APPROVAL OF AGENDA  
Motion by Member Kellogg to move the request from Tri-Star Development, the bridge issue at 13360 McKanna Road and all of the items listed under Old Business to before New Business, seconded by Member Gilmour. With a voice vote of four ayes, the motion carried.

APPROVAL OF MINUTES  
Motion by Member Cullick, seconded by Member Kellogg, to approve the minutes from the September 11, 2017 meeting. With a voice vote of four ayes, the motion carried.

EXPENDITURE REPORT
The Committee reviewed the claims report. Motion by Member Kellogg, seconded by Member Cullick, to approve the claims report. With a voice vote of four ayes, the motion carried.

The Committee reviewed the proposed budget for the Planning, Building and Zoning Department for fiscal year 2017-2018. The Committee did not have any questions or comments.

PUBLIC COMMENT
Bill Kunke, Minooka, discussed his concerns about dumping at 15875 Ridge Road. He discussed the matter with Greg Chismark and the impact of the dumping near the waterway. Mr. Chismark agreed to do a study on the issue. Mr. Asselmeier read Mr. Chismark’s email on the subject. Mr. Kunke discussed the loss of crops and cost of cleanup if the issue is not addressed. Mr. Kunke reiterated his concerns from the September Planning, Building and Zoning Committee meeting.

PETITIONS
None
NEW BUSINESS
Request from Tri-Star Development to Construct a R-1 Zoned One-Family Residential Subdivision Instead of a RPD Zoned Subdivision in Seward Township
Paul Kovacevich and Tom Grant presented information on a proposed subdivision in Seward Township. A portion of this property was originally planned to be a golf course. Because of the size of the lots and layout of the land, Mr. Kovacevich would like to construct the subdivision using the Subdivision Control Ordinance instead of RPD Zoning. Mr. Kovacevich would like to have larger lots; he believes that the market is lacking a subdivision with this size lots.

Discussion occurred regarding stormwater detention and the creek. Stormwater infrastructure would have to be reviewed based on the topography of the land.

Discussion occurred regarding septic issues. The septic issues will have to be addressed in detail at the time of application.

Member Kellogg suggested moving the driveway west.

Mr. Asselmeier advised Mr. Kovacevich to discuss this proposal with Seward Township and with neighboring property owners. Mr. Grant agreed to these suggestions.

Request for Guidance RE: Bridge at 13360 McKanna Road, Minooka (Bridge Owned by Mark Antos)
Mr. Asselmeier summarized the situation.

Mark Antos stated that late spring or early summer he would move dirt and plant seed. He would like to pour the bridge before it gets too cold.

Jeff Findlay spoke on this matter later in the meeting (8:25 p.m.). He stated that Mr. Antos does not maintain the crossing in the creek and the crossing does not match drawings from 1998. He would like Mr. Antos to have the bridge in the proper location.

John Trotter explained that he would like this issue addressed before next year’s crops are damaged.

Chairman Davidson will visit the site.

OLD BUSINESS
Request for Guidance RE: Mobile Home at 1072 Tyler Road
Mr. Asselmeier reported he has been in contact with the property owner and that the property owner agreed to pay the annual renewal fee on October 11th. If the owner does not pay the fee, this matter will be placed on the November Planning, Building and Zoning Committee agenda.

Approval of Public Hearing Signs
Mr. Asselmeier presented the revised public hearing street signs. The consensus of the Committee was that they liked the color; the language did not change from the previous signs. The PBZ Department will order signs with the new color from the Highway Department.
**Discussion of Property Maintenance Regulations**

Staff provided an email from Brian Holdiman stating that he would like to work on this item during the winter months, if the Committee wanted him to research this topic. Member Kellogg asked what percentage of the complaints came from the Boulder Hill area. A significant percentage of complaints appeared to come from the Boulder Hill area.

Mr. Asselmeier reported that he will attend the Boulder Hill community meeting on October 11th.

**Discussion of Banquet Facility at 1998 Johnson Road**

Staff provided a copy of the special use permit, three (3) letters on the topic from the property owner and his attorney and several complaints regarding the banquet facility at 1998 Johnson Road. No noise complaints have been reported since the middle of September when Mr. Pasteris installed his new sound system.

