PETITIONS
Staff provided an update on open petitions.

Petition 16-14, Robert Delaney’s special use for an outdoor shooting range will go before the Special Use Hearing Officer on April 3rd.

Petition 16-22, JA Schleining d/b/a Jet’s Towing Service is requesting a rezoning from A-1 to M-1 at 790 Eldamain Road. The petitioner is requesting a variance to the fencing requirements; they would plant trees and keep their operations within the tree buffer. The petitioner is requesting a variance to the parking material requirement; they would park on a paved surface or on shaved asphalt. The petitioner is also requesting permission to park within the setback; they would keep trucks in operable condition in order to park them in the setback. Concerns were raised regarding the installation of water detention if the whole property developed and securing funds for the improvements to Eldamain Road. The consensus of the Committee was
that the map amendment was a better option than a special use permit. This matter will go before RPC on March 22nd and ZBA on April 3rd.

Petition 16-26, John and Sharon Pagel Living Trust requested a rezoning from R-1 to R-3 at 2380 Douglas Road. RPC unanimously recommended denial of this proposal. The applicant is gathering pictures of the property draining stormwater. This proposal goes to the ZBA on May 1st.

Petition 17-01, Mike and Cherie Bond requested a variance to the front yard setback in order to construct a horse barn at 232 Creek Road. Little Rock Township has until March 14th to issue comments regarding this proposal.

Petition 17-05, DKR Group and Keith and Kathleen Warpinski requested a special use permit to operate a landscaping business on the north side of Walker Road approximately 1/3 mile east of Route 47. The petitioners probably will withdraw this request due to the weight restrictions on Walker Road between February 15th and April 30th.

IDOT continues to gather information for a variance application relocating a portion of Kingmoor Road.

Staff reported that PBZ Intern Michael Goers was researching special use permits with the objective of identifying each special use permit holder. Once each special use permit is identified, the restrictions will be compiled and the owner asked if they would like to maintain their special use permit. After this project is complete, PBZ will examine variances and RPDs.

A question was raised regarding Hideaway Lakes. PBZ continues to investigate this issue.

NEW BUSINESS

Staff presented the proposed Intergovernmental Agreements between Kendall County and the Village of Millbrook and the Village of Plattville regarding zoning, subdivision, building, and stormwater enforcement services. The only change from previous versions of the proposal was that the County would provide a cost estimate for zoning, subdivision, and stormwater enforcement prior to investigating the issue. The proposals would be for one (1) year.

Motion by Member Kellogg, second by Member Gryder to recommend approval of the proposed Intergovernmental Agreement between the Village of Millbrook and Kendall County. With a voice vote of five ayes, the motion carried.

Motion by Member Cullick, second by Member Kellogg to recommend approval of the proposed Intergovernmental Agreement between the Village of Plattville and Kendall County. With a voice vote of five ayes, the motion carried.

The Intergovernmental Agreements will be forwarded to the State's Attorney's Office for review prior to placement on the County Board's Agenda.

Fox Metro was required to prepare a floodplain storage easement because of their work at their plant site and the excavating at the Orchard Road site. The proposed easement meets the
requirements of the County’s Stormwater Management Ordinance. Fox Metro’s cover resolution was incorrect; they will send a letter acknowledging the error. Motion by Member Gryder, second by Member Kellogg to approve the acceptance and execution of the flood plain storage easement grant from Fox Metro subject to the receipt of the letter acknowledging the error in Fox Metro’s resolution. With a voice vote of five ayes, the motion carried.

Staff presented the PBZ report and unapproved minutes from the February 25th Kendall County Regional Planning Commission’s Annual Meeting. The Committee requested building information from 2016 for each of the municipalities. Discussion occurred regarding the letter that the Kendall Regional Planning Commission will send to the Kendall County Forest Preserve District.

OLD BUSINESS
Chairman Davidson and Staff provided an update on the special use permit at 9111 Ashley Road. The petitioner shall plant trees near the barn to block sound. The petitioner shall also plant trees at the corner of the north entrance and Ashley Road to block light from the parking area. Trees will also be planted across the street from house located on the east side of Ashley Road. The petitioners must get the trees planted prior to having events at the property. A six inch to one foot tall berm shall be constructed on the property. Chairman Davidson wants to work with the Sheriff’s Department to make sure the dosimeters accurately measure noise level. Staff researched a company that makes dosimeters with warning lights alerting viewers that noise is reaching pre-programmed levels. The company is still working on waterproof technology.

