Approval of Minutes – Member Hendrix made a motion to approve the May 13, 2019 meeting minutes, second by Member Vickers. **With four members present voting aye, the motion carried.**

Status Reports

Coroner – Coroner Purcell reviewed the monthly report with the committee, and reported 21 deaths: 19 natural, 1 accidental fall in home, 1 suicide), and 16 cremations for the month of May. Coroner Purcell also reviewed the personnel actives and community service hours for the month. Written report provided.

Court Services – Written report provided.

EMA – Written report provided. Director Gillespie stated that they participated in an Evidence Search for a weapon with Aurora Police due to a homicide; multi-agency search and rescue training on Shoreline Safety; and EMA and IAP Training in the month of May. Siren, STARCOM and WSPY Emergency Alert System (EAS) testing continued.

Public Defender – Public Defender Chuffo reported a substantial increase in all areas. Written report provided.

Sheriff's Report

- a. Operations Division – Commander Langston reported additional patrols in the Oswego Township area in May in an attempt to deter from recent suspicious activities throughout the area, and increased sheriff's deputy presence in Boulder Hill due to gang related graffiti and suspected activity found in the area. Commander Langston also reported the Youth Academy would begin on June 11th, and has 18 area youth participating this year.

Deputy Commander Hatten reported on recent National Integrated Ballistic Information Network (NIBIN) training. The NIBIN network assists in incarcerating armed violent offenders plaguing our communities by automating ballistics evaluations and providing actionable investigative leads in a timely manner to law enforcement agencies across the United States. Written report provided.

- b. Corrections Division – Written report provided. Commander Richardson noted a substantial increase in Federal Inmate housing revenue this year compared to May 2018. Richardson reported that the Federal Government is now up-to-date on Federal Inmate Housing payments.

Commander Richardson reported that the first Inmate Work Crew will begin working in the Animal Control facility on Wednesday, June 12 with deep cleaning of the facility expected over the next few weeks in preparation for building renovations and full operation of the Animal Control facility soon. Commander Richardson also updated the committee on the utilization and training of the tablets for the inmates. Richardson stated that the tablets have multiple online resources available to the inmates including a video entitled "Chasing the Dragon: The Life of an Opiate Addict", a short documentary of ordinary people from various walks of life describing the horrors of addiction and how their addiction to prescription drugs and heroin changed their lives forever.

Sheriff Baird mentioned that he has talked to Waubensee Community College regarding online courses that could be available to inmates through the new tablets, and hopes to begin implementation soon.

- c. Records Division – Written report provided.

** - The parent has been ordered to reimburse the county \$1577.00 per month toward this expense.

Items Worthy of notice to the County Board:

The Bad News: Please note the money appropriated for the detention of juveniles has been exhausted. It has been a particularly rough year for our juvenile offenders with an increase in violence. Based on our current rate of detention I am anticipating our final numbers to fall in the \$170,000 - \$180,000 range. I am also seeing an increase in the number of GPS cases being ordered and as such, we are on track to exceed our budget for that line item by about \$10,000, (note- this line item is not in the general fund and rather is a probation service fee fund). Although the GPS fees are ordered and we have increased our efforts to collect them, which will offset the expenditures, the detention dollars are not reimbursable.

The Good News- We have increased our efforts for collection of revenues to both the general fund as well as probation fund.

- We have exceeded our revenue for placement reimbursements from parents, which was estimated to be \$5,000. We have collected approximately \$14,500 to date. (Almost 3 times the anticipated amount.) and anticipate collecting approximately an additional \$1,500- \$1,700 per month as long as the youth continues in placement.
- New this year- We have begun seeking reimbursements from parents for medications administered to their child while they are in custody in detention. This has historically been a cost that the county "ate" and is recently been pursued through the juvenile court to recover - Thus far we have recovered 88% of what was spent this year.
- New this year-The City of Montgomery has now joined in with other municipalities in reimbursing the county for half of the salary for our juvenile diversion officer. This is the first year they have done so and a conversation with Chief Smith of the Montgomery Police Department, indicated that it is a good move for them as we handle all their juvenile diversion in lieu of police station adjustments. It is anticipated the City of Montgomery will be an ongoing contributor. This recent payment puts our revenues from the municipalities to be \$16,672.79 for the year, exceeding our anticipated revenues by over \$3000.
- New this year- We reached out to our Drug Court Coordinator and obtained allowable reimbursements under the ARI grant that probation has paid on behalf of the Drug Court Program. These reimbursements were from monies we expended in the area of phone usage, software upgrade specific for the Drug Court Program and drug testing confirmations. The total revenue was slightly over \$2000. This cooperation allowed for the ARI funds to be fully utilized and established a clearer separation of funding between Drug Court and Probation moving forward.
- Finally, the best news of all. I have received notice from Administrative Office of Illinois Courts that due to full funding this state fiscal year we can anticipate 100% funding per the statutory amounts. (Grant in Aid 100%- we have 6 positions, Pretrial- 100%- we have 2 positions and salary subsidized -\$1,000 per month- we have 2 positions). This allowed funding reimbursements are estimated to be approximately \$450,000 which is about \$100,000 more than last year allowable allocations. The exact numbers have not yet been provided but it looks promising. Additionally, there appears to be some ability to request additional funding for select positions (pretrial, specialty courts, etc). In light of mental health court being explored in Kendall County, this might be a good time to request the funding. I will keep this committee informed as funding allocation numbers are released.

