3. **Review of Budgets** – Latreese Caldwell said that at the last Finance Committee meeting the committee decided to again ask the Health Department for health employee benefits in an amount not to exceed for $388,593. 4. **Budget Presentations**

   1:45 p.m.  **Jill Ferko & Bob Jones, Treasurer’s Office** – Bob Jones reviewed the Treasurer’s office budget, miscellaneous revenues, sale and error, indemnity, unemployment and workers’ compensation, and an increase in salaries with the committee.

   Mr. Jones reported they increased the revenue for property tax late payments to $360,000 compared to $350,000 last year, the interest income was increased from $30,000 to $37,500, and miscellaneous revenue will remain the same. They increased unemployment compensation from $30,000 to $35,000, Auditing and Accounting will go from $56,925 to $53,300, which is a decrease. Property Tax Services stays the same until the renewal of the DevNet contract in 2018. Mr. Jones reported that the IMRF income will be a 5.89 increase combined, which is based on the total initial budgeted payroll, and the current IMRF rate. The Tax Sale Automation fund and Indemnity fund remain the same.

   2:00 p.m.  **Jacquie Purcell, Coroner’s Office** – Deputy Coroner Purcell reviewed the budget and informed the committee of the reductions that were made to bring them to $550 under current year budget. Ms. Purcell said there will be an increase in the salary of the deputy coroner in compliance with the federal mandate as an exempt position. Ms. Purcell made the following changes: $4000 from the per-call salaries, $35000 in cell phones, $1000
out of vehicle maintenance, $500 from x-rays, $1500 from the indignant person line, and $500 from the histology line.

Ms. Purcell added $500 to the clothing allowance line and $450 in the personal property and bio-hazard line.

2:15 p.m.  
Andy Nicoletti, Assessment Office – Mr. Nicoletti reviewed the Assessment budget which shows a negative budget until his union staff’s salaries are determined, he reduced the contractual services line to the previous amount, he added a small salary increase for himself, and reduced over-time. The Farmland Review Board per-diems were reduced.

2:30 p.m.  
Sheriff Baird, Public Safety Center – Sheriff Baird stated that his office has decreased staff by four: one patrol deputy, one corrections deputy, the food manager and the cook. They made adjustments and operational changes within the office to absorb the duties and responsibilities of some of those positions. These staff reductions will save approximately $100,000 in pension and other benefits not located in the Sheriff’s Office budget.

With the implementation of video bond call and video visitation allows the Sheriff to reduce the correction deputy staff by 1, not resulting in a lay off, but simply getting rid of a vacant position. The other proposed reduction is the replacement of the evidence custodian position with a civilian this fiscal year, therefore moving the previous person back on to the road to perform patrol duties. Additional over-time has been budgeted to account for this proposed staff reduction to ensure that they continue to meet the demands of the citizens, safety of their staff, and maintain fiscal responsibilities. They will report back to the Public Safety Committee in six months with the effects on operations of the office of the staff reductions.

As a summary, in FY16 and FY17, they have reduced total number of staff by 7, with no lay-offs, and only with operational changes within the department. In the proposed operation budget, there is a retiree with a $57,000 of a salary that is obligated by labor contracts. If they did not have this contractual obligation, their combined budget would be reduced by $32,000. The Sheriffs’ Office has four accounts that receive dollars from the General Fund: Sheriff, Corrections, Merit Commission and Capital expense. They continue to review all processes and try to identify ways to continue and improve services and reduce costs whenever possible.

The Sheriff’s budget is approximately $24,000 increase from last year due to the contractual obligation. The Corrections budget proposes a flat budget compared to FY16. The Merit Commission budget is a decrease
by $3000 compared to FY16 due to applicants of patrol or corrections
deputy position paying the $45 fee for testing. The Capital expense
account is the same as FY16, and primarily for vehicle expense. Sheriff
Baird stated that purchasing these vehicles will lower the maintenance and
repair costs. Sheriff Baird reported estimated revenues for FY17 based on
trends is $1,154,100. Sheriff Baird said they are still in union
negotiations with the FOP.

Sheriff Baird reviewed the other seven funds and said all expenses for
FY17 are $28,891 less than FY16.

Court Security fund budget is down $202,000 which is $7,000 more than
FY16. Sheriff Baird said there is a reduction of overtime by $3,000 and a
major expenses this year is the replacement of a transport van that is high
in miles and has increased maintenance and repair costs. There is a
transfer to the revenue fund is down from $120,000 to $80,000. Sheriff
Baird said a conservative revenue estimate is $185,000 which is down
from FY16, and continues to show a steady decline for the past few years.

Discussion on the purchase of new vehicles, the cost of maintenance and
upkeep of current vehicles, base price of a vehicle, and the cost of
equipment for each vehicle.

2:45p.m. Fran Klaas, Highway Department – Fran Klaas reviewed the Highway
budget with the committee, and said the grand total of all property tax
levies, including county highway, county bridge and federally matching
funds is $2,000,000, which is $55,000 less than last year. All of the
capital improvements have been taken out of the sales tax fund. For 2017
they will have one less employment, because they will hire Andy Myers
back as contractual or hourly, working less than 600 hours. By not
replacing or filling Mr. Myers position with a full time employee, they
will save $75,000-$100,000 in salary and benefits.

Mr. Klaas said that he would like to move John Burscheid, the Civil
Engineer as the Assistant County Engineer position, and increase his
salary by 5 percent this year, to $66,000 from what was originally
proposed in the FY2017 budget for the Highway Department.

Mr. Klaas said that they received 2.5 Million from KCOM for the
Eldamain Road project, and stopped using the Federal STP dollars for
anything until they have a larger project, such as Eldamain Road. Mr.
Klaas stated that the STP funds are approximately $500 million, with the
goal of saving $1,000,000 per year.
3:00 p.m. Judge Tim McCann, *KC Judicial Office* – Judge McCann reviewed the Circuit Court Judge budget, and said they increased the courtroom furniture line by $10,000. Judge McCann said that some furniture that has not been replaced in 18-years since the building opened, is broken and needs to be replaced. This furniture would include the judge’s chairs, lawyer’s chairs, the court reporter chair, etc.

