New Business

Kendall County Career Fairs
Mr. Beltran stated the Kendall Economic Development Alliance along with Waubonsee will be co-hosting the Kendall County Career Fair. This year the Fair will be held on three days instead of one. Each Fair will be from 9 a.m. to 11 a.m. and focus on a particular field: June 10 – Manufacturing; June 17 – Health Care; and June 24 – Information Services

He stated a key driver to this change was declining attendance of the traditional job fairs, and a want to keep businesses local. In addition, these fairs could help companies in the same industry connect.

Old Business

Revolving Fund Loans

Chairman Koukol stated that the Can-Man loan has been paid in full.

- Review: Monthly Statements

Mr. Beltran reviewed the current Revolving Fund Loan Reports from March 1, 2016 to March 31, 2016. All current payments are in for the month. Current available loan amount is approximately $1.7 million.
Discussion: Loan Process Document

Mr. Beltran stated the Loan Process Document was put together after the last loans were done. Mr. Beltran continued that the purpose not only educate applicants on what would be required, but also the process and time.

Mr. Beltran noted that we would be asking for an application fee to cover the cost of documentation for the application but also would be applied to closing costs. The Committee discussed the amount of the closing costs and whether or not that should be refundable. The consensus was to monitor the next loan and to reassess afterwards.

Business Retention & Expansion

Update: KEDA

Mr. Beltran stated that KEDA is looking to develop a Work-Study program for manufacturing in the County. Currently the program outline is being developed and partners are being proposed.

Update: Industrial Market Analysis

Mr. Beltran stated that CMAP has delivered a draft of the Key Recommendations memo. Mr. Wilkins and Mr. Beltran reviewed as well as members of KEDA. CMAP is currently incorporating the feedback into the report, and finishing the final touches. He finished that there is not an expected delivery date.

Mr. Wilkins stated that one statistic that drew his notice was that 90% of the workforce leaves the County to work, and 26% of jobs in County are filled by residents. In addition, when Caterpillar is taken out of industrial space, there is more industrial space in Sandwich-Plano-Yorkville than Oswego-Montgomery.

Updated: Economic Indicator Dashboard

Mr. Beltran stated that growth over the quarter slowed considerably.

Update: Strategic Goals Action Items

Mr. Beltran stated that the draft 2015 Strategic Plan guided the economic development efforts over the last year. While most of the goals were met, the biggest lesson was the refining of the goals for 2016, leading to the development of the 2016 Strategic Plan. He stated that the Strategic Priorities were Business Attraction, Retention, and Expansion. In addition, he explained the process of how Economic Development goes about achieving the priorities; key among it being partnerships. Finally, he stated the five strategies that were being used to attain the priorities.

Regional Initiatives

Update: Metro Chicago Exports (MCE)
Mr. Beltran stated that MCE started accepting applications for the 2016 Export Micro-grant. He sent the press release out to news and business organizations. In addition, 2015 and 2016 grant recipients will be eligible to submit a pitch for additional funding totaling $30,000.

Mr. Beltran stated another program MCE brought to the area is the ExporTech program. This program places exporters in a cohort of eight to ten businesses to learn from experienced exporters. The results of the program are significant increases in sales. While having a cost, MCE managed to put scholarship money aside for Chicago Metro businesses. Mr. Beltran stated that at least one Kendall business is in the program while others are interviewing.

- **Update: Chicago Metro Metals Consortium (CMMC)**
  Mr. Beltran stated that the region is reapplying for the TIGER grant for the Touhy interchange in Chicago and reapplying for Illinois Manufacturing Communities Program (IMCP). In addition, Program Manager Derek Walvoord left to take a position with the Illinois Housing Authority.

- **Update: Chicago Regional Growth Initiatives**
  Mr. Beltran stated the meeting focused on the proposals developed to increase coordination among the seven counties, including a proposal to create a 501 c3 organization. The original thought was for marketing and branding of the metro area.

**Chairman’s Report**

Chairman Koukol stated that Montgomery is looking for developers for speculative warehouse buildings. He continued that Montgomery is a draw due to Aurora’s workforce. The Chairman then asked members of the Committee for updates.

Ms. Cullick stated that in Oswego is looking at Wolf’s Crossing.

Mr. Prochaska asked about the status of MetroNet. Mr. Wilkins stated they have finalized plans with Plainfield and are working with Oswego. After finalizing Oswego they will begin to work with the County on a franchise agreement.

Ms. Gilmour had no updates.