Pete Pasteris, owner 1998 Johnson Road, described the sound system he installed. The disc jockeys have to plug into the system. The speakers are over the dance floor. One (1) customer already requested a refund. Mr. Pasteris invited Committee members to the property. He is considering installing permanent, insulated walls.

Thomas Barone, Johnson Road, heard something Saturday night, but he did not call the Sheriff’s Department. The noise is less. Mr. Barone requested greater enforcement of the provisions of special use permits.

**Request for Guidance RE: Southfield Estates Flooding Issue**

Fran Klaas, County Engineer, summarized his findings from the elevation measurements. The infrastructure related items are very close to plan. The Page house was supposed to have a lookout basement instead of a walkout basement. The basement elevation is less than one foot (1’) from the height of the overflow. The pond and outlet structure are on private property. Mr. Klaas discussed the issue with Greg Chismark. Mr. Chismark suggested slight modifications to the pond and outlet structure which could be considered pond maintenance and would not need a stormwater permit. Mr. Klaas suggested a slightly bigger outlet pipe and normal water level pipe. Mr. Klaas suggested that the County and Township could be involved. The homeowner is definitely involved.

Dwain Frieh, Cherry Road, asked if an estimated pipe size existed for this project. Mr. Klaas responded that he suggested going from a twenty-four inch (24”) pipe to a thirty inch (30”) pipe. There is a forty-two inch (42”) pipe on Cherry Road. Mr. Frieh indicated that the whole area has water issues. Mr. Frieh suggested creative landscaping and berms; Mark Page said that he examined doing berming, but the hydraulics did not work.

Bill Hacker, Cherry Road, stated that the outlet is on his property. His suggestion was to do maintenance on the pond by removing leaves, tree limbs and debris.

Chairman Davidson expressed concerns that this project is on private property. Member Kellogg expressed similar concerns.
Mark Page, Winchester Court, stated his house was planned to have a walkout basement. He does not want to do any work with the County’s approval.

Ken Hostert, Na-Au-Say Township Road Commissioner, said that the structures are not on Road District property. The property was constructed with a walkout basement instead of a lookout basement as planned. Since the County approved the plans and conducted the inspection, he requested that the County increase its standards on review of as-builts. Mr. Hostert complained that the County’s tolerance is two feet (2’). He offered to cover one-third (1/3) of the costs of the project if the County and homeowner each provided one-third (1/3) of the cost.

No estimate existed on the cost of the project. Member Cullick expressed concerns regarding not knowing the cost of the project.

The consensus of the Committee was that Mark Page would have the issue studied and give the Committee an estimate on the costs to fix the issue and the Committee would review that estimate.

Village of Millbrook Related Items
Mr. Asselmeier read the memo from Scott Koeppel on the subject. Mr. Koeppel requested a fee to cover the County’s auto liability to conduct inspections in Millbrook. Millbrook and Kendall County also have different liability insurance. Mayor Kowalski will forward this information to the Village’s insurance provider.

Member Cullick suggested creating an escrow account to cover the deductible.

The consensus of the Committee was that Millbrook should not pay mileage.

The consensus of the Committee was to place the intergovernmental agreement on the October 17th County Board meeting.

Request for Guidance RE: Dumping at 15875 Ridge Road
Mr. Asselmeier read an email from Greg Chismark on the subject. Because the owner disturbed less than one (1) acre of ground, the Kendall County Stormwater Management Ordinance was not applicable. Mr. Chismark indicated that he would be willing to conduct a tributary area review for Two Hundred Dollars ($200).

The consensus of the Committee was that Mr. Chismark should conduct this review and report the findings at the November Planning, Building and Zoning Committee meeting.

NEW BUSINESS
Request from ZPAC that the Planning, Building and Zoning Committee Amend Petition 17-29 RE: Notification Requirement for Special Use Applications in the A-1 District to a Smaller Notification Distance
Mr. Asselmeier read his memo on the issue. ZPAC requested that the Committee lower the notification distance requirement.
Discussion occurred regarding specific uses that may require additional notification. Member Gilmour expressed concerns that the Committee does not know what uses could be controversial in every neighborhood and every situation.