Judge McCann said that the State Apportionment Judges increased from $3,000 to $3,392, which is determined by the state every year, that says that the County has to contribute this amount toward the associate judge’s salaries.

Judge McCann said that he has proposed a 2.5 percent salary increase for their two full-time employees.

Judge McCann reported on the Jury Commission budget, and said in the last 24-hours the Illinois Supreme Court struck down the statute that reduced the number of people on a jury and increased the pay. Judge McCann said that they would decrease juror pay in November, back to paying the lower fee.

Judge McCann said the Law Library budget is essentially the same.

3:15 p.m. Vicki Chuffo, *Public Defender’s Office* – Vicki Chuffo said that her budget remained the same as last year, and that she is proposing a 2.5 percent raise for her employees. Ms. Chuffo said that her salary is set by the state, and has basically remained the same for 10-years.

3:30 p.m. Tina Varney, *Court Services/Probation* – Tina Varney reviewed her budget with the committee, beginning with Combined Court Services, in which Ms. Varney informed the committee that the detention line item, has exceeded the budgeted amount for the year due to more youth in detention, extended stays, and the increased rate as of December 1, 2015 that is being paid to Juvenile Detention Center.

Ms. Varney said that the Juvenile Placement budget is under budget, but they have one youth in placement and she anticipates with the two amounts combined to come in just shy of the budgeted amount.

Ms. Varney also informed the committee that as far as salaries, the probation officers have a union contract, and what has happened in the past is that the managers get the same raise as the officers do. The overall increase in salaries is approximately a 2 percent increase.

Ms. Varney reviewed the revenues with the committee, and said that for State FY2016, they would receive $271,292 from IEOC. They anticipate
that FY2017 will be $357,147, with an additional $85,000. They were informed that they would receive the actual amount of $292,794 for probation officer and manager salary reimbursements. And they will receive an additional $77,949 for the two pre-trial positions.

Ms. Varney said that last year funding for the Drug Court position was proposed at $44,900 for the salary and $17,888 for benefits. Ms. Varney said they have not received nor expended that money as yet, and would like to keep that position in the budget, but won’t hire the position until they are sure they will receive the funding. The grant does pay for the benefits.

Ms. Varney reported that funding for State FY2017 will be $357,147, including pre-trial. Compared to State FY2016 this is approximately $3,000 less for the pre-trial portion.

Ms. Varney said the Drug Court position comes from a totally separate grant. A different line item will be created by the Treasurer’s Office for the Drug Court. The amount anticipated for FY2017 is $41,771, plus a $300 per month stipend for being on-call. Ms. Varney will get the benefit information and forward it to Latreese Caldwell and Bob Jones.

Ms. Varney reviewed the Probation Services fund with the committee, and said there is a difference in the Transfer to the General Fund with regards to the IMRF, Benefits and Social Security for the Pre-Trial positions. Ms. Varney stated that they have funded this line item for the past two years, and that both of those line items were up to $15,000 toward IMRF/Social Security and up to $15,000 for the additional benefits. She said that the $30,000 total transfer to the General Fund will more than cover the cost for the two pre-trial positions.

Ms. Varney said they have increased their GGPS Monitoring line item because there are more people being put on GPS Monitoring, and for longer periods, and being on GPS means they aren’t in custody.

Member Gryder asked if grants are available for Veteran’s Court. Judge McCann said that there was a new statutory enactment that states that every circuit must have a Veteran’s Court. Judge McCann feels that it is coming soon. But that they needed to start the drug court following the national model already in place elsewhere. Judge McCann said he is more inclined to begin a Mental Health Court, due to the number of cases that involve mental health issues. Judge McCann said that our mental health population is huge in the county and under-served.
Scott Koeppel, *Technology Services* – Scott Koeppel said that prior to some changes of moving funds from Facilities Management, adding funding and cost of a new position, the Technology budget came in approximately at 99 percent of last year’s budget, and the GIS budget is slightly lower than last year’s budget.

Mr. Koeppel reported that the copiers were moved from Facilities Management to Technology at a cost of $130,000. Toner cartridges will still be distributed by Facilities. Mr. Koeppel stated that he plans to work with Konica to have toners automatically delivered to departments as needed, implement recycling of toners, and then also negotiating maintenance by Konica, if there isn’t an additional cost to the County.

Mr. Koeppel stated that he is proposing a 3 percent salary increase across the board, although historically the salary increases are determined by the Board.

Mr. Koeppel briefed the committee on the proposed new position, that will assist in providing service to the Circuit Clerk Court Automation JANO system, and with service to KenCom. Mr. Koeppel has had discussions with the Circuit Clerk, Judge McCann, and Lynette Bergeron about the services that would be provided, and the cost that each entity would provide for the salary and benefits of a new Technology employee.

Jenny Wold, *KC Soil & Water District* – Jenny Wold provided additional information about the educational program and their funding update plan with their budget. Deanna Bazan, Board Director, explained that she is one of three directors on the Board, and that they have two vacant positions. Ms. Bazan has been on the Board for 18 years. Ms. Bazan reviewed the budget, and said they received $0 dollars from the state last year, and that they have been told that every district in the state will receive $21,000 this fiscal year, and they have a December deadline. There are other efforts being made trying to dedicate secure funding sources for soil & water districts, there is an association in Illinois that is trying to find other places for funding besides the state, but currently the state is their primary source.

Ms. Bazan said that they are asking for the same County Board contribution, and that their request this year stays level with last year’s request. Ms. Bazan said they continue to do what they can with the reserves they have, pursuing partnerships with other groups and how they can continue funding outside of the state budget.

