Petitions

Petition 19-07 Kendall County Planning, Building and Zoning Committee

Mr. Asselmeier summarized the request.

At the January Planning, Building and Zoning Committee meeting, the Committee requested Staff to prepare a proposed text regarding Section 11.05A of the Kendall County Zoning Ordinance pertaining to the parking of recreation vehicles, trailers and mobile homes.

The proposal is divided into three (3) parts:

Part One: Amends Section 11.05A.1.b by allowing the parking of recreational vehicles, trailers and mobile homes in the front and corner yard setbacks in the R-4, R-5, R-6, and R-7 Zoning Districts provided that no sidewalk, trail, or visibility of motorists is blocked. The remainder of Section 11.05A.1.b is renumbered to reflect the amendment.

Part Two: The requirement that certain recreational vehicles be registered is removed because the proposal renders the registrations moot. Five (5) recreational vehicles were registered with the County.

Part Three: Section 11.05.A.2 is amended by removing the seventy-two (72) hour parking provision. The remainder of Section 11.05.A.2 is renumbered to reflect the amendment.

At their meeting on February 11, 2019, the Planning, Building and Zoning Committee voted to initiate a text amendment to the Kendall County Zoning Ordinance reflecting this proposal.

ZPAC reviewed this proposal at their meeting on March 5, 2019. ZPAC unanimously recommended approval.

The Kendall County Regional Planning Commission reviewed this proposal at their meeting on March 27, 2019. The Kendall County Regional Planning Commission unanimously recommended approval.

The Kendall County Zoning Board of Appeals held a public hearing on this proposal on April 1, 2019. Three (3) members of the public testified in opposition to this proposal. Their concerns focused on code enforcement and the negative impacts to the aesthetics of the neighborhood if the proposal passed. One (1) of the members of the public requested that Kendall County adopt regulations similar to the Village of Oswego’s regulations on this matter. The Kendall County Zoning Board of Appeal unanimously issued a negative recommendation of the proposal. Members voted no because they felt that Boulder Hill would turn into a trailer park and housing values would be depressed because the neighborhood would look bad. Also, just because an ordinance is difficult to enforce, does not mean that the ordinance should be repealed.

The proposal was sent to the townships on March 4, 2019. On April 10, 2019, Oswego Township sent a letter of objection regarding the proposal. Oswego Township would like to see Kendall County adopt similar regulations as the Village of Oswego, if allowed by State law. Oswego Township does not have a Planning Commission, so their objection does not trigger a supermajority vote at the County Board for approval of this proposal.

It was the consensus of the Committee that the rules for the Village of Oswego and the Village of
Montgomery should be examined pertaining to fees and enforcement.

Member Flowers made a motion, seconded by Member Kellogg, to withdraw Petition 19-07 in its current form.

The votes were as follows:
Yeas (4): Flowers, Kellogg, Prochaska, and Purcell
Nays (0): None
Abstain (0): None
Absent (1): Gilmour

The motion carried. The Petition was withdrawn.

*Petition 19-08 – Daniel, Bruce, and Norma Van Deventer and Deborah Hull on Behalf of the Wilbur C. VanDeventer Trust (Current Owner) and Diane and Craig Zimmerman (Prospective Buyer)*

Mr. Asselmeier summarized the request.

Diane and Craig Zimmerman would like to purchase the subject property and construct a single-family home on the property and operate a home-based business as allowed by the Kendall County Zoning Ordinance. The property lacks a housing allocation. Therefore, a map amendment is required.

The property is approximately fifteen (15) acres in size.

The Land Resource Management Plan calls for the property to be residential.

Trails are planned along Galena Road and along Blackberry Creek. Blackberry Creek runs through the property and development can occur only the south portion of the property is outside the floodplain. There is a freshwater emergent wetland on the northwest side of the property.

The zoning in the area is A-1 and R-3 with Yorkville and Montgomery having zoning within a half (1/2) mile of the property.

EcoCat was submitted and consultation was terminated.

The LESA Score was 129 indicating a low level of protection.

Petition information was sent to Bristol Township on February 25, 2019. Bristol Township did not provide any comments.

Petition information was sent to the Village of Montgomery on February 25, 2019. They submitted no objections.

Petition information was sent to the United City of Yorkville at the end of February. The subject property is across the street from Yorkville, but is in Montgomery’s planning jurisdiction. Yorkville submitted no objections.
Petition information was sent to the Bristol-Kendall Fire Protection District on February 25, 2019.

ZPAC reviewed this petition at their meeting on March 5, 2019. The Kendall County Highway Department requested a site plan showing the location of the proposed driveway for the house. It was noted that a variance would be required to the Kendall County Highway Regulations, if the Petitioner desired more than a right-in, right-out point of ingress/egress. ZPAC unanimously recommended approval of the request.

The Kendall County Regional Planning Commission reviewed this petition at their meeting on March 27, 2019. A neighbor questioned why the property needed to be rezoned. Mr. Asselmeier explained Kendall County’s forty (40) acre rule and housing allocation rules in agricultural areas. The address of the property required clarification. The Kendall County Regional Planning unanimously recommended approval of the request.

The Kendall County Zoning Board of Appeals held a public hearing on this petition on April 1, 2019. Other than the Petitioner’s Attorney, no other members of the public testified in favor or in opposition to the proposal. The Kendall County Zoning Board of Appeals unanimously recommended approval of the request.

Any new homes or accessory structures would be required to meet applicable building codes.

The property fronts Galena Road. Staff has no concerns regarding the ability of Galena Road to support the proposed map amendment. A variance to the Kendall County Highway Access Regulation Ordinance will be required, if the Petitioner desired more than a right-in, right-out point of ingress/egress. At their meeting on March 19, 2019, the County Board approved an ordinance granting access onto Galena Road at the subject property.

No new odors are foreseen.

Any new lighting would be for residential use only and must be in compliance with the regulations related to home occupations contained in the Zoning Ordinance.

No fencing or buffer is presently planned for the property.

Any new homes constructed in the floodplain would have to secure a stormwater permit.

Electricity is nearby. New well and septic information would have to be evaluated as part of the building permit process.

Staff recommends approval of the proposed map amendment.

Member Purcell asked if the board had voted on this proposal previously. Member Kellogg said it was for a driveway variance.

Member Purcell asked if the Petitioner knew there was going to be some major highway work in that area. The Petitioner’s Attorney responded that they were aware that improvements were planned in the area.
Member Purcell made a motion, seconded by Member Kellogg, to recommend approval of the Map Amendment.

The votes were as follows:
Yeas (4): Flowers, Kellogg, Prochaska, and Purcell
Nays (0): None
Abstain (0): None
Absent (1): Gilmour

The motion carried. This proposal will go to the County Board on May 21st.

**NEW BUSINESS**

*Discussion of SB7*

The Committee discussed SB7.

Chairman Prochaska asked the committee to go through the information at their convenience.

Mr. Asselmeier asked if a template ordinance would be developed by the Illinois Municipal League or Counties’ Association. Chairman Prochaska said that he believed the Counties’ Association would be doing a template ordinance.