Elected Officials Present: Dwight Baird

Others Present: Latreese Caldwell, Jeff Wilkins

Member Gryder seconded. With all members voting Aye, the motion carried.

Member Davidson entered at 6:24 p.m.

Department Heads and Elected Official Reports - None

Items from Other Committees

Member Davidson stated that they were currently examining replacing the windows on the Historic Courthouse.

Items of Business

- IMRF Discussion
  
  Ms. Caldwell stated that the IMRF levy was examined in key years: 1993 as the start of historical data, 1999 as the start of the Senior levy, 2006 as the VAC levy began that year, and 2010 as the midpoint between 2006 and 2014 Which was the last point of data. Ms. Caldwell stated they found the IMRF had grown 999% over that time making it the fastest growing and it grew faster than the total levy.

  Mr. Gryder asked about factors increasing the levy. Ms. Caldwell stated salaries, staff increases, rate increases and fund balance for IMRF all affect the levy amount.

  Chairman Purcell stated that the increase in the amount from 9.2% to 15.7% of the total levy was his primary concern as it will continue to take resources that could be devoted elsewhere.

Member Gryder left the meeting at 6:52 p.m.

- Senior Levy Application - Online/Fillable
Mr. Wilkins stated that Administration can make the application online or in a fillable format. Mr. Purcell agreed it was a good idea.

- Credit Card for County Board Purchases by Administrative Assistant with a credit limit of $1500.
  Mr. Wilkins stated that with the single credit card being used for both staff and Board purposes, the credit card limit has recently not been enough or has been close to the limit. Mr. Wilkins stated that the solution could be either to add a credit card for the Administrative Assistant to handle Board expenses, or to raise the limit on the current card.

Chairman Purcell asked the opinion of the Committee members. After discussion, the Committee stated that while having a second credit card would have benefits, it would be easier for administrative purposes to have on card with a higher limit. Mr. Purcell asked Mr. Wilkins his opinion on the increased credit limit. Mr. Wilkins stated $3,000. Member Flowers motioned to send an item to the Board increasing the credit limit. Mr. Prochaska seconded. With all members voting Aye, the item moved to the County Board.

- Benefits Reimbursement Policy
  Item was not discussed.

Call to Order
The Budget and Finance Committee was called to order by Vice Chair Bob Davidson at 5:30 p.m.

Committee Members Present: Bob Davidson - yes, Matthew Prochaska - here, Elizabeth Flowers – present. With three members present, a quorum was established to conduct business.

John Purcell arrived at 5:35 p.m.

Committee Members Absent: Scott Gryder

Others Present: Latreese Caldwell, Jeff Wilkins

Claims Review and Approval—Member Prochaska moved to approve claims in an amount not to exceed $863,838.30 and Petit Juror Claims in an amount not to exceed $2,825.00. Member Flowers seconded. Roll Call: Member Prochaska – aye, Member Flowers – aye, Member Davidson – yes. With three members present voting aye, the motion carried.

Department Heads and Elected Official Reports: None

Items from Other Committees: Member Davidson questioned Jeff Wilkins as to why the recommendation for the Coroner and Circuit Clerk salaries were discussed and any recommendations were made from the Admin HR Committee. Mr. Davidson stated that according to The Board Rules of Order, everything that involves appointing and setting salaries for county employees and elected officials must go through the Finance Committee for verification, and then any recommendations for approval for the County Board are to come from the Finance Committee.

Member Prochaska and Member Flowers agreed with Member Davidson that they would like to review the salary recommendations before they go to the County Board. Member Purcell did not agree that these two recommendations this year had to come to the Finance Committee.

Jeff Wilkins made copies of the proposed Coroner and Circuit Clerk recommendations, and also the information showing the history of elected officials from 2008 to present.

Discussion on past salary increases for the Circuit Clerk, Treasurer and County Clerk, and the differences between the Circuit Clerk, County Clerk and Treasurer’s current salaries.

Member Prochaska said that it was his understanding that the Finance Committee has always tried to keep these three salaries and increases on the same scale. Member Davidson stated that if elected officials aren’t receiving salary increases, that maybe department heads should not receive salary increases either.
Items of Business:

- **IMRF Discussion** – Latreese Caldwell reported that representatives from IMRF are not available to attend the May Committee of the Whole meeting. Ms. Caldwell and Jill Ferko are working together to schedule the IMRF reps at a future COW meeting.