The consensus of the Committee was to have Staff generate a list of special uses that should have a longer distance requirement, specifically two thousand six hundred feet (2,600') and which uses should have notification requirements of one thousand feet (1,000').

**Approval of Fiscal 2017-2018 Meeting Calendar**
Mr. Asselmeier presented the proposed meeting calendar for the Planning, Building and Zoning Committee. The meetings in February, October and November will be on Tuesdays.

Motion by Member Gilmour, seconded by Member Cullick, to recommended approval of the fiscal year 2017-2018 meeting calendar.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg  
Nays (0): None  
Absent (1): Gryder

The motion passed.

**Recommendation on 2018 Comprehensive Weed Work Plan**
Mr. Asselmeier read his memo on the subject. The County is required to submit a plan to the Department of Agriculture by November 1st.

Motion by Member Gilmour, seconded by Member Kellogg, to recommended approval of the 2018 Comprehensive Weed Work Plan.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg  
Nays (0): None  
Absent (1): Gryder

The motion passed. This matter will go before the County Board on October 17th.

**Review of Commercial Wind Farm Regulations**
Mr. Asselmeier reported that Member Kellogg requested a review of the commercial wind farm regulations at the September Committee meeting. Member Kellogg stated that he would look over the regulations.

Motion by Member Cullick, seconded by Member Kellogg, to layover this matter until next month.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg  
Nays (0): None  
Absent (1): Gryder
The motion passed. This issue will be an agenda item at the November Planning, Building and Zoning Committee meeting.

**Approval of Resolution Placing a Noise Warning Statement on the Building Permit Application Form**

Mr. Asselmeier read his memo on the subject. The Ad-Hoc Zoning Ordinance Committee recommended approval of the proposal. This matter is on hold pending the composition of the Ad-Hoc Zoning Ordinance Committee.

**Clarification of Membership, Chairmanship and Duties of Ad-Hoc Zoning Ordinance Committee, Including Recommendation on Eliminating the Ad-Hoc Zoning Ordinance Committee**

Mr. Asselmeier read his memo on the subject.

Member Kellogg stated that he did not want to be on the Ad-Hoc Zoning Ordinance Committee. Member Cullick also stated that she did not want to be on the Ad-Hoc Zoning Ordinance Committee.

Discussion occurred about the direction of the Ad-Hoc Zoning Ordinance Committee. The consensus was that the Ad-Hoc Zoning Ordinance Committee should be abolished and created again in the future, if needed. The Ad-Hoc Zoning Ordinance Committee should meet at the discretion of the Planning, Building and Zoning Committee.

Motion by Member Kellogg, seconded by Member Gilmour, to recommend eliminating the Ad-Hoc Zoning Ordinance Committee.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg
Nays (0): None
Absent (1): Gryder

The motion passed. This matter will be placed on the October 17th County Board Agenda.

**Approval of Initiating Text Amendments to Section 13 of the Kendall County Zoning Ordinance Pertaining to the Powers and Duties of the Kendall County Regional Planning Commission**

Mr. Asselmeier read his memo on the subject. The consensus of the Committee was to wait with acting on this item until the Ad-Hoc Boards and Commissions Review Committee issues its report.

**Approval of Initiating Text Amendments to Sections 3 and 13 of the Kendall County Zoning Ordinance Pertaining to the Powers and Duties of the Zoning and Platting Advisory Committee (ZPAC)**

Mr. Asselmeier read his memo on the subject. The consensus of the Committee was to wait with acting on this item until the Ad-Hoc Boards and Commissions Review Committee issues its report.

**Approval of Initiating Text Amendments to Section 13 of the Kendall County Zoning Ordinance Transferring the Review of Special Use Applications from the Special Use Hearing Officer to the Zoning Board of Appeals**

Mr. Asselmeier read his memo on the subject.
Motion by Member Davidson, seconded by Member Kellogg, to recommend initiating text amendments to Section 13 of the Kendall County Zoning Ordinance transferring the review of special use applications from the Special Use Hearing Officer to the Zoning Board of Appeals.