*Request for Guidance Regarding Alleged Stormwater Ordinance Violation at 508 W. Route 126 (Anderson Tree Farm)*

Mr. Asselmeier presented information regarding the request.

Karen Anderson presented pictures of the flooding from last year and stated they did not raise the ground level two feet.

Joe Clark presented pictures of flood near his house. He also stated the Anderson’s have raised the level of the land approximately two feet (2’). He was looking for some help with the problem because of water in his basement.

The Committee discussed many ways of fixing the problem. The Committee requested Ken Hostert, Na-Au-Say Township Highway Commission, to attend a future meeting.

**CORRESPONDENCE:**

*April 30, 2019 Email from Anderson Tree Farm Regarding Special Use Permit Application*

Mr. Asselmeier read the correspondence. They have taken the pictures down from the website and they will not be applying for the special use permit.

**NEW BUSINESS**

*Recommendation on Annual Facility Inspection Report for NPDES Permit for Stormwater Discharges from Separate Storm Sewer Systems (MS4)*

Member Purcell asked if this was a follow up. Mr. Asselmeier said it was the Annual Report. The Annual Report was basically the same as last year’s report and the filing fee is in the Department’s budget.

Member Purcell made a motion, seconded by Member Kellogg, to forward the Annual Report to
the County Board.

The votes were as follows:
Yeas (4): Flowers, Kellogg, Prochaska, and Purcell
Nays (0): None
Abstain (0): None

The motion carried. This matter will go to the County Board May 21st.

Approval of Setting a Date and Time for a Second Meeting of the Planning, Building, and Zoning Committee in the Month of May 2019
Chairman Prochaska stated he did not believe that a second meeting was needed.

OLD BUSINESS

Update on Zoning Violation at 45 Cheyenne Court
Greg Stromberg provided an update. He hopes to complete the project by August 1st or September 1st. An update will be provided around July 1st.

Discussion of Land Cash Ordinance
Mr. Asselmeier summarized.

It was the consensus of the Committee that the weighted average of all lot sales for the entire county should be used as the fair market value. This would set the fair market value at Forty-Seven Thousand One Hundred Twenty-One Dollars ($47,121). Staff will bring a proposal reflecting this fair market value to the next meeting.

Discussion of Junk and Debris Ordinance Update
Mr. Asselmeier provided an Update.

Member Purcell stated he had concerns about the subjectivity of junk and debris near commercial establishments.

The consensus of the Committee was to exempt commercial and manufacturing zoned properties where lawful businesses are operating and to send the revised proposal to the Committee of the Whole.

Zoning Ordinance Project Update
Chairman Prochaska requested Staff to inform Teska Associates that no additional extension will be given on the deadline for the project.

REVIEW OF THE VIOLATION REPORT
The Committee reviewed the violation report.

Update on Zoning Violation at 790 Eldamain Road
Additional fencing has been added and the property owners’ attorney believes fencing should be completed in the next few weeks.
Approval to Forward Violation of Stormwater Ordinance at 84 Woodland Drive, Plano to the State’s Attorney’s Office

Mr. Asselmeier summarized the case.

In July 2018, the Kendall County Planning, Building and Zoning Department received a complaint of dumping at 84 Woodland without a permit. On July 25, 2018, an inspection occurred at the property and the determination was made that a permit was required because the dumping impacted a natural waterway. On November 10, 2018, the property owner paid for a stormwater management permit, but did not provide any information on the amount of dirt placed onsite or future plans for the property.

The property owner has two (2) options. He can dump more dirt if he provides a plan, topographic survey, and engineering calculations. This option requires the owner to know how much dirt he intends to haul onto the site. The second option is leaving things “as-is” which requires the owner to get a topographic survey and get an engineer to certify that the fill had not impact on the waterway.

On March 13, 2019, the owner was sent a certified letter explaining his options. On April 9, 2019, the owner requested, the Department granted, an extension until April 30, 2019.

A landscaping business is not allowed on the subject property.

Staff requests guidance as to how to proceed. This guidance could include forwarding the case to the State’s Attorney’s Office.

Chairman Prochaska made a motion, seconded by Member Flowers, to forward this violation to the State’s Attorney’s Office.

The votes were as follows:
Yeas (3): Flowers, Kellogg, and Prochaska
Nays (1): Purcell
Abstain (0): None
Absent (1): Gilmour

The motion carried.

Committee: Planning, Building and Zoning Committee

Meeting Date: May 13, 2019

Amount: $1,000

Budget: Yes - Planning, Building and Zoning Department NPDES Permit Fee Line Item (010-2-002-6367)

Issue: Approval of Annual NPDES Report

Background and Discussion:
Kendall County is required to submit certain documents annually as required by its NPDES Permit. In April, the County Board approved a contract with WBK Engineering to complete the annual report. Attached please find the proposed annual report.

The 2019 annual report is similar to the 2018 annual report. A survey was distributed to each township supervisor in 2018 regarding the County's stormwater related activities; only one township completed the survey. The survey was the only new or different activity that the County did in 2018.

The report is due to the State by June 1st. There is a $1,000 submittal fee, which has been unchanged for several years.

Part 2. Status of Compliance with Permit Conditions

(Provide the status of compliance with permit condition, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the maximum extent practicable [MEP], and your identified measurable goals for each of the minimum control measures.)

Kendall County submitted a Notice of Intent on July 19, 2016, which initiated a new 5-year permit cycle. The BMPs listed in the 2016 NOI were selected to meet the requirements of the NPDES Phase II program and reduce nonpoint source pollution in Kendall County.

The status of BMPs and measurable goals performed in Year 3 (March 2018-March 2019) are described below.

A. Public Education and Outreach

A.1 Distributed Paper Material

Measurable Goals: 1) Track number of people requesting to see the County’s Plan on an annual basis.

Due to the increased preference of electronic documents and the effort to minimize paper waste, Kendall County provides much of their information on the County’s website. Kendall County continues to provide links on their website to PDFs of the Stormwater Management Program Plan, the NOI, and Annual Reports. The website also includes materials about sources of stormwater pollution and ways to minimize pollutants. The County’s website includes EPA web links as well as web links to other sites that contain information about the benefits of green infrastructure and rain gardens, impacts of climate change on water resources, and the impacts of climate change on the Midwest.

Kendall County typically tracks the number of views the County website receives annually. Due to technical issues, the County was unable to track the number of views the County website and NPDES documents received in Year 3.

A.2 Speaking Engagement

Measurable Goals: An increase in number of presentations annually and amount of public attendance/participation.

Kendall County did not conduct or host any presentations in Year 3.

A.4 Community Event

Measurable Goals: Increased interest and attendance in annual workshops/seminars.

The Kendall County Soil and Water Conservation District (SWCD) hosted a used oil drop off recycling event on June 16, 2018 at the Grainco FS Tire Center parking lot on State Route 47 in Yorkville. Many local residents participated by bringing their used oil, anti-freeze, and oil filters to be safely disposed. During the event 1,010 gallons of used oil, 60 gallons of used anti-freeze, and 1 large container of used oil filters were collected.
A.6 Other Public Involvement

**Measurable Goals:**
1) Inquiries to linked websites and annual increase in hits to website.
2) Annual evaluation surveys.

