant is currently monitoring the Fox Metro Orchard Road Compensatory Storage Site, which is no longer under construction. The site is being monitored on a monthly basis for vegetation establishment.

E.7 Other Post-Construction Runoff Controls

Measurable Goals: 1) Collaborate with other MS-4’s in Kendall County and stakeholders, including the Conservation Foundation and the Kendall County Soil and Water Conservation District, to evaluate relevant flood control techniques to determine the potential effects of climate change. 2) Annual evaluation survey.

Active work has not been done to collaborate with other MS-4’s and stakeholders in order to evaluate relevant flood control techniques and determine the potential effects of climate change. Kendall County started investigating the potential effects of climate change by posting web links to EPA information on the County website.

Kendall County did not send out an evaluation survey this past year.
F. Pollution Prevention/Good Housekeeping

F.1 Employee Training Program

*Measurable Goals: Increase participation at workshops.*

Kendall County provides links on the County website to EPA’s websites about green infrastructure and climate change. They also have EPA information posted on the County website about NPDES and clean water. This information is available to County staff, townships, and the public.

Kendall County provided the opportunity for staff to attend the National Flood Insurance Program (NFIP) 101 Workshop hosted by the Illinois Association for Floodplain and Stormwater Management in Springfield, IL on March 13th 2018.

On March 17, 2017, the Kendall County Soil and Water Conservation District in partnership with the Village of Oswego hosted a Soil Erosion and Sediment Control Workshop. Two County staff members attended the workshop along with 3 representatives from the County’s stormwater engineering consultant.

F.4 Municipal Operation Waste Disposal

*Measurable Goals: Reduce the impact of Municipal Operations of stormwater runoff.*

Kendall County continues to collect litter and track the amount of material collected. Kendall County collected 11.67 tons of garbage from within County right-of-way in 2017. In 2016, the County put new shingles on their salt dome, and in 2017 they fixed the leaking roof on their fabric-covered salt storage building. Kendall County continues to minimize the discharge of pollutants from vehicle washing by treating the wash water by collection in a sediment basin or using an inlet filter prior to discharge. The County continues to properly store building materials, building products, construction waste, trash, landscape materials, fertilizers, pesticides, herbicides, chemical storage tanks, deicing materials, detergents, and other materials to guard against exposure to precipitation and stormwater.

F.5 Flood Management/Assess Guidelines

*Measurable Goals: Incorporate revised floodplain guidelines and DFIRMs by reference.*

On May 21, 2013, the Kendall County Stormwater Management Ordinance was revised. This Ordinance states as one of its goals the reduction of flooding and its economic and human impacts, while also stating a goal to make federally subsidized flood insurance available. Kendall County did not make any revisions to the floodplain guidelines this past year.

F.6 Other Municipal Operations Controls

*Measurable Goals: Annual Evaluation surveys.*

Kendall County would normally evaluate their Pollution Prevention/Good Housekeeping Program by having participants fill out an evaluation form. Kendall County did not send out an annual evaluation survey this past year.
Part 3. Information and Data Collection Results

(Provide information and water quality sampling/monitoring data related to illicit discharge detection and elimination collected during the reporting period.)

There were no illicit discharges detected during the reporting period, therefore, water quality sampling/monitoring data was not collected.
Part 4. Summary of Next Reporting Period Stormwater Activities

(Present a summary of the storm water activities you plan to undertake during the next reporting cycle, including and implementation schedule in the sections following the table.)

The table shown below summarizes the BMPs committed to for Year 3. Specific BMPs and measurable goals for Year 3 program development activities are presented in the sections following the table.

Note: X indicates BMPs committed to for Year 3
+ indicates BMPs committed to for Year 3 not originally in NOI

A. Public Education and Outreach

A.1 Distributed Paper Material

Measurable Goals: 1) Track number of people requesting to see the County’s Plan on an annual basis

Kendall County will maintain educational links on their website providing information on what residents can do to minimize and reduce stormwater runoff pollution, the benefits of green infrastructure and rain gardens, and the impacts of climate change. The County will continue to track the number of people requesting and viewing the County’s Plan on an annual basis. The County will continue to add training materials once developed and approved.

A.2 Speaking Engagement

Measurable Goals: An increase in number of presentations annually and amount of public attendance/participation.

