CITIZENS TO BE HEARD

Gwen Carlyle, 308 E Rennesoy, Newark made comments with regards to the poultry processing plant that is proposed to go in Newark. It has occurred to her that it has become a lot more about zoning instead of planning. Ms. Carlyle was wondering if there was a way they could have looked at what currently exists in Kendall County and utilize the resources that possibly we already have as opposed to setting up a brand new plant. Ms. Carlyle stated that other options that might have better roadway systems, better water, and sewer systems to handle the impact of this could create. Ms. Carlyle has a petition where about 90% of people that live in the adjacent area have signed. Ms. Carlyle asked if there was a better location, they feel like they are not being represented.

Tom Geistler, 15697 Lisbon Center Rd, Newark has similar concern to Ms. Carlyle. Mr. Geistler has concerns about the ventilation, animal waste from carcasses, home value destruction, and ruination of the rural landscape. Mr. Geistler’s concern is that they need to continually ventilate because they cannot allow condensation to fall down the flumes and whatever else they are doing to process the birds; there is going to be some smell. Mr. Geistler stated that if they are successful they are going to enlarge the plant. He is concerned about the road and the weight minimum on the road.

Cliff Thrall, 310 E Rennesoy, Newark thanked the board for listening to their concerns. Mr. Thrall passed around a letter from the Hartman’s and the Harney’s that live on Fennel Road. Mr. Thrall stated that the special conditions that have been added to the petition and concerns of board members and the public would not be a huge concern if the facility was located on public sewer and water.

OLD BUSINESS

Maintenance and Service Agreement with Accurate Controls Inc

Member Purcell made a motion to remove the item from the table. Member Prochaska seconded the motion. Chairman Shaw asked for a roll call vote on the motion. All members present voting aye. Motion carried.

Approve invoice to Wilkinson Excavating

Member Gryder moved to approve the invoice for $2,700 to Wilkinson Excavating for construction in Fields of Farm Colony- final close out. Member Koukol seconded the motion. Chairman Shaw asked for a roll call vote on the motion. All members present voting aye. Motion carried.

Petition 13-17 Special Use for a Small Poultry and Small Animal Processing Plant
Angela Zubko from Planning, Building & Zoning stated that it will be assessed as an industrial site. Ms. Zubko stated that she sent on information from the hydrologist from the Illinois State Water Survey from the University of Illinois talking about the well levels in the Village of Newark in relation to the petition. The petitioner is willing to add a condition to the special use that they will drill a well around 600 feet in depth. A ground water study is being done for all of Kendall County; it has been going on since 2005 and it will hopefully be done by the end of this year. Ms. Zubko stated that in the draft ordinance items 16 and 17 were added at PB&Z, it was not a group consensus to add those. The items were: a certificate of occupancy will be required and copies of the EPA or IEPA, IDPH and USDA permits supplied at the time of application for the building permit and on the north side of the parking lot a 3-4 foot in height berm with landscape to 100% opacity must be provided to shield the car head lights. Condition 18 would be to drill the well around 600 feet in depth. Ms. Zubko read a letter regarding the water usage from the poultry plant vs. what is already being used in the area. The letter states that Newark’s wells are 287 and 336 feet deep, if the plant’s wells are 600 feet deep then they would be in deeper sandstone, they would have minimal impact on the Village’s wells if they case off the upper aquifer. The hydrogeologic conditions in Newark are very different than those in Yorkville, Newark is south of the fault, there are few if any deep wells that have connected the middle sandstone aquifer and the upper sandstone aquifer. The upper sandstone is at the top of the bed rock surface thus the Newark area has less utilized water resources that could be used for other communities. If Yorkville and Joliet constructed deep wells that tap both aquifers in the southwestern half of the county the results for Newark are that the expected levels of impact on water levels is greater than the impact of just the increase in future pumpage of Newark itself. Newark is in good shape now and probably with the addition of the poultry plant but there are bigger problems on the horizon referring to if Yorkville and Joliet get further south than they currently are.