Discussion occurred regarding the mission of the Ad-Hoc Committee.

UPDATE FOR HISTORIC PRESERVATION
The Historic Preservation Commission is scheduled to meet Wednesday, March 15th. This will be the first meeting with five members.

REVIEW PERMIT REPORT
The Committee reviewed the permit report. A question was raised regarding the sign by Merchants National Bank and whether this sign required Committee approval. Staff will check on the matter. Discussion also occurred regarding the four (4) or five (5) billboards on the eastern side of the County and whether they were in compliance. Staff will investigate the matter.

REVIEW REVENUE REPORT
Committee reviewed the revenue report.

CORRESPONDENCE
Staff presented correspondence from three residents of the Kearney Glen subdivision regarding stormwater issues that occurred as a result of the February 28th storms. The City of Joliet is monitoring the storm sewer inlet in the area.

PETITIONS
Petition 16-26 – Pagel
Mike Hoffman summarized the petition, noting the request to rezone approximately 3 acres from R-1 to R-3 to allow the lot to be split into two parcels and an additional home constructed. He noted that there is property zoned R-3 immediately to the west. Mr. Rybski noted that his office did not have a record of the septic field for the existing home, and would like to make sure that the proposed lot would not interfere with that existing field. Mr. Hoffman noted he would raise the issue with the applicant. Fran Klaas asked if the plan to submit for a two lot subdivision, and noted a potential issue with right-of-way dedication along Douglas Road with how it might impact the setback of the existing home. Mr. Hoffman suggested he would follow-up with the applicant’s attorney Mr. Kramer.

Mr. Klaas made a motion, seconded by Mr. Guritz to recommend approval and move the case on to the January 25th, 2017 Regional Planning Commission meeting. Approved unanimously via voice vote.

REVIEW OF PETITIONS THAT WENT TO COUNTY BOARD
Mr. Hoffman noted that the Lasky plat of vacation (16-17) was approved by the County Board in September and both the High Grove rezoning and preliminary/final plat (16-21) were approved by the County Board in October. He also noted that the Bluffs Inc. d/b/a Cider Creek special use (16-25) was also approved by the County Board on October 17th, 2016.

OLD BUSINESS - None

NEW BUSINESS
Mr. Hoffman noted that an updated schedule for planning and zoning activity was being created, and ask if the committee was comfortable maintaining the same first Tuesday of the month meeting schedule. All members present confirmed that was acceptable.

Re: Resolution to Accept and Execute the Floodplain Storage Easement from Fox Metro

On the March 21, 2017, County Board agenda, an item exists for the County to consider accepting and executing a floodplain storage easement grant from Fox Metro.

Fox Metro is filling in floodplain at their plant site and excavating at their Orchard Road site. Per the Kendall County Stormwater Ordinance, Fox Metro is required to create this easement because they are creating new floodplain. The amount of land included in the easement fulfills the requirements of the Stormwater Ordinance.

The easement plat, legal description, and provisions are accurate. Fox Metro’s resolution is inaccurate because they show Kendall County as the “Owner” and Fox Metro as the receiver of the proposed easement. This inaccuracy does not impact the easement because Fox Metro’s resolution is not recorded with the easement. Fox Metro submitted the enclosed letter acknowledging the error.

The Kendall County State’s Attorney’s Office reviewed this proposal prior to the PBZ Committee meeting and they expressed no concerns regarding the proposal.

At their March 13th meeting, the PBZ Committee recommended approval of the proposal.

If you have any questions regarding this proposal, please let me know.

This AGREEMENT is made and entered into on the date of final signature below, by and between the COUNTY OF DUPAGE, a body politic and corporate, on behalf of the SHERIFF of DUPAGE COUNTY (hereinafter DUPAGE COUNTY SHERIFF), and the COUNTY OF KENDALL, a body politic and corporate, on behalf of the SHERIFF of KENDALL COUNTY (hereinafter KENDALL COUNTY SHERIFF), pursuant to authority granted by the Illinois Constitution (1970), Article VII, Section 10; 5 ILCS 220/1 et seq. (Intergovernmental Cooperation Act), and the provisions of 730 ILCS 125/et seq. (County Jail Act).