Kendall County will present to local groups regarding the Ordinance to encourage input from stakeholders and will work with the Kendall County Health Department and the Kendall County Soil and Water Conservation District (SWCD) to provide educational opportunities to residents.

A.4 Community Event

Measurable Goals: Increased interest and attendance in annual workshops/seminars.

Kendall County will work with the Kendall County Soil and Water Conservation (SWCD), the Conservation Foundation, and other county departments to promote educational efforts and workshops related to stormwater and conservation activities.

A.6 Other Public Education

Measurable Goals: 1) Inquiries to linked websites and annual increase in hits to website. 2) Annual evaluations.

Kendall County will maintain the current links on their website and continue to track the hits to the Kendall County NPDES webpage. The County will add links to the websites of local watershed committees and conservation groups to further promote public education.

Kendall County will create an annual evaluation survey and send it out to the public for feedback about County programs.

B. Public Participation/Involvement

B.3 Stakeholder Meetings

Measurable Goals: Hold an annual public meeting to establish positive dialogue and eventually develop County-wide coordination of stormwater management efforts.
Kendall County will work to establish a dialogue with local communities in the County to coordinate stormwater efforts. The County will hold a public meeting to provide input into the MS4 program and will comply with State and local public notice requirements when implementing public participation and involvement activities. The County will work to identify environmental justice areas and include public participation on these issues.

B.7 Other Public Involvement

Measurable Goals: 1) Inquiries to linked websites and annual increase in hits to website. 2) Annual evaluation surveys.

Kendall County will place new links to the County website as needed and maintain existing links. The County will continue to annually track the hits to the NPDES website and related links. The County will send out an evaluation survey to the members of the community for feedback.

C. Illicit Discharge Detection and Elimination

C.1 Storm Sewer Map Preparation

Measurable Goals: Update storm sewer mapping annually.

Kendall County will continue to conduct field verifications for locations of sewer features. The County will update their in-house GIS mapping layer of storm sewer systems as needed.

C.3 Detection/Elimination Prioritization Plan

Measurable Goals: Track the number of illicit dischargers discovered and track removal process.

Kendall County will work with the Kendall County Health Department and the Kendall County Highway Department to implement an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County's MS-4.

C.4 Illicit Discharge Tracing Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

Kendall County will continue development of a program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County's MS-4. Kendall County will perform dry and wet weather monitoring and tracing of flow upstream to source with field mapping.

C.5 Illicit Source Removal Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process.

Kendall County will continue development of a program to identify, trace, and remove
illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. The County will issue notices to source of illicit discharge discovered under the tracing process for removal of discharge under the Kendall County Stormwater Management Ordinance with compliance dates.

C.6 Program Evaluation and Assessment

*Measurable Goals: Annual evaluation surveys.*

Kendall County will evaluate their Illicit Discharge Detection and Elimination Program once established by having participants fill out an evaluation form.

C.7 Visual Dry Weather Screening

*Measurable Goals: Track the number of illicit dischargers discovered and track removal process.*

Kendall County will continue development of a program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. Kendall County will do periodical visual monitoring of outfalls during dry weather to determine non-stormwater discharges and their significance.

D. Construction Site Runoff Control

D.1 Regulatory Control Program

*Measurable Goals: Implementation of the Kendall County Stormwater Ordinance.*

Kendall County will continue to implement the Kendall County Stormwater Ordinance.

D.2 Erosion and Sediment Control BMPs

*Measurable Goals: Adoption of ordinance amendments as developed.*

Kendall County will continue to evaluate if amendments to the soil erosion and sediment control requirements are needed.

D.3 Other Waste Control Program

*Measurable Goals: Adoption of ordinance amendments as developed.*

Kendall County will continue to evaluate if amendments are needed. The County will develop an amendment to the Stormwater County Management Ordinance incorporating additional SESC, BMPs, and Illinois Urban Manual revisions as necessary.

D.4 Site Plan Review Procedures

*Measurable Goals: Adoption of ordinance amendments as developed.*

Kendall County will continue to evaluate if amendments are needed. The County will develop an amendment to the Stormwater County Management Ordinance incorporating additional SESC, BMPs, and Illinois Urban Manual revisions as necessary.
D.6 Site Inspection/Enforcement Procedures

Measurable Goals: Develop enforceable procedures for construction site inspections.