Eric Weis, *State’s Attorney’s Office* – Eric Weis presented his budget to the committee. Mr. Weis stated that his office doesn’t receive any discretionary funds that could be used for salaries. Mr. Weis tried to
maintain, and went down on the books and cell phones. Mr. Weis stated that they went up on the stipends to an accurate reflection of where they should be. The CAC has increased, and they are seeing more child related offenses, either physical or sexual assault. That also increases the felony numbers which have increased dramatically. They are about 50 extra felonies so far this year, which is a 20 percent increase, and those cases involve a great deal more work and detail. Mr. Weis said that he increased the salary line by 2.5 percent increase. Mr. Weis also increased the trial and hearings line, and he said that he expects additional trials and the need to utilize the experts. Mr. Weis stated that they will begin Drug Court when the State provides funding, which requires more effort and time on the attorney that is sent to a different court.

Mr. Weis stated they continue to provide legal support to the Forest Preserve, deal with the numerous grievances, and continue with union negotiations.

4:30 p.m. Sandra Davis, U of I Extension Office – Sandra Davis presented her budget to the committee, and said they are expecting $6,500 less than they received last year. Ms. Davis said that all union salary increases, which includes all clerical and community workers. The remaining staff has not received an increase in the last three years and will not receive an increase this coming year. Ms. Davis stated that she has made decreases in the following lines: temporary employee salary, travel, repair maintenance and janitorial, and telecommunications. Ms. Davis said that the state matching is between 65-70 percent, and they were told that the monies from the Department Agricultural is $10,000,000 for the extensions throughout the state. But they anticipate they won’t receive anything until after the election. Ms. Davis said that they have three years remaining on their lease, and Mr. Purcell said that there might be reason to have a discussion about renting space in one of the county buildings.

4:45 p.m. Chad Lockman, Veteran’s Assistance CMS of Kendall County – Chad Lockman said the VAC deemed 2016 as the year of outreach, primarily with reaching out to the chambers of commerce, the media and assisted living facilities. The number of vets served is up 33 percent from last year, and currently the office is on track to bring $6,800,000 in disposable income into the county, which represents a 25.5 percent increase from last year. Mr. Lockman reported that they have found several ways to increase efficiency and do the same or more with less, and have decreases in shelter, utilities and food. Mr. Lockman said their office has concentrated on the VA claim work, bringing the aforementioned monies into the county through veteran’s benefits. Mr. Lockman said their main focus over the next year will be reaching out to veterans returning from recent and ongoing conflicts through increase in advertising, working with in conjunction with area colleges and universities, as well as working with
Mr. Lockman said that service members that are separated from service are inclined to the direction of entrepreneurship, and working with Chambers of Commerce enables resources for the veterans opening new businesses. Mr. Lockman said that the budget increases are primarily due to office expenses used in the outreach efforts. Mr. Lockman reported a decrease in the meetings and conferences line, due to Olivia Laschober, Assistant Superintendent recently being elected to the women’s veteran representative for the national organization, and the national organization will be covering her expenses in full to the national conferences they attend. Mr. Lockman said this will save a great deal of money. Mr. Lockman said there is also an increase in advertising, with the decaling of their new vehicle, dental care, and mental health. Mr. Lockman said that it is difficult for veterans to receive dental care through the VA, and they will now begin helping veterans with non-routine dental care. Mr. Lockman said the Department of Veteran’s Affairs Facilities are often difficult to use due to their distance, and the VAC will now help to provide mental health care to Kendall County veterans through the County Health Department.

Mr. Lockman said the vehicle maintenance line is being decreased due to the new vehicle only needing new tires and oil changes.

Mr. Lockman reported the Veteran’s Assistance amounts will be reduced due to abuse, and they are now implementing stronger guidelines and accountability, as well as putting the responsibility into the veteran’s hands.

Mr. Lockman explained how they receive donations, and explained that donations go into the VAC fund, which is separate from the County Veteran’s Assistance fund.

Customer and Member County understand and agree that neither they nor any Participant will share in the Rebate monies collected from Manufacturers by Caremark.

b. Remedies. Additional services may be mutually agreed-upon by the parties, and the associated fees for such services, if any, will be identified in Exhibit A as reasonable compensation. In the event any such fees apply and Member County or Customer fails to pay Caremark by the due date any amount owing, Caremark, after making a reasonable effort to collect and upon notice to such Member County or Customer may, in addition to its remedies under this Agreement, at Law or in equity, do any or all of the following: (i) suspend performance of any or all of Caremark’s obligations under or in connection with this Agreement with respect to such Member County or Customer, including Caremark's obligation to process Claims or (ii) set off against any amounts payable to such Member County or Customer, any amounts due Caremark from such Member County or Customer.

c. Pricing Changes. After the Initial Term of this Agreement, as set forth in Section 7.5, Caremark may change the fees applicable to the Consumer Card Program. Caremark will give Customer sixty days’ written notice of any change, and such changes will take effect on the first day of the month following the sixty-day notice period. Customer may object to an increase in fees by providing written notice to Caremark at least thirty days before the expiration of the sixty-day notice period. If the parties cannot agree on an appropriate fee, the Agreement will terminate at the end of the sixty-day notice period. If Customer does not timely object, Customer will have no right to terminate this Agreement based on the pricing change.

3. CUSTOMER AND MEMBER COUNTY OBLIGATIONS.

a. Marketing Materials. The parties agree to use only those marketing brochures and other advertising materials pertinent to Customer’s Consumer Card Program (in any medium, including, but not limited to, written communications, verbal communications and web-based marketing) that have been approved by the other. Member County and Customer further agree that they will communicate such requirements to its clients or groups and will ensure that such clients or groups comply with the requirements of this Section 3.a. Caremark may terminate this Agreement immediately in the event Member County or Customer fails to comply with the provisions of this Section 3.a.