WHEREAS, the DUPAGE COUNTY SHERIFF periodically has a need for additional or alternative housing for prisoners committed to the care and custody of the DUPAGE COUNTY SHERIFF; and

WHEREAS, the KENDALL COUNTY SHERIFF has available space for housing those prisoners committed to the care and custody of the DUPAGE COUNTY SHERIFF; and

WHEREAS, the DUPAGE COUNTY SHERIFF is desirous of utilizing the available housing which the KENDALL COUNTY SHERIFF can provide; and

WHEREAS, the DUPAGE COUNTY SHERIFF and the KENDALL COUNTY SHERIFF agree that it is in their best interest to enter into an agreement to obtain and provide said available housing.

NOW THEREFORE, in consideration of the foregoing, which are incorporated below by reference, and the covenants contained herein, the parties do hereby agree and covenant as follows:

1. HOUSING

The KENDALL COUNTY SHERIFF agrees to provide housing for DuPage County prisoners as hereinafter provided. It is expressly agreed by and between the parties hereto that the DUPAGE COUNTY SHERIFF shall send and the KENDALL COUNTY SHERIFF shall accept, subject to space availability, prisoners to be housed in the Kendall County Jail. It is further agreed by and between the parties hereto that the KENDALL COUNTY SHERIFF shall make available to the DUPAGE COUNTY SHERIFF any appropriate housing that can be conveniently provided when needed, subject to the needs of Kendall County and the KENDALL COUNTY SHERIFF.

2. CLASSIFICATION OF INMATES

The DUPAGE COUNTY SHERIFF agrees that the prisoners to be housed by the KENDALL COUNTY SHERIFF will be limited to the following classified offenders:
a) Prisoners currently serving sentences imposed for commission of a misdemeanor who are within one year of release.

b) Prisoners currently serving sentences imposed for commission of felony offenses who, as a condition of probation, are required to be incarcerated for a period of six months or less.

c) Prisoners who are of pre-trial and pre-sentence classification as chosen by the DUPAGE COUNTY SHERIFF staff.

The KENDALL COUNTY SHERIFF agrees to accept and securely keep all such prisoners delivered to him under the terms of this AGREEMENT.

It is further expressly agreed by and between the parties hereto that the KENDALL COUNTY SHERIFF shall not be obligated to accept DuPage County prisoners who exhibit or have exhibited any manifest physical or mental health problems or incorrigible behavior. The KENDALL COUNTY SHERIFF may contact the DUPAGE COUNTY SHERIFF or his designee to return forthwith to the DuPage County Jail any previously accepted prisoner who consistently violates the rules and regulations of the Kendall County Jail or who constitutes a continuing disciplinary problem and interrupts the orderly administration of the Kendall County Jail facility.

3. LOCATION OF HOUSING

The KENDALL COUNTY SHERIFF and the DUPAGE COUNTY SHERIFF further agree that all housing to be made available by the KENDALL COUNTY SHERIFF will be at the facility located at 1102 Cornell Lane, Yorkville, IL, 60560 and no other Kendall County facility will be utilized pursuant to this AGREEMENT.

4. POLICY AND SCOPE OF SERVICES

The KENDALL COUNTY SHERIFF agrees to comply with the requirements of the Unified Code of Corrections, the County Jail Act, and all other applicable law regarding adequate care, food, bedding, clothing, inspection, supervision, mail privileges, personal hygiene and facilities, haircuts, recreation, commissary, laundry, religious ministrations, and access to a television or a radio system. The DUPAGE COUNTY SHERIFF and the KENDALL COUNTY SHERIFF further agree as follows:

a) Commissary: The KENDALL COUNTY SHERIFF shall maintain a commissary account for each DuPage County prisoner with the purpose of permitting purchases as permitted by the rules and regulations of the Kendall County Jail.

b) Clothing: The KENDALL COUNTY SHERIFF shall provide appropriate jail uniforms for each DuPage County prisoner accepted under this AGREEMENT by the KENDALL COUNTY SHERIFF.
c) Inmate Funds: The KENDALL COUNTY SHERIFF agrees to hold private monies of DuPage County prisoners while they are in the Kendall County Jail. When a DuPage County prisoner is transferred back to The DUPAGE COUNTY SHERIFF and will not return, KENDALL COUNTY will forward any remaining commissary funds back to The DUPAGE COUNTY SHERIFF.

d) Non Discrimination: The KENDALL COUNTY SHERIFF agrees that no DuPage County prisoner confined in the Kendall County Jail under the terms of this AGREEMENT shall, on the grounds of age, gender, race, color, religion, national origin or sexual orientation, be subjected to discrimination in any manner relating to their confinement.

e) P.R.E.A. Compliance: As of the date of execution of this AGREEMENT, the KENDALL COUNTY SHERIFF has adopted and the Kendall County Jail is in substantial compliance with the national standards to prevent, detect and respond to sexual abuse and sexual harassment as outlined in the applicable provisions of the Prison Rape Elimination Act (P.R.E.A.) 28 C.F.R. Parts 115.5 through 28 C.F.R. 115.405 including monitoring to ensure compliance with said standards.