Ayes (3): Davidson, Gilmour and Kellogg
Nays (1): Cullick
Absent (1): Gryder

The motion passed.

Request for Guidance RE: Conditional Use Permits
Mr. Asselmeier read his memo on the subject. The State’s Attorney’s Office believes that conditional uses should be either permitted or special uses because State law does not give Counties the authority to have conditional uses. The consensus of the Committee was to place this item on the November Planning, Building and Zoning Committee agenda.

Request for Guidance RE: Proposed Ordinance Amending the Code Hearing Unit Regulations (Should These Regulations be Part of the Zoning Ordinance?)
Mr. Asselmeier read his memo on the subject and expressed concerns about placing the Code Hearing Unit Regulations inside the Zoning Ordinance because of unforeseen consequences of the definitions section. The Kendall County Regional Planning Commission will consider initiating this text amendment. The consensus of the Committee was to place this item on the November Planning, Building and Zoning Committee agenda.

UPDATE FOR HISTORIC PRESERVATION COMMISSION
The Historic Preservation Commission will be holding a meeting with other historic preservation groups in the County on February 21st at 7:00 p.m. at the Historic Courthouse. The purpose of the meeting is to discuss the activities of these groups.

REVIEW PERMIT REPORT
The Committee reviewed the permit report.

REVIEW REVENUE REPORT
The Committee reviewed the revenue report. Revenues are higher from this time last year.

CORRESPONDENCE
Correspondence Related to Churchill Club Stormwater Issue
Mr. Asselmeier read the emails and letter on this matter. The Village of Oswego is leading the investigation of this issue and sent a violation letter to the owner.

August 31, 2017 Letter from Kathleen Miller to Roy Mosley RE: City of Plano Stormwater Management Ordinance Variance Request at 509 W. Main Street, Plano
Mr. Asselmeier read the letter. MTH is pursuing a variance to the City of Plano’s Stormwater Management Ordinance in order to construct a parking lot at the property. If Plano approves the variance, the applicants will pursue a variance to the County’s Stormwater Management Ordinance.

Kendall County shall engage in the following activities:

1. Continuously work with residents, property owners, municipalities, townships, other counties, and Federal and State agencies to identify, investigate, control and eliminate noxious weeds found within the County.

2. In the event that the location of a noxious weed is reported on private property or property not owned by Kendall County, the County shall forward the complaint to the local municipality and/or township. 4. Work with local municipalities and townships to track and report noxious weed allegations and incidents for inclusion in the annual noxious weed report to the State. The County will ask each municipality and township for a summary of activities related to the eradication of noxious weeds for inclusion in the annual noxious weed report to the State.

5. Publish the General Notice at least one time annually in a newspaper of general circulation in Kendall County. The General Notice shall be published in the first quarter of the year upon approval of the County Board.

6. Advise persons responsible for controlling and eradicating noxious weeds of the best and most practical methods for noxious weed control and eradication.

7. Complete applicable reports as required by State law.

This Comprehensive Work Plan was approved by the Kendall County Board on October 17, 2017.

Respectfully Submitted,

22. KENDALL COUNTY FOOD TRUCK FESTIVAL ON OCTOBER 21, 2017

1. At least three (3) business days before the Event occurs, Tenant shall deposit with Landlord a certificate evidencing that Tenant has obtained comprehensive special events liability insurance for both personal injury and property damage in the minimum amount of $1,000,000 per occurrence and $3,000,000 aggregate for the Event. c. All water and power must be self-contained in the food trucks.

d. If Tenant has any questions or concerns regarding the placement of the food trucks and/or beverage stands, Tenant shall contact Landlord’s Facilities Management Director, Jim Smiley, for assistance.

IN WITNESS WHEREOF, the Parties have caused this Second Amendment to be executed by their duly authorized representatives on the date signed.

Re: Lease for Workforce Development Program

Dear Mr. Smiley,

As you know, our Workforce Development Program leases office space on the second floor of Kendall County’s Health and Human Services Building (Office Nos. 221, 223, and 225). It was recently brought to my attention that our lease for that space expired on December 31, 2016, and that our office should have requested an extension 60 days prior to that date. I apologize for our failure to contact you regarding an extension.

