PETITIONS
#13-31 Candice Hadley
Planner Angela Zubko explained the request of the petitioner; Candice Hadley, is requesting a special use in the R-3 District to hold weddings and special events on site. This use would be considered a unique use: (Uses, not otherwise listed herein, may be granted special use approval if such uses conform to the purpose, goals and objectives of the Residential Zoning Districts as described in Section 8.01.) The property is located at 1542 Plainfield Road on the south side of Plainfield Road about 1.1 miles west of Ridge Road. Currently the petitioner has a special use on the property for a bed and breakfast, this special use will stay with the property and the proposed special use will be a separate special use. The reason is that Bed and Breakfasts are no longer permitted as a special use in the R-3 Residential District so the use will stay as a legal non-conforming use and would not be altered. The Zoning Ordinance does allow for banquet halls in the A-1 Agricultural district as a special use subject to the following conditions:
   a. The facility shall have direct access to a road designated as an arterial roadway or major collector road as identified in the Land Resource Management Plan.
   b. The subject parcel must be a minimum of 5 acres.

KCRPC Meeting Minutes from 1.22.14
c. The use of this property shall be in compliance with all applicable ordinances. The banquet facility shall conform to the regulations of the Kendall County Health Department and the Kendall County Liquor Control Ordinance. (Ord. 99-34)
d. Off-street parking, lighting and landscaping shall be provided in accordance with the provisions of Section 11 of the zoning ordinance.
e. All signage shall comply with the provisions of Section 12 of the Kendall County Zoning Ordinance.
f. Retail sales are permitted as long as the retail sales will be ancillary to the main operation.
g. The noise regulations are as follows:
   Day Hours: 7:00 A.M. to 10:00 P.M. not to exceed sixty five (65) dBA
   Night Hours: 10:00 P.M. to 7:00 A.M. not to exceed fifty five (55) dBA

This home is historic and eligible to apply for the National Registry of Historic Places. The house was built in 1865 by Gilbert Gaylord. The petitioner would meet all the requirements in the A-1 District and this property is unique therefore staff feels it falls under a unique use. The petitioner would like to hold catered events and weddings on site for a maximum of 100 guests held from May through October. The petitioner proposes to use a tent for events. No new buildings are proposed so the site will be used as is. The petitioner has stated that there is ample parking available in the field in the northeast corner of the property, as well as on the blacktop behind the home which was expanded to allow school bus turn-around. This road is the jurisdiction of the Kendall County Highway Department and the access to the site already exists. The property has a moon shaped driveway. The petitioner proposes to most events will take place Friday through Sunday and will be in compliance with the County's noise ordinance. The petitioners have stated that portable toilets would be brought on premises for guests to minimize the impact on the septic system. The property currently has two septic systems and fields; and the field on the east side of the home was replaced within the past 10 years. The petitioner received approval at the December 10th Oswego Township board and has already contacted the Village of Plainfield to do a 1.5 mile review of the proposed project.

Staff is comfortable with this request and recommends approval. If approved, Staff recommends the following conditions be placed on the controlling ordinance approving the R-3 Special Use:

1. The principal use of the property is for residential purposes.
2. A maximum of 100 persons at any one time
3. All events must end at 10pm on weeknights and 11pm on weekends.
4. All events must be catered unless modifications are made to the kitchen and approved by the Health Department.
5. Compliance with applicable building codes and securing of the required permits associated with any proposed remodeling, alteration, construction or expansion of existing and proposed structures on the premises.
The ZPAC Committee recommended approval but the following was brought up: the speed limit of 55mph, the dangerous curve near the driveway, parking and use of existing outbuildings on the property.

Mr. Lavine asked if all the buildings on the plat of survey still exists. Planner Zubko stated yes all buildings still exist.

Ms. Wilson asked if handicapped parking was needed. Planner Zubko stated there is plenty of blacktop for handicapped parking and her son is in a wheelchair. Ms. Wilson asked about the porta-potties and if they stay on the property or are removed. The Petitioner stated it would depend on how many events would take place on the property and how close the events are to take place. Ms. Wilson asked if the house would be used for any events. Ms. Hadley stated not at this time as there are other issues to take place, building codes and Health Department, etc. Ms. Claire wanted to clarify what special events would include. Ms. Hadley stated the reception would most likely take place on the property. Ms. Hadley has talked to most of her neighbors and none had any objection.

