EXPENDITURE REPORT
The Committee reviewed the claims report. Motion by Member Kellogg, seconded by Member Cullick, to approve the claims report. With a voice vote of four ayes, the motion carried.

Mr. Asselmeier reported that Scott Koeppel wanted to know if the Committee still desired to receive the expenditure report because the bills listed in the report have already been paid. The consensus of the Committee was to continue receiving the expenditure report.

PUBLIC COMMENT
Bill Kunke, Minooka, discussed the August 7, 2017 letter to Carlos and Tracy Davis RE: Potential Stormwater Management Ordinance Violation at 15875 Ridge Road. Mr. Kunke is a neighbor and he is concerned about the quality of the dirt dumped at the site. He is also concerned that the dirt will get into the Aux Sable Creek and cause flooding problems to his farm, house and well downstream of the site and the drainage area in general. Mr. Davidson asked if the property is a wetland. Mr. Kunke said the land was a drainage flow area. Mr. Davidson said that the Committee will see if the property is a wetland and amount of dirt dumped at the site.
PETITIONS

Petition 17-19 - Pulte Group Representing Dave Hamman Requested a Renewal of the Special Use Permit Granted by Ordinance 2004-43 Allowing the Placement of a Commercial Off-Premise Advertising Structure (Billboard) on the Parcel Identified as 03-01-127-006 and Revoking the Special Use Permit for the Placement of a Commercial Off-Premise Advertising Structure (Billboard) on the Parcel Identified as 03-01-127-004 and Located in the 600 Block of Route 34 on the East Side of the Street at the Corner of Route 34 and Hafenrichter (Farnsworth) in Oswego Township.

Mr. Asselmeier summarized the request. The Pulte Group would like to renew the special use permit for a billboard at the property identified by parcel identification number 03-01-127-006 and revoke the special use permit for a billboard on the property identified by parcel identification number 03-01-127-004. This proposal applies to the sign advertising the Pulte Development. The proposal does not include the big billboard on the property 03-01-127-004.

Staff is still searching for the ordinance that allowed that billboard. The existing special use permit required the sign to be renewed every three (3) years. The sign was moved to get into compliance with the Kendall County signage regulations; the Pulte Group is required to get a building permit because the sign was relocated.

Oswego Township expressed no opposition to this proposal. The City of Aurora has not submitted comments on this proposal. ZPAC unanimously recommended approval of the proposal provided that the placement requirements of the Zoning Ordinance were met. The Kendall County Regional Planning Commission unanimously recommended approval at their meeting. The Special Use Hearing Officer recommended approval of the proposal with Staff’s recommended restrictions.

Mr. Asselmeier listed the recommended conditions proposed by Staff:

1. The rendering of the sign and map depicting the location of the sign shall be Exhibits in the approval ordinance.

2. The sign will be removed or Pulte Group (or their successors) will apply to renew their special use in two (2) years from the date of approval of this ordinance by the County Board.

3. The sign will not be illuminated.

4. The advertising on the sign is restricted to Pulte Group’s residential development.

5. The special use permit awarded by Ordinance 2004-43 to the property identified by Parcel ID Number 03-01-127-004 for an off-premise advertising structure is revoked with the adoption of this ordinance.

6. The owners of the off-premise advertising structure allowed by this special use permit shall obtain a building permit for the structure.

7. The off-premise advertising structure allowed by this special use permit shall follow all applicable Federal, State and Local laws related to this type of use including, but not limited to, the distance from property line requirements of the Kendall County Zoning Ordinance.
8. Failure to comply with the above regulations and restrictions could result in the revocation of the special use permit.

9. If one or more of the above conditions is declared invalid by a court of competent jurisdiction, the remaining conditions shall remain valid.

Patrick Cook, representing Pulte Group, stated that he was in attendance to answer questions.

Motion by Member Cullick, seconded by Member Kellogg, to recommended approval of the special use permit with the conditions proposed by Staff.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg
Nays (0): None
Absent (1): Gryder

The motion passed. This matter will go before the County Board on September 19th.

Petition 17-21-Tom McNelis Requested a Map Amendment Rezoning Property in the 14000 Block of Budd Road on the North Side of Budd Road and Identified by Parcel Identification Number 04-15-200-023 in Fox Township. Petitioner also Requested a Conditional Use Permit for a House on Less than Forty (40) Acres on Property Zoned A-1 if the Map Amendment is Denied

Mr. Asselmeier summarized the request. The petitioner desires to rezone the property from A-1 to R-1 in order to be able to construct a house on the property in the future. No timeline exists for constructing a house and the property is for sale. The property is less than forty (40) acres and does not have a housing allocation; a house cannot be constructed on the property at the present time.