Kendall County typically tracks the number of views the County website receives annually. Due to technical issues, the County was unable to track the number of views the County website and NPDES documents received in Year 3.

Kendall County sent out an annual evaluation survey to all 9 townships within the County in Year 3 to get input on how they can improve public education and outreach. One township completed the survey. The survey results are included at the end of this report in Appendix 1.

B. Public Participation/Involvement

B.3 Stakeholder Meetings

**Measurable Goals:** Attend the annual public meeting and work with the County to establish a positive dialogue and eventually develop County-wide coordination of stormwater management efforts.

The Kendall County Stormwater Management Oversight Committee held an annual public meeting on October 11, 2018 at 4:00pm in the County Board Room located in the Kendall County Office Building, 111 W. Fox Street, Yorkville, IL. The meeting was held to receive public input regarding stormwater management related regulations and enforcement and to discuss proposed changes to the Kendall County Stormwater Management Ordinance.

At the meeting, 6 of the 10 committee members were present. Also in attendance was the Kendall County Senior Planner, a representative of the State’s Attorney’s Office, a member of the Kendall County Soil and Water Conservation District, and a representative from the Village of Oswego.

B.7 Other Public Involvement

**Measurable Goals:**

Kendall County sent out an annual evaluation survey to all 9 townships within the County in Year 3 to get input on how they can improve public participation and involvement. One township completed the survey. The survey results are included at the end of this report in Appendix 1.

C. Illicit Discharge Detection and Elimination

C.1 Storm Sewer Map Preparation
Measurable Goals: Update storm sewer mapping annually.

Kendall County updated their storm sewer GIS layer this past year.

C.3 Detection/Elimination Prioritization Plan
Measurable Goals: Track the number of illicit dischargers discovered and track removal process.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The Highway Department performs stormwater related inspections on a daily basis throughout the County as they relate to road maintenance.

C.4 Illicit Discharge Tracing Procedures
Measurable Goals: Track number of illicit discharges discovered and track removal process annually.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has an Outfall Inspection Procedure Flow Chart (Figure 2) in their Kendall County Stormwater Management Program Plan for detecting and tracing illicit discharges. There is also an Indirect Illicit Discharge Tracking Form available in Appendix 5.6 of the Kendall County Stormwater Management Program Plan for use by County personnel.

C.5 Illicit Source Removal Procedures
Track the number of illicit dischargers discovered and track removal process.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has an 8-step protocol in place for ensuring the removal of illicit discharges. This protocol is explained under Section 3.3.D.3 of the Kendall County Stormwater Management Program Plan.

C.6 Program Evaluation and Assessment
Measurable Goals: Annual evaluation surveys.

Kendall County sent out an annual evaluation survey to all 9 townships within the County in Year 3 to get input on how they can improve their illicit discharge detection and elimination. One township completed the survey. The survey results are included at the end of this report in Appendix 1.
C.7 Visual Dry Weather Screening

*Measurable Goals:* Track the number of illicit dischargers discovered and track removal process.

Kendall County continues to work on an Illicit Discharge Detection and Elimination program to identify, trace, and remove illicit discharges and non-stormwater discharges that are significant polluters of the County’s MS-4. There were no illicit discharges detected during the past reporting period.

The County has a Stormwater Outfall Inspection Data Form available in Appendix 5.3 of the Kendall County Stormwater Management Program Plan for use by County personnel. During the past reporting period, visual dry weather screening was not conducted.

D. Construction Site Runoff Control

D.1 Regulatory Control Program

*Measurable Goals:* Implementation of the Kendall County Stormwater Ordinance.

On May 21, 2013, the Kendall County Stormwater Management Ordinance was revised. This Ordinance specifically outlines regulations on runoff for NPDES (Sec. 202). The Ordinance includes revised regulations for stormwater management, plan reviews, and long-term maintenance. Kendall County continues to implement and comply with the Kendall County Stormwater Ordinance.

Kendall County has been working with a review consultant since 2008 who continues to provide stormwater, engineering, wetland, and Soil Erosion and Sediment Control (SESC) review for proposed developments. The consultant conducted SESC inspections at three sites during the past reporting period on behalf of Kendall County. Those sites include the Fox Metro Water Reclamation District (FMWRD) Plant Expansion Site, the Fox Metro Orchard Road Compensatory Storage Site, and the Nicor Aux Sable Phase VII Pipeline Replacement Site. The table below provides a breakdown of the projects and the number of SESC inspections completed by the consultant in Year 3.

Soil Erosion and Sediment control inspections were also completed by the Kendall County SWCD throughout the year.
D.2 Erosion and Sediment Control BMPs

*Measurable Goals: Adoption of County ordinance amendments as developed.*

The County outlines the Soil Erosion and Sediment Control requirements for construction sites in Article 3 of the Kendall County Stormwater Management Ordinance.

No amendments to the Soil Erosion and Sediment Control requirements were developed because none were needed this year.

D.3 Other Waste Control Program

*Measurable Goals: Adoption of County ordinance amendments as developed.*

No amendments to the Other Waste Control Program were developed because none were needed this year.

D.4 Site Plan Review Procedures

*Measurable Goals: Adoption of ordinance amendments as developed.*

All construction projects are required to have a Soil Erosion and Sediment Control Plan in place prior to construction as stated in Sec. 301 of the Ordinance. The SESC Plan must be prepared in accordance with the requirements of the Ordinance as well as the standards and specifications contained in the most recent Illinois Urban Manual.

No amendments to the Site Plan Review Procedures were developed because none were needed this year.

D.6 Site Inspection/Enforcement Procedures

*Measurable Goals: Develop enforceable procedures for construction site inspections.*

Construction site inspections are enforced under Sec. 303 and Sec. 304 of the Kendall County Stormwater Management Ordinance.

If a site is not in compliance with the Ordinance, the property owner has 7 days to correct the issue. If the issue is not corrected in that time frame, a Stop-Work Order will be issued and the permit may be revoked.

D.7 Other Construction Site Runoff Controls

*Measurable Goals: Soil Erosion and Sediment Control (SESC) inspections will be monitored and filed until final site acceptance by Kendall County.*

Kendall County evaluates their Construction Site Runoff Control Program by monitoring and recording Construction Site Runoff Control compliance.

The County works with consultants who conduct SESC inspections at Kendall County construction sites. The consultant utilizes the Soil Erosion and Sediment Control Inspection Form found in Appendix 5.5 of the Kendall County Stormwater Management Program Plan during inspections. During the annual year of April 1st 2018 through March 31st 2019, three sites were inspected regularly in Kendall County. The three sites were the
Fox Metro Water Reclamation District (FMWRD) Plant Expansion Site, the Fox Metro Orchard Road Compensatory Storage Site, and the Nicor Aux Sable Phase VII Pipeline Replacement Site. The number of inspections completed by the consultant on behalf of Kendall County can be found above in the table under Section D.1. The Kendall County SWCD also completed SESC inspections during Year 3.