Caremark will provide its standard marketing brochures, advertising materials and mail order forms, as applicable, to Member County at no cost. Caremark will work with and support such Member County in marketing the Consumer Card Program at no cost. If the cost associated with providing such materials is determined by Caremark to be unreasonable or excessive, Member County shall pay for the costs of the materials at a rate to be mutually agreed to by the parties in writing. If Member County elects to use customized brochures or advertising materials (in any medium, including but not limited to written communications, verbal communications and web-based marketing), Member County will (i) obtain Caremark’s approval on such forms, and (ii) pay a reasonable charge, as established by Caremark, for such materials if created or provided by Caremark.

3.2 Support of Consumer Card Program. Customer will recommend and support the Consumer Card Program in accordance with the terms of this Agreement.

4. USE OF AND ACCESS TO INFORMATION.

a. Use of Deidentified Data. Claims, as well as eligibility information which is deidentified in accordance with HIPAA and other applicable law, and which is not identifiable on a Customer or Plan Participant basis, may be used, disclosed, reproduced, adapted or sold by Caremark. Such deidentified data may be provided to nationally recognized data integration firms to support appropriate administration of Caremark’s drug management programs.
This benchmarking data enables Caremark to compare against other drug population sets and improve programs and services for clients.

b. Right to Audit Rebates. Customer, at its sole expense, may audit a reasonable sample of records directly related to Customer’s Rebates once in each twelve-month period (following sixty (60) days written notice to Caremark). Such records shall be limited to information necessary for validating the accuracy of the Rebate amounts distributed to Member County by Caremark. The parties agree that an independent third-party auditor acceptable to Customer and Caremark shall conduct such audit, and such firm will sign a Caremark confidentiality agreement ensuring that all details and terms of all Manufacturer Rebate contracts with Caremark (except the total aggregate amount due to Customer) will be treated as confidential to Caremark and will not be revealed to any manner or form by or to any person or entity. Furthermore, such audit shall be conducted at Caremark’s office, where such records are located, during normal business hours, without undue interference with business activities, and in accordance with reasonable audit procedures.

5. CONFIDENTIALITY AND INTELLECTUAL PROPERTY.

a. Confidential and Proprietary Information. In connection with this Agreement, each party may disclose to the other party certain proprietary or confidential technical and business information, databases, trade secrets, and innovations belonging to the disclosing party (“Confidential Information”), the value of which might be lost if the proprietary nature or confidentiality of such Confidential Information is not maintained. For the purposes of this Section, the contents of this Agreement and of any exhibits, amendments, or addenda attached hereto are deemed Confidential Information. Furthermore, any work, compilation, process or inventions developed by Caremark, Member County or Customer, or their respective agents, employees or contractors, is deemed Confidential Information of such party under this Agreement. Notwithstanding the foregoing, Confidential Information may be disclosed to Member County in response to a request made pursuant to the Member County’s applicable state Public Records Law, insofar as disclosure is required by that Law. Member County shall provide Caremark with (i) notice of its intent to disclose Confidential Information, and (ii) an opportunity for Caremark to object to such disclosure in accordance with Law.

b. Non-Disclosure of Confidential Information. The parties will not (except to the extent expressly authorized by this Agreement) disclose Confidential Information of any other to anyone outside of Caremark, Member County or Customer, nor will they copy or reproduce any Confidential Information of another unless expressly authorized to do so by such party in writing. Each party will disclose Confidential Information of another only to its employees who have a need to know the Confidential Information in order to accomplish the purposes of this Agreement, and who (i) have been informed of the confidential and proprietary nature of the Confidential Information, and (ii) have agreed not to disclose it to others. In order to preserve and protect the confidential or proprietary nature of any Confidential Information and to prevent it from falling into the public domain or into the possession of persons not bound to maintain its confidentiality, each party will handle the Confidential Information of any other party with the same degree of care that it applies with respect to its own information that it considers as confidential and proprietary, but in no event with less than reasonable care.

c. Exceptions and Permitted Disclosures. The receiving party of Confidential Information will not be liable for any disclosure or use of Confidential Information which is publicly available or later becomes publicly available other than through a breach of this Agreement, or if the Confidential Information is shown by written documentation to be known to the receiving party on the date of execution of this Agreement, having been received from a source (other than a party to this Agreement) that had the right to disclose the Confidential Information.

d. Subpoena. Confidential Information may be disclosed pursuant to a bona fide subpoena if the party receiving the bona fide subpoena has given the other party prompt written notice of receipt of the subpoena so that the other party can object or otherwise intervene as it deems proper.

e. Return or Destruction of Information. All Confidential Information will remain the property of the disclosing party, and the receiving party will return all written or tangible materials, and all copies thereof, upon request of the disclosing party. If and to the extent feasible, upon termination of this Agreement, Caremark will destroy or will return to Member County or Customer all PHI obtained pursuant to this Agreement and shall retain no copies thereof; provided however, that if such return or destruction is not reasonably feasible, the provisions of Section 4 of this
Agreement shall continue to apply to such information after the termination hereof.

5. Proprietary to Caremark. Member County and Customers acknowledge that the Formulary is proprietary to Caremark. Further, all Caremark databases, as well as the software, hard coding, and logic used to generate the compilations of information contained in Caremark’s Claims adjudication system and in all other databases developed by Caremark or its designers in connection with performing services including identifiers assigned by Caremark, and the format of all reports, printouts, and copies therefrom, and any prior and future versions thereof by any name, are the property of Caremark and are protected by copyright which shall be owned by Caremark.

6. Trademarks; Trademarks; and Service Marks. None of the parties hereto may use any trademarks, tradenames or service marks of another, or any word or symbol likely to be confused with such trademarks, tradenames or service marks, unless authorized in writing or as expressly permitted by this Agreement.

b. Remedies. Any unauthorized disclosure or use of Confidential Information would cause Caremark, Member County or Customer immediate and irreparable injury or loss that cannot be adequately compensated with money damages. Accordingly, if any party hereto fails to comply with this Section 5, the other(s) will be entitled to specific performance including immediate issuance of a temporary restraining order or preliminary injunctive enforcing this Agreement, and to judgment for damages (including reasonable attorneys’ fees) caused by the breach, and to any other remedies provided by Law.