EMA/Search and Rescue Report

June 2019

June 8 - Multi Agency Search and Rescue Training in the subject of Patient Packaging/Transport. The training was held at Isaak Walton Forest Preserve in Hanover Township. Twenty-eight (28) Search and Rescue professionals from seven (7) area agencies attended, including four (4) from Kendall County EMA Search and Rescue.

June 10- EMA Meeting and Training. Had a few announcements regarding the upcoming Dresden nuclear drill. Following meeting there was both IEMA training in Emergency Worker and Dosimetry Officer. In attendance were continuation of the IAP Training that had been started recently. In attendance were fourteen (14) EMA members.

June 12- Skype meeting with Exelon and Illinois/Iowa State & County Agencies regarding the Electronic Notification Project. Two (2) EMA Deputy Directors, Two (2) KenCom Directors and Technology participated in the meeting.

June 20- Hosted DHS Regional Resiliency Assessment Program (RRAP). The Chicago RRAP models a long-term power outage caused by a cyber-incident on the power grid in Region V. The loss of electric power in the area will reveal the dependencies, interdependencies, and cascading effects on other lifeline critical infrastructure sectors. The topics covered during this meeting were on water purification and wastewater.

June 24 - PreEx Drill for Dresden Nuclear with many agencies (local, state and federal). Twelve (12) Kendall County EMA members participated.

Brief on Mental Health Court

Mental Health Court Treatment Act:

<http://www.ilga.gov/legislation/ilcs/ilcs3.asp?ActID=2947&ChapterID=55>

AOIC Certification:

Implementation of a mental health court program would require that we go through the process of becoming AOIC Certified, just like we did with Drug Court.

AOIC Certification takes place for a program every three years following the initial certification.

We would need to develop manuals, policies, and participant handbooks as well as forms around mental health court, and establish a separate court call from Drug Court.

The application for Problem Solving Courts Certification can be found on AOIC's website:

http://www.illinoiscourts.gov/Probation/Problem-Solving_Courts/P-SC_Application_2015.pdf

Data Collection:

Prior to Implementing a Mental Health Court in Kendall County, we would need to define a target population and gather baseline data on the number of individuals who would be eligible for the program.

Kendall County Jail currently asks the following questions at Jail Booking related to mental health:

- Have you ever attempted suicide?
- Are you having suicidal thoughts?
- Do you currently receive psychiatric care?
- Have you ever been admitted to a mental health hospital for psychiatric reasons?

These questions are not comprehensive, but may be able to give us some initial data. They certainly won't identify every person in jail with a mental health concern. The organization associated with the grant suggests the "Brief Jail Mental Health Screen" as a research-validated initial screening tool.

<https://www.prainc.com/wp-content/uploads/2015/10/bjmhsform.pdf>

Alice indicated that there is the capability to pull data from Probation's case management system, but the utility of this hinges on staff accurately entering the data to the case management system on all individuals identified to having a mental health diagnosis. Sometimes individuals self-report mental health conditions at the time of a Pre-trial Bond Interview.

Funding:

There is a current planning grant available by the Bureau of Justice Assistance. Deadline for the grant is July 15th 2019.

There is up to \$400,000 available to jurisdictions with populations between 100,000 and 499,999 and the grant period would cover 24 months. Up to \$100,000 can be used to follow and document the Planning and Implementation portion of the grant over an 8-month period.

There is a "match requirement" stating that "federal funds awarded under this solicitation may not cover more than 80 percent of the total costs of the project for years 1 and 2, and 60 percent of the total costs of the project for project year 3." This means that some funding for this project would need to be allocated out of the county budget, because they are looking for programs to develop sustainability of their programs.

Priority funding is given to programs who have passed a resolution, completed a provided "stepping up" assessment tool, established a representative planning team or criminal justice coordinating council comprised of key leaders from the justice and behavioral health systems, assigned a project coordinator to work across agencies to manage the planning process, and partnered with a local research organization/university to assist with local evaluation, data collection, or performance measurement.

Initial List of Stakeholders:

Chief Judge Pilmer

Judge McAdams

Melissa Moore

Eric Weis

Vicki Chuffo

Alice Elliot

Amaal Tokars

Tim Brown

County Board Representative

Law Enforcement Representatives: I might suggest Kendall County Sheriff's Department (all officers are getting CIT trained to respond to individuals with Mental Illness) as well as Oswego Police Department as they already partner with the health department and have expressed an interest in addressing mental health in their jurisdiction.

Emergency Room/Hospital Representatives

National Alliance on Mental Illness (NAMI) covering Kane, Kendall, and Dekalb Counties
