Kendall County Sheriff’s Office Receives A Donation of Goodie Bags From Community Heroes Appreciation Organization

The Kendall County Sheriff’s Office received a donation of goodie bags from an organization called “Community Heroes Appreciation”. This organization’s main mission is to get the community together to show support and appreciation towards first responders.

“My inspiration is that I know the effects that this job has not only on an individual but on the family,” said founder of the company Kami Terry whose father is a retired police officer.

504 goodie bags were put together from a fund raising event held at a local business in Yorkville IL recently. Goodie bags were then distributed to the Sheriff’s Office, and the other municipalities located within Kendall County and will also be provided to the Aurora Police Department. The Goodie bags will be given to children by the police officer when he or she has to respond to their residence for a domestic violence related call.

Community Heroes Appreciation plans on doing more fund raising events in the future for more information you can check out their web site Communityheroesappreciation.org

The Kendall County Sheriff’s Office is thankful for the support from organizations such as Community Heroes Appreciation
