PETITIONS

Petition 19-07 Kendall County Planning, Building and Zoning Committee

Mr. Asselmeier summarized the request.

At the January Planning, Building and Zoning Committee meeting, the Committee requested Staff to prepare a proposed text regarding Section 11.05A of the Kendall County Zoning Ordinance pertaining to the parking of recreation vehicles, trailers and mobile homes.

The proposal is divided into three (3) parts:

Part One: Amends Section 11.05A.1.b by allowing the parking of recreational vehicles, trailers and mobile homes in the front and corner yard setbacks in the R-4, R-5, R-6, and R-7 Zoning Districts provided that no sidewalk, trail, or visibility of motorists is blocked. The remainder of Section 11.05.A.1.b is renumbered to reflect the amendment.

Part Two: The requirement that certain recreational vehicles be registered is removed because the proposal renders the registrations moot. Five (5) recreational vehicles were registered with the County.

Part Three: Section 11.05.A.2 is amended by removing the seventy-two (72) hour parking provision. The remainder of Section 11.05.A.2 is renumbered to reflect the amendment.

At their meeting on February 11, 2019, the Planning, Building and Zoning Committee voted to initiate a text amendment to the Kendall County Zoning Ordinance reflecting this proposal.

ZPAC reviewed this proposal at their meeting on March 5, 2019. ZPAC unanimously recommended approval.

The Kendall County Regional Planning Commission reviewed this proposal at their meeting on March 27, 2019. The Kendall County Regional Planning Commission unanimously recommended approval.

The Kendall County Zoning Board of Appeals held a public hearing on this proposal on April 1, 2019. Three (3) members of the public testified in opposition to this proposal. Their concerns focused on code enforcement and the negative impacts to the aesthetics of the neighborhood if the proposal passed. One (1) of the members of the public requested that Kendall County adopt regulations similar to the Village of Oswego’s regulations on this matter. The Kendall County Zoning Board of Appeal unanimously issued a negative recommendation of the proposal. Members voted no because they felt that Boulder Hill would turn into a trailer park and housing values would be depressed because the neighborhood would look bad. Also, just because an ordinance is difficult to enforce, does not mean that the ordinance should be repealed.

The proposal was sent to the townships on March 4, 2019. On April 10, 2019, Oswego Township sent a letter of objection regarding the proposal. Oswego Township would like to see Kendall County adopt similar regulations as the Village of Oswego, if allowed by State law. Oswego Township does not have a Planning Commission, so their objection does not trigger a supermajority vote at the County Board for approval of this proposal.

It was the consensus of the Committee that the rules for the Village of Oswego and the Village of
Montgomery should be examined pertaining to fees and enforcement.

Member Flowers made a motion, seconded by Member Kellogg, to withdraw Petition 19-07 in its current form.

The votes were as follows:
Yeas (4): Flowers, Kellogg, Prochaska, and Purcell
Nays (0): None
Abstain (0): None
Absent (1): Gilmour

The motion carried. The Petition was withdrawn.

**Petition 19-08 – Daniel, Bruce, and Norma Van Deventer and Deborah Hull on Behalf of the Wilbur C. VanDeventer Trust (Current Owner) and Diane and Craig Zimmerman (Prospective Buyer)**

Mr. Asselmeier summarized the request.

Diane and Craig Zimmerman would like to purchase the subject property and construct a single-family home on the property and operate a home-based business as allowed by the Kendall County Zoning Ordinance. The property lacks a housing allocation. Therefore, a map amendment is required.

The property is approximately fifteen (15) acres in size.

The Land Resource Management Plan calls for the property to be residential.

Trails are planned along Galena Road and along Blackberry Creek. Blackberry Creek runs through the property and development can occur only the south portion of the property is outside the floodplain. There is a freshwater emergent wetland on the northwest side of the property.

The zoning in the area is A-1 and R-3 with Yorkville and Montgomery having zoning within a half (1/2) mile of the property.

EcoCat was submitted and consultation was terminated.

The LESA Score was 129 indicating a low level of protection.

Petition information was sent to Bristol Township on February 25, 2019. Bristol Township did not provide any comments.