Fox Township expressed no opposition to the proposal. The Village of Millbrook expressed no opposition to the proposal. The United City of Yorkville expressed no opposition to the proposal. ZPAC unanimously recommended approval of the proposal. The Kendall County Regional Planning Commission suggested that the petitioner obtain a conditional use permit instead of a map amendment. Commissioners did not express object to the construction of a home on the property, but they had concerns about having one (1) R-1 zoned property surrounded by A-1 zoned property. The Planning, Building and Zoning Committee could award a conditional use permit instead of issuing a recommendation on the map amendment. The Zoning Board of Appeals unanimously recommended approval of the map amendment. The consensus was the map amendment was better option than the Conditional Use Permit.

Motion by Member Gilmour, seconded by Member Cullick, to recommended approval of the map amendment.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg
Nays (0): None
Absent (1): Gryder

The motion passed. This matter will go before the County Board on September 19th.
Petition 17-22-Stor Mor, Inc. Requested a Major Amendment to the Special Use Permit Granted by Ordinance 2016-15 Allowing an Enclosed Self Storage Facility and Outdoor Storage Facility at 1317 Route 31 and Identified by Parcel Identification Numbers 03-07-278-011, 03-07-278-010 and 03-07-278-009

Mr. Asselmeier summarized the request. Stor Mor, Inc., represented by Robert Schneider, requested four (4) amendments to their special use permit. The petitioner would like to construct one (1) 1,650 square foot building, one (1) 4,300 square foot building, reduce the number of vehicles stored onsite from twenty-nine (29) to sixteen (16) and amend the landscaping plan by removing the proposed vegetation south of the proposed 4,300 square foot building. In addition the restrictions listed in the proposal, Staff requested that a condition be added to the special use permit revoking the special use permit portion of Ordinance 76-6 which granted a special use permit for storage on the northern portion of the property.

Scott Gryder arrived at this time (6:55 p.m.)

Oswego Township had no objections to the proposal. The Village of Montgomery has not submitted any comments on the proposal. ZPAC requested that the petitioner confirm with the Oswego Fire Protection District that sprinklers would not be required in the new building; ZPAC unanimously recommended approval of the proposal. The Kendall County Regional Planning Commission unanimously recommended approval of the proposal.

Mr. Asselmeier listed the proposed conditions on the special use permit:

1. Ordinance 2016-15 is hereby repealed.

2. The special use provisions of Ordinance 76-6 for parcel 03-07-278-010 are hereby repealed. The property will remain zoned B-2.

3. The property will be developed in accordance with the site plan.

4. A building permit shall be secured prior to construction of the proposed storage buildings.

5. Prior to the issuance of a building permit, the Oswego Fire Protection District should approve that the dead end access drive will not require a turnaround for emergency vehicles.

6. Prior to the issuance of a building permit, the Oswego Fire Protection District should confirm whether or not the proposed structures require sprinklers.

7. A stormwater management permit shall be secured prior to the development of the property.

8. The outdoor storage and expansion of the enclosed self-service storage facility shall be effectively screened from adjacent properties as proposed by the applicant.

9. Office hours of operation shall be limited to 8:00 a.m. to 5:00 p.m. Mondays through Saturdays and gate hours of operation shall be limited to 7:00 a.m. to 7:00 p.m. every day.

10. No more than sixteen (16) vehicles may be stored on site at a time.
11. All vehicles stored on site shall be located within a designated stall.

12. All lighting shall comply with Section 11 of the Kendall County Zoning Ordinance. The lighting installed on the 4,300 square foot building shall face north and the lighting installed on the 1,650 square foot building shall face east.

13. The business allowed by this special use permit shall follow all applicable Federal, State and Local laws related to the operation of this type of business.

14. Failure to comply with the above restrictions and conditions shall be interpreted as a violation of the Zoning Ordinance of Kendall County and could result in the revocation of the special use permit or other legal actions.

15. If one or more of the above conditions is declared invalid by a court of competent jurisdiction, the remaining conditions shall remain valid (New Restriction).

Mr. Asselmeier noted that Mr. Schneider owned the property to the south area screened by vegetation.

Discussion occurred regarding setting the size of the pine trees at five feet (5’) at the time of planting.

Motion by Member Kellogg, seconded by Member Gryder, to recommended approval of the special use permit with the conditions proposed by Staff and the additional condition that the evergreen trees be a minimum five feet (5’) feet in height at the time of planting. The petitioner may substitute evergreens and spruce trees for hawthorn, crabapple and dogwood trees. Mr. Schneider agreed to this amendment.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg
Nays (0): None
Absent (0): None

The motion passed. This matter will go before the County Board on September 19th.

Petition 17-24-City of Plano, Illinois Requested a Variance to the Kendall County Stormwater Management Ordinance for Improvements at Foli Park (Parcel Identification Number 01-27-276-002)

Mr. Asselmeier summarized the memo on the subject. The City of Plano desires to create a multi-use path, pavilion and other Americans with Disabilities Act compliant amenities at Foli Park. The proposed project will create approximately 0.62 acres of impervious surface; a total of approximately 1.26 acres of impervious surface would be located at the site if the variance is approved and the project is developed as proposed.

Mr. Gryder noted that a public hearing on this proposal had been held on September 5th and no comments were received.
Motion by Member Kellogg, seconded by Member Gryder, to recommended approval of the variance to Section 203.1 of the Kendall County Stormwater Management Ordinance with the conditions proposed by Staff.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg

The motion passed. This matter will go before the County Board on September 19th.

