STANDING COMMITTEE REPORTS

Planning, Building & Zoning

Petition 16-21

Member Gryder made a motion to approve Petition 16-21 High Grove Subdivision zoning map amendment to rezone 9.9 acres from RPD-2 (Residential Planned Development-Two) to R-2 (Single-Family Residential) generally located on the West side of Grove Road, 1 mile north of US Route 52, Seward Township. Member Wehrli seconded the motion.

Mike Hoffman from Teska who is our consultant stated that the request is to rezone from RPD-2 to R-2; this is essentially a reduction in density. The back part of the property was sold off to the Joliet Park District. A super majority vote will be required because there is a legal objector and they own more than 20% of the fronted property. Attorney Daniel Kramer explained the reduction in the lots. Mr. Feece spoke about his objection; he feels like he was deceived and misinformed along the way regarding the land being sold, the access road and the building location. Attorney Michael Mattingly addressed the issues on behalf of the objector regarding the uses of the property, density, public/private road and building orientation. Mr. Kramer responded to the density, road, zoning and orientation.

PLUMBING INSPECTIONS AGREEMENT BETWEEN KENDALL COUNTY, ILLINOIS AND RANDY ERICKSON, D.B.A. ERICKSON CONSTRUCTION

THIS Agreement is entered into the day and year set forth below between KENDALL COUNTY, ILLINOIS (hereinafter "Kendall County") and RANDY ERICKSON, d.b.a ERICKSON CONSTRUCTION, with its principal offices at 1218 Lakewood Drive, Somonauk, IL 60552 (hereinafter referred to as "Inspector"). In consideration of the mutual covenants hereinafter set forth, and other good and valuable consideration, the parties hereto agree as follows:

1. Scope of Services: Inspector will provide Kendall County with necessary inspection services to ensure the adherence to minimum regulations governing the design, installation and construction of plumbing systems to protect the public health against the hazards of inadequate, defective or unsanitary plumbing installations. In doing so, Inspector shall perform inspections of properties in conformance with the Kendall County Building Code and Illinois State Plumbing Code, 2004 (77 Ill. Adm. Code 890), as may be amended from time to time. Such inspections shall include, but not be limited to, rough plumbing inspections, under floor plumbing inspections, final plumbing inspections before occupancy, and necessary re-inspections along with any other inspections that are requested by Kendall County to ensure compliance with, and enforcement of, the Kendall County Building Code and Illinois State Plumbing Code.

2. Inspections must be completed using the proper Kendall County reports/forms. Prior to the commencement of any requested inspection, Kendall County will prepare and provide all necessary inspection reports/forms for use by the inspector. Following an inspection, the original, completed inspection reports/forms shall be returned to the Kendall County Planning, Building & Zoning Department within twenty-four (24) hours after completion of the inspection.

3. Fees & Reimbursements for the above described work shall be a $140.00 flat fee per inspection or re-inspection performed, regardless of size, type or time necessary to complete inspection. Inspector shall issue monthly invoices to Kendall County for his services, unless no inspections were performed in a given month.

4. Payment shall be made in accordance with the Illinois Local Government Prompt Payment Act, as amended (50 ILCS 505/1 et seq.).

5. Kendall County shall provide notice at least one (1) business day prior to when there is a foreseeable need for an inspection to take place. However, should an emergency inspection be necessary as determined by a Kendall County Code Official, Vender agrees to provide such service upon notification.

6. Inspector's availability is to be 12:00 PM – 4:30 P.M., Monday – Friday, except on County Holidays. Inspector must also be available in the case of emergency as determined by the Kendall County Code Official.
7. Inspector must make himself available to testify in any court proceedings within Kendall County in respect to plumbing inspections and enforcement of the Kendall County Building Code and Illinois State Plumbing Code.

8. Inspector must provide a current telephone number at all times to the Kendall County Administration office, and be available at that number to communicate with Planning, Building & Zoning Department staff.

9. Should inspector not be available to perform inspections at any time, Inspector is to provide the County with notice of his unavailability at least forty eight (48) hours in advance.

10. Inspector shall maintain an Illinois Plumbers license in good standing at all times and shall upon demand provide a copy to Kendall County at no additional cost. As of the time of signing this Agreement, Inspector is certifying that his plumbing license is current and in good standing.

11. Inspector shall not subcontract the services provided under this agreement to a third-party inspector without the prior written consent of Kendall County. It is also understood and agreed that Randy Erickson shall be the only inspector authorized to perform inspections on behalf of Erickson Construction pursuant to this contract, and that he shall not employ another inspector to fulfill the duties prescribed herein.