Kendall County will work to develop enforcement procedures as necessary.

The County will continue working with a consultant who will conduct SESC inspections at Kendall County construction sites. The County will continue to work with the Kendall County Soil & Water Conservation District to conduct stormwater inspections.

D.7 Other Construction Site Runoff Controls

Measurable Goals: Soil Erosion and Sediment Control (SESC) inspections will be monitored and filed until final site acceptance by Kendall County.

Kendall County will continue evaluating their Construction Site Runoff Control Program by monitoring and recording Construction Site Runoff Control compliance.

The County will continue working with a consultant who will conduct SESC inspections at Kendall County construction sites. The County will continue to work with the Kendall County Soil & Water Conservation District to conduct stormwater inspections.

E. Post-Construction Runoff Control

E.3 Long-Term O&M Procedures

Measurable Goals: Adoption of revised Kendall County Stormwater Management Ordinance.

Kendall County will work on revisions for long term maintenance within the Kendall County Stormwater Management Ordinance.

E.5 Site Inspections During Construction

Measurable Goals: Implementing ordinance amendments, as developed.

Kendall County will update the Kendall County Stormwater Management Ordinance to include enforcement procedures as needed.

The County will continue working with a consultant who will conduct SESC inspections at Kendall County construction sites until final stabilization is achieved.

E.7 Other Post-Construction Runoff Controls

Measurable Goals: 1) Collaborate with other MS-4’s in Kendall County and stakeholders, including the Conservation Foundation and the Kendall County Soil and Water Conservation District, to evaluate relevant flood control techniques to determine the potential effects of climate change. 2) Annual evaluation surveys.

Kendall County will begin implementation of a MS-4/stakeholder plan. The County will provide an evaluation survey to get feedback about County programs.
F. Pollution Prevention/Good Housekeeping

F.1 Employee Training Program

*Measurable Goals: Increase participation at workshops.*

Kendall County will conduct an annual training program and provide training opportunities to County staff.

F.4 Municipal Operation Waste Disposal

*Measurable Goals: Reduce the impact of Municipal operations on stormwater run-off.*

The Kendall County Highway Department will continue to collect litter from county highways and track the amount of material collected and make sure that material is properly disposed. The County will work to minimize discharge of pollutants from vehicle washing by collecting the wash water in a sediment basin or through use of an inlet filter and treating the water prior to discharge. The County will continue to properly store building materials, building products, construction waste, trash, landscape materials, fertilizers, pesticides, herbicides, chemical storage tanks, detergents, and other materials to guard against exposure to precipitation and stormwater. The County will continue inspections to maintain the integrity of the stormwater system and has procedures in place to respond to spills and leaks into stormwater.

F.5 Flood Management/Assess Guidelines

*Measurable Goals: Incorporate revised floodplain guidelines and DFIRMS by reference.*

Kendall County will revise the Kendall County Stormwater Management Ordinance to incorporate more floodplain guidelines and DFIRMS by reference.

F.6 Other Municipal Operations Controls

*Measurable Goals: Annual evaluation surveys.*

Kendall County will evaluate their Pollution Prevention/Good Housekeeping program by having participants fill out an evaluation survey.
Part 5. Notice of Qualifying Local Program

Kendall County does not rely on any other government entity to satisfy permit obligations.

Re: Proposed Intergovernmental Agreement Between Kendall County and the Village of Plattville

The intergovernmental agreement between Kendall County and the Village of Plattville expires in June. The Planning, Building and Zoning Department does not propose any changes to the body of the agreement. The Planning, Building and Zoning Department proposes changes to Exhibit A to reflect the transfer of certain powers and duties of the Hearing Officer to the Zoning Board of Appeals.

Unlike the Village of Millbrook, the Village of Plattville agreed to the insurance language contained in the 2016 agreement and included in the 2017 agreement and 2018 proposed agreement.

At their meeting on April 9th, the Planning, Building and Zoning Committee unanimously recommended approval of the proposal.

At their May meeting, the Plattville Village Board approved the proposal without any amendments.

If you have any questions, please let me know.