Dan Kramer spoke on behalf of the petitioner. Mr. Kramer stated that the petitioner has no objections to the assessment of commercial/industrial. Mr. Kramer stated that the upper level of the well is cased off dropping the well to 600 is not a problem. It would be cased off so that it would not hit the shallow aquifer. Mr. Kramer stated that Newark has an inadequate water supply to allow any future development; they have no extra capacity and no sewer capacity. Mr. Kramer stated that as a village they will not have any growth until they improve those two systems. Mr. Kramer said that they have talked at two public hearings, the PB & Z Committee a couple of times, Newark Village Board, Big Grove Township Board, and talked to the Big Grove Township Road Commissioner.

Member Gryder moved to approve the petition 13-17 Granting a Special Use at 16895 Lisbon Center Road for a small poultry and small animal processing plant that is USDA approved. Member Wehrli seconded the motion.

Member Gilmour moved to table the motion to approve the petition 13-17 Granting a Special Use at 16895 Lisbon Center Road for a small poultry and small animal processing plant that is USDA approved.

Member Gilmour asked that the motion be tabled and sent back to the PBZ Committee because there are several new things that have come up in the last day or two. She would like to have these addressed at the committee level including the septic system in addition to the other special conditions that have been discussed today.

Member Shaw seconded the motion.

Angela Zubko stated that she received a letter from Mr. Kramer saying that he spoke to the engineer retained by the client. Renwick & Associates stated that the exact specifications and the type of septic systems which could potentially service the property have not been completely determined at this point in time. The engineer did state that a traditional septic system would most likely be used for the domestic waste generated by the employees and individuals visiting the site and the balance of the use will be serviced with an industrial type septic system. Although the exact specifications have not been determined the engineer did state that there will be a pretreatment of the waste prior entering any type of leach field.

Chairman Shaw asked for a roll call vote on the motion to table. Members voting aye include Gilmour and Shaw. Members voting nay include Cesich, Gryder, Koukol, Prochaska, Purcell and Wehrli. **Motion failed 2-6.**

Member Gryder moved to withdraw the motion to approve the petition 13-17 Granting a Special Use at 16895 Lisbon Center Road for a small poultry and small animal processing plant that is USDA approved. Member Wehrli seconded the motion.

Member Gryder moved to approve the petition 13-17 Granting a Special Use at 16895 Lisbon Center Road for a small poultry and small animal processing plant that is USDA approved with 19 conditions, condition 18 being to drill the well around 600 feet in depth into the deeper sandstone and case off the upper aquifer and 19 would be the site will be assessed as industrial per the Supervisor of Assessments. Member Wehrli seconded the motion. Chairman Shaw asked for a roll call vote on the motion to table. Members voting aye include Gryder, Koukol, Prochaska, Purcell and Wehrli. Members voting nay include Cesich, Gilmour and Shaw. **Motion carried 5-3.**
ORDINANCE NUMBER 2013 – 20
GRANT A SPECIAL USE AT 16895 LISBON CENTER ROAD
FOR A SMALL POULTRY & SMALL ANIMAL PROCESSING PLANT THAT IS USDA APPROVED

WHEREAS, Alan and Mary Maly have filed a petition for a Special Use within the A-1 Agricultural Zoning District for a 27 acre property located at 16895 Lisbon Center Road, (PIN #07-08-100-011), in Big Grove Township, and;

WHEREAS, said petition is to allow the operation of a small poultry and small animal processing plant; and

WHEREAS, petition #13-16 was approved the same day as a text amendment to allow such a use as a special use in the A-1 Agricultural district; and

WHEREAS, said petitioners stated this will be a USDA facility and conform to the rules and regulations to operate and USDA facility; and

WHEREAS, said property is legally described as:

THAT PART OF SUB LOT 4 IN SECTION 8, TOWNSHIP 35 NORTH, RANGE 6, EAST OF THE THIRD PRINCIPAL MERIDIAN, WITH BEARINGS AND GRID DISTANCES REFERENCED TO THE ILLINOIS STATE PLANE COORDINATE SYSTEM, EAST ZONE NAD 83 (2011), MORE PARTICULARLY DESCRIBED AS FOLLOWS: COMMENCING AT A RECOVERED SURVEY NAIL LOCATED AT THE NORTHWEST CORNER OF SAID SECTION 8; THENCE SOUTH 01 DEGREES 03 MINUTES 59 SECONDS EAST 2,131.17 FEET ON THE WEST LINE OF SAID SECTION 8 TO THE POINT OF BEGINNING; THENCE CONTINUING SOUTH 01 DEGREES 03 MINUTES 59 SECONDS EAST 974.00 FEET ON SAID WEST LINE TO THE SOUTHWEST CORNER OF SAID SUB LOT 4; THENCE NORTH 89 DEGREES 15 MINUTES 00 SECONDS EAST 1,207.47 FEET ON THE SOUTH LINE OF SAID SUB LOT 4 TO THE WEST LINE OF THE EAST 350.00 FEET OF SAID SUB LOT 4; THENCE NORTH 01 DEGREES 30 MINUTES 30 SECONDS WEST 974.00 FEET ON SAID WEST LINE; THENCE SOUTH 89 DEGREES 15 MINUTES 00 SECONDS WEST 1,207.60 FEET PARALLEL WITH THE SOUTH LINE OF SAID SUB LOT 4 TO THE POINT OF BEGINNING, CONTAINING 27.00 ACRES, MORE OR LESS; SITUATED IN THE COUNTY OF KENDALL AND STATE OF ILLINOIS.

WHEREAS, all procedures required by the Kendall County Zoning Ordinance were followed including notice for public hearing, preparation of the findings of fact in accordance with Section 13.08.J of the Zoning Ordinance, and recommendation for approval by the Special Use Hearing Officer on September 3, 2013 & October 15, 2013; and

WHEREAS, the findings of fact were approved as follows (on September 3, 2013 & October 15, 2013):

That the establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare. If the conditions are adhered to the establishment, maintenance, and operation of the special use shall not be detrimental to or endanger the public health, safety, morals, comfort or general welfare. The testimony has shown that the process as outlined by the petitioners will be a state of the art operation, there will be a USDA employee on site during the operations and ensure the public health and safety and monitoring of the employees and premises.

That the special use will not be substantially injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish or impair property values within the neighborhood. The Zoning classification of property within the general area of the property in question shall be considered in determining consistency with this standard. The proposed use shall make adequate provisions for appropriate buffers, landscaping, fencing, lighting, building materials, open space and other improvements necessary to insure that the proposed use does not adversely impact adjacent uses and is compatible with the surrounding area and/or the County as a whole. The entire operation will take place within a building and the unloading area must be at least 400’ from any principle structure on an adjoining lot. The zoning in the general area is agricultural which this process fits in with that classification.

That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided. The special use will be utilizing the existing driveway and drainage will be closely evaluated when the engineering drawings are assessed.
That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Hearing Officer. The EPA, Illinois Department of Health, Kendall County Health Department and the Kendall County Building Department all have jurisdiction over different aspects of the special use and the regulations must be followed and adhered to.

That the special use is consistent with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The review and action to be taken on the special use petition will coincide with a proposed text amendment (Petition 13-16) that will permit a small Poultry & Small animal Processing Plant as a special use in the A-1 District. The special use proposal will comply with all proposed conditions attached to the proposed text amendment.