E. Post-Construction Runoff Control

E.3 Long Term O&M Procedures

*Measurable Goals: Adoption of revised Kendall County Stormwater Management Ordinance.*

Kendall County continues to monitor and enforce long term maintenance requirements of the Kendall County Stormwater Management Ordinance. No revisions were made in the past year.

E.5 Site Inspections During Construction

*Measurable Goals: Implementing ordinance amendments, as developed.*

Kendall County continues to monitor and enforce soil erosion and sediment control requirements of the Kendall County Stormwater Management Ordinance under Sec. 303 and Sec. 304. No amendments were developed in the past year.

Kendall County works with consultants who conduct regular SESC inspections during and after construction until the site is fully stabilized. Construction for the Fox Metro Orchard Road Compensatory Storage Site was completed in June 2017. Inspections continued on a monthly basis until the site achieved full vegetation establishment in September 2018. Construction for the Nicor Aux Sable Phase VII Pipeline Replacement Site was completed in November 2018. The site continues to be inspected regularly until final stabilization is achieved.

E.7 Other Post-Construction Runoff Controls

*Measurable Goals: 1) Collaborate with other MS-4’s in Kendall County and stakeholders, including the Conservation Foundation and the Kendall County Soil and Water Conservation District, to evaluate relevant flood control techniques to determine the potential effects of climate change. 2) Annual evaluation survey.*

Active work has not been done to collaborate with other MS-4’s and stakeholders in order to evaluate relevant flood control techniques and determine the potential effects of climate change. Kendall County started investigating the potential effects of climate change by posting web links to EPA information on the County website.

Kendall County sent out an annual evaluation survey to all 9 townships within the County in Year 3 to get input on how they can minimize construction runoff. One township completed the survey. The survey results are included at the end of this report in Appendix 1.
F. Pollution Prevention/Good Housekeeping

F.1 Employee Training Program
*Measurable Goals: Increase participation at workshops.*

Kendall County provides links on the County website to EPA’s websites about green infrastructure and climate change. They also have EPA information posted on the County website about NPDES and clean water. This information is available to County staff, townships, and the public. The Kendall County SWCD has developed a variety of training materials which include presentations related to erosion and sediment control, best management practices, and associated regulations. These materials can be requested from the SWCD as needed.

Kendall County’s Senior Planner is in the process of becoming a Certified Floodplain Manager, which is a nation-wide certification program established by the Association of State Floodplain Managers (ASFPM).

On March 22, 2019, the Kendall County Soil and Water Conservation District in partnership with the Village of Oswego hosted a Soil Erosion and Sediment Control Workshop. Two County staff members attended the workshop along with 1 representative from the County’s stormwater engineering consultant.

F.4 Municipal Operation Waste Disposal
*Measurable Goals: Reduce the impact of Municipal Operations of stormwater runoff.*

Kendall County continues to collect litter and track the amount of material collected. Kendall County collected 9.44 tons of garbage from within County right-of-way in 2018. Kendall County continues to minimize the discharge of pollutants from vehicle washing by treating the wash water by collection in a sediment basin or using an inlet filter prior to discharge. The County continues to properly store building materials, building products, construction waste, trash, landscape materials, fertilizers, pesticides, herbicides, chemical storage tanks, deicing materials, detergents, and other materials to guard against exposure to precipitation and stormwater.

F.5 Flood Management/Assess Guidelines
*Measurable Goals: Incorporate revised floodplain guidelines and DFIRMs by reference.*

On May 21, 2013, the Kendall County Stormwater Management Ordinance was revised. This Ordinance states as one of its goals the reduction of flooding and its economic and human impacts, while also stating a goal to make federally subsidized flood insurance available. Kendall County did not make any revisions to the floodplain guidelines this past year.

Kendall County’s Senior Planner is in the process of becoming a Certified Floodplain Manager. This certification will help the County reach its goals listed in the ordinance by providing the Senior Planner with knowledge to assess and deal with the issues of flooding and its damaging effects.
F.6  Other Municipal Operations Controls

Measurable Goals: Annual Evaluation surveys.

Kendall County sent out an annual evaluation survey to all 9 townships within the County in Year 3 to get input on how they can continue to prevent stormwater pollution. One township completed the survey. The survey results are included at the end of this report in Appendix 1.

Issue: Petition 19-20 Request from the Planning, Building and Zoning Committee to Repeal and Replace Kendall County's Junk and Debris Ordinance

Background and Discussion:
For the last couple months, the Planning, Building and Zoning Committee has been working with the Kendall County State’s Attorney’s Office on updating the Kendall County Junk and Debris Ordinance of 1968.

The proposed ordinance would do the following:

1. Repeal the 1968 Ordinance.
2. Establish a clearer definition of “junk and debris”.
3. Create a process for serving citations on junk and debris violators.
4. Send violators of the Ordinance to court if the junk and debris has not been removed within the ten (10) day cure period.
5. Establishes that each day shall constitute a separate offense.
6. Establishes a maximum fine of Two Hundred Dollars ($200) for each offense.

The enforcement procedure is same as the recently adopted Inoperable Vehicle Ordinance.

Committee Action:
PBZ recommended approval; COW recommended approval with amendments that the exemption granted to properties zoned business and manufacturing be removed and that a complaint would not be necessary for the issuance of citations at their meeting on May 16, 2019.

Date: May 16, 2019
WHEREAS, it is the policy of the Kendall County Board to promote the health, safety, and welfare of Kendall County by abating the nuisance created by the outside storage of junk and debris in unincorporated areas of the County; and

WHEREAS, on July 9, 1968, the Kendall County Board adopted an Ordinance entitled “An Ordinance Declaring the Storing of Junk and other Waste Matter on Private Property to be a Nuisance;” and

WHEREAS, An Ordinance Declaring the Storing of Junk and other Waste Matter on Private Property to be a Nuisance adopted July 9, 1968 stated the circumstances under which the storage of junk and refuse on private property in unincorporated areas of Kendall County would constitute a nuisance and provided procedures for the abatement of such nuisance; and

WHEREAS, the Kendall County Board now desires to implement an updated procedure for the abatement of the nuisance created by the storage of junk and debris.

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby authorizes the abatement of the nuisances created by the storage of junk and debris and the levying of fines for a person’s failure to abate as follows:

Section 1.

The purpose of this Ordinance is to provide a method for abating nuisances created in the County of Kendall by the storage of junk and debris and to provide for fines to be levied for the failure of any person to obey a notice received from Kendall County which states that such person is to dispose of any junk and debris located on property under that person’s control.

Section 2.