12. Inspections performed under this Agreement shall be completed using Inspector’s own equipment, tools and vehicles, and Kendall County shall not be responsible for reimbursing the Inspector for mileage or any other expenses incurred.

13. Inspector is an Independent Contractor and is not an employee of, partner of, agent of, or in a joint venture with Kendall County. Inspector understands and agrees that Inspector is solely responsible for paying all wages, benefits and any other compensation due and owing to Inspector’s officers, employees, and agents for the performance of services set forth in the Agreement. Inspector further understands and agrees that Inspector is solely responsible for making all required payroll deductions and other tax and wage withholdings pursuant to state and federal law for Inspector’s officers, employees and/or agents who perform services as set forth in the Agreement. Inspector also acknowledges its obligation to obtain appropriate insurance coverage for the benefit of Inspector, Inspector’s officers, employees and agents and agrees that Kendall County is not responsible for providing any insurance coverage for the benefit of Inspector, Inspector’s officers, employees and agents. Inspector hereby indemnifies and agrees to waive any right to recover alleged damages, penalties, interest, fees (including attorneys’ fees), and/or costs from Kendall County, and their past, present and future board members, officials, employees, insurers, and agents for any alleged injuries that Inspector, its officers, employees and/or agents may sustain while performing services under the
Agreement. Inspector shall exercise general and overall control of its officers and employees.

➢ Approval of Contract with Bruce Harris & Associates for an amount not to exceed $7,995.00 for change detection services (GIS) – Scott Koeppel informed the committee that the contract is for the GIS Department, and some of the benefits are with the addresses, and new structures that have been constructed in the last year.  Mr. Koeppel reported that this is something that was in the budget.  Member Purcell made a motion to forward the Approval of Contract with Bruce Harris & Associates for an amount not to exceed $7,995.00 for change detection services (GIS), second by Member Shaw.  With five members voting no, the motion failed.
HR Audit/Employee Handbook Update – Member Cullick stated she wanted this issue on the agenda because of continuing complaints and discussions with employees regarding FMLA, Worker’s Comp, new legislative changes, and updates and accurate information that is not getting to employees. Member Cullick wants to ensure that the County Employee website, intranet, and employee handbook are up-to-date with the latest information so that people are not misinformed or confused any longer. She feels that there needs to be a central place to send employees, supervisors, and elected officials for correct information. Jeff Wilkins stated that he recently reviewed an ICRMT employee handbook that was reviewed by O’Halloran, Kossoff, Geitner and Cook, that was well assembled and concise. He said that it included some of the statutes that had changed this year that the County needed to implement. Mr. Wilkins reviewed some of the ICRMT policies including sexual harassment, e-cigarettes, social media, employee sick leave, and health care contributions after FMLA exhausted. Discussion continued on the need to continuously update the employee handbook, and to make it available for employees, and on posting updated information on the employee website, and the need to continually discuss this item until all of the audit recommendations have been completed.

### HIGHWAY COMMITTEE MINUTES

**DATE:** November 8, 2016  
**LOCATION:** Kendall County Highway Department  
**MEMBERS PRESENT:** Dan Koukol, Scott Gryder, Judy Gilmour, Jeff Wehrli and Matt Prochaska  
**STAFF PRESENT:** Fran Klaas, Andy Myers and John Burscheid  
**ALSO PRESENT:** P.J. Fitzpatrick and Kelly Farley

The committee meeting convened at 4:00 P.M. with roll call of committee members. All present. Quorum established.

Motion Prochaska; second Gryder, to approve the agenda as presented. Motion carried unanimously.

Motion Prochaska, second Gilmour to approve the Highway Committee meeting minutes from October 11, 2016. Motion carried unanimously.

A bid opening was held on Friday, November 4, 2016 for 16,000 gallons of unleaded gas and 20,000 gallons of diesel fuel. The low bidder for both items was CHS Elburn. Gryder asked if the Highway Department was aware of some type of State bid for fuels, which he had recently discussed with Sheriff Baird. Klaas was unaware of any program, but stated that he would look into it. Motion Koukol; second Wehrli to recommend approval of the low bid from CHS Elburn in the amount of $1.90271/gallon for unleaded gas and $1.95790/gallon for diesel fuel for the period from December 1, 2016 to November 30, 2017. Motion approved unanimously.

An agreement for right-of-way consulting services between Kendall County and Mathewson Right of Way Company was presented to the committee. The work pertains to the proposed improvements to Grove Road between Sherrill Road and U.S. Route 52. It is anticipated that the County will need to acquire approximately 30 parcels, all of which would be simple strip right-of-way acquisitions along the existing right-of-way. Mathewson’s work would include appraisals, negotiations and closing costs. Any eminent domain proceedings would be handled as separate work outside of this proposed agreement. Motion Wehrli; second Gryder to recommend approval of the agreement to the County Board. Motion approved unanimously.

