To: Kendall County Stormwater Management Oversight Committee

From: Matthew H. Asselmeier, AICP, Senior Planner

Date: September 25, 2019

Re: Annual Stormwater Management Oversight Committee PublicHearing

Per its NPDES Permit, Kendall County is required to meet at least one (1) time annually on a stormwater related topic and to give the public an opportunity to comment on Kendall County's Stormwater Management Ordinance.

Notice of this meeting was mailed or emailed to each Mayor/Village President, each Township Supervisor, the Kendall County Regional Planning Commission, the Kendall County Soil and Water Conservation District, and the Kendall County Farm Bureau. Notice of this meeting was printed in the Kendall County Record on September 12<sup>th</sup>. WBK Engineering was also notified of this meeting.

As part of the NPDES Permit, Kendall County is required to do outreach with the townships. In 2018 and 2019, each township was mailed a stormwater pollution related survey. In 2018, Na-Au-Say Township was the only township that responded. In 2019, Oswego, Little Rock, Seward, Lisbon, and Fox Townships responded. Four (4) members of the Oswego Township Board submitted responses. In general, the responding townships did not utilize the County's website for stormwater information or volunteer opportunities and they would like to see more volunteer opportunities related to electronics recycling. The results were mixed regarding the townships' opinions regarding the County's job of inspecting soil erosion and sediment control procedures at construction sites. The townships also felt generally that the County is not taking necessary measures to reduce flooding throughout the County. The composite results of the surveys are attached.

Updating the definition of Bulletin 70 is the only proposed change to the Stormwater Management Ordinance in 2019. Bulletin 70 is a report used to track rainfall in the State. The current definition of Bulletin 70 contained in the Stormwater Management Ordinance references the 1989 document; the proposed amendment changes the reference to the 2019 document. The County Board will be holding a public hearing specifically on this proposed amendment at their meeting on October 15<sup>th</sup>.

If anyone has any questions prior to the meeting, please let me know.