5. PAYMENT

As consideration for the foregoing the DUPAGE COUNTY SHERIFF agrees to provide compensation to the KENDALL COUNTY SHERIFF in the amount of Sixty ($60.00) dollars per day, per prisoner, and payment of each such sum in total shall be made monthly by the DUPAGE COUNTY SHERIFF as hereinafter specified, and failure of the DUPAGE COUNTY SHERIFF to so remit payment within a reasonable time as set forth below shall constitute breach of this AGREEMENT and will constitute cause for termination. The Sixty ($60.00) per day fee shall be paid by the DUPAGE COUNTY SHERIFF even if an inmate is in the Kendall County Jail for only a portion of a day. As such, for the purpose of this agreement, an inmate held by KENDALL COUNTY at its facility shall be considered held for a whole day if the inmate is held for less than twelve (12) hours.

All billing records and/or other evidence of services provided as may be required by the DUPAGE COUNTY SHERIFF shall be supplied by the KENDALL COUNTY SHERIFF. The KENDALL COUNTY SHERIFF shall submit monthly invoices to the DUPAGE COUNTY SHERIFF citing the number of DuPage County prisoners housed at Sixty ($60.00) dollars per day. Invoices will be sent to the DuPage County Sheriff’s Office, 501 N. County Farm Road, Wheaton, Illinois 60187. Invoices are to be paid to the KENDALL COUNTY SHERIFF within a reasonable time after their receipt, but in no case shall the time exceed 60 days from the date the invoice is dated and sent.

6. TRANSPORTATION AND REMOVAL OF PRISONERS

The DUPAGE COUNTY SHERIFF, at his expense, shall deliver any and all prisoners to the Kendall County Jail, together with a duly authenticated copy of commitment
and any other official paper or document authorizing detention. The DUPAGE COUNTY SHERIFF will provide a summary of the personal history, behavior and health records of each prisoner to the KENDALL COUNTY SHERIFF for each prisoner to be incarcerated in the Kendall County Jail, which shall precede or accompany each prisoner and shall be returned to the DUPAGE COUNTY SHERIFF upon the release or transfer of said prisoner. Copies of and all such records will remain the property of the KENDALL COUNTY SHERIFF. Copies of any behavior and health records generated for each DuPage County prisoner by the KENDALL COUNTY SHERIFF shall be provided to the DUPAGE COUNTY SHERIFF upon return of the prisoner to the DuPage County Jail.

It is further expressly agreed by and between the parties hereto that DuPage County prisoners held in the Kendall County Jail pursuant to this AGREEMENT may not be removed by any person or persons without an order or writ from a court of competent jurisdiction or permission from the DUPAGE COUNTY SHERIFF, or his designee, except for emergency medical treatment.

It is further expressly agreed by and between the parties hereto that any DuPage County prisoner in the Kendall County Jail who is subject to discharge by due course of law shall be returned to the custody of the DUPAGE COUNTY SHERIFF on the day prior to that set for discharge and the transportation of said prisoner shall be the sole responsibility of the DUPAGE COUNTY SHERIFF. It shall be the responsibility of the DUPAGE COUNTY SHERIFF or his designee to notify the KENDALL COUNTY SHERIFF or his designee of an upcoming return date at least twenty-four (24) hours, but not more than forty-eight (48) hours in advance of such return date.

The KENDALL COUNTY SHERIFF shall, at no additional expense to the DUPAGE COUNTY SHERIFF, comply with all writs and other valid process, including the transportation of inmates within Kendall County. Provided, however, that if a writ is issued for appearance outside of Kendall County or in a DuPage County Court, the DUPAGE COUNTY SHERIFF shall provide all transport therefore.