Mr. Sidles asked if this would be setting a precedent to other R-3 zoning lots? Planner Zubko stated this property is unique in that it’s a historic home and does meet all the requirements of the A-1 district.

With no further suggestions or changes Larry Nelson made a motion, seconded by Budd Wormley to recommend approval and forward the petition onto the Special Use Hearing Officer with staff’s 5 suggested conditions. A roll call vote all were in favor.

Larry Nelson made a motion to have a lit sign only lit during the event and not to exceed 16 square feet in size. The lights must go off no later than the times specified in the special use. No electronic billboard or sign. Budd Wormley seconded the motion. A roll call vote all were in favor of the sign.

REVIEW OF PETITIONS THAT WENT TO COUNTY BOARD
13-26 Green Organics Inc.- was continued due to a few minor things to get worked out, will be on the Feb. 4th County Board agenda.

CITIZENS TO BE HEARD
No more citizens were there to talk

There was some discussion on un-tasteful signs.

NEW BUSINESS
Elections of Officers- Planner Zubko stated it’s that time of the year again to elect officers. Larry Nelson made a motion to nominate and re-elect everyone as it, Bill Ashton as Chairman, Budd Wormley as Vice Chair, Larry Nelson as secretary and treasurer and Planner Zubko and recording secretary. Tom Casey seconded the
motion. All were in favor and everyone is to stay the same.

OLD BUSINESS
Review of By-laws and motion to approve the changes to the notification process (will vote on at the next meeting)- Planner Zubko stated that last month we discussed the changes but it wasn’t on the agenda. This month we need a motion to amend the bylaws and we will vote next month. Larry Nelson made a motion to be 500’ within the parcel be zoned, and delete the last sentence in Article V, seconded by Claire Wilson to approve to amend the by-laws. With a roll call vote 6 out of 7 voted yes with Bill Ashton being the no vote in favor of those changes. Mr. Ashton does not like the idea since it’s a donut taken out of a larger.

Planner Zubko wanted to bring up possible changes to the LRMP with respect to Kendall Township and NaAuSay Township. Planner Zubko stated this will be on next month’s meeting.

There was a discussion on issues in the Murdo Mackenzie subdivision out in Plattville.

ADJOURNMENT

ACTION SUMMARY

TOWNSHIP (Fox) The petitioners are on the February 10th Township Board meeting agenda

MUNICIPALITY (Millbrook) The Village of Millbrook will discuss this at their next meeting.

ZPAC 2.3.14 The ZPAC Committee recommended approval and the Health Department just wanted to give them a heads up that the codes have changed and to feel free to contact them at anytime to help aid in the planning process in case there are increased costs.

REQUESTED ACTION

GENERAL Approval of a major amendment to an existing Special Use Permit to modify the site plan and expand the special use to pin numbers 04-17-100-002 & 04-17-300-007. The grounds are utilized all year long.

HISTORY In 1971 Homer and Alice Dickson deeded a 108 acre tract of land for the Christian Camping International for an office headquarters for the Worldwide Ministry and also be the base camp for a Christian Ministry to youth in the Fox Valley. A 4,000 square foot building was immediately built to serve as the International Center and
an attractive building with bath facilities in a separate building nearby were constructed to serve as a craft and recreation center for a Day Camp program for children of Kendall County and surrounding areas.

In 1981 for reasons of proximity and efficiency the office operations were moved to Wheaton. This left the office space available for an expanded youth ministry. The Trustees saw this as an opportunity to enlarge the youth ministry in fulfillment of their commitment to the Dickson's and operate the site as a camp. A plan was developed to modify the office building to serve as a camp center with kitchen dining facilities, meeting and guest rooms. The craft shop was converted into a four-room dormitory.

The property was leased to Youth for Christ for a 30 year term and a joint committee comprised of CCI Trustees and UFC Directors was formed to create policies for long-range development and evaluation.

