Kendall County Sheriff’s Office is Proud to Announce  
National Drug Take Back Day

The Kendall County Sheriff’s Office is participating in “National Drug Take Back Day” on Saturday April 29, 2017. The National Drug Take Back Day is to provide the residents with a safe and environmentally responsible way to dispose of unwanted, unused or expired medications, including all prescription medications.

To accommodate those interested in participating in this event, the Kendall County Sheriff’s Office will be open to the public this Saturday from the hours of 8am to 4:00pm. Drugs can be dropped off with no questions asked.

We would like to remind the public the Kendall County Sheriff’s Office Drug Unit is also open to the public Monday through Friday from the hours of 8am to 4:30pm excluding County holidays. In the event a request is needed for after hours, citizens are urged to call the Sheriff’s Office number at 630-553-7500 ext 1145, or push the call box button located in the vestibule of the Sheriff’s Office.

Sheriff Dwight Baird said, “This self service medication drop box allows the public to safely and anonymously dispose of unwanted or unused medications. By disposing of them in this safe manner, we keep them out of the hands of teens and people who may choose to use or sell them to others for unintended purposes. We are also avoiding contaminating water sources by not flushing them down the toilet. This program has been very successful and we encourage people to continue to utilize the drop box.”