Thanks,

MHA

RE: Village of Plattville Intergovernmental Agreement

Dear June McCord:

Enclosed please find a proposed Intergovernmental Agreement between the Village of Plattville and Kendall County regarding certain services offered by the Kendall County Planning, Building and Zoning Department. This proposed Intergovernmental Agreement is the same as previous versions except that Exhibit A has been amended to reflect the transfer of certain hearing authority from the Hearing Officer to the Kendall County Zoning Board of Appeals.

If the Village of Plattville desires to take action or amend this proposal or if you have any questions, please contact me at 630-553-4139.

Sincerely,

Matthew H. Asselmeier, AICP

Enclosure
INTEGOVERNMENTAL AGREEMENT BETWEEN THE VILLAGE OF PLATTVILLE AND THE COUNTY OF KENDALL

THIS AGREEMENT, made this day ___ of June, 2018 by and between the VILLAGE OF PLATTVILLE, a body corporate and politic, and the COUNTY OF KENDALL, a body corporate and politic; WITNESSETH:

WHEREAS, the Village of Plattville was incorporated by act of the voters on March 21st, 2006; and

WHEREAS, Article VII, Section 10 of the Illinois Constitution and the Intergovernmental Cooperation Act (5 ILCS 220/1 et seq.) permits units of local government to obtain or share services and to jointly contract, combine or transfer any power, privilege, function or authority among themselves; and

WHEREAS, the Village of Plattville and County of Kendall are units of local government within the meaning of Article VII, Section 1 of the Illinois Constitution of 1970 who are authorized to enter into intergovernmental agreements pursuant to the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq., and

WHEREAS, the Local Land Resource Management Planning Act (50 ILCS 805/6) provides that a municipality and a County may enter into intergovernmental agreements for joint or compatible planning, local land resource management administration and zoning ordinance enforcement; and

WHEREAS, the Village of Plattville adopted a Comprehensive Plan on July 27, 2009, and

WHEREAS, all the property located within the described boundaries of the Village of Plattville have heretofore subject to the building and zoning codes of the County of Kendall, and to the Countywide Stormwater Management Ordinances; and

WHEREAS, the parties desire to continue that relationship.

NOW, THEREFORE, it is hereby agreed as follows:

1) The above recitals are incorporated by reference as if fully set forth herein.

2) That the Village of Plattville has by ordinance duly adopted the Zoning Ordinance of the County of Kendall, the Building Code of the County of Kendall, the Comprehensive Plan of the County of Kendall, the Subdivision Control Ordinance of the County of Kendall, the Countywide Stormwater Management Ordinances as its own and further agrees that any subsequent text
3) That for the consideration of $1 the receipt and sufficiency of which is hereby acknowledged, the County of Kendall agrees to continue administering the County Ordinances for the Village of Plattville as described in Paragraph (2) above and in accordance with the procedures attached hereto as Exhibit A and incorporated herein by reference all of which have been duly adopted by the Village of Plattville, and apply them to all properties located within the municipal boundaries of the Village of Plattville.

4) In addition to the consideration addressed in Paragraph 3 above, the Village of Plattville shall be responsible for all costs associated with the enforcement of the Zoning Ordinance of the County of Kendall, the Subdivision Control Ordinance of the County of Kendall, and the Countywide Stormwater Ordinance for cases within the boundaries of the Village of Plattville. At the written request of the Village of Plattville, Kendall County shall provide an estimated cost for investigating individual alleged violations. Upon approval of the cost estimate by the Village of Plattville, Kendall County will conduct the necessary investigation and bill the Village of Plattville accordingly. The Village of Plattville shall reimburse the County of Kendall for any actual costs incurred acting on behalf of the Village of Plattville as provided herein.

5) The Village of Plattville shall defend with counsel of the County’s own choosing, indemnify and hold harmless the County of Kendall, its past, present, and future board members, elected officials, insurers, employees and agents from and against any and all claims, liabilities, obligations, losses, penalties, fines, damages, expenses, and costs relating thereto, including, but not limited to, attorney’s fees and other legal expenses, which the County, its board members, elected officials, insurers, employees and/or agents may sustain, incur or be required to pay arising in any manner out of the County’s performance or alleged failure to perform its obligations pursuant to the Agreement.