The purpose of this letter is to formally request two one-year extensions, with the first extension being retroactive to January 1, 2017, and the second extension taking effect on January 1, 2018. If your office will kindly provide the lease documents, I will be happy to sign and return them to you promptly.

Thank you, in advance, for your consideration of our request. Please don’t hesitate to contact me at 630-208-3351 or berger.scott@countyofkane.org if you have any questions or need any additional information.

Sincerely,

Kendall County Clerk
The committee meeting convened at 4:02 P.M. with roll call of committee members. Scott Gryder and Lynn Cullick absent. Quorum established.

Motion Gilmour, second Kellogg to approve agenda as presented. Motion approved unanimously.

Motion Davidson, second Gilmour to approve the Highway Committee meeting minutes from September 12, 2017. Motion approved unanimously.

Intergovernmental Agreement between Kendall County and City of Plano is not yet ready to be presented to the County Board for consideration; so it will be brought back through committee at a later date.

Bruce Talbot presented information on the WIKADUKE Trail study that is being performed by Cemcon. He stated that Cemcon has been doing a lot of data collection over the past few months, including the old SRA Study, floodplain and wetland mapping, soils maps, zoning maps, comprehensive plans, traffic counts from IDOT, as well as the Heggs/Eola Road connector plans at U.S. Route 30. Cemcon has also recently requested some GIS data from Kendall County to aid in the mapping process. Finally, Bruce discussed the Hudson Pointe subdivision proposal in the Village of Oswego. That subdivision includes construction of part of the WIKADUKE Trail. The subdivision’s proposed alignment does not exactly coincide with the recorded centerline of the WIKADUKE Trail. At the current time, the subdivision proposal appears to be on the back burner. The committee discussed some aspects of the proposed alignments, the possible environmental difficulties in using the recorded alignment, and the potential impacts of the WIKADUKE Trail on Wolf Road. Committee also discussed the possible jurisdiction of the Trail, considering that the current county jurisdiction ends at Plainfield Road, approximately 3.5 miles south of Rance Road. Bruce reported that he has discussed the project with City of Aurora. Aurora is planning to make the Heggs / Route 30 connection next year, and that part of the project is funded. He has also discussed with Village of Oswego. Oswego now favors the Stewart Road alignment as opposed to the old recorded centerline. Bruce was going to be meeting with Village of Plainfield later this week. Klaas recommended that Cemcon document any boundary agreements with the municipalities in this area, as it will likely determine future jurisdiction. Bruce thought that Cemcon would be able to wrap up the study within the next 6 months.

Kellogg provided an update on the progress of the Collins Road Extension project. Davidson asked what part Oswego is playing in the project. The handshake agreement was that Kendall would work on the preliminary engineering, while Oswego would work on the land acquisition. However, Klaas reminded the Committee that because of the likelihood of federal funding in the
project, the County would have to follow the Uniform Act in any and all land acquisition. So additional conversations will need to be held with Oswego to determine the path going forward. Part of the conversation would include a jurisdictional transfer of Grove Road north of Collins Road from Kendall County to Village of Oswego.

Sherrill Road construction should be wrapped up within the next 30 days. Low bid on Eldamain Road – Contract A was received from Plote Construction at $8.9 million. 2nd low bidder was D Construction at $9.2 million. Construction on that project should begin later this year or first thing next spring. Eldamain Road will be closed during construction of the Rob Roy Creek Bridge. Millington Bridge is still on pace to go to letting in March or April of 2018. Repairs would then be made during the summer of 2018. Land acquisition on Grove Road is going well, although Klaas reported that it looks like eminent domain might be needed on 1 parcel.

Motion Davidson; second Gilmour to forward Highway Department bills for the month of October in the amount of $1,161,721.83 to the Finance Committee for approval. Motion approved unanimously. Davidson discussed the request from the County Engineer to get a credit card for the Highway Department so that parts can be ordered online. Gilmour suggested getting a card that would provide for good interest rate and perhaps cash back that could go back into Highway Department funds. This matter will be discussed at future Finance Committee.

Meeting adjourned at 4:42 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.
Kendall County Engineer