- **Benefits Reimbursement Policy** – Member Prochaska suggested that if a department or office has employee salaries funded by a grant, that a portion of the administrative fees for that grant should fund some or all of the benefits for that employee. Discussion followed. Item to remain on the agenda for future discussion.

Other Business:

Member Davidson questioned why there have been continued issues regarding several county employees being turned over to collection agencies because workman’s comp claims have not been paid by the County. Member Davidson asked why this has gone on for 5 or 6 months and has still not been resolved.

Jeff Wilkins said that Worker’s Comp claims and payments are managed by IPMG claims adjusters. Mr. Wilkins said that any bills should be going to IPMG for payment. Mr. Wilkins said that IPMG pays everything first, and then it is billed back to the County for anything under $250,000. Mr. Wilkins said it is the responsibility of IPMG to manage the payments.

Mr. Davidson said that these issues are still unresolved, and payments are not being made, and he wants to know why someone from the County has not contacted IPMG to get to the center of these issues.

MEETING MINUTES

Call to Order – The meeting was called to order by Committee Chair Jeff Wehrli at 4:05 p.m.

Roll Call
Committee Members Present: John Purcell - here, Matthew Prochaska - present, Jeff Wehrli – here.
With three members present, a quorum was established to conduct committee business.

Members Absent: Elizabeth Flowers, Lynn Cullick

Others present: Laura Pawson, Jeff Wilkins, Andrez Beltran

Approval of Agenda – Motion made by Member Prochaska to approve the agenda, second by Member Purcell. With all in agreement, the motion carried.

Approval of Minutes – Member Prochaska made a motion to approve the March 16, 2016 meeting minutes, second by Member Purcell. With all in agreement, the motion carried.

New Business

- New Office Discussion – Mr. Wehrli stated that Mr. Wilkins and he went to look at office trailers for Animal Control. This would help separate office space from the rooms where customers interact with the animals. A trailer is being examined due to the flexibility it would offer compared to a building. It would also be much less expensive. There are two options being looked at: buying the trailer outright for approximately twenty to thirty thousand dollars; and leasing the trailer for approximately twenty-five hundred dollars a year. If buying the trailer would come as is; if leasing the company would fix the trailer and maintain it. In addition, there’s a onetime option to buy at the end of one year. However, as trailers hold their value well, if resold the County could get some money back. The Committee discussed placement of the trailer and the floor plan.

Member Cullick arrived at 4:21 pm

Census Report – Ms. Pawson reviewed the March census and bite/euthanasia reports with the committee.

**Operations Report**  – Ms. Pawson spoke about a dog being seized due to medical reasons. In addition, she stated they are looking to hire a new part-time employee.

Mr. Purcell stated he had a citizen ask why local police departments pick up animals in comparison to Animal Control. Ms. Pawson stated that roughly 70% on their intakes come from local police departments dropping off animals; in March there were twenty-three. In addition to the manpower constraints, Animal Control does not receive reimbursement for picking up animals unlike almost all other Animal Controls. Mr. Wilkins stated that there would have to be service contracts with the municipalities. That would have to be studied in context with current resources before moving in that direction.

**Accounting Report**  – Jeff Wilkins reviewed the monthly financial report with the committee.

ROLL CALL
Present: Scott Gryder, Jeff Wehrli, Judy Gilmour, Dan Koukol, Lynn Cullick, Matthew Prochaska, Bob Davidson (arrived at 4:30 p.m.), John Purcell (arrived at 4:30 p.m.) Elizabeth Flowers (arrived at 5:29 p.m.),

Board Members Absent: John A. Shaw

Elected Officials Present: Dwight Baird

Staff present: Scott Koeppel, Leslie Johnson, Jim Smiley, Jeff Wilkins, Brian Holdiman

Others present: Drake Wahlers, Damian Eallonardo of Leopardo Inc, Rob Vollrath of Perfection Group

ITEMS OF BUSINESS

❖ **Proclamation for Building Safety Month in May**
Mr. Holdiman stated that every year May is Building Safety Month. This will be the first year Kendall County Planning Building and Zoning has designated it as such. As no vote was needed the proclamation was moved to the County Board meeting on April 19, 2016

❖ **Energy Efficiency & County Facilities Presentation – Leopardo, Inc.**
As the members of Leopardo, Inc. were not yet present, Vice-Chair Gryder moved the discussion to the end of business.

Mr. Eallonardo gave a brief outline of the program: Leopardo, Inc. does an energy efficiency study of the facilities, and fleet and then guarantees those savings over a course of time less than the useful life of the replacement. The savings garnered are then used to pay for the work over that time. The first step in the process was to do a feasibility study.