7. MEDICAL CARE

The KENDALL COUNTY SHERIFF shall provide all reasonable and necessary medical, dental and psychological care to DuPage County prisoners confined in the Kendall County Jail under this AGREEMENT while such prisoners are housed at the Kendall County Jail. In any event, the KENDALL COUNTY SHERIFF shall provide such in-house medical, dental and psychological services provided to other inmates confined in the Kendall County Jail. It is expressly agreed by and between the parties hereto that hospitalization, non-routine medical and dental care, including prescriptions, or any such other DuPage County prisoner care, where such hospitalization, non-routine medical and dental care, including prescriptions, is authorized and mandated by any physician in the employ of, or under contract to the County of Kendall or the KENDALL COUNTY SHERIFF will be the financial responsibility of the County of DuPage and the DUPAGE COUNTY SHERIFF, for said prisoner or prisoners. In consideration therefore, the DUPAGE COUNTY
SHERIFF shall pay to the KENDALL COUNTY SHERIFF the costs of hospitalization, non-routine medical and dental care, including prescriptions, if such medical care is not billed directly by the medical provider to the DUPAGE COUNTY SHERIFF, as well as the actual costs of compensation of the guard or guards provided. At the time of admission or as soon thereafter as possible, the KENDALL COUNTY SHERIFF shall notify the DUPAGE COUNTY SHERIFF of the fact and the name of such hospitalization. If a DuPage County prisoner is admitted for in-patient services, the DUPAGE COUNTY SHERIFF will provide the guard or guards as required during the time of such medical care.

These reports will be forwarded immediately to the SHERIFF OF DUPAGE COUNTY or his designee. The DUPAGE COUNTY SHERIFF acknowledges and understands that they will only receive reports regarding DUPAGE COUNTY SHERIFF prisoners that would be prepared in the normal course of business.

In the case of the escape or attempted escape of a DuPage County prisoner confined in the Kendall County Jail, the KENDALL COUNTY SHERIFF shall notify the DUPAGE COUNTY SHERIFF promptly and use all reasonable means to recapture the prisoner. The escape of a DuPage County prisoner must be reported immediately by telephone to the DUPAGE COUNTY SHERIFF or his designee. The date of such escape and the return to custody must be reported in writing to the DUPAGE COUNTY SHERIFF or his designee within forty-eight (48) hours.

10. RULES AND REGULATIONS

It is agreed by and between the parties hereto that DuPage County prisoners transferred under this AGREEMENT are subject to the rules and regulations of the Kendall County Jail and the privileges or restrictions attaching thereto, and are subject to no other rules and regulations or the granting of any privileges that may be provided while confined in the DuPage County Jail.

It is further agreed that all employee benefits, wage and disability payments, pension and worker’s compensation claims, damage to or destruction of equipment, facilities, clothing and related medical expenses of the KENDALL COUNTY SHERIFF or his agents, officers or employees which may result from the presence of DuPage County prisoners during contractual incarceration shall be the responsibility of KENDALL COUNTY SHERIFF.

KENDALL COUNTY agrees that it shall maintain liability insurance of one (1) million dollars per occurrence and three (3) million dollars in aggregate with an excess umbrella of nine (9) million dollars. Subject: 5311-Downstate Operating Assistance Program SFY2017
Date: 3/7/17

Summary

The Downstate Operating Assistance Program (DOAP) grant provides significant funding for non-urban/rural public transportation. Kendall County uses those funds in cooperation with municipalities to operate the Kendall Area Transit (KAT) program through its operator, the Voluntary Action Center (VAC). Over the last six years the service has grown significantly. In SFY2018, Kendall County’s maximum appropriation amount available is approximately $2,240,000; due to local match restrictions, expected receipts are around $900,000. Section 5311 Non-Metro Transportation Program remains steady at $55,578. Kendall County’s local match will remain $45,000 as in previous years.

Background

The DOAP grant is funded by the State through the Department of Transportation. This grant is used for operating public transportation in non-urban rural areas. In addition, Section 5311 Non-Metro Public Transportation Program grants are awarded in the same process. In Kendall County, these grants partially fund the operations of the Kendall Area Transit program. Started in 2010, KAT provides rides to registered users who either start or end in a location in Kendall County. This program uses a mix of light passenger vans and medium size buses to users in either a fixed route, or their own path through Dial-A-Ride.

Appropriation

Currently, the state matches sixty-five percent of expenditures with the remaining coming from local match. For KAT, this local match comes not only from the County (which appropriates $45,000), but also municipalities such as Yorkville and other service contracts in the area, like Open Door Rehabilitation Center of Sandwich. VAC is instrumental in securing these local match contributions.

In SFY2017, the maximum appropriated amount was $2.09 million; projected actual appropriation is $856,874. For SFY2018, the maximum amount will be $2.24 million; projected appropriation is to be around $950,000 dollars. This is small increase is due to no new significant local match revenues.