6. LIMITATION OF LIABILITY; COMPLIANCE WITH LAW.

a. Warranty. This Agreement is not a contract for the sale of goods. Caremark will perform the Services in a good and workmanlike manner in accordance with the customs, practices, and standards of providers skilled in the industry. EXCEPT AS WARRANTED IN THIS SECTION 6.a, CAREMARK DISCLAIMS ALL EXPRESS AND IMPLIED WARRANTIES OF ANY KIND, INCLUDING THE SUITABILITY FOR ANY PARTICULAR PURPOSE OF THE DATA GENERATED THROUGH THE CAREMARK SYSTEM. CAREMARK RELIES ON FIRST DATABANK, MEDI-SPAN, OR INDUSTRY COMPARABLE DATABASES IN PROVIDING CUSTOMER, MEMBER COUNTY, AND PARTICIPANTS WITH DRUG UTILIZATION REVIEW SERVICES. CAREMARK HAS UTILIZED DUE DILIGENCE IN COLLECTING AND REPORTING THE INFORMATION CONTAINED IN THE DATABASES AND HAS OBTAINED SUCH INFORMATION FROM SOURCES BELIEVED TO BE RELIABLE. CAREMARK, HOWEVER, DOES NOT WARRANT THE ACCURACY OF REPORTS, ALERTS, CODES, PRICES, OR OTHER DATA CONTAINED IN THE DATABASES. THE CLINICAL INFORMATION CONTAINED IN THE DATABASES AND THE FORMULARY IS INTENDED AS A SUPPLEMENT TO, AND NOT A SUBSTITUTE FOR, THE KNOWLEDGE, EXPERIENCE, SKILL, AND JUDGMENT OF PHYSICIANS, PHARMACISTS, OR OTHER HEALTH-CARE PROFESSIONALS INVOLVED IN PARTICIPANT’S CARE. THE ABSENCE OF A WARNING FOR A GIVEN DRUG OR DRUG COMBINATION SHALL NOT BE CONSTRUED TO INDICATE THAT THE DRUG OR DRUG COMBINATION IS SAFE, APPROPRIATE OR EFFECTIVE FOR ANY PARTICIPANT. CAREMARK DOES NOT WARRANT THAT ITS SERVICES WILL BE UNINTERRUPTED OR ERROR FREE.

b. Force Majeure. Except for the payment obligations set forth in Section 2 of this Agreement, the parties are excused from performance under this Agreement to the extent that a party is prevented from performing any obligation, in whole or in part, as a result of causes beyond its reasonable control, including, acts of God, war, civil disturbance, court order, governmental intervention, change in Law, nonperformance by the other party or any third party, failures or fluctuations in electrical power, heat, light, air conditioning, or telecommunications equipment. Any nonperformance under this Section 6.b will not constitute a default or a ground for termination of this Agreement.

c. Indemnity. To the extent permitted by applicable Law applicable to Customer and each Member County, Customer and Member County shall indemnify and hold harmless Caremark and its officers, directors, employees, agents, successors, and assigns (“Caremark Indemnities”) for, from and against any damages, costs, or attorney’s fees, actually incurred by Caremark or a Caremark Indemnity, as the result of a third party claim that Customer or Member County, its officers, directors, employees, agents, successors, or assigns acted with negligence, willfully, and/or in violation of applicable standards of care, provided that the Caremark Indemnity has acted in a manner that is consistent with this Agreement, the Consumer Care Program and applicable standards of care. The foregoing indemnification shall not apply and shall not be enforceable to the extent any applicable Law prohibits a
Member County from providing such indemnification. To the extent permitted by applicable Law, Caremark shall indemnify and hold harmless Member County, Customer and their officers, directors, employees, agents, successors, and assigns (collectively “Customer Indemnities”) for, from and against any damages, costs, or attorney’s fees, actually incurred by any Customer Indemnitee, as a result of a third party claim that Caremark, its officers, directors, employees, agents, successors, or assigns acted with negligence, willfully, and/or in violation of applicable standards of care, provided that the Customer Indemnity has acted in a manner that is consistent with this Agreement, the Consumer Card Program and applicable standards of care. However, nothing in this Agreement is to be construed as a waiver of governmental immunity as offered by the court or state law.

d. Compliance with Law. Customer and Member County will comply with all Laws applicable to its prescription drug benefit plan, including without limitation insurance licensing, antitrust, consumer protection, and any other Laws that may apply. Caremark has no responsibility to advise Member County or Customer about the applicability of or compliance with any applicable Law including, without limitation, HIPAA, the Employee Retirement Income Security Act, or the Americans with Disabilities Act.

Caremark will comply with all Laws applicable to it and to the Services it provides under this Agreement. Member County and Customer have no responsibility to advise Caremark regarding its compliance with any applicable Law.

Effective as of September 8, 2005, each party certifies that it shall not violate the federal anti-kickback statute, set forth at 42 U.S.C. § 1320a-7(b) (“Anti-Kickback Statute”), or the federal “Stark Law,” set forth at 42 U.S.C. § 1395nn (“Stark Law”), with respect to the performance of its obligations under this Agreement. Further, Caremark shall ensure that individuals meeting the definition of “Covered Persons” (as such term is defined in the Corporate Integrity Agreement between the Office of Inspector General of the Department of Health and Human Services and AdvancedPCS) shall comply with Caremark’s Compliance Program, including training related to the Anti-Kickback Statute and the Stark Law. In addition, Caremark’s Code of Conduct and policies and procedures on the Anti-Kickback Statute and Stark Law may be accessed at http://www.caremark.com/wps/portal/;jsessionid=2-007764.

e. Change in Law. The parties will attempt to equitably adjust the terms of this Agreement to take into account any Change in Law or any material change in drug industry practice that materially alters the rights or obligations of either party under this Agreement. If the parties are unable to agree upon an equitable adjustment within sixty days after either party notifies the other of such a Change in Law or material change in drug industry practice, this Agreement will automatically terminate.

f. Limitations. In no event shall either party be liable to the other party, nor shall Caremark be liable to any Participant for any indirect, special, or consequential damages or lost profits, arising out of or related to performance of this Agreement or a breach of this Agreement, even if advised of the possibility of such damages or lost profits.