The Committee discussed the costs and specifics of the program, and reaffirmed the feasibility study was free. After Mr. Eallonardo confirmed it was, the Committee moved it forward to the Board with a resolution authorizing Leopardo to undertake the feasibility study as advised by Ms. Johnson.

❖ **Discussion on Office Trailer for Animal Control**
Mr. Wehrli stated that Mr. Wilkins and he went to look at office trailers for Animal Control. This would help separate office space from the rooms where customers interact with the animals. A trailer is being examined due to the flexibility it would offer compared to a building. It would also be much less expensive. There are two options being looked at: buying the trailer outright for
approximately twenty to thirty thousand dollars; and leasing the trailer for approximately twenty-five hundred dollars a year. If buying the trailer would come as is; if leasing the company would fix the trailer and maintain it. In addition, there’s a onetime option to buy at the end of one year. However, as trailers hold their value well, if resold the County could get some money back. Mr. Wehrli stated he wanted the Board’s opinion on the matter and if they were comfortable with the direction they were heading. The Committee stated they were happy with the direction.

❖ PSC/Courthouse Update
Mr. Smiley updated the Committee on the cost estimates. From 30% point the estimate original estimate $3.5 million; current cost is $3.1 million. At 60% level the number was still around $3.1 million. This is approximately under by $344,000. Additional projects were also studied for possible future work including motorized locks and additional pipes for redundant networks on that campus. If added it would increase costs by about $64,000.

Members Davidson and Purcell joined the meeting at 4:30 p.m.

❖ Set hearing date for May 3, 2016 for Public Transportation Capital Assistance grant application for two ADA accessible mini-vans through Illinois DOT Fiscal 2016 Consolidated Vehicle Procurement Program
Mr. Wilkins stated that every year IDOT has a Consolidated Vehicle Procurement program application. This grant supplies the Kendall Area Transit program with new vehicles. This year 2 minivans are being requested for medical trips. Mr. Wilkins emphasized there is no local match required.

❖ Approval of Resolution Authorizing Public Transportation Capital Assistance grant application for two ADA accessible mini-vans through Illinois DOT Fiscal 2016 Consolidated Vehicle Procurement Program
Mr. Wilkins just stated this was the resolution to file the application where the last item was to set the required public hearing.

Subject: Consolidated Vehicle Procurement Application 2016  
Date: 4/14/16

Summary

State of Illinois’ Consolidated Vehicle Procurement (CVP) Program grant provides paratransit vehicles for the Kendall Area Transit (KAT) program for use by its operator, the Voluntary Action Center (VAC). Over the last six years the service has grown significantly. In 2016, (KAT) is seeking a grant for two (2) ADA accessible mini-vans through. The capital value of this grant request is $82,000; no local match is needed for the grant. The purpose of requesting two ADA-accessible mini-vans is to support growing demand for medical service to the Naperville and Joliet areas.

Background

Through the Consolidated Vehicle Procurement Program (CVP), the Illinois Department of Transportation - Division of Public & Intermodal Transportation (IDOT-DPIT) makes grants to municipalities, mass transit districts, counties, and private non-profit organizations for ramp and lift equipped paratransit vehicles. Funding for these grants comes from varied sources, including the Federal Transit Administrations (FTA) as well as state resources. Previously, agencies eligible for different grants were required to submit numerous applications. The CVP application was developed to make it easier for agencies to apply for funds and for the IDOT-DPIT to review project applications.

Vehicles Applied

KAT is seeking a grant for two (2) ADA accessible mini-vans. The capital value of this grant request is $82,000. The purpose of requesting two ADA-accessible mini-vans is to support growing demand for medical service to the Naperville and Joliet areas.

Currently, KAT has one vehicle tasked to these assignments. This one vehicle limits the ability to handle medical trip requests for those passenger requests that do fall in our typical demand-response area. Adding additional rolling stock to the fleet will help to support that need.

Additionally, the typical lead time for CVP grant requests is two years. The current fleet mini-van will have upward of 150,000 miles by the time any granted vehicles are awarded. The addition of two new vehicles will allow not only expand service, but slow down the usage of the current mini-van by putting it into operational reserve.

A current vehicle inventory is attached.

Conclusion

As always, Kendall County is still dedicated to providing the best possible service for its constituents. To that end, we will continue to work with our operator VAC to ensure a high quality product.