Petition 17-25-Nick and Amber Wills Requested a Conditional Use Permit to Allow a Mobile Home for ECHO Housing at 14281 Anderson Road (Parcel Identification Number 07-16-200-019) in Big Grove Township
Mr. Asselmeier summarized the request. The petitioners wish to place a mobile home to care for their elderly grandparents on their property which is zoned A-1. The application meets the requirements of the Kendall County Zoning Ordinance and will not interfere with Anderson Road or neighboring properties.

Motion by Member Cullick, seconded by Member Gilmour, to approve the conditional use permit with the conditions proposed by Staff.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg

The motion passed.

Petition 17-26-Charles and Carol Allen Requested the Revocation of a Special Use Permit Awarded by Ordinance 2007-18 Allowing Agricultural Labor Housing (Mobile Home) at 3875 Van Dyke Road (Parcel Identification Number 09-04-300-016) in Seward Township
Mr. Asselmeier summarized the request. The property owners no longer want the agricultural labor housing on their property.

Motion by Member Cullick, seconded by Member Gilmour, to recommended revocation of the special use permit as requested by the property owners.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg

The motion passed. This matter will go before the County Board on September 19th.

Petition 17-27-Brian Davis and Brooke Davis Requested a Conditional Use Permit for a Single-Family Dwelling on Property Less than Forty (40) Acres in Size in the A-1 District at 8025 Route 126, Yorkville (Parcel Identification Number 05-10-200-002)
Mr. Asselmeier summarized the application. The petitioners are working on divorce settlement and both parties wish to divide the property. Mr. Davis wishes to construct a home on Parcel 1.

Page 6 of 13
The property is zoned A-1 and meets the requirements of the Zoning Ordinance for having a home on less than forty (40) acres because of the trees and slopes.

Mr. Kramer explained that his client believes that they have a lawful parcel, per the Illinois Plat Act, and that the conditional use permit should not have a restriction tying the size and frontage of Parcel 2 to the conditional use permit. Mr. Kramer indicated that the property owners will seek a variance for the size and frontage of Parcel 2.

Motion by Member Cullick, seconded by Member Gryder, to approve the conditional use permit with the conditions proposed by Staff except for the condition requiring Parcel 2 to obtain variances prior to the issuance of a building permit for a house on Parcel 1.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg
Nays (0): None
Absent (0): None

The motion passed.

**NEW BUSINESS**

*Renewal of Mobile Home Permits: 13443 Fennel Road (Lillian Schallhorn/Cindy Harney)*

Mr. Asselmeier reported mobile home permits are required to be renewed and approved annually by the County and this permit meets all applicable requirements.

Motion by Member Cullick, seconded by Member Gryder, to approve of the mobile permit as proposed.

Ayes (5): Cullick, Davidson, Gilmour, Gryder and Kellogg
Nays (0): None
Absent (0): None

The motion passed.

*Renewal of Mobile Home Permits: Request for Guidance RE: Mobile Home at 1072 Tyler Road*

Mr. Asselmeier reported that all of the mobile homes requiring permits have secured their permits or are working their way through the process except for the mobile home at 1072 Tyler Road. Staff sent the applicant two (2) letters, one (1) certified, return receipt and the other one (1) by regular mail. Staff has received no correspondence from the owner. Staff requests guidance on the matter.

The consensus of the Committee was to place sending the issue to the State’s Attorney’s Office on the next Planning, Building and Zoning Committee agenda and informing the property owner that the item will be on the agenda for that meeting.

*Discussion of Banquet Facility at 1998 Johnson Road*

Staff provided a copy of the special use permit and two (2) complaints regarding the banquet facility at 1998 Johnson Road.
Thomas Barone, Johnson Road, expressed his opposition to the noise and increased traffic caused by the banquet facility. His family was not notified of the hearings because they lived further than five hundred feet (500') from 1998 Johnson Road.

Daniel Hickey, Johnson Road, stated that Johnson Road is fairly quiet road. Traffic and noise from the wedding venue have increased and can be heard from the front porch and inside his house. Bass travels through the house. He asked that the notification range for special use permits be extended. He requested that noise measure equipment be installed near the venues.

Matt Ivory, Johnson Road, agreed with Mr. Barone and Mr. Hickey.

Tom Schnabel, Ashley Road, said banquet facilities are detrimental to neighborhoods and create noise.

Dan Kramer stated that the owners of 1998 Johnson Road followed the notification requirements and test the noise levels frequently. The noise readings met the requirements of the special use permit. He stated that the owners installed air conditioning. They installed their own sound systems to control noise levels. He also stated that neighbors closer to 1998 Johnson Road have not expressed objections to the facility.

Pete Pasteris, owner 1998 Johnson Road, stated they installed a sound system that disc jocks must plug into so that he, as owner, can control the noise level. When he tested noise during the weekend, he did not hear music at the end of the property.