As of 1983 the camp was known as The Dickson Valley Camp and Retreat Center and had a capacity of 50 resident's campers and 80 as daytime guests which is when they proposed the special use and requested 150 children in a residential or day camp basis.

Today they are known as The Dickson Valley Ministries and would like include the adoption of a new long range site plan and a revision of the conditions under which the ministry operates. Some of the conditions, which served a good purpose for a new ministry starting out in this community in those days are currently either outdated or can be a detriment to their daily operational and emergency needs and the needs of future growth.

Dickson Valley Camp has served churches, ministries and public and private schools for the past 30 years. In 1988 the number of groups using the site was 75 with about 2,000 people in attendance. In 2013 they served about 190 groups with over 7,600 people in attendance, 86% which are youth. Dickson Valley serves as many as 140 different churches a year from within a four state area and has worked with public schools from Plano, Newark, Aurora, Parkview Christian Academy and a long term relationship with Kendall County Operation Snowball.

**SIGNAGE** A lighted entrance sign already exists on the property and was granted permission from Ordinance 2002-12.

**ACCESS** The property already has 3 access points off Finnie Road going south, 1 entrance to the Director's Lodge, one going to the main grounds and one more on the east boundary which is a maintenance road. The petitioner also has access off Finnie Road going north to an existing lodge, the Acorn Lodge. The petitioner is proposing one more access point north of Finnie Road to remote camp parking. Staff proposes to line up that entrance with the entrance to the south if possible.

**FLOODPLAIN** Most of the southern property is covered with wetlands and floodway, the area is also referred to as the Sedge Meadow and is a Illinois Natural Area Inventory Site and a Natural Heritage Landmark.
FUTURE PROJECTS

Through mostly donated funds and volunteer labor, the ministry of Dickson Valley plan to undertake the following projects:

Petitioner: Dickson Valley Ministries, DBA Dickson Valley Camp & Retreat Center  
8250 Finnie Rd. Newark, IL 60541-9573  630-553-6233

Dickson Valley Ministries would like to request a review of our A1SU zoning which would include the adoption of a new long range site plan and a revision of the conditions under which the ministry operates. The board of Dickson Valley Ministries would like the purpose of this petition to bring the current Special Use Zoning agreement up to date, making sure that it covers the extent of all our physical property and to adjust or remove some of the original conditions that have been in place since the original zoning hearings in 1983. Some of these conditions which served a good purpose for a new ministry starting out in this community in those days are currently either outdated or can be a detriment to our daily operational and emergency needs and the needs of future growth.

Dickson Valley Camp & Retreat Center has served churches, ministries and public and private schools for these past 30 years. In 1988 the number of groups using Dickson Valley was 75 with about 2,000 people in attendance. In 2013 we are excited that we can serve around 190 groups with over 7,600 people in attendance, 86% or which are youth. We continually give thanks for all the blessings God has provided and, as with any business, know that our location is one of those key provisions we are blessed with. Our setting in Kendall County, along the Fox River, has been key to our growth which has far outpace most other Christian camps our size. It was a generous gift from Homer and Alice Dickson of Yorkville that made this ministry possible and the ongoing relationships with the family that have helped it grow.

Over these years we have been excited to develop long term relationships with most of the organizations that we partner with. Dickson Valley serves as many as 140 different churches a year from within a four state area and has worked with public schools from Plano, Newark and Aurora, Parkview Christian Academy, and a long term relationship with Kendall County Operation Snowball. It has been a an extreme blessing and pleasure to have Kendall County as our home and we consider our original Special Use Zoning as blessing that has allowed us to grow to what we are today. We are looking forward to our next 30 years of doing more significant ministry and impacting more lives for Christ.
OVERVIEW OF OPERATION:
Dickson Valley Camp & Retreat Center is a twelve month, 365 day a year ministry. We partner with churches, ministries and public and private schools to help them run youth retreats, summer camps, outdoor education and other programs that can benefit from being in a remote natural setting. We do not have any facilities that are open to the public, instead we choose to work with intact groups only from these organizations or provide our own highly structured programs.

