Overview
Property Tax Abatement is a way to support and promote the expansion of existing businesses and the location of new businesses to Kendall County. A business that receives approval from a taxing body for an abatement will receive an abatement on a portion of the resulting property tax revenue after expansion, improvement, or new construction is complete and the building is occupied.

Goals and Objectives
The end result of providing tax abatement to a business for an expansion, improvement or new construction should include:

- **Economic Impact**
  - Job creation and retention and capital investment in land, buildings, and equipment
- **Fiscal Impact**
  - Total amount of new estimated property tax generated by the business expansion
- **Strategic Impact**
  - Factors such as the median salary of the employees, total payroll, and the quality of benefits available to the employees
- **Other Impacts**
  - Improvements to existing public infrastructure and/or construction of new public infrastructure

Eligible Projects
- Projects that will be considered for Property Tax Abatement from Kendall County are limited to the following:
  - Warehouse/Distribution/Logistics
  - Office Headquarters and Regional Headquarters
  - Manufacturing

- Preference will be given to projects that result in job creation, increase in property tax base, investment in machinery & equipment when purchased locally, and capital improvements for the expansion of existing buildings.

Process
- It is strongly recommended that the applicant contact the Kendall County Office of Administrative Services to arrange a pre-application meeting with County staff. This gives staff an opportunity to discuss the guidelines, application, process, and agreement provisions with the applicant.
- Once the application has been completed and submitted to the Kendall County Office of Administrative Services, staff will review the application to determine the eligibility of the project.
- Applications are reviewed and scored on a case by case basis on their economic, strategic, and fiscal impacts on a community.
If it is determined that the project qualifies for an abatement of property taxes, County Staff will present the request to the County’s Economic Development Committee to secure an indication of their support for the project.

Staff, as well as the applicable local Economic Development Corporation, will make contact to each taxing body having jurisdiction over the subject property for their support of the project and abatement approval.

If a taxing body expresses support of the project, Staff will develop the agreement for the abatement of property taxes for approval by each governing board of the applicable taxing jurisdictions.

**Abatement Terms & Levels**

A business receiving a tax abatement is eligible to receive an abatement for a term of three years. The amount abated will be on a sliding scale consisting of 75% abated in year one, 50% abated in year two, and 25% abated in year three.

The term and levels of an abatement may be modified only at the discretion of the governing boards of the taxing bodies.

**Clawback Provisions and Verification Audit**

A business shall maintain operations at the project location for at least the length of the abatement term as well as for three years following the final year of the abatement term. During the abatement term businesses are not eligible to file an appeal of assessment of the property, to tender payment under protest, nor to file an objection to the property taxes levied by the taxing bodies. During the three years following the final year of abatement term, businesses are eligible to file an appeal of assessment of the property, tender payment under protest, and file an objection the property taxes levied by the taxing bodies only if the Supervisor of Assessments or the Board of Review establishes an assessed value based upon the market value that is less than the Estimated Market Value of the property provided by the applicant within this application.

To verify compliance of the Property Tax Abatement Agreement, a business must submit a payroll summary with listing of either the first name or initial of the employees or a listing of the employees’ ID number along with job titles, salaries, benefits, county of residence, and hiring dates on an annual basis to the Kendall County Office of Administrative Services.
