True. Adequate landscaping screening will be provided to effectively screen the proposed use from adjacent residential properties. The only lighting being added to the property is security lighting on the structures and will comply with the provisions of Section 11.02.F.12 of the Zoning Ordinance to ensure adjacent properties are not impacted by any glare.

That adequate utilities, access roads and points of ingress and egress, drainage, and/or other necessary facilities have been or are being provided. The Oswego Fire Protection District has begun to review the site plan.

That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the County Board pursuant to the recommendation of the Hearing Officer. The petitioners have provided a site plan that complies with the requirements for the proposed use including parking.