Mr. Kellogg asked about his two hundred (200) people maximum capacity. He stated that several wedding websites list the maximum capacity as four hundred (400). Mr. Pasteris responded that a tent can hold four hundred (400) people, but they never have that many people at their property on Johnson Road. Mr. Kellogg advised Mr. Pasteris to contact the wedding websites and get that figure corrected. Mr. Pasteris said that he would look into the matter and get it corrected.

Ms. Gilmour asked how many events they have at the venue for the coming season. Mr. Pasteris responded that they have approximately forty (40) events scheduled for next year. Events are held on Fridays, Saturdays and Sundays on holiday weekends. The first event is scheduled for the last Saturday in April and the last event is scheduled at the end of October. Mr. Kellogg pointed out that the special use permit stated that events cannot start until May 1st. Mr. Asselmeier will send Mr. Pasteris a copy of the special use permit.

The consensus of the Committee was to have Staff review the special use permit for 1998 Johnson Road. The Committee will also give the owner thirty (30) to sixty (60) days to see if the new sound system quiets the music.

*Request for Guidance RE: Southfield Estates Flooding Issue*

Mr. Asselmeier summarized the issue. According to WBK the estimated cost to investigate the issue is Seven Thousand Dollars ($7,000).
Mark Page, Winchester Court, explained his concerns and presented the history of the area. The area is receiving more water than previously received. Water is now approaching his basement and it is difficult to mow after a rain. Discussion occurred regarding drainage districts cleaning out culverts.

Ken Hostert, Na-Au-Say Township Road Commissioner, said that the Township is working on water issues by cleaning out some of the drainage easements and fixing drainage tiles. He questioned the elevations shown on the site plans and the actual elevations in existence today. He wants the County to require as-builds and grading plans when the houses are built.

Discussion occurred about the maintenance of the pond. The homeowners’ association should be responsible, but the homeowners' association in Southfield Estates is defunct. The pond is privately owned. Mr. Page gave the County verbal permission to enter his property.

The consensus of the Committee was that Highway Department should evaluate the elevation of the overflow. This matter was referred to the Highway Committee.

By consensus, the Committee amended the agenda to move the Village of Millbrook related items and the Hideaway Lakes related items to this point in the meeting.

OLD BUSINESS

Village of Millbrook Related Items

Mr. Asselmeier read the language proposed by the Village of Millbrook.

The Village of Millbrook would like a continuation of the agreement dated October 20, 2015 with the following changes (RMA is Illinois Risk Management Risk Management Association):

1. Zoning Issues: these are a normal exposure for a municipality and while we would not typically agree to do so, in this case, we are willing to assume the risk if the county performs the duties on behalf of Millbrook.
2. Auto Liability: The coverage typically follows the vehicle owner and we do not want to get into a position where we are insuring the County’s drivers, vehicles, or auto liability. RMA is not willing to provide auto liability coverage to the County.
3. Defend/hold harmless/additional insured: RMA is willing to defend, hold harmless, and additional insure the County, only with respect to zoning (not auto liability). However, it is important to note that the coverage we are providing is subject to our normal terms, conditions, and exclusions and we do have exclusions related to zoning as follows:
   a. Exclusion L in RMA 3 (Liability Exclusions) excludes liability arising out of zoning or land use determinations.
   b. Exclusion 4 in RMA 4 (Public Officials/Employees Liability) excludes “claims, demands, or actions seeking relief or redress in any form other than money damages”
   c. Exclusion 7 in RMA 4 (Public Officials/Employees Liability) also excludes liability arising out of zoning or land use determinations.
4. Choice of Counsel: RMA is not willing to allow the County their choice of counsel. If we name them additional insured and it becomes necessary to defend them in a covered suit, we will pick the counsel.
Mayor Kowalski proposed changing paragraph 6 and adding the language in the previous paragraph.

Ms. Cullick stated that she does not favor the amendment; she does not believe that the County should be primary coverage for auto liability.

Ms. Cullick asked what the additional insurance cost is. This information was not provided in the meeting and will be supplied in the future.

Mr. Kellogg asked if the Committee favored the continuation of providing this service in Millbrook. Mr. Kellogg was in favor of doing inspection; Ms. Cullick was not in favor under the current proposal. Ms. Gilmour and Mr. Davidson were in favor of doing inspections. Mr. Gryder was not in favor of doing inspections.

Mr. Asselmeier will provide Mayor Kowalski the contact information for Teska. The suggestion was made to allow Brian Holdiman to do the inspections outside of his work with the County.

The Committee requested Rich Ryan to attend the next Admin/HR Committee meeting. This matter will be forwarded to the Admin/HR Committee. The Committee also requested that the proposal be forwarded to the State’s Attorney’s Office for review.

CORRESPONDENCE

**September 5, 2017 Emails from Scott Gryder to Matt Asselmeier RE: Students Transported to School from Hideaway Lakes and Final Total from Hideaway Lakes**

Mr. Asselmeier summarized the emails. Mr. Tanner indicated that only one (1) student was living in Hideaway Lakes; their parents are getting an apartment after living at Hideaway Lakes for a few weeks. Mr. Tanner said that no law existed to prevent having registered voters at the property. He also said that people use Hideaway Lakes as for cheaper automobile insurance and to get out of emissions tests.