![Figure 1: Eligible vs. Actual Appropriation](image)
In addition to Kendall County’s allocation for DOAP, every year Section 5311 Non-Metro funds is awarded to the County from the Federal Government through I.D.O.T. This has remained flat at $55,578 throughout KAT’s operations. These funds match fifty percent for qualifying trips. However, they are eligible to be used as local match for DOAP, and thus are able to leverage additional funds.

**Service**

As can be seen in figure 2, ridership has grown significantly over the last eight years. In SFY16 25,434 rides were given. Of these rides, 12,543 were for employment purposes, and 8,022 for medical reasons. Overall, nine thousand seniors were served by KAT in SFY16. Please note senior designation and trip purposes are not mutually exclusive.

Due to the elimination of the Oswego Park-N-Ride, the number of trips since SFY14 decreased. In addition, in SFY16 KAT estimates the budget insecurity has caused trips to level off, as KAT had to reduce hours of service. KAT is continuing to take a cautious approach to broadening service across the County.

**Conclusion**

As always, Kendall County is still dedicated to providing the best possible service for its constituents. To that end, we will continue to work with our operator VAC to ensure a high quality product.

The committee meeting convened at 4:05 P.M. with roll call of committee members. Elizabeth Flowers absent. Quorum established.

Motion Cullick; second Davidson, to approve the agenda as presented. Motion carried unanimously.

Motion Cullick, second Gryder to approve the Highway Committee meeting minutes from February 14, 2017. Motion carried unanimously.

Motion Cullick; second Gryder to approve a Preliminary Engineering Agreement between Kendall County and Cemcon, Ltd. in the amount of $49,117. Said agreement involves the corridor and alignment study of the WIKADUKE Trail in the area of Stewart Road. Kendall County State’s Attorney is currently reviewing the agreement. Davidson asked who would have the last say on the alignment. Klaas indicated that the study will evaluate all the pertinent information and make a recommendation on the best alternatives; but we aren’t going into the study with any foregone conclusions. Gryder stated that Aurora, Oswego, Plainfield and Kendall County should all try to agree on the best plan moving forward. Kellogg reminded the committee that the County was working with the Village of Oswego on both the Collins Road Extension project and the WIKADUKE project, and hoped that we could get both projects worked out with the Village. Motion to recommend approval of the engineering agreement to the County Board was approved unanimously.

Motion Cullick; second Davidson to approve a Supplemental Agreement between Kendall County and HR Green related to the Eldamain Road Project reassigning $58,140.55 of Phase II Engineering costs for new tasks required by Illinois Department of Transportation. This agreement reassigns monies originally programmed for purchasing wetland credits to other Phase II activities, including soil investigations and surveying, but does not increase the total cost of the engineering agreements already in place for this project. Klaas also discussed some of the ongoing issues with IDNR, who is demanding additional investigations into the presence of Slippershell mussels. Motion to recommend approval of the supplemental agreement to the County Board carried unanimously.

Village of Millington was the lone applicant for KC-TAP funds for 2017. They have applied for $17,500 of TAP funds to install sidewalks along Vine Street within the corporate limits. Motion Gryder; second Cullick to announce that Millington was successful in their application. Motion carried unanimously. An IGA will have to be drawn up at a later date to codify the details of the disbursement of funds.
Motion Kellogg; second Gryder to approve a resolution appropriating funds for the payment of
the County Engineer’s salary of $111,150 and authorizing IDOT to transfer $55,575 of Federal
Surface Transportation Funds in return for an equal amount of State funds. Motion carried
unanimously.

Kellogg reported that he had met with Clarion Swenson in regard to the acquisition of additional
right-of-way at the intersection of Millington Road and Rogers Road. He and Swenson looked at
the intersection. He indicated that it might be helpful to have ComEd move their telephone pole
for better sight distance.

P.J. Fitzpatrick had submitted a written update on the Collins Road Extension project. He also
discussed their efforts to perfect the purpose and need document for the project. Public input
period for the project is now closed. A meeting with FHWA has been scheduled for April 6, 2017
to discuss many of these issues with the Feds.