WHEREAS, the Kendall County Board has considered the findings and recommendation of the Special Use Hearing Officer and finds that said petition is in conformance with the provisions and intent of the Kendall County Zoning Ordinance; and

WHEREAS, this special use shall be treated as a covenant running with the land and is binding on the successors, heirs, and assigns as to the same special use conducted on the property; and

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby grants approval of an A-1 Agricultural special use to operate a small poultry and small animal processing plant as indicated on the submitted Site Plan included as “Exhibit A” attached hereto and incorporated herein subject to the following conditions:

a. A maximum of 21,000 units a week. All animals are counted as 1 (one) animal unit except turkeys and geese are counted as 4.5 animal units.
b. Facilities (the unloading area) must be located at least 400’ from any principle structure.
c. No rendering may take place on the site.
d. Live animals may be held on the site for no more than twenty-four (24) hours.
e. All slaughtering/processing permitted only in an enclosed building.
f. The hours of operation are to be 5:30am to 6pm Monday thru Friday except additional Saturdays in October and November to process turkeys.
g. In no event can poultry produced be sold for retail or wholesale by the processor on the processing site.
h. All Applicable Federal, State and County rules and regulations shall apply.
i. Waste, by-products or any decomposable residue which results from the slaughtering of animals must be kept in a sealed container and picked up within 48 hours.
j. All signage shall comply with the provisions of Section 12 of the Kendall County Zoning Ordinance (Sign Regulations)
k. Shall satisfy all requirements of the Kendall County Health Department and Building Department prior to the issuance of occupancy permits.
l. Performance Standards. All activities shall conform to the performance standards set forth in section 10.01.G.
m. Engineering drawings including stormwater must be approved before a building permit can be released.
n. Within 5 years, 50’ of the driveway must be a minimum of tar and chipped.
o. Kendall County staff will have access to the log books kept in house to verify the limits are being maintained with regards to how many animals are processed weekly.
p. A certificate of occupancy will be required and copies of the EPA or IEPA, IDPH and USDA permits supplied at the time of application for the building permit.
q. On the north side of the parking lot a 3-4 foot in height berm with landscape to 100% opacity must be provide to shield the car head lights.
r. The well must be drilled to a depth around 600’ into the deeper sandstone and case off the upper aquifer.
s. This site will be assessed as industrial per the Supervisor of Assessments.

Failure to comply with the terms of this ordinance may be cited as a basis for amending or revoking this special use permit.

IN WITNESS OF, this Ordinance has been enacted by the Kendall County Board this 19th day of November, 2013.

Committee of the Whole

Huff & Huff Inc. Agreement

Member Wehrli made a motion to approve the agreement with Huff & Huff, Inc for professional services to remediate UST issues with IEPA at the Highway Department for a not-to-exceed cost of $42,625. Member Prochaska seconded the motion.

Fran Klaas stated that the Highway Department does not have any underground storage tanks and they have not for 20 years. When the old tanks were removed evidently the proper filings were not made at the time, the close out report, 10 day report and 45 day report were not filed properly by the consultant of the county. The county now has to go back and prove that the area is clean. The EPA wants a broader and more thorough investigation; they would like to hire Huff & Huff to handle the coordination with the EPA, soil borings, testing, monitoring wells, sampling, and project management.

Chairman Shaw asked for a roll call vote on the motion. All members present voting aye. **Motion carried.**

Health Department Lease Agreement

Member Wehrli stated that the lease is for 19 years and it stabilizes their ability to forecast the budget and be able to share a part of the expense on the bond. 19 years is the length of the bond. The agreement defines the space and the use. There are three entities that rent spots in the building that will now have their rents assigned to the county.

Member Wehrli made a motion to approve the lease agreement between Kendall County and the Kendall County Board of Health for space at 811 West John Street in the amount of $145,814 per year for 19 years, to begin on December 1, 2013. Member Gilmour seconded the motion. Chairman Shaw asked for a roll call vote on the motion. All members present voting aye. **Motion carried.**

A complete copy of IGAM 13-28 is available in the Office of the County Clerk.

Chairman Shaw stated that they discussed the Per Diem Ad Hoc Committee.

STANDING COMMITTEE MINUTES APPROVAL

Member Prochaska moved to approve all of the Standing Committee Minutes and Reports. Member Gryder seconded the motion. Chairman Shaw asked for a voice vote on the motion. All members present voting aye. **Motion carried.**