It is hereby declared a nuisance for any person, whether the owner, tenant, and/or other occupant of real property (it being the intent of this Ordinance to make all such persons jointly and severally liable for compliance), to cause, allow, or permit the existence or storage of any junk and debris upon any exterior premises within the County of Kendall and outside the municipal confines of any city, village or incorporated town. For purposes of this Ordinance, “junk and debris” is defined to include any and all waste matter, whether reusable or not, which is offensive to the public health, safety, and welfare, and is specifically intended to include, but not be limited to, machinery of any kind, car parts, scrap metal, furniture, appliances, equipment, grills, mattresses, coolers, construction debris, glass, paper, clothing, rags, cartons, boxes, wood, bottles, and cans, regardless of whether these materials may be reused.

Section 3.

This Ordinance shall not prohibit the storage of equipment used for agricultural purposes on any property as long as

    a. that property is zoned A-1;

    b. that property is actually used primarily for agricultural purposes; and
c. that equipment is actually used for agricultural purposes.

Section 4.

a. Any Kendall County code enforcement officer and the Kendall County Sheriff, or his deputies, are hereby authorized to issue citations to the offender for a violation of this Ordinance without the necessity of receiving a complaint.

b. Whenever any authorized officer determines junk and debris is stored on any property located in the County of Kendall and outside the municipal confines of any city, village, or incorporated town, the officer shall cause a written notice to be served by hand delivery upon the owner, tenant, and/or other occupant of the property (it being the intent of this Ordinance to make all such persons jointly and severally liable for compliance), which notice shall inform the person served that the storage of junk and debris constitutes a nuisance under this Ordinance.

c. Such notice shall include the following:

   i. The name of the defendant and his or her address, if known;

   ii. The nature of the offense, including a description of the items that are junk and debris, and a reference to this Ordinance;

   iii. The date, time and place that the person is required to appear in court;

   iv. A statement that defendant can avoid the court appearance if the defendant, within 10 days of the service of the notice, removes the junk and debris from the exterior of the property;

   v. A statement that the defendant may demand a jury trial by filing a jury demand and paying a jury demand fee when entering his or her appearance, plea, answer to the charge, or other responsive pleading;

   vi. A statement that a default judgment may be entered in the event the person fails to appear in court or answer the charge made on the date set for the defendant’s court appearance or any date to which the case is continued and the amount of any default judgment.

Section 5.

a. Any person receiving such notice to dispose of junk and debris shall, within 10 days of the date of service of said notice, remove all junk and debris from the exterior of the property.

b. If the person receiving such notice removes the junk and debris within 10 days as required, that person shall contact the Kendall County Planning, Building, and Zoning Department at least 10 days prior to the scheduled court appearance for an inspection. If the code enforcement officer determines the junk and debris has been removed so that the property is no longer in violation of this Ordinance, the court appearance shall no longer be required.
Section 6.

a. It shall be unlawful and in violation of this Ordinance for any person to neglect, refuse, or otherwise fail to remove or abate any nuisance as defined in Section 2 within 10 days following service of notice pursuant to Section 4(c).

b. A violation of this Ordinance by any person shall be punishable by a fine not exceeding $200.00 for each offense.

c. Each day a violation continues to exist following the expiration of the 10 day cure period set forth in Section 5(a) shall constitute a separate offense.

Section 7.

The Ordinance entitled “An Ordinance Declaring the Storing of Junk and other Waste Matter on Private Property to be a Nuisance” adopted July 9, 1968 is repealed.

15. Background Checks/Security. Contractor shall exercise general and overall control of its officers, employees and agents. Contractor agrees that no one shall be assigned to perform work at the Facility on behalf of Contractor, Contractor’s consultants, subcontractors and their respective officers, employees, agents and assigns
unless KCSO has completed a criminal background investigation for each individual. In the event that the individual’s criminal background investigation reveals that the individual has a conviction record that has not been sealed, expunged or impounded under Section 5.2 of the Criminal Identification Act, Contractor agrees that the individual shall not be assigned to perform work on or at the Facility absent prior written consent from County and Kendall County Sheriff. County, at any time, for any reason and in County’s sole discretion, may require Contractor and/or Contractor’s employees, consultants, and/or subcontractors to remove any individual from performing any further work under this Agreement.

Contractor understands, and agrees, that any person who takes into, or out of, or attempts to take into, or out of, the Facility, or the grounds belonging to or adjacent to the Facility, any item not specifically authorized by the Facility, such as contraband, shall be prosecuted. 16. HOLD HARMLESS / INDEMNIFICATION. Contractor will hold harmless and indemnify the County, together with its officials, officers, employees, including their past, present, and future board members, elected officials and agents with counsel of the County’s own choosing, against all liabilities, claims, suits, demands, proceedings, and actions for any loss or damage, including reasonable attorneys’ fees and other costs of litigation, caused or necessitated solely by the negligent, reckless, intentional, or deliberately indifferent conduct of Contractor, its employees, and agents. Pursuant to Illinois law, 55 ILCS 5/3-9005, any attorney representing the County, under this paragraph, must be approved by the Kendall County State’s Attorney and appointed a Special Assistant State’s Attorney. County’s participation in their defense shall not remove Contractor’s duty to indemnify, defend, and hold harmless, as set forth above.

17. Insurance. All coverage shall be placed with insurers authorized to conduct business in Illinois with a current A.M. Best’s rating of no less than A:VII. Each insurance policy shall not be cancelled or changed without thirty (30) calendar days prior written notice, given by the insurance carrier to County at the address set forth herein.

Minimum Scope and Limit of Insurance. All coverage shall be at least as broad as the following:
Commercial General Liability ("CGL"): Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than $1,000,000 per occurrence. Umbrella/Excess Liability: Limits of liability equal to or greater than $5,000,000 per occurrence and $5,000,000 in aggregate.

Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

Additional Insured Status. County and its, past, present, and future its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts, or equipment furnished in connection with such work or operations. Primary Coverage. For any claims related to this contract, the Contractor’s insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 with respect to County, its past present and future officers, officials, employees, and volunteers. Any insurance maintained by County, its past present or future officers, officials, employees, or volunteers shall be excess of the Contractor’s insurance and shall not contribute with it.

Waiver of Subrogation. Contractor hereby grants to County and its, past, present, and future its officers, officials, employees, and volunteers a waiver of any right to subrogation which any insurer of said Contractor may acquire against County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not County has received a waiver of subrogation endorsement from the insurer.
**Self-Insured Retentions.** Self-insured retentions must be declared to and approved by County. County may require the Contractor to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or County.

**Claims Made Policies.** If any of the required policies provide coverage on a claims-made basis, (1) the Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work, (2) insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work, and (3) if coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of contract work.

**Verification of Coverage.** Contractor shall furnish County with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to County before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor’s obligation to provide them. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

**Subcontractors.** Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.

**Special Risks or Circumstances.** County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

18. **PRISON RAPE ELIMINATION ACT OF 2003 (PREA).** Contractor will comply with PREA, applicable PREA standards, and the KCSO policies related to PREA for preventing, detecting, monitoring, investigating, and eradicating any form of sexual abuse within Facility. Contractor acknowledges that, in addition to self-monitoring, KCSO may conduct announced or unannounced monitoring to include on-site monitoring.