Davidson discussed the need for the Mitchell Road connection. He indicated that the Board had
approved a joint bridge project recently in Na-Au-Say Township, as well as several other projects
over the years. He had asked the Little Rock Township Highway Commissioner to attend this
meeting to discuss his desire to have the County pay for half this project as well. Cullick asked if
this project had come before the County before. The Township had petitioned the Highway
Committee last year, and the Committee had denied the petition in a 0-5 vote. Dick Wade,
Highway Commissioner, said that he had been asked by the Fire Chief and the Superintendent of
Schools to make the connection on Mitchell Road. He stated that the road was designed to go
through, and the township had the project dropped in their lap, because both Inland and
Lakewood were supposed to make the connection; but neither did. Davidson discussed the taxing
requirements under PTELL to make the Joint Bridge Program mandatory. Gryder and Davidson
discussed whether the County could deny the township petition. Gryder didn’t believe there was
any reason for the project, and the public safety argument was not a valid argument. Kellogg said
that he wanted to close the conversation until such time that the Township actually submitted
another petition for joint bridge funding.

Motion Cullick; second Gryder to forward Highway Department bills for the month of March in
the amount of $319,375.48 to the Finance Committee for approval. Motion to approve bills
carried unanimously.

Klaas provided some information on the historical purchases of bulk rock salt by the Highway
Department. He reported that the Highway Department had requisitioned 3,000 tons of salt for
2017. The Department has to take not less than 80% of said amount, or 2,400 tons. To date, the
Department has purchased 1,400 tons; so they have to purchase another 1,000 tons this year. He
also reported that there was some damage to the salt storage igloo in the high winds last week.
Repairs are being scheduled. Davidson asked how much salt the Department was going to
purchase next year. Klaas indicated that the Highway Department was only bidding 2,000 tons of
salt for 2018. Total bid and storage quantities will exceed the maximum amount of salt ever used
by the Department.

Gryder asked about invoice for Sherrill Road. Klaas reported that this was a payout to D
Construction for work that was performed last fall. Gryder also asked about whether the recent
spell of cold weather would delay road and bridge construction this year. Klaas stated that the
spring letting is March 31, 2017, and construction schedules would probably be typical of other years.

Davidson asked about the schedule for Eldamain Road construction. Klaas stated that he really wanted to keep the project on the August 4, 2017 letting; but if it got moved to later in the year, it would probably be okay, as long as the project stayed in the 2018 fiscal year. It would delay the construction somewhat and would likely mean that the bulk of the road construction could not get completed in calendar year 2018. The silver lining would be that it would push back the required payments by the County for another year or two.

Davidson asked who had jurisdiction for setting speed limits on township highways. Klaas stated that the County Board sets all speed limits on both county and township roadways. Gryder asked Dick Wade if it has helped that the County lowered the speed limits on Little Rock Road and Fox River Drive to 45 mph. Wade indicated that it’s hard to tell. Most people don’t pay any attention to the speed limits unless the police are out there taking radar. He said that River Road is also a problem road where lots of people are speeding. He said that he can put up as many signs as he wants, and some people are pretty good; but most will fly by like you’re not even there. Discussion continued on speed limits and speeders on River Road.

Klaas reminded the committee about the joint meeting w/ Grundy County on 4/7/17 at 8:00 A.M.

Meeting adjourned at 4:45 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

New Business/Projects

1. Chairman’s Report:
   a. Facilities Study – Chairman Davidson informed the Committee he recommends having a facilities study completed to determine if we should move the County Office Building departments to the 2nd floor of the courthouse or retrofit the existing facility to address security concerns. Bob also mentioned we have the old funeral home that could be torn down for additional parking. Mr. Davidson also stated that another option could be to build a new Office building on the west side of the courthouse, then sell the existing County Office Building. Chairman Davidson continued to state that whatever option is chosen money would need to be set aside for this future project. Vice Chairman Giles questioned if the severity of the 2 phone call threats made in the past out way the cost of retrofitting the building and adding security staff. Mr. Giles suggested the issues might be solved with extra officers on patrol during heightened times like when property tax payments are due. Member Kellogg asked if the existing facility would be sellable in 10 years if a retrofit is made and a move is needed. Vice Chairman Giles suggested a parking study be done as well to verify what exactly is needed for the Office building. Director Smiley stated that in 2006 a Capital Improvement Plan (CIP) was put together for both campuses and the Highway department. This CIP was based on the predicted growth of the county and at that time the included an expansion of the Fox Street Campus. Jim offered to provide this study for committee members to review also.
   b. Chairman Davidson stated that a procedure needs to be put in place for submitting projects. Jim stated that since budgets are submitted in June/July that by April meetings should be scheduled with Department Heads and Elected Officials for projects in the next fiscal year. Chairman Davidson stated that next month a policy or recommendation should be created and be ready to take to the county board.