*Undated Letter from Tom Tanner to All County Board Members and State’s Attorney Eric Weis RE: Hideaway Lakes*

Mr. Asselmeier summarized the letter.

NEW BUSINESS

**Request for Guidance RE: ANR Pipeline and Special Use Permit at 6650 Sandy Bluff Road**

Mr. Asselmeier reported that the ANR Pipeline facilities at 6650 Sandy Bluff Road will be expanding. The attorney representing ANR said that the company did not have to comply with local zoning regulations because the expansion was regulated by the Federal Energy Regulatory Commission. The previous work at the site was not regulated by the federal government and required a special use permit. The State’s Attorney’s Office reviewed the matter and concurred with ANR. The Committee concurred with the opinion of the State’s Attorney’s Office.

**Request for Guidance RE: 45 Cheyenne Court**

The PBZ Department received a complaint regarding the subject property. The property lacks siding. The consensus of the Committee was to send the owner a letter directing him to make progress on the siding, but not to pursue the matter.
Review of Violation Report
Mr. Asselmeier presented a list from Brian Holdiman showing all of the active violations. A list of closed violations was also discussed.

Discussion of Zoning Administrator and Zoning Administrator Deputies
Mr. Asselmeier provided minutes from a 2010 County Board meeting naming the Chairman of the PBZ Committee as Zoning Administrator and Angela Zubko and John Sterrett as Deputy Zoning Administrators. Mr. Asselmeier also provided the duties of the Zoning Administrator as defined by the Zoning Ordinance. The consensus of the Committee was to keep the Chairman of the Planning, Building and Zoning Committee as the Zoning Administrator and to appoint the Senior Planner as a Zoning Administrator Deputy.

Discussion of Medical Cannabis Regulations
Mr. Asselmeier reported that Kendall County’s medical cannabis regulations in the Zoning Ordinance will expire January 1, 2018. The State law governing medical cannabis expires July 1, 2020. The consensus of the Committee was to initiate a text amendment to the Zoning Ordinance extending the expiration date to July 1, 2020.

Consideration of Increasing the Notification Distance Requirements for Variance, Map Amendment and Special Use Permit Requests
Mr. Asselmeier stated that property owners within five hundred feet (500’) of A-1 zoned property must be notified for variance, map amendment and special use permit requests. Adjacent property owners must be notified if the property is not zoned A-1. The State’s Attorney’s Office believes that the County can increase these notification requirements.

Motion by Member Gilmour, seconded by Member Cullick, to increase the notification requirements for A-1 special use applications to two thousand, six hundred feet (2,600’) as measured from property line to property line.

Ayes (4): Cullick, Davidson, Gilmour and Kellogg
Nays (0): None
Absent (1): Gryder

The motion passed.

Staff also presented one (1) of the notification signs posted onsite. The consensus of the Committee was that the signs should be yellow. Mr. Asselmeier will contact the Highway Department to investigate available options.

Kendall County Regional Planning Commission 2018 Annual Meeting
Mr. Asselmeier stated that the Land Resource Management Plan recommended an annual meeting of the Kendall County Regional Planning Commission, Kendall County Zoning Board of Appeals and the County Board. Historically, only the Planning Commission has attended this event. The consensus of the Committee that the Senior Planner should represent the Committee at the meeting.

The proposed restrictions on the special use permit are:

1. The rendering of the sign and map depicting the location of the sign shall be Exhibits in the approval ordinance.

2. The sign will be removed or Pulte Group (or their successors) will apply to renew their special use in two (2) years from the date of approval of this ordinance by the County Board. (The renewal time is shorter than previously allowed.)

3. The sign will not be illuminated.

4. The advertising on the sign is restricted to Pulte Group’s residential development.

5. The special use permit awarded by Ordinance 2004-43 to the property identified by Parcel ID Number 03-01-127-004 for an off-premise advertising structure is revoked with the adoption of this ordinance.

8. Failure to comply with the above regulations and restrictions could result in the revocation of the special use permit.
9. If one or more of the above conditions is declared invalid by a court of competent jurisdiction, the remaining conditions shall remain valid.

ZPAC, the Kendall County Regional Planning Commission, the Special Use Hearing Officer and the Planning, Building and Zoning Committee unanimously recommended approval of the proposal. Re: Petition 17-21 – Tom McNelis Requests a Map Amendment Rezoning Property in the 14000 Block of Budd Road Identified by Parcel Identification Number 04-15-200-023 and Located Approximately 0.98 Miles from Millbrook Road on the North Side of Budd Road in Fox Township from A-1 to R-1

On the September 19th County Board agenda, there is a request by Tom McNelis to rezone his property in the 14000 block of Budd Road from A-1 to R-1. The petitioner desires to have the ability to build a home on the property. The property was part of a larger farm and all of the residential allocations have been used. The property is currently for sale.