Caremark (and its affiliates, directors, employees, agents, successors or assigns) will not be liable for any claim which is asserted by Member County or Customer more than ninety days after Member County or Customer is reasonably should have been aware of such claim, and will in no event be liable for any claim which is asserted more than twelve months after the event resulting in damages or loss.

Caremark does not direct or exercise any control over the professional judgments exercised by any pharmacist in dispensing prescriptions or otherwise providing pharmaceutical related services at a Participating Pharmacy. Participating Pharmacies are independent contractors, not subcontractors of agents of Caremark, and Caremark shall have no liability to Member County or Customer for a claim arising out of any act or omission of any Participating Pharmacy or its agents or employees.

Caremark shall be entitled to rely on First DataBank, Medi-Span or any other nationally available reporting service of pharmaceutical prices selected by Caremark to determine AWP for purposes of establishing the pricing provided to Customer under this Agreement. Customer acknowledges that Caremark does not establish AWP, and Caremark shall have no liability to Customer arising from the use of First DataBank, Medi-Span or any other nationally available reporting service. Customer acknowledges that if the reporting source for determining Customer’s AWP should not continue to support AWP, Customer shall cooperate with Caremark to negotiate the pricing hereunder to maintain the parties’ respective economic position under this Agreement as of the Effective Date.
7. TERM AND TERMINATION OF AGREEMENT.

a. Term. This Agreement is for an initial term of five years from the Effective Date, through December 31, 2016 (the "Initial Term"), and will automatically continue in effect for successive one year terms thereafter, subject to the remaining provisions of this Section.

b. Termination. This Agreement may be terminated as follows:

a. By any party, with or without cause, at the end of the initial Term or any renewal term, by giving written notice to the other at least 60 days prior to the end of such initial Term or renewal term;

b. Automatically, if the parties are unable to agree on an equitable adjustment under Section 6.0 of this Agreement;

c. By any party if another materially defaults in its performance of this Agreement and such default continues without cure for a period of thirty days after the terminating party provides written notice to the defaulting party specifying the nature of the default;

d. By any party, at its option, if any court, or governmental or regulatory agency issues to another party an order or finding of imprisonment or insolvency, or an order to cease and desist from writing business. The party receiving notice of an order or finding must provide the other party written notice within two business days of receipt;

f. By Caremark, immediately on written notice to Member County or Customer, if (i) either party fails to comply with the provisions of Section 3.0 of this Agreement, or (ii) Caremark determines, in its sole discretion that Member County or Customer’s program may not fully comply with all applicable Laws.

7.3 Effect of Termination and Survival.

Sections 4, 5 and 6 of this Agreement, and obligations arising under this Agreement prior to the effective date of any termination, will survive termination.

9. MISCELLANEOUS.

a. Entire Agreement; Interpretation; Amendment; Counterparts. This Agreement (including exhibits, schedules, attachments, or any addendum to this Agreement) constitutes the entire understanding and obligation of the parties with respect to the Services and supersedes any prior agreements, writings, or understandings, whether oral or written. The headings in this Agreement are used only for convenience of reference and do not affect the meaning or interpretation of any provision. The parties may amend this Agreement only through a properly executed writing authorized by both parties. This Agreement may be executed in several counterparts, all of which taken together constitute a single agreement between the parties.

b. Binding Effect; Assignment. This Agreement is binding on the parties and their respective successors and permitted assigns. None of the parties may assign this Agreement in whole or in part, without the prior written consent of the others (which consent will not be unreasonably withheld), except that Carmark may assign this Agreement, in whole or in part, to any entity that controls, is controlled by, or is under common control with Carmark.

c. Independent Contractor; Third Parties. The parties to this Agreement are independent contractors, and have no other legal relationship under or in connection with this Agreement. No term or provision of this Agreement is for the benefit of any person who is not a party hereto (including, without limitation, any Participant or broker), and no such party will have any right or cause of action hereunder.

d. Waivers. Any failure by a party to comply with any covenant, agreement, or condition hereof or in any other agreements or instruments executed and delivered hereunder may be waived in writing by the party in whose favor such obligation or condition runs; except that failure to insist upon exact compliance with any such covenant, agreement, or condition will not operate as a waiver of, or estoppel with respect to, any subsequent or other failure.

e. Severability. In the event any term or provision of this Agreement is declared to be invalid or illegal for any reason, this Agreement will remain in full force and effect and will be interpreted as though such invalid or illegal provision were not a part of this Agreement. The remaining provisions will be construed to preserve the intent and purpose of this Agreement and the parties will negotiate in good faith to modify any invalidated provisions to preserve each party's anticipated benefits.

f. Enforcement Costs. If any party hereto institutes an action or proceeding to enforce any rights arising under this Agreement, the party prevailing in such action or proceeding will be paid all reasonable attorneys' fees and costs to enforce such rights by the other party, such fees and costs to be set by the court, not by a jury, and to be included in the judgment entered in such proceeding.

g. Authority. Each party represents and warrants that it has the necessary power and authority to enter into this Agreement and to consummate the transactions contemplated by this Agreement.

h. Exclusivity. Member County and Customer hereby grant Carmark during the term of this Agreement, and any renewal thereof, the exclusive right to provide a Consumer Card Program to Member County and Customer. This exclusive right is solely applicable to Participants designated by Member County as eligible for the
Member County's discount consumer card program and shall not affect any other benefits or programs provided to Participants by Member County. Member County and Customer further agree that, during the term of this Agreement and any renewals thereof, it will not negotiate, contract, or agree with any drug manufacturer for the purpose of obtaining Rebates or other discounts related to Participants under this Agreement. Member County and Customer also agree to cancel any existing agreements or contracts with any drug manufacturers related to such drug Rebates or discounts as of the Effective Date of this Agreement. In the event of a breach of this Section by Member County or Customer, Caremark may terminate this Agreement. By entering into this Agreement, Customer does not endorse, and Caremark will not represent Customer's endorsement of any other programs or services which Caremark may offer to a Member County or Participant.