2. Public Safety Center (PSC) 2nd Floor U.P.S. failure – Director Smiley informed the Committee that a smaller U.P.S. system failed. The cost to repair the system was estimated to cost between $7-8,000.00. Since this system had a small load on it and the large main UPS was only at 46% capacity, Jim decided the best option was to wire this U.P.S. load to the main system. Jim believes the cost for this work will be between $4 - $5,000.00. The electrician completed the work on Saturday February 25, 2017. This work will be paid from the Equipment maintenance line. Project Complete.

3. PSC Kitchen Hood Inspection/Repair – Director Smiley explained the main tanks required replacement during a bi-annual inspection of the kitchen hood in the Jail. The tanks for this system act like fire extinguishers if a grease fire were to occur. Total cost for the repair was $1,476.00. This will be paid from the Equipment maintenance line. Project Complete.

4. County Office Building Elevator Inspection – Mr. Smiley received a call from the inspector stating that an emergency dialer needs to be installed in the elevator. KCFM staff ran the cable for the telephone line; the vendor will install the dialer and program the line. Jim stated this was an unplanned expense of approximately $2 - $3,000.00 that will be paid from the Equipment maintenance line.

5. Janitorial Contract RFP Recommendation – Director Smiley included a spreadsheet of the breakdown of the four (4) bids received for the Janitorial RFP. Jim explained that the spreadsheet shows all the bids with the floor and bathroom maintenance cost for each company. Jim stated that he tried to “normalize” the monthly cost since our incumbent vendor Cleaner Living Services included floor and bathroom maintenance in their monthly cost. The committee stated that they need clarification on floor and bathroom maintenance monthly cost and labor hours. They asked Jim to talk with the State’s Attorney to review if they can clarify the bid or if it needs to be re-bid. Director Smiley to bring the information back to the next Committee meeting in April.

6. H.V.A.C. Replacement RFP – Jim is continuing to work on creating this RFP and getting change suggestions from County Administrator Jeff Wilkins, Jim hopes to have this RFP completed before the next FM committee meeting in April.

7. Bathroom Consumables Fixtures Changes – Mr. Smiley informed the Committee that the paper towel and toilet tissue our facilities use will no longer be available. Jim stated that the supply company has provided new dispensers at no cost along with a nominal credit of about $700.00 for installation of the new dispensers. The credit will be applied to future purchases.
8. *Masonry Repairs* – Director Smiley stated that this repair was in the capital 5-year plan so he started to seek pricing to fix bad caulking and mortar joints along with replacement of broken bricks and waterproofing one of the walls.

9. *Health Department Dental Clinic Setup* – Director Smiley was invited by Dr. Tokars to meet with her, her staff and the vendor who removed the equipment from the doctor’s office in Chicago. Jim stated extensive construction would be needed to allow installation of this equipment. Mr. Smiley informed Dr. Tokars that if KCFM did the work there would be at least $1,000.00 worth of materials needed for electrical and plumbing hookups. Chairman Davidson stated that he does not want KCFM to take on the project as he feels the liability is too excessive, he is fine with Director Smiley overseeing the project. Chairman Davidson requested that Vice Chairman Giles inform Dr. Tokars present this plan to the Finance Committee to determine where the money is going to come from for this project.

Member Hendrix explained restrictions of the current Revolving Fund Strategy, and reasons for the modification. Village of Oswego President Gail Johnson added that the program would provide a way for municipalities to access funding and encourage economic growth in their villages and cities, and would be low risk because repayment would totally be the responsibility of the municipality.

From Finance Committee:

Approve Compensation for Technology Analyst Position – Discussion on the requirements for and compensation of this position. Mr. Koeppel stated that this position was due to the increased technical support requests from KenCom, the Circuit Clerk’s Office and the County Clerk’s Office, and that the funding source of this position would be from the GIS fund for the current year. **There was consensus to forward the item to the County Board for approval.**

From Admin HR Committee:

Approve Technology Analyst Job Description – Discussion on the responsibilities outlined in the job description, qualifications of the candidate filling the position, and additional responsibilities listed. **There was consensus by the committee to forward the item to the County Board for approval.**

Undersheriff Harold Martin stated that only having one door to access the building would greatly increase security in the building. He said that the Sheriff’s Office command staff continues to discuss ways to increase security and safety in the building.