19. **REMEDIES.** In any action with respect to this Agreement, the parties are free to pursue any legal remedies at law or in equity. If County is required to take legal action to enforce performance of any of the terms, provisions, covenants and conditions of this Agreement, and by reason thereof, County is required to use the services of an attorney, then County shall be entitled to reasonable attorneys’ fees, court costs, expenses and expert witness fees incurred by County pertaining thereto and in enforcement of any
remedy, including costs and fees relating to any appeal.

20. **INDEPENDENT CONTRACTOR RELATIONSHIP.** It is understood and agreed that Contractor is an independent contractor and is not an employee of, partner of, agent of, or in a joint venture with County. Contractor understands and agrees that Contractor is solely responsible for paying all wages, benefits and any other compensation due and owing to Contractor’s officers, employees, and agents for the performance of services set forth in the Agreement. Contractor further understands and agrees that Contractor is solely responsible for making all required payroll deductions and other tax and wage withholdings pursuant to state and federal law for Contractor’s officers, employees, and/or agents who perform services as set forth in the Agreement. Contractor also acknowledges its obligation to obtain appropriate insurance coverage for the benefit of Contractor, Contractor’s officers, employees and agents and agrees that County is not responsible for providing any insurance coverage for the benefit of Contractor, Contractor’s officers, employees and agents. Contractor hereby agrees to defend with counsel of County’s own choosing, indemnify and waive any right to recover alleged damages, penalties, interest, fees (including attorneys’ fees), and/or costs from County, its board members, officials, employees, insurers, and agents for any alleged injuries that Contractor, its officers, employees and/or agents may sustain while performing services under the Agreement.

21. **CERTIFICATION.** Contractor certifies that Contractor, its parent companies, subsidiaries, and affiliates are not barred from entering into this Agreement as a result of a violation of either 720 ILCS 5/33E-3 or 5/33E-4 (bid rigging or bid rotating) or as a result of a violation of 820 ILCS 130/1 et seq. (the Illinois Prevailing Wage Act)

Contractor further certifies by signing the Contract documents that Contractor, its parent companies, subsidiaries, and affiliates have not been convicted of, or are not barred for attempting to rig bids, price-fixing or attempting to fix prices as defined in the Sherman Anti-Trust Act and Clayton Act. 15 U.S.C. § 1 et seq.; and has not been convicted of or barred for bribery or attempting to bribe an officer or employee of a unit of state or local government or school district in the State of Illinois in that Officer’s or employee’s official capacity. Nor has Contractor made admission of guilt of such conduct which is a matter of record, nor has any official, officer, agent, or employee of the company been so convicted nor made such an admission.

22. **PROTECTION OF WORK AND CLEAN-UP.** The Contractor shall be responsible for the protection of all work (including, but not limited to, all work performed by Contractor and all subcontractors) and shall at Contractor’s own expense replace damaged or lost materials or repair damaged parts of the work, and the Contractor shall be liable therefore. Contractor and subcontractors shall take all risks from floods and casualties, and shall make no claim for damages for delay from such causes. The
Contractor and subcontractors may, however, be allowed a reasonable extension of time on account of such delays, subject to the conditions herein before specified. The Contractor shall remove from the vicinity of the Facility all surplus material or equipment belonging to Contractor and subcontractors, within a reasonable time or as directed by the County.

23. **NON-DISCERNITION.** Contractor, its officers, employees, and agents agree not to commit unlawful discrimination and agree to comply with all applicable provisions of the Illinois Human Rights Act, Title VII of the Civil Rights Act of 1964, as amended, the Americans with Disabilities Act, the Age Discrimination in Employment Act, Section 504 of the Federal Rehabilitation Act, and all applicable rules and regulations.

24. **AUTHORITY TO EXECUTE AGREEMENT.** County and Contractor each hereby warrant and represent that their respective signatures set forth below have been and are on the date of this Agreement duly authorized by all necessary and appropriate corporate and/or governmental action to execute this Agreement.

25. **CHOICE OF LAW AND VENUE.** This Agreement shall be construed in accordance with the law and Constitution of the State of Illinois and if any provision is invalid for any reason such invalidations shall not render invalid other provisions which can be given effect without the invalid provision. The parties agree that the venue for any legal proceedings between them shall be the Circuit Court of Kendall County, Illinois, Twenty-Third Judicial Circuit, State of Illinois.

26. **TAXES.** Contractor acknowledges that County is exempt from federal excise and transportation taxes. The Kendall County Sheriff’s Office and the County of Kendall maintain a mutually beneficial partnership with the United States Marshals Service (USMS). As part of this partnership we have submitted an application request to the USMS to reassess and to negotiate the per diem and hourly guard/transportation rates of Federal Inmates housed by the KCSO, which can be done every three years.

Our current rates were established in the IGA entered into on July 1, 2015. Based upon our application, the USMS has offered to adjust the per diem rate to $80 (from $75) and the hourly guard/transportation rate to $38 (from $35). The KCSO is requesting that the USMS proposed rates be accepted.

However, due to the USMS fiscal constraints they will not be able to approve the modification to the proposed rate on the new IGA prior October 1, 2019. By notifying the USMS that the County is in agreement in the proposed rate, it will ensure that the application is processed accordingly and prevent any delays in payment or interruptions of services.

The USMS rate proposal was approved by the Law, Justice and Legislation committee and it was recommended to proceed to the board for approval. The Sheriff’s Office is seeking approval of the continued IGA between the USMS and County of Kendall at the above stated rates to ensure a seamless and uninterrupted continuation of contractual services. At or around October 1, 2019 the new IGA will be submitted for final approval and signatures.

Respectfully submitted,

Commander Bobby Richardson
Kendall County Sheriff’s Office

COMMITTEE BUSINESS

➢ Presentation Review of Prescription Opportunities and Performance Drug – The Horton Group – Horton has been rescheduled to June as they would like more time to gather more prescription data.
Discussion and Approval of Kencom Intergovernmental Agreement for Technology Support Services – After a review by the State’s Attorney Office it was decided to separate the Treasury and Administration Agreement from the Technology Support Services Agreement because the scope of technology services have grown. The Treasury Agreement should be passed first. Some things of note, the ink and toner services remain in the agreement. The biggest change is the increase the money because staff has to get training on the new phone system to provide support. With regard to the payments, the monthly payment of $3500 will start within 30 days of the agreement being signed with a 3% increase every year which will start on December 1st of this year. The amount will total about $93,000 a year. This agreement is two years initially then there is a one-year notice clause because we are relying on these payments for staff salaries. Motion made by Member Gryder second by Member Prochaska. **With five members voting aye, the agreement was approved to be forwarded by a 5-0 vote**

Discussion and Approval of Kencom Intergovernmental Agreement for Administrative, Treasury and Employee Benefits Administration Services – Mr. Koeppel explained that the Treasury and Employee Benefits Agreement has been updated to reflect how we currently operate. The original agreement was before Kencom became their own entity so we removed the handbook reference and worker’s comp and we changed the health benefits to the Treasurer’s Office. It’s a two-year agreement then auto renews for a year after that and has a 120 day out. Motion made by Member Gryder second by Member Vickers. **With five members voting aye, the agreement was approved to be forwarded by a 5-0 vote**