ZPAC, the Kendall County Regional Planning Commission, the Kendall County Zoning Board of Appeals and the Planning, Building and Zoning Committee unanimously recommended approval of the proposal. Fox Township, Little Rock-Fox Fire Protection District, Village of Millbrook and the United City of Yorkville expressed no opposition to the proposal.

Several neighbors had concerns regarding a potential division of the property in the future. If the map amendment is approved, the property could not be subdivided unless several variances are granted.

WHEREAS, the Findings of Fact were approved as follows:
Existing uses of property within the general area of the property in question. The area is a mix of agricultural, farmstead, rural estate residential and countryside residential.

The Zoning classification of property within the general area of the property in question. All of the adjacent properties are zoned A-1. Some of these properties have special use permits and/or agricultural building permits.

The suitability of the property in question for the uses permitted under the existing zoning classification. The property is too small for most agricultural uses. Homes are located on adjoining properties and the subject property lacks an agricultural housing allocation which prevents the construction of a home on the property.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The proposed amendment fits the development of the area and benefits the petitioner by giving him the opportunity to sell the property for a residential purpose instead of a purely agricultural use.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The proposed amendment is consistent with the Land Resource Management Plan.

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby grants a zoning map amendment from A-1 to R-1 on the tract of land located and depicted on the drawing attached as “Exhibit A” hereto and incorporated herein.

IN WITNESS OF, this ordinance has been enacted on September 19, 2017.

COMMITTEE BUSINESS

➢ Approve Increase of Part-Time Employee Hours from 600 to 1000 for IMRF Eligibility – Member Cullick stated this was discussed in committee previously, and at the Finance Committee meeting, who recommended bringing the issue back to the Admin HR Committee. Several County Departments/Offices utilize part-time employees. Ms. Cullick reported a presentation at a UCCI meeting earlier in the year, and she met briefly with the presenter who was able to answer most of her questions. Ms. Cullick said that after many years of non-compliance, the County is now in compliance and able to file on a regular 2-year basis, the form stating which elected officials qualify for IMRF.

Ms. Caldwell informed the committee that she has contacted IMRF General Counsel for further information on participation. Ms. Caldwell reviewed information provided by IMRF, including the public act that was passed for non-educational employers to increase their hourly standards, the old law and the new law, as well as a sample resolution the County would use to make the change to 1000 hours. Ms. Caldwell asked the general counsel about how a change would affect seasonal employees, if current part-time employees would be grandfathered, and general counsel stated that any new hires after the resolution is passed would be eligible for the 1000 hours. Counsel also stated that any newly elected officials would have to meet the 1000 hours, and that newly elected County Board members are no longer eligible due to state legislature. Ms. Caldwell also expressed concern about part-time employees increasing hours and how that would affect benefit eligibility. Discussion on the implications for health benefits, management of part-time employee time records and actual hours worked, the risks involved in changing the number of hours for part-time employees, and IMRF certification requirements. The Committee asked Ms. Caldwell to obtain the information provided by the IMRF general counsel in writing. The Committee also asked Ms. Caldwell to research if grandfathering would apply to someone hired by the County from another County or Municipality for the next meeting. The Committee also asked Bob Jones to provide
the number of County employees that work between 600 and 1000 at the next meeting. **There was consensus by the committee to discuss the item further at a future meeting.**

- **Discussion on purchase of the FOIA Software** – Scott Koeppel gave the committee the pricing breakdown on the proposed FOIA software, and Gina Hauge provided additional information on the various components available and the ones that they would like to purchase. Discussion on a contract terms, and the Technology budget. Ms. Hauge was asked by the Committee to verify the contract terms.

Member Purcell made a motion to forward to the Finance Committee the discussion of the purchase of the annual subscription services of FOIA Software from GovQA Public Records Management System in an amount not to exceed $10,000 per month, and determine what funds will be used, and if the purchase should be started this budget year or next budget year, and then on to the Board for approval at the September 19, 2017 meeting, second by Member Prochaska. **With five members in agreement the motion passed by 5-0 vote.**

- **Employee Handbook Revisions** – The committee was provided a copy of the first half of the handbook that was reviewed by ASA Leslie Johnson for review and discussion at the next meeting. There was consensus by the committee to dedicate a meeting specifically to the review of the employee handbook in the near future. Member Cullick stated that her goal was to get the update and final approval of the employee handbook completed by the end of December 2017.

The committee meeting convened at 4:04 P.M. with roll call of committee members. Judy Gilmour absent. Quorum established.

Motion Cullick, second Gryder to approve agenda as presented. Motion approved unanimously.

Motion Davidson, second Cullick to approve the Highway Committee meeting minutes from August 8, 2017. Motion approved unanimously.

Judy Gilmour arrived at 4:06 PM.

Intergovernmental Agreement between Kendall County and City of Plano is not yet ready to be presented to the County Board for consideration; so it will be brought back through committee at a later date.