The Long Range Transportation Plan was presented to the committee. A draft copy of the Plan has been on the County’s website for several weeks. Koukol asked about the Collins Road Extension. Klaas said that the project is shown in both Exhibit 5 and Exhibit 10 which includes funding for preliminary engineering. Construction funding is not currently in the 5-year plan. Gryder asked about the WIKADUKE Trail in the Plan. Klaas stated that there were monies set aside in a couple different years to work on the Trail. Motion Gryder; second Prochaska to recommend approval of the Long Range Transportation Plan to the County Board. Motion approved unanimously.

Compliance reviews by IDOT for 2015 receipts and expenditures of County Motor Fuel Taxes, Township Motor Fuel Tax expenditures, and Township Bridge Program funds were presented to...
the committee. Motion Prochaska; second Gryder to present the compliance reviews to the County Board. Motion carried unanimously.

Chairman Koukol requested updates from P.J. Fitzpatrick on the Collins Road Extension project. P.J. reported that he had met with IDOT and FHWA to solidify the purpose and need for the project. Everything is still on schedule to have a public meeting this January. Kelly Farley then reported on the progress of the Little Rock Road project. Said project is being finalized and is now in the land acquisition phase. It should be ready for a bid letting in the spring of 2017.

Koukol asked about the status of the Route 30 and Orchard Road intersection project. There had been a flurry of activity a while ago, but no one has heard of any recent activity on the planning for this project.

Klaas informed the committee that there would be a bid opening for tree removal along Eldamain Road from River Road to U.S. Route 34. The bid opening will be at 10:00 AM on November 10, 2016. He requested that the low bid be brought to the County Board meeting for approval on November 15, 2016. Gilmour asked why the County was moving forward with tree removal in advance of the road construction project. Klaas stated that there were many public utilities that were in the way of the proposed road construction, and they would have difficulty relocating them until all the trees removed. So the tree removal would facilitate utility relocations, and would hopefully save money on the total cost of the project. Committee members did not have a problem with this schedule. Koukol requested that bid results be emailed to him soon after the bid opening.

Motion Koukol; second Prochaska to forward Highway Department bills for the month of November in the amount of $440,923.79 to the Finance Committee for approval. Motion to approve bills carried unanimously.

Meeting adjourned at 4:25 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer

Old Business/Projects

1. Leopardo Energy Efficiency & County Facilities Project – Director Smiley stated that there was a meeting between Leopardo and Chairman Davidson, Member Prochaska, Jeff Wilkins County Administrator, Sheriff Baird and Director Smiley to discuss the preliminary findings. A finalized presentation will be offered at the next COW meeting, Wednesday November 9, 2016. Chairman Davidson stated that the benefits to this project are items that the county has been wanting to have completed for five years or longer. Member Prochaska stated the findings show that over the course of twenty years Kendall County would save one million dollars. Chairman Davidson stated that if the savings are not as stated a check for the difference will be paid to the county. Director Smiley explained the recommendations in the findings would allow us to be proactive in replacing older equipment, instead of waiting for the equipment to fail. However, Mr. Smiley cautioned everyone that he feels Leopardo’s timeline may be a bit aggressive with changes starting as early as spring 2017.

2. Animal Control Trailer Installation – Director Smiley stated that the Animal Control Trailer was delivered on October 26, 2016. Jim arranged for a new electrical service to be fed to the trailer as the Animal Control facility is not supplied with a large enough power supply to add the trailer to its service. Member Wehrli volunteered and completed the trench work needed for the electrical service. The fence was re-installed, phone and data lines are currently being installed. KCFM staff is installing the skirting along with stairs and the ramp. Animal Control Director Pawson would prefer to have cubicles; in which none are available. Member Wehrli stated that the interior layout for the trailer and office space will be discussed at the Animal Control meeting. Mr. Wehrli also stated Animal Control does have their own budget if they wanted to purchase new office furniture in the future. Director Smiley stated that facilities management portion of trailer installation will completed this month. Mr. Smiley mentioned that the windows in the trailer are single pane windows and a possible covering should be installed to help maintain the air leaking through.

3. Public Safety Center Parking Lot Construction – Director Smiley stated that the Public Safety Center parking lot resurfacing has been completed and re-striped. Project Complete.

4. Ridge Street Reconstruction – Mr. Smiley stated that Wednesday November 9, 2016 they will begin with a hopeful end date of Friday November 11, 2016.

