

Request for Engineering Statement of Qualifications
Collins Road Extension
Section 16-00133-01-EG

Kendall County is seeking Statements of Qualifications (SOQ) from firms interested in providing Phase II Engineering Services for proposed improvements associated with the Collins Road Extension.

Project Description

The project involves the connection of Grove Road to Orchard Road, utilizing a Collins Road westerly extension, and connection to Minkler Road, and improvement of Minkler Road connecting to Orchard Road at Illinois Route 71, as depicted on the attached Location Map. Phase I Engineering has recently been completed with approval of the Project Development Report. This request for Engineering Statement of Qualifications is for completion of Phase II Engineering for the project. The project includes a new bridge over Morgan Creek, construction of flexible pavement on new alignment for the Collins Road extension, and complete reconstruction of Minkler Road on essentially existing alignment. The project also includes design of two roundabout-type intersections, including the intersection of Minkler Road and Collins Road, as well as Collins Road and Grove Road. A copy of the Phase I Report is available for review at the Kendall County Highway Department. The anticipated total construction cost for this project is approximately \$12 million.

Scope of Services

The County requires Phase II engineering services for the proposed improvements from Grove Road at Collins Road to Illinois Route 71. These services will include preparation of plans, specifications and estimates; utility relocation coordination; securing the necessary permits from regulatory agencies and any other activities needed to have the project ready for a 2022 letting.

Work under this contract will require prequalification by IDOT in the following areas:

- Highways – Roads and Streets
- Structures – Highway Bridges: Typical

Submittal Information

Please submit your firm's Statement of Qualifications, which includes the following information:

1. Statement of Experience and Financial Condition (SEFC) Prequalification and your letter from the Illinois Department of Transportation approving the SEFC along with your firm's provisional overhead rate for the fiscal year ending December 31, 2018.
2. Your firm's approach to the project describing the tasks.
3. Personnel to be assigned to this project, their qualifications, and the office location from which they will work. Include resumes of key project personnel.
4. Work that will be subcontracted to other firms. Include experience and resumes for key personnel from other firms.
5. A brief description of similar projects that demonstrate experience relevant to this project.
6. A description of any unique qualifications your firm may have as they relate to this project.
7. Your firm's availability to perform the work in relation to your total current work load, with an emphasis on your ability to deliver the project in accordance with the proposed letting schedule.

Please submit your Statement of Qualifications by September 27, 2019 to Francis C. Klaas, County Engineer, 6780 Route 47, Yorkville, IL 60560. Submittals should be limited to not more than 50 pages.