An agreement between Kendall County and HR Green to provide Phase 3 engineering services on Eldamain Road – Contract A in the amount of $722,249.62 was presented to the committee. Motion Gryder, second Cullick to recommend approval of the agreement to the County Board. Klaas explained the purpose of the agreement, and the fact that it is a little under the estimate of 8% of the anticipated construction contract cost. HR Green had suggested a couple of minor changes to the list of conditions included in the contract. Gryder had some concerns about one of the changes, and wanted to keep the word “defend” in the list of conditions. Committee agreed. “Defend” will be kept in the version that goes before the County Board. Motion approved unanimously with the suggested change.

An agreement between Kendall County and Engineering Enterprises to provide preliminary engineering services for Galena Road Corridor Study in the amount of $65,906 was presented to the committee. Motion Cullick, second Gilmour to recommend approval of the agreement to the County Board. Klaas described the proposed work to study the Galena Road Corridor from Route 47 to Orchard Road to provide direction for proposed future improvements at Cannonball Trail and at Kennedy Road. Work will include traffic modeling by CMAP, as well as existing traffic data collection. Gryder asked about the Go-For-It Sports access on Galena Road. Klaas stated that the access met the County’s Access Ordinance, and so it didn’t need a variance. The study will look at all existing and future access points along Galena Road. Motion approved unanimously.

Kendall County 5-Year Surface Transportation Program was presented to the committee. Changes from last year’s update were provided to the committee. Motion Gryder, second Cullick
to recommend approval of the 5-Year Plan to the County Board. The draft plan update has been on the County’s web site for about 3 weeks. Motion carried unanimously.

In other business, Kelly Farley provided update on the Little Rock Road project. Construction has not begun on the project yet. Klaas indicated that if the project does not get started in the next couple weeks, he will recommend that the project get postponed until next spring. Cullick stated that the County should get a commitment from the contractor about when they are going to finish the project.

P.J. Fitzpatrick stated that the public meeting for Collins Road Extension will be held on September 26, 2017, 5:00 to 7:00 P.M. at the Oswego High School. He also will be meeting with the Highway Department tomorrow to discuss the two major intersections on this project; Minkler and Collins, as well as Grove and Collins. WBK has evaluated these intersections and wants to discuss the merits of traditional signalized intersections vs. roundabout intersections. Klaas asked the committee whether a roundabout intersection would be acceptable to the County Board if the analysis showed that this type of intersection would be the most efficient. Davidson stated that the roundabout at Dugan & Route 30 works really well. He also said that the Route 47 & Burlington Road roundabout works, but it was built a little too small. After some discussion about roundabouts, the committee generally felt that, even though they might have some personal reservations about roundabouts, they wouldn’t necessarily be opposed to them if the study showed they would be the better alternative.

Committee discussed the progress of other projects ongoing in Kendall County. Klaas indicated that he would like to recommend condemnation of one parcel on the Grove Road project because the landowner is nonresponsive. Committee discussed procedure of how to take this item to the County Board, and agreed to discuss at C.O.W.Executive Session.

Gryder asked about the progress on the WIKADUKE Trail study that is being performed by Cemcon. Klaas stated that the consultant was not ready to provide an update this month, but planned to in October. Kellogg said that he would like the consultant to come to Highway Committee and make presentation.

Motion Davidson; second Cullick to forward Highway Department bills for the month of September in the amount of $849,638.78 to the Finance Committee for approval.

Meeting adjourned at 4:40 P.M.

Respectfully submitted,

Francis C. Klaas, P.E.

With enough members present, a quorum was formed to conduct business.

Others Present: Facilities Management Director Jim Smiley, Interim County Administrator/Technology Director Scott Koppel.

Approve any changes to the County Board Approved August 7, 2017 Facilities Committee Meeting Minutes – there were no changes to the August 7, 2017 minutes; Member Kellogg made a motion to approve the minutes, second by Member Gilmour. With all present members voting aye, the minutes were approved.

Public Comment – None

Old Business/Projects

1. Public Safety Center (PSC) U.P.S. System A/C Unit Replacement – Director Smiley informed the Committee that the RFP was sent to the States Attorney’s Office for legal review. The Committee instructed Jim to make the bid public once legal is complete.

2. CASA lease at HHS – Jim informed the Committee that a retroactive letter was received requesting continuation of their lease which expired on January 1, 2017 as well as requesting the approval of the second one year option for 2018. The State’s Attorney’s Office drafted a resolution to allow the County Board to approve this. Motion by Member Kellogg to bring the Resolution to the County Board for approval. Second by Member Gilmour. All members present voting aye, Motion Carried.

3. Healy Bender, 111 W. Fox St. Part I Analysis – Mr. Smiley stated that the State’s Attorney’s Office recommended that a contract be used in lieu of a letter of acceptance to start this project. Healy Bender stated that if a contract is to be used that an AIA contract be used as it pertains to Architecture Engineering field. The Committee directed Jim to move forward with the AIA contract.