1. Drug Classification and Pricing. Caremark shall use the indicators of Medi-Span Master Drug Database (Medi-Span), and their associated files, as updated regularly by Medi-Span, or another nationally available reporting service of pharmaceutical drug information in determining the classification of drugs (e.g., legend vs. over the counter, brand vs. generic, single-source vs. multi-source) for purposes of this Agreement.

j. Customer-Specific Programming. Upon request by the Customer for services or changes to Services that require customized programming or systems work, Caremark will estimate the time and cost for completion of such work. If Customer authorizes Caremark to perform such work, it will pay Caremark the cost of performing such work at the established programming rate.

k. Pricing Assumptions. In addition to any pricing assumptions set forth in any pricing implementation or similar document that is executed by Customer;

(a) Upon thirty (30) days prior written notice to Customer, Caremark may modify or amend the financial provisions in this Agreement in a manner which accounts for the impact of the events identified below. Such notice will include Caremark's explanation of the manner in which the modifications accounts for the impact of the event:

1. Any government imposed or industry-wide change that would impede Caremark's ability to provide the pricing described in this Agreement, including any prohibition or restriction on the ability to receive Rebates or discounts for pharmaceutical products; or
2. A change in any of the pricing assumptions set forth in this Agreement, including, Exhibit A.

(b) Pricing Benchmarks. The parties acknowledge that the pricing indices historically used by Caremark are the basis for the financial offer of this Agreement and are outside the control of the parties. In the event First DataBank, Medi-Span or other nationally available AWP reporting source discontinues the reporting of AWP or changes the manner in which AWP is calculated prior to the Effective Date, or during the Term, then Caremark reserves the right to modify the pricing terms of this Agreement, to be effective as of the Effective Date or such later effective date of such discontinuation or change, as to maintain the parties' relative economic positions as existed immediately before the effective date of such discontinuation or change in the calculation of AWP, as measured across all products on an aggregate basis. Such modifications may include, without limitation, the adjustment of AWP to the methodology relied on by such reporting source prior to such modification of AWP methodology, the adjustment of the AWP discount, or the utilization of alternate pricing benchmarks.

10. Definitions. The following terms and phrases, when capitalized, have the meanings set forth below:

The standard package size applicable to a mail service pharmacy shall mean one hundred (100) units (i.e., pills, tablets, capsules, etc.), unless only a smaller package size is available from the manufacturer, or the actual package size dispensed for liquids and topical treatments. The standard package size applicable to a Participating Pharmacy shall be the actual package size dispensed from a Participating Pharmacy as reported by such Participating Pharmacy to Caremark.

Subject to the terms and conditions of this Agreement, Program Participants utilizing the Program shall receive from the Participating Pharmacies the discount set forth below. Customer Specific Programming or additional services not identified herein will be quoted upon Customer request.

Program Participants will receive an average 23% discount on their prescription drug transactions when prescriptions are purchased at a Participating retail pharmacy, a Caremark Mail or a Caremark SpecialtyRx pharmacy as compared to the pharmacy's aggregate usual and customary price (the cash paying customer price). Program Participants will not pay more for a prescription drug transaction by using the Program. There will be prescription drug transactions under this program that will be priced at the pharmacy's usual and customary price when that price is equal to or more favorable to their contractual discount rate with Caremark.

Prices may vary in certain areas for reasons such as local legal requirements, geographic location, specialized manufacturer processes, limited availability, extraordinary shipping requirements or other factors beyond Caremark's control. Participating Pharmacies shall collect from the Program Participant all applicable taxes for covered items, and Caremark is not liable for the payment of applicable taxes. Caremark does not guarantee Participant savings; the estimate set forth above is based upon anticipated pharmacy network performance. All claims may be aggregated for purposes of determining the actual average discount rate. Actual discount rates may vary by drug, Participating Pharmacy, Caremark Mail Pharmacy and Caremark SpecialtyRx Pharmacy. Certain retail, mail, and Specialty claims may be excluded from these rates, including but not limited to Claims for select injectable drugs and select oral drugs that are bio-technical in nature, compound drugs, and those requiring special handling.

Mr. Wehrli stated that this item will go to the County Board on Tuesday, and to the Finance Committee later today.

From Admin HR Committee:
- Cable Television Franchise Agreement by and Between the County of Kendall, Illinois and CMN-RUS, Inc. – Lynn Cullick said that this item will come to the full board for approval on Tuesday. Jeff Wilkins introduced Kathy Scheller from MetroNet Holdings, and said that the agreement would be for internet only, and for unincorporated portions of the County. Mr. Wilkins explained that the County has met with MetroNet, Oswego, Oswego Township, Montgomery, Sugar Grove, Plainfield, Yorkville, North Aurora, which have their own separate franchise agreements. MetroNet has agreements with
Romeoville, Plainfield, and Bloomington-Normal, and are now working with Montgomery and Kendall County. Mr. Wilkins stated that MetroNet offers cable, phone service, and video. Mr. Wilkins said our franchise is for strictly for unincorporated portions of Kendall County for cable video. Mr. Wilkins said the County’s roll is to hold a public hearing, and to approve the franchise agreement.