6) That the Village of Plattville shall secure, pay for, and maintain throughout the period during which services are provided under this Agreement, auto liability and general liability insurance with minimum limits of coverage equal to or greater than those limits maintained by the Village on the date of the execution of this agreement attached hereto as Ex. B and incorporated herein by reference. The Village’s auto liability and general liability coverage shall be primary coverage in circumstances of alleged or proved errors or negligence by the County or the County’s employees. The Village’s coverage shall name the County of Kendall as an additional insured, with its members, representatives, officers, agents and employees. A certificate of insurance evidencing the required coverage and the appropriate additional insurer’s endorsement shall be furnished to the County upon execution of this Agreement. Such insurance shall be modifiable or cancelable only upon written notice by registered mail, mailed to the County at least ninety (90) days in advance of such modification or cancellation. The Village shall furnish a copy of its insurance policies for examination by the County at any time upon demand of the County.
7) That this Agreement shall be for a term of one (1) year, commencing on the date of execution hereof, subject to annual renewal by the parties at least 30 days before the anniversary date each year, said renewal to be in writing.

8) This Agreement may be terminated by either party upon 30 days written notice to the other party.

9) This Agreement represents the entire Agreement between the parties and there are no other promises or conditions in any other Agreement whether oral or written. This Agreement supersedes any prior written or oral agreements between the parties and may not be modified except in writing acknowledged by both parties.

10) This Agreement may be executed in counterparts (including facsimile signatures), each of which shall be deemed to be an original and both of which shall constitute one and the same Agreement.

11) The County of Kendall and the Village of Plattville each hereby warrant and represent that their respective signatures set forth below have been and are on the date of this Agreement duly authorized by all necessary and appropriate corporate and/or governmental action to execute this Agreement.

12) This Agreement shall be construed in accordance with the law and Constitution of the State of Illinois and if any provision is invalid for any reason such invalidations shall not render invalid other provisions which can be given effect without the invalid provision. Any legal proceeding related to enforcement of this Agreement shall be brought in the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit.

13) This Agreement and the rights of the parties hereunder may not be assigned (except by operation of law), and the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the parties hereto. Nothing in this Agreement, express or implied, is intended to confer upon any party, other than the parties and their respective successors and assigns, any rights, remedies, obligations or liabilities under or by reason of such agreements.

14) Nothing contained in this Agreement, nor any act of Kendall County or the Village pursuant to this Agreement, shall be deemed or construed by any of the parties hereto or by third persons, to create any relationship of third party beneficiary, principal, agent, limited or general partnership, joint venture, or any association or relationship involving Kendall County and the Village. Further, nothing in this agreement should be interpreted to give Kendall County or the Village any control over the other’s employees or imply a power to direct the employees of the other government body, which neither entity may exercise.

15) Any notice from either party to the other party hereto shall be in writing and shall be
deemed served if mailed by prepaid certified mail addressed as follows:

Kendall County Administrator  
111 West Fox Street  
Yorkville, Illinois 60560

Village of Plattville  
P.O. Box 1173  
Yorkville, Illinois 60560

16) Nothing in this agreement shall be deemed to change or alter the jurisdiction of either the Village or Kendall County in any respect beyond the matters agreed upon in this agreement, including, but not limited to their powers and duties.

Mr. Beltran stated there is a community member that was looking into creating a Kendall County wide Convention and Visitors Bureau. Currently, there is no Tourism agency in the County – member municipalities must go to either DeKalb CVVB or Aurora Area CVVB. This means that tax dollars that are generated in Kendall County that can be solely used for tourism are going out of the County. With a Kendall CVVB, the money would stay in the County.

Committee members stated their excitement at the idea, and for a community member to champion it. Member Cullick made the motion to approve, Member Gilmour seconded. **Approved 3-0**

Discussion, Review, and Recommendation of Economic Development and Special Projects Coordinator Job Description to Admin/HR Committee

Mr. Beltran stated that the Admin/HR Committee wanted the Economic Development Committee’s input on the revised Economic Development and Special Projects Coordinator Job Description.

The Committee focused on the social media responsibilities. While they agreed that social media was important, they stated that not only should the Economic Development Committee but also the Admin/HR and Full Board should start crafting a policy on the use of social media. The current social media strategy to link back to the website, as explained by Mr. Beltran, is acceptable in the short term, but a longer term solution is needed. Otherwise, the Committee some minor wording changes made to the description.