Discussion of Worker’s Compensation Tactical Athlete Health and Performance Institute Program – Mr. Koeppel showed a short video about the benefits of a new Worker’s Compensation Program proposed by ICRMT/ IPMG that is geared at getting employees back to work more quickly by providing specialized attention to employees that opt into the Program. Tactical Athlete Health and Performance Institute (TAHPI), is the company. It is voluntary and would cost $1285 per incident. The overtime and PEDA savings would be significant, in addition to getting employees back to work more quickly. Motion made by Member Gryder second by Member Gilmour approve the Program and present the video at the Committee of the Whole Meeting. **With five members voting aye, the Program was approved and will be presented at the May 16th, COW by a 5-0 vote**

**Committee:** Admin HR  
**Meeting Date:** May 15, 2019  
**Amount:** Not to exceed $5,000  
**Budget:** 51020006215 - GIS Fund - Mapping - Consultants - Max of $8,000

**Issue:** GIS Department is in need of replacing on-premise servers and storage.

**Background and Discussion:**
The current systems are in need of repair/replacement. In the effort to upgrade our systems and be fiscally responsible, a cloud assessment is required. Moving to the cloud will reduce overall costs, provide greater security and reliability, and allow us the flexibility to grow. GIS Inc can review our current environment and develop a cloud deployment strategy in an estimated 10-15 hours. By purchasing their ‘Support Block’ of 30 hours, that will cover the assessment, deployment, and support.

**Committee Action:**
Motion made by Member Gryder second by Member Vickers to forward the contract in an amount not to exceed $5000 to the County Board. With four members voting aye, the contract was approved by a 4-0 vote.

Dear Meagan,

Thank you for your interest in our GIS Support Block. Included in the following pages are GISinc's Support Block details and prices.

GIS Support Blocks will provide a vehicle for accessing GIS support on-demand for the County of Kendall, IL. I hope you find this information helpful. If I can provide further assistance, please do not hesitate to contact me.

I. GIS Support Block

GIS Support Blocks provide a vehicle for accessing GIS support on-demand. Once a GIS Support Block is put in place, GISinc will provide professional services to assist the County with GIS support. All services provided as part of the GIS Support Blocks will be conducted by the most effective and cost-efficient method, including: virtually through remote network access, telephone conference calls, Internet (WebEx) demonstrations, or on-site consultants.

How do GIS Support Blocks work?

Once the GIS Support Block vehicle is in place, GISinc will provide the County with a single point-of-contact. GISinc will identify the support tasks and establish a communication plan for coordinating the activities of the task as well as status reporting. We will match the support task with the correct GISinc resource.

If a support task becomes large, GISinc may require using a management team. This function includes people, processes, and technology that are designed to make sure that the County receives outstanding value. Milestones and completion dates will be established for the Planning and Analysis, Client review, Design, Client review, Development, Testing, and Installation/Implementation phases of a large task or project. There are many tasks and risks that have the potential to derail a project. To manage this effort, larger tasks or projects that we execute are assigned a Project Coordinator or Technical Architect from GISinc.
II. Pricing & Acceptance

Prepaid blocks of hours can be purchased at the prices listed in Table 1 and volume discounts are included at each block level. Support block hours expire after 12 months from the date of signature. GISinc will invoice Kendall County, IL upon receiving the signed form.

You may indicate your acceptance of the above proposal with a signature from authorized personnel at the County. Any expenses or travel incurred by GISinc while performing GIS Support Block services for the County will be billed at actual costs separate from this contract.

The committee meeting convened at 3:30 P.M. with roll call of committee members. Gilmour & Cesich absent. Quorum established.

Motion Kellogg; second Prochaska, to approve the agenda as presented. Motion approved unanimously.

Motion Prochaska; second Kellogg, to approve the Highway Committee meeting minutes from April 9, 2019. Motion approved unanimously.

Motion Gryder; second Kellogg to recommend approval of a Preliminary Engineering Services Agreement with Willett Hofmann & Associates, Inc. for a bridge replacement on Caton Farm Road over Aux Sable Creek in an amount not to exceed $142,421.28; said funds to be taken out of the County Bridge Fund. Kellogg asked and Klaas confirmed that this is the bridge approximately ½ mile west of Schlapp Road. Construction is scheduled for 2021. Motion approved unanimously.

Cesich arrived at 3:35 PM.

Motion Kellogg; second Prochaska to recommend approval of a Preliminary Engineering Services Agreement with Patrick Engineering, Inc. to design a storm sewer system along Chicago Road in Plattville, IL in an amount not to exceed $47,499.73; said funds to be taken out of the Transportation Sales Tax Fund. Klaas discussed the historic water problems in Plattville, and the increasing problems on the south side of Chicago Road just west of the Aux Sable Creek. This project would include the design of storm sewers extending west from the Creek for about ¼ mile. Motion approved unanimously.

Gryder discussed the idea of looking at a joint County / City (Yorkville) project at the intersections of Galena Road, Kennedy Road and Mill Road, with the idea of swinging Mill Road north to a roundabout intersection with Galena and Kennedy. Klaas confirmed that the County has an intersection improvement planned in the 5-Year Plan to improve the Galena / Kennedy intersection. Yorkville is poised to realign Mill Road south to a new intersection with Kennedy Road. Klaas thought it might be a good idea to at least look at the possibility of bringing all these roads together at a roundabout intersection. He indicated that it would only make sense if a long term capacity analysis was favorable. He suggested hiring an independent firm, such as Crawford, Murphy & Tilly, to analyze the potential intersection to determine the best course of action. Kellogg asked whether the Cannonball extension would have any impact on this Kennedy Road issue. Klaas discussed the Gordon Road connection to Cannonball, the distinct and separate intersection of Galena Road and Kennedy Road, and concluded that he didn’t think Cannonball
would have any significant impact on this project. Gryder talked about the side benefits of making a temporary improvement to Mill Road immediately at a cost of only $100,000 and then partnering with Yorkville on the long-term solution, which could save both agencies some money, and ultimately move traffic in a better way. The Committee discussed the idea of hiring CMT to look at the idea of a roundabout at this location. Kelly Farley of CMT confirmed that the effort would not take long and would be inexpensive. Committee directed County Engineer and CMT to bring proposed engineering services agreement back to June committee meeting.

Amy Cesich advised the committee that a resident of Millington had contacted her about the Millington Bridge repairs, and many details about the ongoing repair dilemma. Folks in the Millington area are getting very frustrated with the lack of progress on the project, and have been notifying local representatives and TV stations. Evidently many of them feel that this project has been forgotten. Klaas discussed the fact that the last 12-month period has been the wettest in US history, and the 3rd wettest in Illinois history. This has scuttled the contractor’s plans to make a quick repair, and simply made them wait for water levels in the Fox River to go down. Cesich wondered if there was a better way to advise the residents on an ongoing basis, or if anything else could be done to expedite the construction. Committee members discussed the ongoing frustration. Klaas indicated that until the water goes down, there is simply no way to begin repairs, which continues to frustrate everyone involved.