5. Historic Courthouse (HCH) Window Replacement Project – Director Smiley stated that the down payment has been made and the windows have been measured. Mr. Smiley is waiting on the drawing proofs to be submitted for approval. Mr. Smiley stated that bills would need to be submitted, processed and held as the county is at year end.

6. Document Destruction Meeting – Director Smiley stated that materials have been boxed up and categorized. The initial application has been submitted to the state for approval. The process takes about six weeks and after this initial destruction Facilities Management will maintain yearly destruction with another departments schedule.
7. **Health & Human Services Counter Improvement Pricing Request** – Mr. Smiley is in the process of research companies that provide bullet-proof glass.

8. **Microphone Addition Request for the County Board Room** – Director Smiley was asked to take the wiring for the table out of the quotes received. The cost difference of that removal is about $1,000.00. The minimal cost savings is due to additional equipment needed in the rack to support additional microphones. Jeff Wilkins would like additional quotes and Mr. Smiley hopes to have additional quotes by the next meeting.

9. **County Office Building Boiler Failure** – Director Smiley stated that the heat exchanger was covered under warranty by the manufacturer however the labor remove and re-install the exchanger is not. Mr. Smiley estimates this cost to be a few thousand dollars and will use up the balance of the equipment maintenance fund for the year. **Project Complete.**

**New Business/Projects**

1. **Chairman’s Report**
   a. **Office Security needs** – Chairman Davidson provided two estimate options. Option A is to install an X-Ray machine, security guards, counter glass and move entrance doors. The cost to install this equipment came to $101,197.00. Not included in this amount is the costs for labor to man the security system. Option B for the replacing the counters and adding laminated glass across the counters in the Treasurer’s office and the Clerk’s Office is estimated to be $25,000.00 or less. Chairman Davidson stated that he and member Gilmour also toured the second floor of the courthouse, to look at space that would be more secure. Bob Davidson stated that Judge McCann seemed ok with using this space for offices other than courtrooms for now. Mr. Davidson stated that he would like to take the temporary Option B to COW while this board is still active. Member Gilmore suggested the South entrance doors also be locked. Then all foot traffic would be routed to the North entrance. Judy also inquired about the camera’s previously discussed. Chairman Davidson explained that in order to do this the existing cameras would need to be moved. Director Smiley stated that the $28,250.00 for security in option A, was the cost of moving the camera’s and to have a system installed where the employees would release the door locks to their suites. Member Wehrli stated from what he remembered the sheriff’s safety report recommended closing the South entrance doors, as single point access decreased the risk. Chairman Davidson said he will double check what the Sheriff’s office had recommended with Sheriff Baird. Jeff wants to have general numbers of what the cost for the temporary security is compared to complete security. Member Gilmore requests that the sheriff be present for input. Member Gilmore made a motion to send to COW to approve Option B security measure in the Treasurer and Clerk’s offices. Member Prochaska 2nd the motion. All members voted aye via a voice vote. Motion approved.

- FY2017 Budget – Latreese Caldwell reviewed the changes that have been proposed including the timeline when the budget needs to be forwarded to the Board for approval, the posting of the tentative budget, and a line in the GIS budget as requested by Scott Koeppel.
Ms. Caldwell reviewed the proposed budget changes which included some proposed funding including $30,000 of benefits from the state, and Public Safety Sales Tax increase from the Public Safety Sales Tax fund to the General Fund. Ms. Caldwell stated that the revenues reviewed through September 2016, and the State income tax is looking better and they increased that line by $200,000.

Ms. Caldwell reported that the Sheriff reached out and reduced his budget by $24,000, including deputy overtime by $3,200, cell phones by $6,000, vehicle maintenance by $2,600, and deputy sergeants by $13,000. The Sheriff also increased the inmate board and care revenue by $300,000 based on the receipt of inmates from Cook County.

Ms. Caldwell stated that Jeff Wilkins is proposing a decrease in the Liability Insurance levy. Member Purcell said that part of this is due to the fact that the new insurance is less than the previous year.

Ms. Caldwell said that there is a proposal to reduce Capital Funds by $281,086, and that those Capital requests that were in the General Fund were transferred to other Capital Funds.

Ms. Caldwell said there was a proposal to reduce the Judicial Capital and move it the Public Safety Capital, which would reduce the Judicial Capital Budget by $10,000. There was money left in the Courthouse Expansion fund of approximately $4,800, which will be transferred into the Public Safety Capital fund, and the resulting revenue decreases based on the reduction of the decrease of the insurance increase from 14 percent down to 11.1 percent. The net of all of those lines is approximately $50,000 which then brings the deficit down to $2,000,088. dollars.