Chair Hendrix made the motion to send the recommendations to the Admin/HR Committee, Member Gilmour seconded. **Approved 3-0**

Discussion and Recommendation of ICMA TV

Mr. Beltran stated that ICMA has a program called ICMA TV where they put together videos to highlight a member. The cost is $22,500 for the video.

The Economic Development Committee stated while a good opportunity, they could not partake this year.

Updates and Reports

**Boulder Hill and Boulder Hill Market and Recommendation of Next Steps**

Mr. Beltran stated he has begun preliminary analysis on Boulder Hill Market. Looking at the low traffic counts that pass the area, the Market will need a more community focused strategy. In examining the household income, the zoning, and the age of the structures, Mr. Beltran has started to put together an area analysis to start from.

The committee thanked him and asked him to continue researching possible uses and redevelopment strategies for the area.

**Revolving Fund Loans**

- **Monthly Loan Statements**
All the loan payments were up to date outside of a nine cent shortage that the borrower will make up in the coming month. This excludes the Lucky Dog’s loan.

**JCAR rule Update**

Mr. Beltran stated that the State’s Attorney’s Office looked to see if the JCAR rule forbidding use of the RLF funds was removed. It was not.

**TIF Update – Yorkville**

Mr. Beltran stated that Yorkville held the JRB meeting for the downtown TIF #2, and is moving forward with it. They are removing some properties from TIF #1 and putting them into TIF #2.

**Oswego reviewing Orchard Road Plan**

Mr. Beltran stated that the Village of Oswego is starting to examine the plan for the Orchard Road Corridor. Currently it is split commercial/industrial. He stated that he would keep the Committee informed on the progress of the meetings.

**Chicago Amazon Bid Video**

Mr. Beltran stated that the City of Chicago put out a video for their Amazon bid. He wanted to inform the Committee as it was well done.

**Crain’s Article of Kendall County Growth**

Mr. Beltran stated that Crain’s ran an article detailing the growth in Kendall County. The county is the only Chicago Metro County to have growth this year. The committee agreed it was good press for the County.

**Manufacturer Siting**

Mr. Beltran stated he has been continuing to work with a manufacturer on siting a new building. He is currently getting utility data for them.

**Chairwoman’s Report**

**Public Comment** – None

**Accounting Report** - Written report provided. Discussion on purchasing microchip scanner(s) for the Kendall County Sheriff’s Office for scanning lost pets. Ms. Pawson was instructed to contact the Sheriff’s Office to discuss the number of scanners that would be sufficient for their use.  **Item to be included on the June 27, 2018 meeting agenda.**

**Old Business**

- **Review Kendall County Animal Control sign-in and release form for visitors** – Ms. Pawson reviewed the proposed waiver of adult and minor liability forms with the committee. The forms were reviewed by the State’s Attorney’s Office and the suggested legal verbiage was included.  **There was consensus by the committee to approve the revised liability forms for use in Animal Control.**

- Dr. Schlapp asked for an update on the purchase of radios connected to KenCom for Animal Control personnel to carry for immediate use in a crisis or high-risk situation. Mr. Koeppel updated the committee on his discussions with KenCom and their requirements for adding Animal Control personnel to KenCom, and that there was a decision for no further action to be taken on this issue.

**New Business**

- Dr. Schlapp expressed his concerns on inconsistent information being provided by the Health Department and Animal Control on the responsibility for shipping dead bats to the IDP for free rabies testing. Mr. Koeppel reported that he contacted the Health Department regarding their policy on bat testing. Dr. Tokars stated that they would prefer that anyone that has found a bat or if a human or a domestic animal is bitten, that they contact the Health Department and ask to speak with a nurse. The Health Department is responsible for the shipping costs of bats that have potentially had contact or bitten human beings.  **There was consensus by the committee that Animal Control would absorb the cost of shipping any qualified dead bats for testing of rabies when it involves a domestic or companion cat or dog.**

- Member Prochaska reported that SB2313, regarding the State Population Control funds collected, and any future fees collected, has passed both houses and was sent to the Governor for approval. Mr. Prochaska will update the committee when it has been approved.