Petition information was sent to the Village of Montgomery on February 25, 2019. They submitted no objections.

Petition information was sent to the United City of Yorkville at the end of February. The subject property is across the street from Yorkville, but is in Montgomery’s planning jurisdiction. Yorkville submitted no objections.
Petition information was sent to the Bristol-Kendall Fire Protection District on February 25, 2019.

ZPAC reviewed this petition at their meeting on March 5, 2019. The Kendall County Highway Department requested a site plan showing the location of the proposed driveway for the house. It was noted that a variance would be required to the Kendall County Highway Regulations, if the Petitioner desired more than a right-in, right-out point of ingress/egress. ZPAC unanimously recommended approval of the request.

The Kendall County Regional Planning Commission reviewed this petition at their meeting on March 27, 2019. A neighbor questioned why the property needed to be rezoned. Mr. Asselmeier explained Kendall County’s forty (40) acre rule and housing allocation rules in agricultural areas. The address of the property required clarification. The Kendall County Regional Planning unanimously recommended approval of the request.

The Kendall County Zoning Board of Appeals held a public hearing on this petition on April 1, 2019. Other than the Petitioner’s Attorney, no other members of the public testified in favor or in opposition to the proposal. The Kendall County Zoning Board of Appeals unanimously recommended approval of the request.

Any new homes or accessory structures would be required to meet applicable building codes.

The property fronts Galena Road. Staff has no concerns regarding the ability of Galena Road to support the proposed map amendment. A variance to the Kendall County Highway Access Regulation Ordinance will be required, if the Petitioner desired more than a right-in, right-out point of ingress/egress. At their meeting on March 19, 2019, the County Board approved an ordinance granting access onto Galena Road at the subject property.

No new odors are foreseen.

Any new lighting would be for residential use only and must be in compliance with the regulations related to home occupations contained in the Zoning Ordinance.

No fencing or buffer is presently planned for the property.

Any new homes constructed in the floodplain would have to secure a stormwater permit.

Electricity is nearby. New well and septic information would have to be evaluated as part of the building permit process.

Staff recommends approval of the proposed map amendment.

Member Purcell asked if the board had voted on this proposal previously. Member Kellogg said it was for a driveway variance.

Member Purcell asked if the Petitioner knew there was going to be some major highway work in that area. The Petitioner’s Attorney responded that they were aware that improvements were planned in the area.
Member Purcell made a motion, seconded by Member Kellogg, to recommend approval of the Map Amendment.

The votes were as follows:
Yeas (4): Flowers, Kellogg, Prochaska, and Purcell
Nays (0): None
Abstain (0): None
Absent (1): Gilmour

The motion carried. This proposal will go to the County Board on May 21st.

Approval to Forward Violation of Stormwater Ordinance at 84 Woodland Drive, Plano to the State’s Attorney’s Office
Mr. Asselmeier summarized the case.

In July 2018, the Kendall County Planning, Building and Zoning Department received a complaint of dumping at 84 Woodland without a permit. On July 25, 2018, an inspection occurred at the property and the determination was made that a permit was required because the dumping impacted a natural waterway. On November 10, 2018, the property owner paid for a stormwater management permit, but did not provide any information on the amount of dirt placed onsite or future plans for the property.

The property owner has two (2) options. He can dump more dirt if he provides a plan, topographic survey, and engineering calculations. This option requires the owner to know how much dirt he intends to haul onto the site. The second option is leaving things “as-is” which requires the owner to get a topographic survey and get an engineer to certify that the fill had not impact on the waterway.

On March 13, 2019, the owner was sent a certified letter explaining his options. On April 9, 2019, the owner requested, the Department granted, an extension until April 30, 2019.

A landscaping business is not allowed on the subject property.

Staff requests guidance as to how to proceed. This guidance could include forwarding the case to the State’s Attorney’s Office.

Chairman Prochaska made a motion, seconded by Member Flowers, to forward this violation to the State’s Attorney’s Office.

The votes were as follows:
Yeas (3): Flowers, Kellogg, and Prochaska
Nays (1): Purcell
Abstain (0): None