4. Projects Policy Change – Director Smiley stated that adding the recommendations in the flow chart as discussed in last month’s meeting, the chart was getting too large and confusing. Jim discussed this with Interim County Administrator/Technology Director Scott Koppel and it was suggested that the flow chart be broken down into three or four flowcharts depending on the situation. Jim will continue to work on the policies and bring them back to the Committee for discussion once complete.

5. Establish a policy for Requests to Film on County Properties – Member Gilmour believes that a policy is needed as well as safety being a concern due to an incident at the Historic Courthouse involving a group filming within the building. It was reported that the group was very disruptive to other departments in the building. Andrez Beltran, Economic Development Coordinator informed the Committee that he has researched other community’s policies and ordinances to help develop a policy for Kendall County and forwarded the information to Mr. Smiley. Jim reviewed the policy and stated that it needs to reflect which County Elected positions and titles will be involved in the approval process. The Committee directed Andrez Beltran and Jim to continue to develop a policy to cover Kendall County buildings and property and bring it back to the Committee.
New Business/Projects

1. Chairman’s Report:
   a. Electric & Gas RFP – Presentation by Progressive Energy – Director Smiley asked Chris Childers from Progressive Energy Group to present to the Committee an overview of our past and projected future energy uses. Mr. Childers informed the Committee that all the energy efficiency changes that Kendall County made since 2010 has saved the county a million kilowatt hours in usage that translates to approximately $84,000 a year in savings. Chris also stated since prices are still at all-time lows, that it would be a good time to think about putting our natural gas & electric services out for bid. This would be to either extend with the current vendor or sign with a new vendor once these contracts are completed. Consensus of the committee is to draft the RFP and forward it to the State’s Attorney’s Office for Approval. Motion by Member Kellogg to bring approved RFP to the County Board for approval at the September 19, 2017 meeting second my Member Gilmour. All members present voting aye. Motion Carried.

   Mr. Childers will be forwarding information to Director Smiley and Director Koeppel on available grants for energy efficiency upgrades.

2. 2017 Paving RFP – Director Smiley informed the Committee that four (4) bids were received for the two projects. The bids came in higher than the $40,000 budgeted. Jim consulted with Fran Klaas, County Engineer at the Highway Department he recommended KCFM to see if additional funds could be had to do both projects with Builders Paving as D Construction said there is not enough work for them to do only the Health & Human Services work that they were the low bid on. Mr. Smiley discussed the budget overage with Interim County Administrator/Technology Director Scott Koppel and Chairman Davidson. Mr. Koppel suggested to Jim that we did not need a backup generator to be installed at the Historic Courthouse as approved in the budget for this year. Scott suggested a larger U.P.S. system be installed instead for the data down link and to use some of the remaining funds from the generator project to fund the balance of what was needed for the paving projects. Then the balance of the money could be reallocated for the budget shortage. The Consensus of the Committee is to take the issue to the Finance Committee to discuss these ideas, so all projects can be completed this fiscal year.

3. Snow & Ice Removal RFP – Mr. Smiley stated that four (4) bids were received. This was bid two (2) different ways; per seasonal pricing and by the inch. Jim stated that the low bidder in both scenarios is Winninger Excavating, Inc. Motion by Member Kellogg to bring the per season price of $41,500.00 by Winninger Excavating, Inc. to the County Board for approval. Second by Member Gilmour. Roll Call Vote: Bob Davidson – yes, Judy Gilmour – yes, Matt Kellogg – yes.

4. Television Install at Health & Human Services – Jim stated that Dr. Tokars requested that television be installed in the Environmental Health room. The installation process required no structural changes, that it just needed bracket installation and labor. Project is expected to be completed this week.

5. 2018 KCFM Budget – Director Smiley submitted a spreadsheet to the Committee to show what is budgeted for 2017, where the budget is currently at and what is projected for the balance of 2017 as well as the 2018 projection. Jim stated that as of right now using straight line percentages to budget, the 2017 budget could go over by as much as $65,000.00. However Mr. Smiley is closely watching the budget and reducing what is possible for the remainder of the year like previously stated: grass cutting reductions and janitorial services floor projects. Jim’s spreadsheet showed both the utilities in the 2018 KCFM budget and in a separate budget, in order to be able to show the percentage difference to 2017. For the 2018 projection, Mr. Smiley was able to bring the budget in at 99.6%, which includes technician’s negotiated raises and suggested increases for the Director and Director’s Assistant. Jim was able to decrease the equipment maintenance and contracted services line items since some of the contracted services new contracts are came in lower as well as anticipation of some of the HVAC maintenance and repair costs being reduced with the projected system replacements at the Public Safety Center.
6. Public Safety Center (PSC) Main Hallway Crack Repairs – Director Smiley informed the Committee that reports of cracked tiles that had a potential of becoming a trip hazard. Jim stated that the tiles will be removed and the surface will be ground down, filled with epoxy and the tiles re-installed. Work is to begin September 8, 2017.

7. PSC Semi-Annual Kitchen Hood Inspection – Mr. Smiley stated that the inspection was completed last week with no issues to report. Project Complete.