The camp has about equal usage during the months of September through May as we due during the summer months of June through August. We provide full on sight housing for all guests and campers, lots of activities to keep everyone busy and engaged in the setting, meeting spaces and top of the line food service for all in attendance. On sight we also provide housing for our seasonal staff, year round intern program and full time long term staff that are integral to the 24 hour programs that go on at camp. Dickson Valley Ministries also provides support ministries for pastors through our Lifting Arms coaching ministry. More details of the ministries are available at www.dicksonvalley.com and www.liftingarms.com

HISTORY OF OWNERSHIP:
In 1983 the original Special Use Zoning was setup with Christian Camping International, US Division. That not-for-profit corporation worked with Metro Chicago Youth For Christ to develop the early stages of the camp and start it on its ministry growth.

In 1988 those organizations transferred ownership to the newly formed not-for-profit Dickson Valley Corporation formed from members of both previous organizations.

In 2011 an update to Dickson Valley Corporations founding documents included the name change to Dickson Valley Ministries with the DBA of Dickson Valley Camp & Retreat Center (Supporting documents to be attached)

FUTURE DEVELOPMENT PLANNING:
Countless people have been a part of the development of the camp to this point and good planning was key to providing a very functional property today. As the Dickson Valley Ministries board looks to the future the same level of leadership is involved in making plans based on the latest programmatic needs and the wisdom of what makes for the most significant and impactful ministry. The board looks to our foundational purpose and core values to guide these plans.

Purpose Statement:
- Dickson Valley Ministries seeks to bring individuals to a strong and personal relationship with Jesus Christ and His Word, through unique programs, services and partnerships that joyfully support and encourage the ongoing work of Christ in and through His Church.

Core Values
- Without God’s sovereign Grace, the Love revealed through Christ and guidance from the Holy Spirit we can do nothing.
- We are passionate about serving and working through the Church.
- We are committed to encouraging and developing our staff as keys to our ministry.
- We are diligent at providing creative and unique experiences.
- We are dutiful in using the natural setting.
LONG RANGE FACILITIES PLANS (Maps and supporting documents to be attached)

The facilities planning process includes the key desire to not overbuild this property. The board is always looking for the right balance of maximum usage but with minimal impact. All future planning will avoid impacting the flood plain areas, the Dickson Sedge Meadow Natural Heritage Landmark area and the predominantly wooded areas. We will also continue to steward and oversee those areas.

Within the forceable future the ministry of Dickson Valley will seek, through mostly donated funds and volunteer labor, to undertake these following projects (no particular order):

- Development of area with single cabins, housing up to 72 beds,
- Year round Programs Lodging, two near front entrance,
- Maintaining a lighted sign at the main Finnic Rd. entrance,
- Addition to Directors Lodge/Front office,
- Day camp area with open air pavilion and restrooms,
- New road at west edge of lake accessing new parking area,
- 400 seat Chapel pavilion,
- Small rustic campsite area only for churches wanting a little more remote setting,
- 3-4 RV spots for volunteers and leaders only,
- Structures and storage areas at maintenance shop as needed,
- Remodels of current lodges (including but not limited to Whitaker Lodge, Acorn Lodge, Silver Fox Lodge and Dickson Lodge) providing addition housing up to 72 beds.
- Reforestation of some of the flood plain areas,
- Addition to Chrousler Lodge dining room if needed.

These projects would each be contingent on the permitting bodies regulating each individually, i.e. KC Public Health Department, Illinois Department of Public Health, KC Planning, Building & Zoning, Sandwich Fire Protection District and Fox Township Highway Department.

MINUTES

Fran Klaas made a motion, seconded by Aaron Rybski, to approve the December 2, 2013 meeting minutes. All were in favor and the motion carried.