Mr. Wilkins stated that the franchise agreement has been reviewed by ASA David Berault, who offered some suggestions, that were implemented into the agreement.

Ms. Scheller said that they are very excited to offer this world-class infrastructure to Kendall County. She said they just achieved the local franchise agreement in Oswego, and said that once they begin to achieve those local franchise agreements, they start to mobilize immediately. They have the opportunity to work on permitting and such with the appropriate parties, and she will do that with the townships within Kendall County as well.

Ms. Scheller stated they are very excited to offer the lowest offering of 100 over 25, and internet speeds up to 1 gig for the home. Ms. Scheller also reviewed some of the pricing that will be offered to citizens. They will attempt to go into the Boulder Hill area first, and offer the opportunity to try all three products first. The unique thing about their company is that they are so sure about the product and the value of it, is that they have no residential contracts.

Ms. Scheller said that they are excited that after 18 months of meetings, they are finally able to offer another competitor in the region and the winner will be the citizen’s because they now have other choices.

From Kendall County Sheriff:

- **Review and Approval of Bid for PSC/Courthouse Security System Upgrade** – Sheriff Baird introduced the Dewberry staff, and said that Dewberry received four bids for the security system upgrade, with the two lowest bids being from Stanley Convergent Security Solutions and Security Automation System.

  Dewberry validated the bids to ensure they met all specifications of the bid, and the references were checked of the two companies and any sub-contractors listed to perform work. They chose to remove the highest bid.

  Sheriff Baird said the bid total is $3,600,655, that will come to the Board for approval at Tuesday’s Board meeting. Sheriff Baird thanked Mike Morland and Craig Clary from Dewberry, Jim Smiley, Facilities Management Director, Scott Koeppel, Technology Services Director, and Deputy Commander Joe Gillespie for their work on this project.
Member Purcell questioned the additional costs of $265,000 for Video Visitation, and the Dewberry Fee of $217,000, with the total cost being more than the Dewberry estimate for the project. Mike Morland from Dewberry explained that the bids came in higher than their estimate. Craig Clary from Dewberry explained that the alternates that they are taking weren’t with the original scope of the project, so the County is actually getting some added features with the cost that they received back from the bidders.

Sheriff Baird said that in addition to the $3,000,000, there is a contingency fund of $269,000, which is ten percent, and has been discussed by the Board throughout the plan design stage of the project. Dewberry recommends going with the high end for a contingency fund, to ensure there is funds available if needed.

Further discussion on a project sub-committee comprised of Jim Smiley, Facilities Management Director, Scott Koeppel, Technology Services Director, Deputy Commander Joe Gillespie, Jeff Wilkins, County Administrator, and Board Member Matthew Prochaska as the lead person.

There was consensus by the committee to authorize the sub-committee to make any decisions be made up to the amount of $10,000, and anything above that would go to the full Board for approval. Mr. Wilkins said that any changes made could be reported back to the Board. Mr. Moreland said that contingency funds would be used for unforeseen conditions.

Mike Moreland said that the timeframe for the completed project would be 15 to 18 months.

From Public Safety Committee:

- Review and Approval of RFP for Video Visitation – Deputy Commander Joe Gillespie explained that the Video Bond Call and Visitation project would be better served if it was pulled out from the main project and sent out to specialty people who deal with this system on a daily basis. Deputy Gillespie said they carried $265,000, but hope to get a more finite number after bids are received. Commander Gillespie said that Dewberry will continue to coordinate with the County and vendors on this project. Mr. Moreland stated that there would be a minimum of bi-weekly meetings with the project manager, Dewberry, Security Integrator, the Video Bond Call/Video Visitation people and the County throughout the project.

Judge McCann stated that the addition of courtrooms to the second floor of the Courthouse is at least 5-years out. Judge McCann said that they could add one room on to the West of the building. Judge McCann said that if the economy kicks off and there is need for expansion, these issues will need to be addressed.
Judge McCann said the systems they are reviewing will do more than just provide for video bond call and video visitation, but will also provide remote access for the Public Defender’s office, Court Services, Judicial, and the State’s Attorney’s office with inmates, and will also allow access for court inmate appearances, and remote visits between inmates and their families.

*From Health & Environment Committee:*

Member Gilmour reported that the staff at the Health Department initially reviewed the ordinance for state compliance and streamlined some the language and brought the ordinance up to state code. A group comprised of Steve Curatti, Aaron Rybski, Scott Gryder, Judy Gilmour, Dr. Tokars, Brian Holdiman and Jeff Wilkins met twice to review the ordinance and to make suggestions or recommendations.

- **Discussion of the Food Protection Ordinance** – The H & E committee reviewed the ordinance and made suggestions to Section 5, 7 and 13, which will be implemented prior to the County Board meeting.

- **Discussion of the Water Supplies Ordinance** – Member Gilmour reviewed the recommendations in Section 11 by the H & E Committee, which will be included in the ordinance presented to the County Board.

- **Discussion of the Wastewater Treatment System Ordinance** – Member Gilmour Stated that the H & E committee suggested language changes in Section 1. Member Purcell stated that he recalled that the H & E Committee wanted the language that was proposed by paragraph two because the language in paragraph one wasn’t clear. **There was consensus by the committee to adopt paragraph two.** Member Gilmour reviewed Section 10, #5 and #6 of the ordinance with the committee, and said that the State’s Attorney’s Office wanted to include a definition of the distance in the ordinance, and the committee was to choose which paragraph. Assistant State’s Attorney Leslie Johnson said the goal was to try and assist those completing the permit application and having a clarity that they needed so that they are not misinformed. **There was consensus by the committee to include “on the subject property” for numbers 5 & 6.**

Member Gilmour reviewed Section 13, Fees, and said the Penalty section the H & E Committee recommended “the amounts of not less $100, and no more than $1,000” added to this section.

**There was consensus by the committee to forward all three ordinances forwarded to the County Board for approval, and then forwarded to the state for review and recommendation.**