Motion Kellogg; second Prochaska to forward Highway Department bills for the month of May in the amount of $139,094.71 to the Finance Committee for approval. Motion approved unanimously.

Motion Cesich; second Kellogg to adjourn the meeting at 4:00 P.M. Motion carried unanimously.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

Mr. Smiley stated it is not possible to change the amount on the agenda since it is within 24 hours of the meeting. WHEREAS, Resolution 18-44 approved by the County Board on September 4, 2018, currently set forth the fees authorized by the County Board to be charged in both civil and criminal cases in Kendall County; and

WHEREAS, the Illinois General Assembly passed comprehensive legislation in 2018, which completely overhauls the criminal, traffic and civil fee structures in the Circuit Courts throughout the State of Illinois; and

WHEREAS, the purpose of the legislation was to consolidate fees into unified schedules for all counties, to realign fees to be constitutional, and to provide for fee waivers for low income individuals; and

WHEREAS, effective July 1, 2019, Section 27.1b of the Clerks of Courts Act, 705 ILCS 105/27.1b, sets forth the fees to be charged in all counties in the State of Illinois by the Clerks of the Circuit Court for the filing of pleadings and for other services provided by the Clerks in civil cases; and

WHEREAS, Section 27.1b of the Clerks of Courts Act creates four schedules for civil filing fees, three schedules for civil appearance fees, and establishes various other fees that Clerks of the Circuit Court are authorized to assess in civil cases, all of which are generally classified as “not to exceed” amounts; and

WHEREAS, Section 27.1b provides that, unless otherwise specified, the amount of the fees shall be determined by ordinance or resolution of the County Board and remitted to the County Treasurer to be used for purposes related to the operation of the court system in the county; and

WHEREAS, effective July 1, 2019, the newly-adopted Criminal and Traffic Assessment Act, 705 ILCS 135/1-1 et seq., sets forth minimum fines to be levied and assessments to be charged in criminal and traffic cases by the Clerks of the Circuit Court in all counties in the State of Illinois; and

WHEREAS, Sections 15-5 through 15-65 of the Criminal and Traffic Assessment Act establish thirteen (13) assessment schedules for various criminal, traffic, conservation and non-traffic offenses, and for each schedule the County’s portion of the assessment is specifically listed; and

WHEREAS, Sections 15-5 through 15-65 break down how the assessment amounts are to be distributed to various County funds, if those funds are in existence; otherwise, the amounts designated for funds that are not in existence are to be placed in the County’s general fund for purposes related to operation of the court system in the County.

APPROVAL OF AGENDA – Motion made by Member Cesich to approve the agenda, second by Member Kellogg. **With six member’s present voting aye, the motion to approve the agenda carried by a vote of 6-0.**

OLD BUSINESS

- *Discussion of Ongoing Agreement for the Future Development of Lakewood Springs SSA* – Attorney Dan Kramer explained that the petitioner explained that the builder is ready to close on May 15, 2019, with the County receiving a lump sum payment in May. The end builder has signed an absolute contract with four take-downs, and the petitioner is now requesting a second agreement with the County on the balance of the 160 lots for a three-year period, ending on May 15, 2022, with a per lot lump sum on each of the remaining three dates. Discussion on the County Board tying future Boards with the decision they make in this term, and the possible legal issues involved. Discussion on the necessity of an opt-out and possible penalty for the County if the agreement is not completed by 2022.

- *Discussion of Lennar and Raintree 2 SSA* – Scott Guerard, Land Acquisition Vice President for Lennar Homes, reported that Lennar met with School District 115 Superintendent Timothy Shimp regarding the Raintree 2 subdivision plans,
and stated that Superintendent Shimp and the District were on board for the
development of the remaining 366 lots. Mr. Guerard explained that the District
was already paid $1,359,000 when the first 290 homes were built, and that upon
closing of Raintree 2, the District would receive an additional $549,000, as well
as a donation of $200 per home for the School District Foundation.

**The committee tasked Scott Koeppel with contacting Treasurer Jill Ferko regarding the timing of closing in May, and the impact it would have on her office due to the additional data entry required for each of the 366 parcels, and possible conflict with the early June Property Tax installment due date.**

- **Discussion of Engineering Proposal from Healey Bender for Animal Control Facility Upgrade** – Amy Cesich updated the committee on the proposed changes for the Animal Control facility, the elimination of the trailer from the grounds, and the need to have staff all together for more stability and management of the facility, staff and volunteers. Jim Smiley explained where windows would be installed in the kennel areas and the director’s office, the addition of a door to the yard off of the new viewing area in the back of the facility, the new HVAC system installation, the removal of ceiling tiles, and exhaust on both sides of the facility to assist with decrease of rodents and odors, and the addition of double doors in the hallway to divide the office area and kennel areas. Member Cesich stressed the need for improving the aesthetics and overall appearance of the facility for personnel and animal morale and comfort.

**NEW BUSINESS**

- **From the PBZ Committee:**
  - Amended Petition 17-28 Request from Kendall County Planning, Building and Zoning Committee for Text Amendments to Sections 7.01.D.32 (Specials Uses in A-1 Agricultural District), 7.01.D.33 (Special Uses in A-1 Agricultural District) and 10.03.B.4 (Special Uses in M-3 Aggregate Materials Extraction, Processing and Site Reclamation District) of the Kendall County Zoning Ordinance Pertaining to Regulations of Outdoor Target Practice or Shooting Ranges (Not Including Private Shooting in Your Own Yard) – Member Prochaska reported that the Planning, Building and Zoning Committee met on April 9, 2019 and continued discussions on the proposed gun range zoning regulations. Senior Planner Matt Asselmeier explained the recommendations from the PBZ Committee, as well as the results of the public hearing held by the Zoning Board of Appeals on April 1, 2019, and their recommendations for the proposal. Mr. Asselmeier also stated that Petition 17-28 failed in the Na-Au-Say Township by a vote of 4-0, and in the Fox Township by a vote of 4-1.

**PUBLIC COMMENT**

Todd Milliron expressed the importance to citizens of having the ability to research area gun ranges through GIS or other options through the County.
Chris Pollock stressed the importance of beginning and end times for gun range hours, legally permitted versus existing gun ranges, the need for barriers or fencing around “live” or shooting areas of gun ranges, the importance of notifying citizens of “hot” gun ranges by the flying of red flags, and whether the County Noise Ordinance applies to gun ranges.

Mark Pearle thanked the Board for the progress that has been made on the proposed gun range Ordinance in the past year, and suggested a final proposal be sent back to the Townships that might assist in clarifying the amendments and the Township Officials understanding of them, and the need for 8’ to 10’ fencing surrounding shooting areas of gun ranges for the safety of everyone.

Priscilla Gruber stated that operating hours of 10:00am – 7:00pm were acceptable to her, but she emphasized the importance of quiet hours and the need for fencing for the safety of the community near the gun range.