PETITIONS

#14-02 Dickson Valley Ministries
Planner Angela Zubko did an overview of the request stating the property is located at 8240 Finnie Road on the north and south side of Finnie Road, 0.8 miles south of Finnie & Rogers Road. The petitioners are seeking approval of a major amendment to an existing Special Use Permit to modify the site plan and expand the special use to pin numbers 04-17-100-002 & 04-17-300-007. The entire property is 160 acres. The grounds are utilized all year long and their current special use is for a camp and retreat center. The center started in 1971, in the report is a lot of history of the property but Planner Zubko will not go over it at this time. Over the years the petitioners have updated their special use and have updated their site plan and conditions. The petitioners are looking to keep the lit sign which was the last amendment in 2002. The property currently has 2 access points off Finnie Road going south, 1 entrance to the Director’s Lodge and the other going to the main grounds. The petitioner also has access off Finnie Road going north to an existing Oulund Chalet. The petitioner is proposing one more access point north of Finnie Road to remote camp parking. Staff proposes to line up that entrance with the entrance to the south but will defer to Fran Klaas from the Highway Department on the entrance. Most of the southern property is covered with wetlands and floodway, the area is also referred to as the Sedge Meadow and is an Illinois Natural Area Inventory Site and a Natural Heritage Landmark. The report shows where most of the floodplain exists which is most of the southern property. Through mostly donated funds and volunteer labor, the ministry of Dickson Valley plan to undertake the following projects:

Development of area with single cabins, housing up to 72 beds
Year round Programs Lodging, two near front entrance
Maintaining a lighted sign at the main Finnie Road entrance
Addition to Directors Lodge/Front office
Day camp area with open air pavilion and restrooms
New road at west edge of lake accessing new parking area
400 seat Chapel pavilion
Small rustic campsite area only for churches wanting a little more remote setting
3-4 RV spots for volunteers and leaders only
Structures and storage areas at maintenance shop as needed
Remodels of current lodges (including but not limited to Whitaker Lodge, Acorn Lodge, Silver Fox Lodge and Dickson Lodge) providing additional housing up to 72 beds
Reforestation of some of the floodplain areas
Addition to Chruiser Lodge dining room if needed

Also in the report were previous conditions placed on the special use and staff proposed to meet with the petitioner to update those conditions before the next meeting. Also in the packet is the site development plan and Mark Caldwell from the Dickson Valley Ministries is in attendance to answer any questions. Staff recommends approval of the requested major amendment to their special use.

Mr. Caldwell introduced himself and stated he's been with Dickson Valley since 1989. He also stated the projects are a wish list and might not be completed for awhile due to timing and funds.

Mr. Fran Klaas stated he was not too concerned about the entrances lining up due to the lack of traffic on Finnie Road. Mr. Caldwell stated they were trying to offset the entrance to make it a little less noticeable since its parking for remote camping.

Mr. Phil Smith stated they've received one police call in the last 3 years and it was for a stolen cell phone. The Sheriff's office does not have any concerns at this time. Mr. Smith did ask about the RV's and about of over-night stays. Mr. Caldwell stated they are not looking to be a campground but there are retired volunteers that travel around in RV's so they are only hoping to have 3-4 spots for volunteers to help. Mr. Caldwell stated there is more growth potential due to group sizes but have gotten into day-camps a lot more recently.

Mr. Aaron Rybski stated to feel free to always contact the health department and work closely work with them. The codes have changed as of October so this could make it a little more complex and cost a little more than normal depending on the type of system. They did discuss if they were a non-community water supply and to contact the State if needed. Mr. Caldwell stated they have already been discussing sharing wells, etc. as they already have a lot of capacity existing on the site. Mr. Caldwell also stated they will be looking into the future for storm water as well.

With no further comments Phil Smith made a motion, seconded by Fran Klaas to approve the special use and forward the petition onto the Plan Commission meeting in February. All were in favor and the motion carried.

**#14-03 Plat of Vacation**
Planner Angela Zubko explained that last year we revised the text of the subdivision regulations to have plats of vacation/consolidations come to the ZPAC Committee and then onto the PBZ Committee. The petitioners, Kenneth and Penny Zollinger are looking to consolidate lots 42 and 43 of the Henneberry Woods Subdivision. The petitioner is looking to vacate the east public utility easement on lot 43 and vacate the west public utility easement on lot 42. The 15' public utility easement on the north will extend across lot 43 and end at 42 as shown on the subdivision plat and the eastern 7.5' public utility easement on Lot 42 and the western 7.5' public utility easement of lot 43 will remain. After the granting of the plat of vacation the ultimate goal is to combine the two lots to make one large lot and build a house in the middle of the lots. To apply for the building permit the petitioner will need to get a plat of survey showing both lots combined together and the appropriate easements and setback lines.

Mr. Fran Klaas asked if any utilities exist currently on the property and Planner Zubko stated no utilities exist, the lot is vacant.

With no comments Fran Klaas made a motion, seconded by Aaron Rybski to approve the plat and forward the petition onto the next Planning, Building and Zoning meeting in February. All were in favor and the motion carried.

Planning Building & Zoning

On May 22, 2013 Kendall and Na-Au-Say Townships met to discuss possible changes to the residential zoning. We would like to eliminate RPD zoning and allow only R-1 R-2 or R-3 Residence Districts. If a developer would desire open space, we would like any retention ponds, bike or hiking trails, to be counted as open space. One acre lots would me the minimum lot size if well and septic are used.

Mr. Ashton:

This letter is to express opinion on an issue presented by Andy Myers, Kendall Township Plan Commission Chair, and discussed at the February 2, 2013 Kendall County Regional Planning Commission Annual Meeting.

The consensus of the Na Au Say Township Plan Commission members is that single-family-home lot size in county developments should be one-acre minimum.

This size is to accommodate a swimming pool, often desired in rural development, and a septic field. As a result of this larger size lot, the septic field would not, and should not, encroach upon "open space" or common areas. When his/her septic field is not on the homeowner's property, the homeowner may not take the necessary responsibility for that septic field.

In addition, the larger lots would lessen open space and common areas within a development, and therefore would minimize the responsibility home owners and/or associations have for those areas.

Sincerely,

RE: Sizing of Single Family Home Lots

Dear Mr. Ashton:

   This letter is to express opinion on an issue presented by Andy Myers, Kendall Township Plan Commission Chair, and discussed at the February 2, 2013 Kendall County Regional Planning Commission Annual Meeting.

   The consensus of the Na Au Say Township Board of Trustees is to concur with the Na Au Say Township Planning Commission that single-family-home lot size in county developments should be one-acre minimum.

   This size is to accommodate a swimming pool, often desired in rural development, and a septic field. As a result of this larger size lot, home owners septic field would not, and should not, encroach upon “open space” or common areas. When his/her septic field is not on the homeowner’s property, the homeowner may not take the necessary responsibility for that septic field. Additionally, the larger lots would lessen open space and common areas, and therefore would minimize the responsibility home owners and/or associations have for those areas.

Sincerely,

Ken Hostert
Supervisor, Na Au Say Township Board of Trustees

RE: Na Au Say Township Planning Commission

Dear Ms. Zubko:

The Na Au Say Township Board of Trustees met on February 11th, 2013 and reviewed a letter dated February 4, 2013 addressed to you from the Na Au Say Township Planning Commission. A motion to endorse the letter was approved by the Township Board of Trustees. A copy of the Na Au Say Township Planning Commission’s letter is attached.

The Na Au Say Township Board of Trustees fully supports the ideals of local government and keeping a strong link with the residence of the area so that their feedback is heard and clearly communicated to government. Continued use of the Township planning commission, its recommendations to the township Board of Trustees, and ultimately to the County is an important part of the feedback mechanism from the residence of the Township. Additionally, the Board of Trustees believes the documentation given to prospective applicants should clearly indicate the presentations of their proposals to the Township Planning Commission and Board of Trustees as a part of the overall process. In this way, the Na Au Say Township Board believes the interests of both the applicants and existing residences can be heard and considered starting at a local level. The Board’s aim in this matter is to clear up any possible ambiguity, expedite the applicant’s request, and allow for local input at the lowest levels of government.

Very truly,

Na Au Say Township Supervisor

Eliminate RPD zoning and allow only R-1, R-2 or R-3 Residence Districts.

If a developer would desire open space, we would like any retention ponds, bike or hiking trails, to be counted as open space.

One acre lots minimum if well and septic are used

No septic on open space lots like Henneberry Woods

Less open space to maintain
